What is a Green Dot Business Account?

A Green Dot business account is a type of financial account that allows business owners to manage their finances efficiently through a prepaid debit card. This account is designed to cater to the needs of small to medium-sized businesses, providing a flexible and accessible way to handle day-to-day banking tasks without the typical complications associated with traditional banking systems. Businesses can load funds onto the account, make purchases, pay bills, and track expenses in real-time, making it an excellent tool for financial management.

Key Benefits of a Green Dot Business Account

The Green Dot business account comes with several advantages that are particularly beneficial for business owners. Understanding these benefits can help businesses leverage the account effectively.

1. Cost-Effective Banking Solution

One of the primary benefits of a Green Dot business account is its cost-effectiveness. Unlike many traditional bank accounts that may come with monthly fees, minimum balance requirements, and other hidden charges, the Green Dot business account typically offers lower fees and no monthly maintenance costs, which is ideal for startups and smaller enterprises.

2. Easy Fund Management

Managing funds is crucial for any business, and the Green Dot business account simplifies this process. Business owners can easily load money onto their account through direct deposit, bank transfers, or cash deposits at participating retailers. This flexibility ensures that businesses have quick access to their funds whenever needed.

3. Enhanced Security Features

Security is a significant concern for any business, especially when dealing with financial transactions. The Green Dot business account provides robust security features, including fraud protection measures, real-time transaction alerts, and the ability to freeze the account instantly in case of suspicious activity. This level of security helps to safeguard the business's financial assets.

Features of the Green Dot Business Account

The Green Dot business account is equipped with a variety of features designed to enhance the banking experience for business owners. These features cater to the diverse needs of businesses, ensuring comprehensive financial management.

1. Prepaid Debit Card

Each Green Dot business account comes with a prepaid debit card that can be used for purchases, both online and in-store. This card allows businesses to spend only what they have loaded onto the account, promoting responsible spending and budget management.

2. Online Banking and Mobile App

Green Dot provides an online banking platform and a mobile app that allow business owners to manage their accounts on-the-go. Through these platforms, users can check balances, review transaction history, and transfer funds easily, ensuring that they always have control over their finances.

3. Direct Deposit Capability

Businesses can set up direct deposit for payroll and other payments, enabling a quick and efficient

way to manage employee salaries and other financial obligations. This feature helps streamline payment processes and improves cash flow management.

4. Expense Tracking Tools

The Green Dot business account offers tools for tracking expenses, making it easier for business owners to monitor spending and prepare for tax season. These tools provide insights into where money is being spent, helping to identify areas for cost savings.

How to Set Up a Green Dot Business Account

Setting up a Green Dot business account is a straightforward process that can typically be completed online. Here are the steps to guide business owners through the setup.

1. **Visit the Green Dot Website:** Start by visiting the official Green Dot website to access the business account application.
2. **Fill Out the Application:** Provide the necessary information, including business name, contact information, and tax identification number.
3. **Submit Required Documentation:** Depending on the business structure, you may need to submit additional documents, such as business licenses or registration forms.
4. **Fund Your Account:** Once approved, you can fund your account through various methods, as mentioned earlier.
5. **Receive Your Prepaid Card:** After funding your account, you will receive a prepaid debit card linked to your business account.

Fees Associated with a Green Dot Business Account

Understanding the fees associated with a Green Dot business account is essential for effective financial planning. While the account is generally cost-effective, there are certain fees to consider.

1. Transaction Fees

While there are no monthly maintenance fees, certain transactions may incur fees. For example, ATM withdrawals may attract a fee, especially if they are made at out-of-network ATMs.

2. Reload Fees

Loading money onto the Green Dot business account may also come with fees, particularly if done through third-party retailers. Business owners should review these fees to determine the most cost-effective loading methods.

3. Replacement Card Fees

If a business loses its prepaid debit card, a replacement fee may be charged. It's advisable to keep the card secure to avoid these costs.

Considerations for Choosing a Green Dot Business Account

Before deciding on a Green Dot business account, business owners should consider several factors to ensure it aligns with their financial needs.

