business hotel tunis tunisia: *The Report: Tunisia 2017* Oxford Business Group, Tunisia's GDP totalled TD84.3bn (€36.2bn) in 2015, expanding at a rate of 0.8%, down from growth of 2.3% the year before. The fall was due to a variety of external factors, including two terrorist incidents that negatively affected the tourism sector in particular and shook business confidence more generally.

However, growth picked up somewhat in 2016, standing at 1%, 1.4% and 1.3% in the first, second and third quarters of the year, respectively, and is expected to maintain this upward trend in 2017, supported by greater export competitiveness. Moves to bolster the economy through reforms, such as the new investment law and plans to tackle wider structural issues, are likely to help to raise growth to higher levels than those witnessed in recent years, as should the improvement in security since the 2015 attacks, though the extent of this will depend in part on whether or not the economy of the country's main export destination and tourism source market – the eurozone – can emerge from its own recent slowdown.

business hotel tunis tunisia: Tunisia Oscar Scafidi, 2023-06-26 Written by long-term resident, adventurer and experienced travel writer Oscar Scafidi, this brand new Bradt publication is the most up-to-date, comprehensive travel guidebook to Tunisia produced by a mainstream publisher. Taking account of this North African country's recent political and social flux, and covering each of the nation's 24 governorates, the book's listings for hotels, restaurants and activities cater for all types of travellers and budgets. Complemented by 80 detailed maps and advice on navigating bureaucracy, this guide provides all the practical information you need to visit or explore here. The birthplace of the Arab Spring in 2010, Tunisia is readily accessible from European cities. From relaxing on Mediterranean beaches to camel-trekking or quad-biking in the Sahara Desert and marvelling at the moonscapes of Chott el Djerid salt lake, this fascinating nation crams much excitement and interest into a small area. In the 2,000-year-old capital of Tunis, originally a Berber settlement, you can haggle in the ancient Medina, browse artefacts at the Bardo National Museum or enjoy fresh seafood at waterfront restaurants. Archaeology aficionados will hardly know where to

begin in Africa's fourth-richest country for UNESCO World Heritage Sites: the remnants of Ancient Carthage, perhaps, or superbly preserved Roman ruins, such as the world's second-largest amphitheatre of El Jem? Djerba, where Berbers, Muslims and the world's oldest Jewish community have co-existed for centuries, is a world-renowned kitesurfer's paradise. Sunseekers have over 1,000km of coastline on which to bask – why not sip cocktails at the upmarket resort of Gammarth, just north of Tunis – while hedonists can party at a mammoth 30-hour rave in the desert at Ong Jmal. Meanwhile, film buffs can make pilgrimages to sets used in the Star Wars movies or explore canyons used by Steven Spielberg for an Indiana Jones film, and culture vultures can visit Islamic sites such as the Ribat of Monastir fort or 7th-century city of Kairouan. With a language appendix covering Tunisian Arabic and French, detailed context that helps visitors travel with awareness and sensitivity, and in-depth travel information, Bradt's Tunisia is an indispensable practical companion to exploring this exciting country.
