dynamic business law 6th edition: Dynamic Business Law Nancy K. Kubasek, M. Neil Browne, Lucien J. Dhooge, Daniel J. Herron, Linda L. Barkacs, 2023 We are full of gratitude to the reviewers, adopters, and students who have stimulated us to create this fresh and improved 6th edition of Dynamic Business Law. Any book is a work in progress, and certainly this one is no exception. But with your assistance, we feel we have a much better book now. We have constructed a book that is both comprehensive and readable. But the features integrated into the chapters provide its distinctive worth. Each feature stands by itself as an aid to the kind of learning we hope to encourage. Yet the features are also a cohesive unit, contributing both to the liberal education of the students who use this book and to their skills as decision makers in a market economy--

dynamic business law 6th edition: Dynamic Business Law Nancy K. Kubasek, M. Neil Browne, Daniel J. Herron, Lucien J. Dhooge, Linda L. Barkacs, 2023 We wrote this book because our primary sense of who we are as professionals is that we are teachers. We play various roles in our careers, but we are especially dedicated to our students. We want them to listen, read, create, and evaluate more effectively as a result of their experience in a business law class. Above all, we want them to sense the importance and excitement of the law. We want them to be aware that business resides in an atmosphere of legal rights and responsibilities. The more they have an understanding of relevant law, the more their business activities will flourish. We tried to construct a book that contains the basics of business law but does not get bogged down in the kind of details that would be more appropriate in an upper-level law class. This sixth edition continues and advances the pedagogical strengths of earlier editions. As difficult as it is to recall what it is like to know almost nothing about business law, we tried repeatedly to force ourselves to remember that the text is for students, not for us to reveal our previous training. Toward that end, we have simplified and clarified as often as we could--