1. Business Size and Type

The size and nature of the business will influence the appropriateness of the Green Dot business account. Smaller businesses or those with simpler financial needs may find this account particularly beneficial, while larger businesses may require more advanced banking solutions.

2. Transaction Volume

Businesses that anticipate high transaction volumes should evaluate the associated fees to ensure they remain cost-effective. Understanding how often the account will be used will help in making an informed decision.

3. Future Financial Needs

As businesses grow, their financial needs may change. It's essential to consider whether the Green Dot business account will continue to meet those needs as the business evolves.

Conclusion

The Green Dot business account is a versatile financial tool that offers numerous benefits and features tailored for small businesses. From cost-effective banking solutions and easy fund management to robust security features, this account can significantly streamline financial operations. By understanding the setup process, associated fees, and considerations for use, business owners can make informed decisions that support their financial health and growth. Embracing such innovative banking solutions can help businesses thrive in today's competitive landscape.

Q: What are the eligibility requirements for a Green Dot business account?

A: To open a Green Dot business account, you typically need to provide business identification information, including your business name, tax identification number, and other relevant documents based on your business structure. There may also be age and residency requirements.

Q: Can I link my Green Dot business account to other bank accounts?

A: Yes, you can link your Green Dot business account to other bank accounts for easy fund transfers and management. This feature allows you to move money between accounts as needed.

Q: How does the Green Dot business account help with expense tracking?

A: The Green Dot business account includes tools that allow users to categorize and track expenses, providing insights into spending patterns. This feature aids in budgeting and financial planning.

Q: What should I do if I lose my Green Dot business debit card?

A: If you lose your Green Dot business debit card, you should immediately report it through the mobile app or customer service to freeze the account and prevent unauthorized transactions. A replacement card can be requested through the same channels.

Q: Are there limitations on ATM withdrawals with a Green Dot business account?

A: Yes, there are typically limitations on ATM withdrawals, including daily withdrawal limits and potential fees for using out-of-network ATMs. It is advisable to check these details to avoid unexpected charges.

Q: Can I receive direct deposits into my Green Dot business account?

A: Yes, the Green Dot business account allows users to set up direct deposits for payroll and other transactions, facilitating quick and hassle-free payment processing.

Q: Is there a mobile app for managing a Green Dot business account?

A: Yes, Green Dot provides a mobile app that allows business owners to manage their accounts, track transactions, and perform various banking functions conveniently from their smartphones.

Q: What happens if I want to close my Green Dot business account?

A: To close a Green Dot business account, you need to contact customer service and follow their procedures. Ensure that all transactions are settled and that there are no pending fees before closing the account.

Q: Can I use my Green Dot business account for international transactions?

A: Green Dot business accounts are primarily designed for domestic use. For international transactions, it is advisable to check with Green Dot customer service regarding any restrictions or additional fees that may apply.

Q: Are there any incentives for using a Green Dot business account?

A: Green Dot occasionally offers promotions or incentives for new account holders, such as bonuses for direct deposit setups. It is beneficial to check their website or contact customer service for current offers.

greendot business account: The Money Hackers Daniel P. Simon, 2020-04-14 Businesses, investors, and consumers are grappling with the seismic daily changes technology has brought to the banking and finance industry. The Money Hackers is the story of fintech's major players and explores how these disruptions are transforming even money itself. Whether you've heard of fintech or not, it's already changing your life. Have you ever "Venmoed" someone? Do you think of investing in Bitcoin--even though you can't quite explain what it is? If you've deposited a check using your iPhone, that's fintech. If you've gone to a bank branch and found it's been closed for good, odds are

that's because of fintech too. This book focuses on some of fintech's most powerful disruptors--a ragtag collection of financial outsiders and savants--and uses their incredible stories to explain not just how the technology works, but how the Silicon Valley thinking behind the technology, ideas like friction, hedonic adaptation, democratization, and disintermediation, is having a drastic effect on the entire banking and finance industry. Upon reading *The Money Hackers*, you will: Feel empowered with the knowledge needed to spot the opportunities the next wave of fintech disruptions will bring. Understand the critical pain points that fintech is resolving, through a profile of the major finsurgents behind the disruption. Topic areas include Friction (featuring founders of Venmo), Aggregate and Automate (featuring Adam Dell, founder of Open Table and brother of Michael Dell), and Rise of the Machines (featuring Jon Stein, founder of robo-advisor Betterment). Learn about some of the larger-than-life characters behind the fintech movement. *The Money Hackers* tells the fascinating story of fintech--how it began, and where it is likely taking us.

