

best book on business strategy

best book on business strategy is a term that resonates with entrepreneurs, executives, and anyone interested in the dynamics of business growth and competitive advantage. In the world of business, strategy is the cornerstone of success, shaping how organizations navigate challenges and seize opportunities. This article will delve into the essential literature on business strategy, highlighting the most influential texts that have shaped the field. From foundational theories to practical applications, we will explore various books that provide valuable insights into formulating effective business strategies. In addition, we will outline key concepts, offer recommendations on what to look for in a strategic book, and present a curated list of the best books on business strategy.

This comprehensive guide aims to equip you with the knowledge to select the right resources that will enhance your understanding and implementation of business strategies.

- Understanding Business Strategy
- Key Concepts in Business Strategy Literature
- The Best Books on Business Strategy
- How to Choose the Right Book on Business Strategy
- Conclusion

Understanding Business Strategy

Business strategy refers to the plan and actions that organizations undertake to achieve their goals and objectives in a competitive marketplace. It encompasses a range of decisions regarding resource allocation, market positioning, and operational efficiency. Understanding business strategy is crucial for any leader or entrepreneur, as it provides a framework for navigating complex business environments.

The Importance of Business Strategy

Effective business strategy is vital for several reasons:

- **Competitive Advantage:** A well-crafted strategy enables businesses to differentiate themselves from competitors.

- **Resource Allocation:** Strategic planning helps organizations to allocate resources efficiently, ensuring maximum return on investment.
- **Long-term Vision:** Strategy provides a roadmap for the future, guiding organizations toward their long-term goals.
- **Adaptability:** A clear strategy allows businesses to adapt to changing market conditions and consumer preferences.

In essence, understanding and implementing a robust business strategy is the key to sustaining growth and achieving success in the modern economy.

Key Concepts in Business Strategy Literature

Business strategy literature is rich with concepts that have evolved over time. Familiarizing yourself with these concepts can enhance your understanding of various strategic approaches.

Porter's Five Forces

Developed by Michael E. Porter, this framework analyzes the competitive forces within an industry. The Five Forces are:

- **Threat of New Entrants:** The potential for new competitors to enter the market.
- **Bargaining Power of Suppliers:** The influence suppliers have over the pricing and quality of materials.
- **Bargaining Power of Buyers:** The impact that customers have on pricing and quality.
- **Threat of Substitute Products:** The likelihood that customers will switch to alternative products or services.
- **Industry Rivalry:** The intensity of competition among existing firms.

This model helps businesses analyze their competitive environment and develop strategies to enhance their market position.

SWOT Analysis

SWOT analysis is a strategic planning tool that helps organizations identify their Strengths, Weaknesses, Opportunities, and Threats. This analysis is crucial for understanding internal capabilities and external market

conditions, allowing businesses to formulate strategies that leverage their strengths while addressing weaknesses.

The Best Books on Business Strategy

When it comes to the best books on business strategy, several titles stand out for their influential ideas and practical insights. Here is a list of highly recommended books that anyone interested in business strategy should consider:

1. **The Art of War by Sun Tzu:** This ancient text emphasizes strategic thinking and tactics that can be applied in business contexts.
2. **Good Strategy Bad Strategy by Richard Rumelt:** Rumelt distinguishes between effective and ineffective strategies, providing a clear framework for developing good strategic plans.
3. **Competitive Strategy by Michael E. Porter:** This seminal work outlines the Five Forces framework and explores how businesses can achieve a competitive advantage.
4. **Blue Ocean Strategy by W. Chan Kim and Renée Mauborgne:** This book advocates for creating uncontested market space, or "blue oceans," rather than competing in overcrowded markets.
5. **The Lean Startup by Eric Ries:** This book introduces a methodology for developing businesses and products that focuses on rapid iteration and customer feedback.

Each of these books offers unique perspectives and tools that can significantly enhance your understanding of business strategy.

How to Choose the Right Book on Business Strategy

Selecting the right book on business strategy depends on your specific needs, experience level, and the context in which you operate. Here are some factors to consider when making your choice:

Identify Your Goals

Consider what you want to achieve by reading a book on business strategy. Are you looking for foundational knowledge, advanced techniques, or practical applications? This will help narrow down your options.

Assess the Author's Credibility

Research the author's background and expertise in business strategy. Established authors with a track record of success in the field often provide valuable insights.

Read Reviews and Summaries

Before committing to a book, read reviews and summaries to gauge its relevance and usefulness. Look for insights from others in your industry or field.

