emirates fly business class: Rooted Globalism Kevin Funk, 2022-10-18 Does the concept of nationality apply to the economic elite, or have they shed national identities to form a global capitalist class? In *Rooted Globalism*, Kevin Funk unpacks dozens of ethnographic interviews he conducted with Latin America's urban-based, Arab-descendant elite class, some of whom also occupy positions of political power in countries such as Argentina, Brazil, and Chile. Based on extensive fieldwork, Funk illuminates how these elites navigate their Arab ancestry, Latin American host cultures, and roles as protagonists of globalization. With the term rooted globalism, Funk captures the emergence of classed intersectional identities that are simultaneously local, national, transnational, and global. Focusing on an oft-ignored axis of South-South relations (between Latin America and the Arab world), *Rooted Globalism* provides detailed analysis of the identities, worldviews, and motivations of this group and ultimately reveals that rather than obliterating national identities, global capitalism relies on them.

emirates fly business class: The Golden Disc Robyn Adams, 2013 Holding up the device Jondra said, This is the Golden Disc of Ra - the Healing Bomb from our home planet. Because of the sudden and unexpected nature of its destruction, this force was never activated. It was originally prepared to transmute negative emotional thoughts into much more compassionate and loving actions in an explosion of consciousness, not protect us from wayward meteors. One day it may save the dwellers on this planet Earth from destroying themselves. Pity we never had a chance to test it.' The Earth is in crisis as the Forces of Darkness and Destruction are rapidly gaining power in many countries. Four people remember their ancient pledge to re-discover one section of the powerful device if a dire enough situation warrants it. When a rogue country detonates a nuclear bomb over Jerusalem, these four are called to save humanity from a destructive aftermath of retribution. From each continent comes one whose ancient destiny is to reassemble the Golden Disc, programmed millennia ago to empower the Forces of Light to triumph. One by one the four are awakened to their destiny, reconnected with each other, and travel to Kenya to reassemble the Golden Disc that will save the Earth. They must release a wave of higher consciousness from the device, called a Healing

Bomb, before several other countries ally to become involved in all out nuclear war, which will have a cataclysmic effect on Earth and humanity; far greater than the predicted earth changes that were due to take place at the end of 2012. Will they make it before the deadline, and can they remember how to re-assemble the device in time? If it is not done absolutely correctly, a terrible conflagration could destroy the very thing they are trying to save; Earth. To do so, they will have to outwit those whose role it is to prevent this from happening. - by Robyn Adams