greendot business account: *Germany, Garbage and the Green Dot* Bette K. Fishbein, 1996-07 This report offers a revolutionary approach taken by Germany to promote both recycling & source reduction. German legislation is stimulating industry efforts to reduce packaging & product waste by requiring that the bus. producing packages & products be financially responsible for taking back their used materials & recycling, reusing or disposing of them. This report describes what Germans have done in solid waste policies, the difficulties they are confronting & the impact on wastes to date. Discusses environmental problems that the US & other industrialized countries face, identifies practical solutions: programs & policies that work to conserve our valuable air, land, water & natural resources & enable us to live & do business less wastefully.

greendot business account: [Banking as a Service](#) Jason Mikula, 2024-12-03 This book provides a comprehensive look at banking-as-a-service (Baas), equipping readers with an understanding of the origins, evolution, future, and applications of BaaS and the key differences across global markets. BaaS is a game changer in the financial services sector, radically transforming both how consumers experience financial products and the business models delivering them. *Banking as a Service* cuts through the hype to provide a measured overview of BaaS, helping readers to demystify a complex evolving field and understand its key opportunities, challenges, and risks. It provides a framework for understanding where BaaS came from, how BaaS changes the economics and business models of banking products and services, its impact on key stakeholders, and its key regulatory implications. *Banking as a Service* explains how business and operating models work, exploring different models such as interchange, deposit gathering, loan origination-to-distribute, legacy, API-first, own licence, match-making, and bank service providers and offers a framework for thinking about whether or not they're sustainable. It explores how BaaS operating and business models compare in different global territories and is supported by real-world examples and cases profiling organizations such as Blue Ridge Bank, Unit, Synapse, Goldman Sachs, Railr, Starling, Solaris, Cacao Paycard, QNB, OnePipe, Airwallex, Nium, and Pomelo. It also explains the differences between BaaS, embedded finance, and open banking.

greendot business account: *Green Dot* Madeleine Gray, 2024-02-27 "Madeleine Gray takes a scalpel to millennial malaise, office romance, and infidelity, and the result is a brainy, gutsy, nervy—and hilarious—wonder of a novel." —Meg Howrey, author of *They're Going to Love You An* irresistible and messy love story about the terrible allure of wanting something that promises nothing At twenty-four, Hera is a clump of unmet potential. To her, the future is nothing but an exhausting thought exercise, one depressing hypothetical after another. She's sharp in more ways than one, adrift in her own smug malaise, until her new job moderating the comments section of an online news outlet—a role even more mind-numbing than it sounds—introduces her to Arthur, a middle-aged journalist. Though she's preferred women to men for years now, she soon finds herself falling into an all-consuming affair with him. She is coming apart with want and loving every second of it! Well, except for the tiny hiccup that Arthur has a wife—and that she has no idea Hera exists. With its daringly specific and intimate voice, *Green Dot* is a darkly hilarious and deeply felt examination of the joys and indignities of coming into adulthood against the pitfalls of the

twenty-first century and the winding, tortuous, and often very funny journey we take in deciding who we are and who we want to be.

greendot business account: Succession and Innovation in Asia's

Small-and-Medium-Sized Enterprises Hsi-Mei Chung, Kevin Au, 2021-02-13 This book documents the distinctive experiences and challenges of Small and medium-sized enterprises (SMEs) in Asia. By assessing succession and innovation in SMEs as the two sides of a coin, this book explains how innovations are essential to SMEs in succession. With detailed case examples, the book provides generalized solutions for SMEs to answer the question of how to make succession and innovation simultaneously successful. The authors discuss the potential solutions to solve the challenges of SMEs on succession and innovation by considering the utilization of the capital market, the electronic commerce strategy, the international strategy, and angel investment to pursue portfolio entrepreneurship, and compare these Asia solutions to the experiences from Europe. The book is recommended for family business and SME owners, professionals serving these firms, and the consulting firms that work on continuity issues of SMEs in Asia.