Conclusion

Understanding the best book on business strategy is essential for anyone looking to enhance their strategic thinking and implementation skills. The literature on business strategy is vast, offering a plethora of insights, frameworks, and methodologies that can guide effective decision-making. By exploring the recommended texts and applying the concepts within your organization, you can develop a robust strategy that drives success and fosters growth. The journey of mastering business strategy is continuous, and the right books can serve as invaluable resources along the way.

Q: What is the best book on business strategy for beginners?

A: For beginners, "Good Strategy Bad Strategy" by Richard Rumelt is highly recommended. It provides clear explanations of strategic concepts and practical examples that are easy to understand.

Q: How can reading improve my business strategy skills?

A: Reading books on business strategy exposes you to different frameworks, case studies, and methodologies, which can enhance your analytical skills and broaden your understanding of strategic planning.

Q: Are there any books that focus specifically on digital business strategy?

A: Yes, "Digital Strategy: A Guide to Digital Business Transformation" by Alexander Osterwalder is an excellent resource for understanding how digital technology impacts business strategy.

Q: Can classics like "The Art of War" still apply to modern business strategy?

A: Absolutely. "The Art of War" offers timeless principles on strategy and competition that remain relevant in today's business landscape, emphasizing the importance of strategic thinking and planning.

Q: What is the significance of SWOT analysis in business strategy?

A: SWOT analysis helps organizations identify their strengths and weaknesses internally while recognizing external opportunities and threats, allowing for informed strategic decision-making.

Q: How often should businesses revisit their strategic plans?

A: Businesses should revisit their strategic plans at least annually, or more frequently if significant changes occur in the market or competitive landscape, to ensure alignment with current goals and conditions.

Q: Which book provides insights on startup strategies?

A: "The Lean Startup" by Eric Ries is highly regarded for offering a methodology focused on innovation and rapid iteration, making it ideal for startups looking to refine their strategies quickly.

Q: Are there books that explore international business strategy?

A: Yes, "International Business: Competing in the Global Marketplace" by Charles W. L. Hill provides insights into global strategies and the complexities of operating in international markets.

Q: What role does competitive analysis play in business strategy?

A: Competitive analysis is crucial in business strategy as it enables organizations to understand their competitive landscape, identify market trends, and develop strategies to outperform rivals.

best book on business strategy: Strategy Harvard Business School Press, 2005-07-01
Strategic execution drives business success. This book covers strategy from the ground up, explaining what strategy is, how to put together a strategic plan, what tools and resources are necessary to execute it, and how to measure results. The Harvard Business Essentials series is designed to provide comprehensive advice, personal coaching, background information, and guidance on the most relevant topics in business. Whether you are a new manager seeking to expand your skills or a seasoned professional looking to broaden your knowledge base, these solution-oriented books put reliable answers at your fingertips.

best book on business strategy: Understanding Business Strategy Lourdesamy Iruthayasamy, 2021-03-06 This book cuts through the strategy verbiage to get to the fundamentals of business strategy—its meaning, formulation, and implementation. Challenges to understanding strategy are examined, including institutions and national culture. Strategy theories are not just explained but assessed in terms of their validity, limitations, and applicability across countries, cultures, and organisations. The thinking and works of major strategists like Ohmae, Mintzberg, Porter, Rumelt, Barney, Prahalad, Hamel, Peng, Kim, and Mauborgne are reviewed in the context of strategic thinking, strategy formulation, and strategy implementation. The confusion and consensus in strategy are highlighted. While not prescriptive in terms of telling the corporate leader how to formulate strategy, for there is no one best strategy or one best way to formulate strategy, the book does identify broad approaches to corporate strategy formulation and implementation and the underlying principles. To this extent, corporate leaders and students and instructors of business and management will find the book informative and instructive.

best book on business strategy: Developing Business Strategies David A. Aaker, 2001-08-27 Unquestionably the most comprehensive treatment available on the subject. I found this book unique in its capacity to benefit executives, planning staff, and students of strategy alike. —Robert L. Joss, Dean of the Graduate School of Business, Stanford University A successful business strategy enables managers to provide organizational vision, monitor and understand a dynamic business environment, generate creative strategic options in response to environmental changes, and base every business effort on sustainable competitive advantages. Developing Business Strategies provides the knowledge and understanding needed to generate and implement such a strategy. This fully revised and updated edition of David Aaker's highly influential strategic manual offers copious new information on important emerging business topics. Numerous new and revised sections cover such critical areas as the big idea, knowledge management, the customer as an active partner, creative thinking, distinguishing fads from trends, forecasting technologies, alliances, design as strategy, downstream business models, and more. Other important new features of this comprehensive guide include: A new chapter on strategic positioning Many new illustrative examples from B-to-B, high-tech, and the Internet Increased focus on global leadership and global brand management Using the Internet to develop and support business strategies For managers who need to develop and implement effective, responsive business strategies that keep the organization competitive through changing business conditions, Developing Business Strategies, Sixth Edition is the way to go.

