falcon business centre: St. Brendan's Lighthouse and The Falcon's Nest Shawn A Lohan, 2024-09-19 A decade ago, Shan narrowly escaped the clutches of a secret right-wing cabal hidden within the English government. He embarks on a journey of understanding to the Isle of Man in search of his Celtic past. Little does Shan know that his would-be kidnappers are once again in hot pursuit, and the facts he will uncover delve deeper than he could have imagined—even into secret government groups and political conspiracies. Also involved in this dangerous game of cat-and-mouse are Inspector Maloney of the Irish GARDA and a former enigmatic member of the IRA and those wishing to do him and his father, harm. Can Shan untangle the many-layered mysteries that await him on the Isle of Man and outwit his pursuers? St. Brendan's Lighthouse and the Falcon's Nest, the second novel in The St. Brendan Series, is an action-mystery novel deftly woven into the fabric of the Isle of Man—landmarks, architecture, and the famous Isle of Man TT motorcycle race bring the setting to life and invite the reader to delve into its history along with Shan. Bringing in characters from The Three Coins, Lohan's father's novel, St. Brendan's Lighthouse and the Falcon's Nest is a text that speaks through its plot and its very construction about the importance of family and history. "This road was a universe unto itself, for if thoughts were leaves and hopes were the winds upon which they drifted, this landscape would be brimming and deep, recognized for what it contained if your heart only had eyes."

falcon business centre: The Report: Abu Dhabi 2015 Oxford Business Group, 2016-05-09 Hydrocarbons revenues still form the bulk of Abu Dhabi's GDP and while falling prices are a concern, the emirate has been moving steadily towards its economic diversification targets in line with Abu Dhabi Economic Vision 2030. The past 10 years has seen the non-oil sector expand strongly on the back of business-friendly government policies, as a result of which non-oil sector growth now outpaces that of the oil sector. Outside of hydrocarbons, construction and manufacturing represent the biggest GDP contributors in the emirate, with the construction sector poised to enter a period of renewed expansion and manufacturing identified as a key area for future growth, leveraging the emirate's natural resources, growing downstream capabilities and strategic location. Elsewhere Abu Dhabi's financial sector continues to assert itself and the expected 2015 launch of Abu Dhabi Global Market, the UAE's second financial free zone, is expected to boost activity in the sector. Meanwhile visitor numbers to Abu Dhabi continue to rise, with around 3.5m arrivals in 2014, up 25% on the previous year. This growth is expected to continue as major infrastructure upgrades continue apace. These include the expansion of Abu Dhabi International Airport and the development of the 1200-km wide Etihad rail project.