greendot business account: Politics, Policy, and Public Options Ganesh Sitaraman, Anne

Alstott, 2021-07-01 A public option is a government-provided social good that exists alongside a similar privately provided good. While the public option is typically identified with health care policy, public options have been a longstanding feature of American life in a variety of sectors, ranging from libraries to swimming pools. Public schools, for example, coexist alongside private schools. However, there is surprisingly little research on 'public options' as a general category. Rather, over the last few decades, considerable scholarly and popular efforts to ensure access to important social goods have focused on market subsidies (like vouchers) or privatization – which both face increasing criticism. Uniting scholars from across disciplines, this volume delves into the theory of the public option, explores several important case studies, and shows how public options could be a corrective to the trend toward privatization and subsidies. This title is also available as Open Access on Cambridge Core.

greendot business account: New Environmental Policy Instruments in the European

Union Ian Bailey, 2017-07-05 The use of legislation by EU governments to define environmental standards for industry has been criticised for its poor track record in arresting the decline in the quality of Europe's environment. Environmental economists in particular have proposed that legislation should be supplemented or replaced by New Environmental Policy Instruments (NEPIs), such as eco-taxes, environmental charges, tradable permits and voluntary agreements. This book focuses on practical experiences with NEPIs in the EU and tests their application using the case study of the Packaging and Packaging Waste Directive. It traces the ways in which member states have adapted NEPIs to suit their preferred styles of environmental policy, then assesses their performance and how NEPIs have both assisted and hindered the EU environmental programme. It suggests options for ensuring that the environmental programme does not become fragmented by the use of NEPIs and discusses the implications of EU enlargement.

greendot business account: Business Ethics Denis Collins, Patricia Kanashiro, 2022-01-21

Business Ethics teaches students how to create organizations of high integrity and superior performance. The authors walk readers through designing ethical organizations using an Ethical Systems Model that outlines best practices for hiring, training, making ethical decisions, and fostering trust.

greendot business account: The Business Model Navigator Oliver Gassmann, Karolin

Frankenberger, Michaela Choudury, Michaela Csik, 2020-08-12 A strong business model is the bedrock to business success. But all too often we fail to adapt, clinging to outdated business models that are no longer promising the results we need. This new edition builds on the well-known methodology of the first edition to allow you to innovate, test and implement new business models within your industry. Discover the idea of business model innovation, from structuring the process of innovation of a company's business model to encouraging outside-the-box thinking. With expert authors, The Business Model Navigator combines learning research with evidence of high practical

impact, allowing you to master the transformation journey and lead your business to success.

greendot business account: The Digital Revolution in Banking, Insurance and Capital Markets Lech Gąsioriewicz, Jan Monkiewicz, 2023-02-22 The digital transformation of finance and banking enables traditional services to be delivered in a more effective and efficient way but, at the same time, presents crucial issues such as fast-growing new asset classes, new currencies, datafication and data privacy, algorithmization of law and regulation and, last but not least, new models of financial crime. This book approaches the evolution of digital finance from a business perspective and in a holistic way, providing cutting-edge knowledge of how the digital financial system works in its three main domains: banking, insurance and capital markets. It offers a bird's-eye view of the major issues and developments in these individual sectors. The book begins by examining the wider framework of the subsequent analysis and over the next three parts, discusses the opportunities, risks and challenges facing the digitalization of these individual financial subsectors, highlighting the similarities and differences in their digitalization agenda, as well as the existing linkages and dependencies among them. The book clarifies the strategic issues facing the development of digital finance in these major subsectors over the coming years. The book has three key messages: that digital transformation changes fundamentally the way financial businesses operate; that individual trades have their own digitalization agenda; and that the state with its regulatory power and central banking and money has a particularly important role to play. It will be of interest to scholars, students and researchers of finance and banking, as well as policymakers wishing to understand the values and limitations of new forms of digital money.