best book on business strategy: International Business Strategy Alain Verbeke, I. H. Ian Lee, 2021-09-23 International Business Strategy presents, interprets and critiques 74 seminal articles

from the Harvard Business Review, MIT Sloan Management Review and California Management Review. It synthesizes the practical knowledge contained in these articles into a unifying framework of seven key concepts for successful global business--

best book on business strategy: International Business Strategy in Complex Markets

Hans Jansson, 2020-06-26 In this revised second edition, Hans Jansson develops and applies an international business strategy framework to contemporary complex global markets. This cutting-edge textbook explores the major challenges associated with doing business in complex and turbulent emerging markets and how MNCs in mature markets execute strategies to meet these challenges.

best book on business strategy: Business Strategy (The Brian Tracy Success Library) Brian

Tracy, 2015-04-29 Taking control of your company's destiny starts with planning strategically from the beginning. How will you determine if your company has succeeded if you can't base its performance on a well-defined business strategy? A strategic plan, established at your venture's birth, helps crystalize the future of the organization--mapping a clear path from where the company stands today to where you wish it to be. Setting a business strategy enables you to develop absolute clarity on priorities, organize resources, and get better results than ever before. Renowned business author Brian Tracy has provided a simple path to creating the specific business strategy needed for your company's success. In Business Strategy, Tracy will help you discover how to: Ask the five key questions vital to any strategic plan Determine a corporate mission that lifts and inspires people Define themselves in relation to their competition Reposition their business with new products, services, and technology Anticipate crises, and more! Incorporating wide-ranging examples--from Alexander the Great to IBM to General Electric--this concise, practical guide gives readers proven ideas for increasing their company's bottom line and maximizing their strengths and opportunities. The path to success starts at the beginning!

best book on business strategy: R. Edward Freeman's Selected Works on Stakeholder

Theory and Business Ethics Sergiy D. Dmytriiev, R. Edward Freeman, 2023-09-20 Ed Freeman's influential ideas on stakeholder theory, business ethics, humanities, and capitalism became foundational in the management field and turned around the mainstream thinking about business. Stakeholder theory developed by Freeman and others posits that business is not as much about profits, but rather about creating value for its stakeholders, including employees, customers, communities, financiers, and suppliers. The relationship between a company and its stakeholders is the essence of business and should be of utmost attention to its managers. Managers should avoid resorting to trade-offs by prioritizing one stakeholder group (e.g., shareholders) over the others and strive to run their companies in the interests of all stakeholders. The idea of pursuing the interests of all stakeholders became revolutionary in management and went far beyond the management field, expanding to Law, Health Care, Education, Public Policy and Administration, and Environmental Policy. This book is a collection of Ed Freeman's most influential and important works on stakeholder theory as well as business ethics, humanities, and capitalism.

best book on business strategy: The Timeless Principles of Successful Business Strategy Eric

Viardot, 2017-04-28 While it is possible for a company achieve short-term profit, it is much more difficult to sustain corporate success over time. This book is intended for those who run, or want to run, a business whatever its size or activity, with the objective of making it sustainable so that it will be a legacy for future generations. Indeed, the real purpose of corporate strategy is not only to make quick profits, but more importantly to create an organization that will endure. There is much to learn from the experience of established firms that have existed for a hundred years or more. They provide the material for this clear and concise book, which details the main elements of corporate strategy. Recognizing that each firm is unique, the book resists the temptation of quick fixes, instead offering lessons to be pondered and used on a case-by-case basis.

best book on business strategy: Criminality and Business Strategy John Zinkin, Chris

