doha qatar business lounge: The Report: Qatar 2014 Oxford Business Group, 2014-04-15 2013 saw the transition of power from the former Emir, Sheikh Hamad bin Khalifa Al Thani, to Sheikh Tamim bin Hamad Al Thani, his fourth son and second son with Sheikha Moza bint Nasser, a move unprecedented elsewhere in the Gulf but not unexpected in Qatar. With sustained, long-term economic growth, the highest per capita income in the world, a stable and well-capitalised banking sector, a sovereign wealth fund that is of true global significance and one of the largest reserves of natural gas just offshore, Qatar today has many advantages. It is clear that the country is in a strong position from which to continue its robust economic performance, and the years ahead will see a vast construction drive, in line with the principles of Qatar National Vision 2030 and catalysed by preparations for the 2022 FIFA World Cup. Oil and gas accounted for around 51.5% of Qatar's economic output in 2013, while developing downstream facilities that add value to energy by-products, for example, has helped build a portfolio of petrochemicals, chemicals and fertiliser companies and looks set to see Qatar's economic strength continue. With more than \$222bn of projects in the pipeline, the construction sector's growth has been forecast at 15% for 2014, while spending on infrastructure is set to reach \$150bn in the run-up to the 2022 FIFA World Cup. Against this backdrop, Qatar looks set to continue offering a wide variety of opportunities for foreign investors.

doha qatar business lounge: The Report: Qatar 2022 Oliver Cornock, Qatar is leveraging its resources to become a knowledge-based, diversified economy fuelled by a dynamic private sector. As such, the country is investing in strategic areas such as agriculture, services, and research and development to further move the economy away from its dependence on hydrocarbons and attract greater foreign direct investment.

doha qatar business lounge: The Chairman's Lounge Joe Aston, 2024-10-28 Shortlisted for the 2025 ABIA Awards, General Nonfiction Book of the Year and The Matt Richell Award for New Writer of the Year From the must-read journalist on how power, money and influence work in this country, the full story of how one of the nation's favourite brands brought itself to ground. Before Covid, both Qantas and its CEO Alan Joyce were flying high, the darlings of customers, staff and investors. After Covid hit, only money mattered – in particular, the company's share price and extraordinary executive bonuses. Illegally redundant workers, unethical flight credits, abysmal customer service, antique aircraft: these became Qantas' new brand. How did things go so badly wrong? Why were customers at the end of the queue? And how did an increasingly autocratic Joyce constantly get his own way, with the Qantas board and with both Liberal and Labor governments, which handed over billions in subsidies and protected lucrative flight routes from foreign competition? For the first time, The Chairman's Lounge tells the full story of how one company banked the nation's loyalty and then cashed in on it. In his celebrated column Rear Window for the Australian Financial Review, Joe Aston's reporting of the ethical failings of Qantas spurred the early retirement of its CEO and the resignation of its chairman. With fresh interviews and revelations, written in Aston's trademark swashbuckling style, The Chairman's Lounge is the definitive account of how Qantas was brought to ground and who did it. It is a parable of our times. 'A masterclass in investigative journalism ... A scathing, unflinching takedown of greed, delusion and a shameless abuse of power, both jaw-dropping and brilliantly incisive' Adele Ferguson