greendot business account: The Magazine of Business , 1921

greendot business account: Education Flashpoints Alan J. Singer, 2014-04-24 Drawing on his widely read Huffington Post columns—rated one of the top educational blogs in the United States—Alan Singer introduces readers to contemporary issues in education in the United States. The issues are presented with a point of view and an edge intended to promote widespread classroom debate and discussion. Each section opens with a new topical summary essay followed by a series of brief essays updated and adapted from Huffington Post columns. The book includes guest contributions, guiding questions, and responses to essays by teacher education students and teachers to further classroom discussion. *Education Flashpoints* is written in a conversational style that draws readers into a series of debates by presenting issues in a clear and concise manner, but also with a touch of irony and a bit of rhetorical bite. The topics examined in these essays read like the latest newspaper headlines in the battle to define public education in the United States.

greendot business account: Intellectual Property, Market Power and the Public Interest Inge Govaere, Hanns Ullrich, 2008 The main objective of the contributions to this book is to bring together two seemingly different strands of thought: the competition-law analysis of the exercise of intellectual property, and the discussion about the proper limits of protection, which at present takes place inside the intellectual property community. Both are burdened with their own problems, particularly so in Europe, where market integration and the divide between exclusionary and exploitative abuses ask for a more dimensional approach, and where the shaping of intellectual property protection is under not only the influence of many interests and policies, but a multi-level exercise of the Community and its member states. The question is whether, nevertheless, there is a common concern, or whether the frequently asserted convergence of the operation and of the goals of competition law and intellectual property law does not mask a fundamental difference - namely that of, on the one hand, protecting freedom of competition against welfare-reducing restrictions of competition only, and, on the other, limiting the protection of exclusive rights in the (public) interest of maintaining free access to general knowledge. The purpose of the workshop held in 2007 at the College of Europe, Bruges, and whose results are published here, was to ask which role market power plays in either context, which role it may legitimately play, and which role it ought not to play. A tentative answer might be found in the general principle that, just as intellectual property does not enjoy a particular status under competition law, so competition law may not come as a white knight to rescue intellectual property protection from itself. However, the meaning of that principle differs

according to both the context of the acquisition and the exploitation of intellectual property, and it differs from one area of intellectual property to the other. Therefore, an attempt has also been made to cover more facets of the prism-like complex of problems than is generally done.

greendot business account: *A Smarter Charter* Richard D. Kahlenberg, Halley Potter, 2014-09-19 Moving beyond the debate over whether or not charter schools should exist, *A Smarter Charter* wrestles with the question of what kind of charter schools we should encourage. The authors begin by tracing the evolution of charter schools from Albert Shanker's original vision of giving teachers room to innovate while educating a diverse population of students, to today's charter schools where student segregation levels are even higher than in traditional public schools. In the second half of the book, the authors examine two key reforms currently seen in a small but growing number of charter schools, socioeconomic integration and teacher voice, that have the potential to improve performance and reshape the stereotypical image of what it means to be a charter school.

greendot business account: *Forensic Accounting and Fraud Examination* Mary-Jo Kranacher, Richard Riley, 2023-12-19 The gold standard in textbooks on forensic accounting, fraud detection, and deterrence In the newly revised third edition of *Forensic Accounting and Fraud Examination*, a team of renowned educators provides students and professionals alike with a comprehensive introduction to forensic accounting, fraud detection, and deterrence. Adhering to the model curriculum for education in fraud and forensic accounting funded by the US National Institute of Justice, this leading textbook offers real-world practicality supported by effective learning pedagogies and engaging case studies that bring technical concepts to life. Covering every key step of the investigative process, *Forensic Accounting and Fraud Examination* contains 32 integrated IDEA and Tableau software cases that introduce students to the practical tools accounting professionals use to maximize auditing and analytic capabilities, detect fraud, and comply with documentation requirements. Numerous case summaries, "The Fraudster's Perspective" boxes, and detailed discussions of a wide range of accounting issues provide students and practitioners with the tools they'll need to successfully investigate, prosecute, research, and resolve forensic accounting issues and financial fraud. The perfect resource for students of forensic accounting and fraud examination, as well as practitioners in the field, *Forensic Accounting and Fraud Examination, Third Edition*, will also prove invaluable for academics and researchers with an interest in the subject.