Bennett, 2022-10-03 Criminality and Business Strategy: Similarities and Differences explores what can be learned from criminal organizations on four continents based on comparisons of their

historical and cultural origins, chosen governance and power structures, and business models. It discusses how these contexts determined their applications of the principles and practice of effective, but amoral leadership, and whether these lessons can be applied to legitimate business enterprises. In this book John Zinkin and Chris Bennett argue that defining a crime is a contested issue and that criminality can be viewed as a spectrum, comprising a range of different types of crimes, the harms caused, and the variety of punishments involved. They discuss the critical role of the state in determining where criminality is perceived to sit on the crime continuum. The authors delve into how the state and organized crime are natural competitors, and how organized crime and legitimate businesses are subject to many of the same internal and external strategic considerations. They contend that the resulting similarities between criminality in organized criminal organizations and legitimate businesses are greater than the differences and that the differences are only in degree and not in kind. This thought-provoking study of criminality will be of immense interest to professionals, coaches, consultants, and academics interested in the techniques and ethics of leadership. The book is, in effect, the result of an intellectual journey of the authors from the ideas presented in their earlier book, *The Principles and Practice of Effective Leadership*, to the issues in this book discussing important, difficult, and contested subjects. The journey continues in their third book: *The Challenge in Leading Ethical and Successful Organizations*.

best book on business strategy: The Seven Inconvenient Truths of Business Strategy Dr Paul Hunter, 2014-11-28 The most damning charge frequently levelled at strategic planning is that of irrelevance. Paul Hunter's *The Seven Inconvenient Truths of Business Strategy* is an antidote to conventional methods of strategic management that are renowned for being sporadic, biased, poorly articulated and rarely implemented with total success. Drawing on a framework that encapsulates a collection of definitive principles, the author offers a structure to strategy, as a system, and in a format that is representative of a literal reinvention of strategic planning overall; an indicator and explanation of the strategic tools that you already know, but in a more comprehensive format. Paul also provides insights into the collaborative techniques for carrying out the process successfully: formation, evaluation, alignment and implementation. Other topics covered include governance, communication, leadership, learning, teamwork, transformation and the treatment of strategic risk; at the level of a profession. An extended case study, based on the story of Cadbury, the chocolate maker, is woven through the chapters to provide a vibrant illustration of the value and application of the various techniques and processes described. Organisations of all kinds have never needed strategic planning quite as much as they need it today in an environment of increasing complexity, uncertainty and continual change. *The Seven Inconvenient Truths of Business Strategy* will help you ensure that your strategic process is always effective, visible, professional, relevant and timely.

best book on business strategy: The Boston Consulting Group on Strategy Carl W. Stern, Michael S. Deimler, 2012-06-14 A collection of the best thinking from one of the most innovative management consulting firms in the world For more than forty years, The Boston Consulting Group has been shaping strategic thinking in business. The Boston Consulting Group on Strategy offers a broad and up-to-date selection of the firm's best ideas on strategy with fresh ideas, insights, and practical lessons for managers, executives, and entrepreneurs in every industry. Here's a sampling of the provocative thinking you'll find inside: You have to be the scientist of your own life and be astonished four times: at what is, what always has been, what once was, and what could be. The majority of products in most companies are cash traps . . . [They] are not only worthless, but a perpetual drain on corporate resources. Use more debt than your competition or get out of the business. When information flows freely, reputation, more than reciprocity, becomes the basis for trust. As a strategic weapon, time is the equivalent of money, productivity, quality, even innovation. When brands become business systems, brand management becomes far too important to leave to the marketing department. The winning organization of the future will look more like a collection of jazz ensembles than a symphony orchestra. Most of our organizations today derive from a model whose original purpose was to control creativity. Rather than being an obstacle, uncertainty is the very engine of transformation in a business, a continuous source of new opportunities. IP assets lack

clear property lines. Every bit of intellectual property you can own comes with connections to other valuable innovations.

best book on business strategy: Love as a Change Strategy Mohammad F. Anwar, Frank E. Danna, Jeffrey F. Ma, Christopher J. Pitre, 2025-09-08 A Bold, Human-Centered Guide to Leading Change That Actually Works What if your biggest barrier to change isn't strategy, but humanity? In Love as a Change Strategy, the team behind the Wall Street Journal bestseller Love as a Business Strategy is back—with an urgent, deeply human follow-up. This isn't another dry playbook on change management. It's a wake-up call for leaders who are tired of fear-fueled cultures, toxic “transformation,” and surface-level solutions. The truth? Most change fails because people resist what they don't trust—and leaders aren't willing to change themselves first. That's where this book begins. Part memoir, part practical guide, and part leadership journey, Love as a Change Strategy takes readers inside one company's brutally honest transformation story. Through powerful storytelling, actionable tools, and sharp insights, the authors reveal what happens when you lead change from a place of love—not fear. Inside, you'll discover: Why most change efforts collapse—and how to fix them Real stories of failure, ego, and redemption from the authors' own leadership team A people-first framework to lead adaptive change in any organization The change principles that build trust, accountability, and forward momentum How to confront resistance, navigate chaos, and make love your change strategy If you're leading change (or trying to survive one), this book is your roadmap. Raw, honest, and transformational—Love as a Change Strategy is the leadership reset we all need.

