**bible verse for business success: Biblical Principles for Financial Success** Paul Kasch, 2019-11-11 Instructions for achieving financial success can actually be found within the pages of the Bible. For those wise enough to follow them, prosperity is assured. These instructions are given to us by God Himself, in the form of principles which any person can adopt and apply in their own life. The author does not take the approach that God can be manipulated into satisfying your selfish, worldly whims. In fact, there is a considerable amount of material in the text which warns against this attitude. Instead, the reader is shown the Biblical procedure for getting their heart right with God, so that they arrive in a state where God can bless them financially. Once this condition is achieved, a person can then pursue the two primary Biblical principles for financial success that the author has expounded upon, which result in: • A tree planted by rivers of living water, whose leaf shall not wither, and all that he does shall prosper • The doors of heaven are opened and blessings are poured out in such abundance that there is not room enough to store them all Many Bible-believing Christians already practice these principles and can testify to their effectiveness. God really does want to bless you!
