anatomy one gummies: Just by Looking at Him Ryan O'Connell, 2023-06-06 From the first line of *Just by Looking at Him*, you'll know this story is so much more than boy meets boy. First, there's the humor. Elliot is a writer who spends his days navigating the back stabbing, the pressure, and the day to day snark of writing aggressively average television. In laugh out loud detail, we're immediately with him on his journey to try to get his lines onto the screen. But there's a deeper, and more poignant, story beating at the heart of this would be rom com. Instead of the usual boy meets

boy, the person you really fall in love, the one you're rooting for until the end, is the protagonist himself. As a gay man with cerebral palsy, Elliot has always searched for the one, and he thought he found that person in Gus, his doting boyfriend. And yet, he can't seem to stop cheating. Elliot falls into a rabbit hole of sex, drinking, and addiction, and ultimately learns that the person he truly needs to learn to accept is himself. As incisive commentary on gay life today, a heart centered, laugh out loud exploration of self and a rare insight into life as a person with disabilities who refuses to be a victim, critics and readers alike will fall in love with this story--

anatomy one gummies: [This Changes Everything](#) Tyler Merritt, 2025-01-14 From the author of *I Take My Coffee Black*, a sobering, humorous memoir about learning to let go and embrace the sanctity of life after being diagnosed with Cancer. When Tyler Merritt was diagnosed with cancer, everything he thought he knew about what mattered in life changed. *This Changes Everything* is a humorous and optimistic love letter to this beautiful life. Though he made it through a highly invasive surgery and thought he was in the clear, Tyler soon realized that the cancer had other plans. It wasn't a question of if the tumor would come back for an encore, his doctors told him. It was a question of when. Laced with Tyler's trademark humor, love of pop culture, and arguably too many musical theater references, *This Changes Everything* is a story about how wrestling with the idea of death can birth a whole new outlook on life, how we live it, and the urgency that comes when you grasp that time is a precious commodity.