best book on business strategy: Business Strategy The Economist, Jeremy Kourdi, 2015-05-26 The effectiveness of a good strategy well implemented determines a business' future success or failure. Yet history is full of strategic decisions, big and small, that were ill-conceived, poorly organized and consequently disastrous. This updated guide looks at the whole process of strategic decision-making, from vision, forecasting, and resource allocation, through to implementation and innovation. Strategy is about understanding where you are now, where you are heading and how you will get there. There is no room for timidity or confusion. Although the CEO and the board decide a company's overall direction, it is the managers at all levels of the organization who will determine how the vision can be transformed into action. In short, everyone is involved in strategy. But getting it right involves difficult choices: which customers to target, what products to offer, and the best way to keep costs low and service high. And constantly changing business conditions inevitably bring risks. Even after business strategy has been developed, a company must remain nimble and alert to change, and view strategy as an ongoing and evolving process. The message of this guide is simple: strategy matters, and getting it right is fundamental to business success.

best book on business strategy: Business Strategy in the Artificial Intelligence Economy J. Mark Munoz, Al Naqvi, 2018-04-30 Technological breakthroughs relating to artificial intelligence has redefined business operations worldwide. For example, the ways in which data is captured, processed, and utilized to optimize customer interactions has grown by leaps and bounds. The change is redefining the structural dynamics of business strategy, economic theory, and management concepts. Leading technology companies around the world have expanded their research in artificial intelligence. With IBM's launch of Watson, a new cognitive era has started. Investment firms have backed numerous emerging artificial intelligence companies. Meanwhile, there is paucity of academic and business research on the subject. This book project is a pioneering examination of how artificial intelligence is transforming the contemporary business strategy.

best book on business strategy: Strategy Implementation Kurt Verweire, 2014-04-24 Strategy implementation - or strategy execution - is a hot topic today. Managers spend significant resources on consulting and training, in the hope of creating brilliant strategies, but all too often brilliant strategies do not translate into brilliant performance. This book presents new conceptual models and tools that can be used to implement different strategies. The author analyses how market leaders have benefitted from successful strategy implementation and provides the reader with a comprehensive and systematic framework to tackle strategy implementation challenges. Have

clear strategic choices been made? Are actions aligned with the strategy? What's the organizational context for the strategy? In answering these simple questions, the book provides students of strategic management, along with managers involved in designing and implementing strategies, with a valuable resource.

best book on business strategy: Demystifying Your Business Strategy David Lei, John Slocum, 2013-08-29 While scores of strategic management books have been written, many books fail to take into consideration the influences that shape and constrain managers' ability to formulate and execute well-thought out strategies. *Demystifying Your Business Strategy* acknowledges and harnesses those influences, providing practitioners with a helpful new approach to developing and maintaining a competitive advantage. In this book, David Lei and John W. Slocum offer readers a comprehensive overview of the drivers of evolutionary advantage, recognizing that sources of competitive advantage for any organization will necessarily shift and evolve in response to changes in the industry environment. *Demystifying Your Business Strategy* also offers practical insights on how to spot inflection points of strategic transition and identify signals that indicate when an organization needs to develop a new source of competitive advantage. With in-depth discussion of the four different types of business strategies that many firms pursue and the strategic disciplines that support them, this book can provide significant insight and direction to managers at all levels within an organization.

best book on business strategy: Strategizing Eric J. Bolland, 2020-06-30 Strategy is an essential part of business, but strategizing often gets ignored or left behind. In this exciting new work, Eric J. Bolland introduces strategizing as a key component of strategy development and execution, showing strategizing as a way to aid organizations with their futures.

