where to watch anatomy of a scandal: Social TV Cory Barker, 2022-06-27 Winner of the 2023 SCMS Media Industries Scholarly Interest Group Outstanding Book Award sponsored by the Center for Entertainment & Media Industries On March 15, 2011, Donald Trump changed television forever. The Comedy Central Roast of Trump was the first major live broadcast to place a hashtag in the corner of the screen to encourage real-time reactions on Twitter, generating more than 25,000 tweets and making the broadcast the most-watched Roast in Comedy Central history. The #trumproast initiative personified the media and tech industries' utopian vision for a multi-screen and communal live TV experience. In *Social TV: Multi-Screen Content and Ephemeral Culture*, author Cory Barker reveals how the US television industry promised—but failed to deliver—a social media revolution in the 2010s to combat the imminent threat of on-demand streaming video. Barker examines the rise and fall of Social TV across press coverage, corporate documents, and an array of digital ephemera. He demonstrates that, despite the talk of disruption, the movement merely aimed to exploit social media to reinforce the value of live TV in the modern attention economy. Case studies from broadcast networks to tech start-ups uncover a persistent focus on community that aimed to monetize consumer behavior in a transitional industry period. To trace these unfulfilled promises and flopped ideas, Barker draws upon a unique mix of personal Social TV experiences and curated archives of material that were intentionally marginalized amid pivots to the next big thing. Yet in placing this now-forgotten material in recent historical context, *Social TV* shows how the era altered how the industry pursues audiences. Multi-screen campaigns have shifted away from a focus on live TV and toward all-day “content” streams. The legacy of Social TV, then, is the further embedding of media and promotional material onto every screen and into every moment of life.

A five-year veteran of the DOJ and a key attorney in pursuing the New Black Panther voter intimidation case, Adams recounts the shocking story of how a once-storied federal agency, the DOJ's Civil Rights division has degenerated into a politicized fiefdom for far-left militants, where the enforcement of the law depends on the race of the victim.

where to watch anatomy of a scandal: Year of Yes Shonda Rhimes, 2015-11-10 The instant New York Times bestseller from the creator of *Grey's Anatomy* and *Scandal* and executive producer of *How to Get Away With Murder* shares how saying YES changed her life. “As fun to read as Rhimes's TV series are to watch” (Los Angeles Times). She's the creator and producer of some of the most groundbreaking and audacious shows on television today. Her iconic characters live boldly and speak their minds. So who would suspect that Shonda Rhimes is an introvert? That she hired a publicist so she could avoid public appearances? That she suffered panic attacks before media interviews? With three children at home and three hit television shows, it was easy for Shonda to say she was simply too busy. But in truth, she was also afraid. And then, over Thanksgiving dinner, her sister muttered something that was both a wake up and a call to arms: You never say yes to anything. Shonda knew she had to embrace the challenge: for one year, she would say YES to everything that scared her. This poignant, intimate, and hilarious memoir explores Shonda's life before her Year of Yes—from her nerdy, book-loving childhood to her devotion to creating television characters who reflected the world she saw around her. The book chronicles her life after her Year of Yes had begun—when Shonda forced herself out of the house and onto the stage; when she learned to explore, empower, applaud, and love her truest self. Yes. “Honest, raw, and revelatory” (The Washington Post), this wildly candid and compulsively readable book reveals how the mega talented Shonda Rhimes finally achieved badassery worthy of a Shondaland character. Best of all, she “can help motivate even the most determined homebody to get out and try something new” (Chicago Tribune).
