Quintard Taylor, Shirley Ann Wilson Moore, 2008-08-01 Reconstructs the history of black women's participation in western settlement "A stellar collection of essays by talented authors who explore fascinating topics."—Journal of American Ethnic History African American Women Confront the West, 1600-2000 is the first major historical anthology on the topic. The editors argue that African American women in the West played active, though sometimes unacknowledged, roles in shaping the political, ideological, and social currents that have influenced the United States over the past three centuries. Contributors to this volume explore African American women's life experiences in the West, their influences on the experiences of the region's diverse peoples, and their legacy in rural and urban communities from Montana to Texas and from California to Kansas. The essayists explore what it has meant to be an African American woman, from the era of Spanish colonial rule in eighteenth-century New Mexico to the black power era of the 1960s and 1970s.

**black owned business denver: Enduring Legacies** Arturo J. Aldama, Elisa Facio, Daryl Maeda, Reiland Rabaka, 2011-05-18 Traditional accounts of Colorado's history often reflect an Anglocentric perspective that begins with the 1859 Pikes Peak Gold Rush and Colorado's establishment as a state in 1876. *Enduring Legacies* expands the study of Colorado's past and present by adopting a borderlands perspective that emphasizes the multiplicity of peoples who have inhabited this region. Addressing the dearth of scholarship on the varied communities within Colorado—a zone in which collisions structured by forces of race, nation, class, gender, and sexuality inevitably lead to the transformation of cultures and the emergence of new identities—this volume is the first to bring together comparative scholarship on historical and contemporary issues that span groups from Chicanas and Chicanos to African Americans to Asian Americans. This book will be relevant to students, academics, and general readers interested in Colorado history and ethnic

studies.

**black owned business denver: The Dictatorship of Woke Capital** Stephen R. Soukup, 2023-04-25 For the better part of a century, the Left has been waging a slow, methodical battle for control of the institutions of Western civilization. During most of that time, "business"— and American Big Business, in particular — remained the last redoubt for those who believe in free people, free markets, and the criticality of private property. Over the past two decades, however, that has changed, and the Left has taken its long march to the last remaining non-Leftist institution. Over the course of the past two years or so, a small handful of politicians on the Right — Senators Tom Cotton, Marco Rubio, and Josh Hawley, to name three — have begun to sense that something is wrong with American business and have sought to identify the problem and offer solutions to rectify it. While the attention of high-profile politicians to the issue is welcome, to date the solutions they have proposed are inadequate, for a variety of reasons, including a failure to grasp the scope of the problem, failure to understand the mechanisms of corporate governance, and an overreliance on state-imposed, top-down solutions. This book provides a comprehensive overview of the problem and the players involved, both on the aggressive, hardcharging Left and in the nascent conservative resistance. It explains what the Left is doing and how and why the Right must be prepared and willing to fight back to save this critical aspect of American culture from becoming another, more

economically powerful version of the “woke” college campus.

**black owned business denver: Leroy Smith: 20th Century Impresario of Denver's Five Points District** LeRoy O. Smith, 2022-01-03 This memoir of a man who was instrumental in shaping the vibrant Five Points neighborhood that is now Denver’s only Historic Cultural District begins with his roots. His parents fled the Jim Crow laws of Texas on an eight-month 1903 wagon train into Indian Territory where Leroy Smith was born in the oldest black town of what had by then become Oklahoma. His personal “Great Migration” began when he walked across the border into Arkansas. Working and vagabonding his way northeast to be rescued when he received a bus ticket from a friend who suggested he come west to Utah for a decent job on the railway. Working the trains, Leroy was drawn to Denver which he had learned was the “Harlem of the West.” There he met Lulu Ann Green, convinced her in a whirlwind courtship to marry and join him as a partner in a tiny shop they rented for ten dollars a month. Leroy bought black newspapers, hair products and vinyl music on his Chicago train runs that Lulu sold to Denver’s fast growing black population. By 1941 Leroy could quit the railroad to create the “Rhythm Record Shop” in a two-story building he purchased in the busy Wellton Street business district known as “The Points.” In 1944 he held his first dance concert which his ingenuity handily saved from disaster and began booking the great names of rock and roll, rhythm and blues, gospel, jazz, etc. to cities in Colorado and surrounding states. Often referred to as “the Mayor of Five Points,” he was known as a cool band leader who sold “race music,” black hair products and quality goods within the “red lines.” Smith was also a gifted sportsman who hunted, fished, and pitched on black baseball teams. He soon added the words “and Sporting Goods” to the already expanded merchandise found in his shop, offering fishing and hunting licenses with gear. He became Colorado’s first black outfitter licensed to sell firearms with his sports equipment. He was named an honorary game warden and—after lobbying for an officer-manned lockup only three doors away—an honorary police officer. An audacious masonic leader, Leroy fought city hall to bring black Shiners to his ingeniously desegregated Denver hotels for conventions. He paid to advertise his ventures on the radio by becoming, his own disc jockey on his midnight “Rockin’ with Leroy” show. His sharp instincts for enterprise and entertainment lifted him into business, cultural, mining, and other endeavors that inspired the diverse neighborhood to action. His political inclinations led him to success in opening the second floor of his building as the Voters Club, a swinging night club with live music and famed visitors which he used to rally African Americans to vote and fight for their American civil rights. All proceeds from sale of this scrapbook of photos, letters and memories are destined solely for the support of Denver’s Black American West Museum & Heritage Center.
