bachelor in business marketing: Higher Education in Market-Oriented Socialist

Vietnam Phan Le Ha, Doan Ba Ngoc, 2020-09-01 This book inspects higher education reform in market-oriented socialist Vietnam, with a focus on newness narratives and enquiry. Engaging in dialogic conversations with global and regional forces and exploring convergences in the domains of policy, curriculum, research, pedagogy, and society, chapter authors analyse ideologies that have entered Vietnam's educational landscape. Chapters include discussions of post-Soviet legacies, socialist thought, privatization, neoliberalism, global rankings, academic freedom, autonomy, and elitism, as well as the actors, discourses and practices through which they manifest. In so doing, authors' commentaries juxtapose phenomena in Vietnam with other national contexts such as the Philippines, Brunei Darussalam, Japan, Australia, and Trinidad and Tobago.

bachelor in business marketing: Exploring Omnichannel Retailing Wojciech Piotrowicz, Richard Cuthbertson, 2018-12-05 This book compiles the current state of knowledge on omnichannel retailing, a new concept in which all sales and interaction channels are considered together, and which aims to deliver a seamless customer experience regardless of the channel. It highlights case studies and examples related to each of the many barriers to an omnichannel approach, demonstrating not just success stories, but also failures. While omnichannel has already been recognized as an emerging retail trend, the articles in this book fill an important gap in research on the topic. Providing readers with essential insights on the omnichannel strategy and its implementation, the book will also stimulate academic discussion on this emerging trend.

bachelor in business marketing: Compelling Storytelling Narratives for Sustainable Branding Rodrigues, Paula, Borges, Ana Pinto, Vieira, Elvira, Tavares, Victor, 2024-07-16 Consumers are applying more pressure on companies to embrace sustainable practices and tell purposeful stories to win their approval. They are increasingly critical of brands for their environmental and social impact, demanding authenticity and accountability. However, many businesses need help navigating this complex terrain, unsure of how to effectively integrate sustainability into their branding strategies. The lack of comprehensive resources that bridge the gap between theory and practice in sustainable branding is a significant challenge that needs immediate attention. *Compelling Storytelling Narratives for Sustainable Branding* solves this pressing problem through a collection of insightful chapters contributed by esteemed academics, researchers, and practitioners. This book offers a roadmap for businesses seeking to align their brand narratives with sustainability principles. By delving into the psychology of storytelling, analyzing successful case studies, and providing practical guidance, this compendium equips readers with the tools and strategies to integrate sustainability into their branding efforts authentically.

bachelor in business marketing: Managing the Drug Discovery Process Susan Miller, Walter Moos, Barbara Munk, Stephen Munk, Charles Hart, David Spellmeyer, 2023-03-09 *Managing the Drug Discovery Process*, Second Edition thoroughly examines the current state of pharmaceutical research and development by providing experienced perspectives on biomedical research, drug hunting and innovation, including the requisite educational paths that enable students to chart a career path in this field. The book also considers the interplay of stakeholders, consumers, and drug firms with respect to a myriad of factors. Since drug research can be a high-risk, high-payoff industry, it is important to students and researchers to understand how to effectively and strategically manage both their careers and the drug discovery process. This new edition takes a closer look at the challenges and opportunities for new medicines and examines not only the current research milieu that will deliver novel therapies, but also how the latest discoveries can be deployed to ensure a robust healthcare and pharmacoeconomic future. All chapters have been revised and expanded with new discussions on remarkable advances including CRISPR and the latest gene therapies, RNA-based technologies being deployed as vaccines as well as therapeutics, checkpoint inhibitors and CAR-T approaches that cure cancer, diagnostics and medical devices, entrepreneurship, and AI. Written in an engaging manner and including memorable insights, this book is aimed at anyone interested in helping to save countless more lives through science. A valuable and compelling resource, this is a must-read for all students, educators, practitioners, and researchers at large—indeed, anyone who touches this critical sphere of global impact—in and around academia and the biotechnology/pharmaceutical industry. - Considers drug discovery in multiple R&D venues - big pharma, large biotech, start-up ventures, academia, and nonprofit research institutes - with a clear description of the degrees and training that will prepare students well for a career in this arena - Analyzes the organization of pharmaceutical R&D, taking into account human resources considerations like recruitment and configuration, management of discovery and development processes, and the coordination of internal research within, and beyond, the organization, including outsourced work - Presents a consistent, well-connected, and logical dialogue that readers will find both comprehensive and approachable - Addresses new areas such as CRISPR gene editing technologies and RNA-based drugs and vaccines, personalized medicine and ethical and moral issues, AI/machine learning and other in silico approaches, as well as completely updating all chapters