best book on business strategy: Media, Telecommunications and Business Strategy Richard A. Gershon, 2020-07-19 As the clear lines and historic boundaries that once separated broadcasting, cable, telephone and Internet communication dissolve, this comprehensive new edition examines the relationship and convergence patterns between industries by exploring the effects of digitalization in media and information technology. With today's dynamic and rapidly evolving communication environment, media managers need to have a clear understanding of the different delivery platforms as well as critical management and planning strategies going forward. Advancements in new media and communication technology coupled with a rapidly changing global economy promise a new set of hybrid-media companies that will allow for the full integration of information and entertainment services and give new meaning to the term programming. This book provides a detailed look at seven key sectors of the media and telecommunications field as well as ongoing changes within the industry. The new edition includes updated research throughout including material on major business and technology changes as well as the importance of digital lifestyle reflected in E-commerce and developments in Over-the-Top Video-streaming services. Special attention is given to such areas as strategic planning, innovation, marketing, finance and leadership. Perfect for courses in media management and media industries, as well as professional managers, this book serves as an important reference guide during this transitional time.

best book on business strategy: Above the Line Michael Henderson, 2014-05-12 Position your organisation's culture to attain new heights *Above the Line: How to Create a Company Culture that Engages Employees, Delights Customers and Delivers Results* offers all leaders a handbook for leveraging an organisation's culture to engage staff, increase customer satisfaction and streamline business performance. A groundbreaking work, this book reveals what it takes to achieve optimum results from your organisational culture without employing the use of external consultants. This organic, in-house approach to company culture transformation saves both time and money. Step-by-step, author Michael Henderson illustrates how to create a culture in which employees and leaders delight those outside the company—customers, shareholder, employees' families, suppliers and the board of directors—and anyone else who may benefit from an association with the organisation. The book's proven models and ideas have been tried and tested with a broad range of of high-profile international companies. Expert author, Michael Henderson, a.k.a. The Corporate

Anthropologist, has more than 30 years' experience, and a proven track record of working and consulting with organisations to enhance their workplace cultures. Reveals how to create an organisational culture that achieves desired results Puts the cultural transformation process in the hands of the people directly effected Smashes some of the established and costly myths about culture and how to work with culture This important resource is written for leaders, managers and supervisors at all levels and across industries.

best book on business strategy: Co-Opetition Adam M. Brandenburger, Barry J. Nalebuff, 2011-07-13 Now available in paperback, with an all new Reader's guide, The New York Times and Business Week bestseller Co-opetition revolutionized the game of business. With over 40,000 copies sold and now in its 9th printing, Co-opetition is a business strategy that goes beyond the old rules of competition and cooperation to combine the advantages of both. Co-opetition is a pioneering, high profit means of leveraging business relationships. Intel, Nintendo, American Express, NutraSweet, American Airlines, and dozens of other companies have been using the strategies of co-opetition to change the game of business to their benefit. Formulating strategies based on game theory, authors Brandenburger and Nalebuff created a book that's insightful and instructive for managers eager to move their companies into a new mind set.

word order - Which is correct 'suits your needs the best' or 'best 4 Either is fine, but (American here) I think "Something that best suits your needs" would be the most common way of saying it

articles - "it is best" vs. "it is the best" - English Language The word "best" is an adjective, and adjectives do not take articles by themselves. Because the noun car is modified by the superlative adjective best, and because this makes

definite article - "Most" "best" with or without "the" - English I mean here "You are the best at tennis" "and "you are best at tennis", "choose the book you like the best or best" both of them can have different meanings but "most" and

valediction - Does "Bests" mean "Best regards" in emails? One of my colleagues (not a native English speaker) always ends his emails like this: Bests Mike I guess he means Best regards with Bests. Could someone help explain?

how to use "best" as adverb? - English Language Learners Stack 1 Your example already shows how to use "best" as an adverb. It is also a superlative, like "greatest", or "highest", so just as you would use it as an adjective to show that something is

grammar - Like best/the best like most/the most - English I like chocolate and sweets but i like peanut best.= 'correct' and widely used by English speakers even though may be considered as a little informal. I like chocolate and sweets but i like

adverbs - About "best" , "the best" , and "most" - English Both sentences could mean the same thing, however I like you best. I like chocolate best, better than anything else can be used when what one is choosing from is not

adverbs - Is the phrase 'the best out of bests' correct? - English Quite commonly used in India, the phrase "the best out of bests" is claimed to denote that you get something that is unmatched and of above-all quality. However, I avoid using this most of the

definite article - I think a/the best friend is a/the person - English The response is defining "a" (unknown, unspecified) best friend, not a specific one (contrast with "the best friend I had in high school", for example). If the second article was

"I did my best to do something" or "I did my best doing something"? I wonder which case the gerund or infinitive is (more) appropriate here: "I did my best to do something" or "I did my best doing something"?
