Overview of Business Degree Programs at CSN

The College of Southern Nevada offers a variety of business degree programs tailored to meet the needs of diverse students. These programs range from associate degrees to bachelor's degree transfer options, providing a flexible educational path for those entering the business field. The programs emphasize practical knowledge and skills that prepare graduates for immediate employment or further studies.

Associate Degrees

CSN offers several associate degrees in business, including the Associate of Arts (AA) in Business. These programs are designed for students who intend to transfer to a four-year institution to pursue a bachelor's degree. Students can expect to complete foundational courses in business principles, economics, and financial accounting.

Certificate Programs

In addition to degrees, CSN provides certificate programs that allow students to gain specialized skills in areas such as management and entrepreneurship. These programs can often be completed in less time and serve as a great way to enhance one's resume or pivot into a new area of business.

Curriculum and Specializations

The curriculum for business degree programs at CSN is designed to provide a robust understanding of various business concepts. Students will find that courses are structured to promote critical thinking, analytical skills, and real-world applications.

Core Courses

Core courses typically include subjects such as:

- Principles of Marketing
- Financial Accounting
- Business Law
- Microeconomics and Macroeconomics
- Management Principles

These foundational courses are crucial for developing a comprehensive understanding of the business landscape.

Specialization Areas

Students at CSN can also choose to specialize in areas such as:

- Entrepreneurship
- Human Resource Management
- Finance
- Marketing

- International Business

Specializations allow students to tailor their education to specific career goals, giving them a competitive edge in the job market.
