Vedic astrology provides a greater scope, depth and accuracy for predicting the 'Profession and Career', i. e. (i) General type of predictions; (ii) Specific type of predictions and (iii) Stick type of predictions of Profession and Career. Given an accurate birth time, the Dasha system can precisely show when a period of Profession and Career will begin and end, and provide actual dates. Of two people with wonderful careers, great relationship potential and wealth indicated in their charts, one may find his niche early in life, while the other must experience difficult times to finally achieve prosperity later in life. The Vedic system can indicate the timing of Career as well as their extent. It uses the Moon's position as the starting point against the background of a Nakshatra in calculations of the planetary periods within the 120-year potential lifespan. The principles governing Vedic astrology have remained unaltered for thousands of years. Vedic astrology acknowledges only nine planets, such as Sun, Moon, Mercury, Venus, Mars, Jupiter, Saturn and the two nodes of the Moon called Rahu and Ketu.