greendot business account: *Stray Dogs, Saints, and Saviors* Alexander Russo, 2011-03-29 The inside story of the most-watched attempt to transform a troubled high school *Stray Dogs, Saints, and Saviors* tells the real-life story of Locke High School. Locke High- originally known for its excellence-became one of the toughest, most dysfunctional schools in the nation. Then in 2007 teachers voted to bring in an upstart charter school organization called Green Dot to try and restore the Locke Saints' past glory. It was a brave and desperate move. Working in secrecy, the school principal, a small group of teachers, and Green Dot's charismatic founder, Steve Barr, convince Locke teachers to support a petition that will take the school away from the Los Angeles Unified School District. The new Locke opened in the fall of 2008. Offers an in-depth look at a school turnaround effort that garnered a blizzard of publicity Russo's blog *This Week in Education* was named by The Washington Post as one of its best education blogs of 2010 Tells the gritty truth about the tough work of true school reform Locke's transformation shows that with hard work and sacrifice, broken schools can indeed be improved in meaningful ways. However, the process of school reform is one of the most vital, and least glamorous, projects that we can participate in.

greendot business account: *A Framework for Applying Analytics in Healthcare* Dwight McNeill, 2013 In *A Framework for Applying Analytics in Healthcare*, Dwight McNeill shows healthcare analysts and decision-makers exactly how to adapt and apply the best analytics techniques from retail, finance, politics, and sports. McNeill describes each method in depth, presenting numerous case studies that show how these approaches have been deployed and the results that have been achieved. Most important, he explains how these methods can be successfully

adapted to the most critical challenges you now face in your healthcare organization. From predictive modeling to social media, this book focuses on innovative techniques with demonstrated effectiveness and direct relevance to healthcare. You'll discover powerful new ways to manage population health; improve patient activation, support, and experience of care; focus on health outcomes; measure what matters for team performance; make information more actionable; and build more customer-centric organizations.

greendot business account: Code of Silence I Angelo A. Willis, 2020-12-16 Special agent Jack McCall and Bo Harris have been assigned to investigate a small group of Los Angeles County Jail Sheriffs. There's written complainants and news footage of civil rights violations plus rumors of criminal continual enterprise, trafficking heroin, crystal meth and marijuana inside Los Angeles Men's Central Jail and Twin Towers Los Angeles County Jail. This group of Los Angeles Sheriff start a gang called 3000 boys. 3000 is the floor these deputy work on. These were allegations of contraband cellphones, cigarettes, small hacksaw blends, x-broader agent Carlos Vega joins the team of Jack McCall, Bo Harris, special prosecutor Sandra Rich from Fresno California and DEA Agent Curt Harris a.k.a Curt Dog. Carlos goes under on the streets of Los Angeles as a cartel member with access to the best illegal fashion. He's introduced to three Los Angeles gang shot callers. To build up his street reputation. Before he goes under in the Los Angeles Men Central Jail to gather evidence against the 3000 boys. The corruption and favoritism was deeper than just the 3000 boys. The infection of corruption went all the way to the top. The Los Angeles County Chief Sheriff and under Sheriff were already under investigation for the same charges.

45 colt and using hp-38 250gr lead bullets please share your data so guys i am loading 380 and today got some hp-38 and i noticed some info on using hp-38 in 45 colt and i load and shoot this grand old cartridge and normally i use 6.8gr greendot

.45 LC Unique light loads - sooty cases | The High Road I also use RedDot or GreenDot as I've been gifted 8lb caddies by widows of reloading friends. I use a little bit more than listed max loads for a SAA but I'm shooting them

Ruger Redhawk .45 ACP / .45 Colt | The High Road i recently acquired a LNIB Redhawk. My question is this: The Ruger Blackhawk is designed to take high pressure loads in .45 Colt caliber that are the equal

30-30 Saga Continues. Headspace? | The High Road After extraction of the remains of the case, I ceremonially disposed of the remnants of the ancient brass stock by dumping it in the recycle bucket. Many fond memories made with

357 Magnum: How much H110 do you use with a 158g JHP? I used h110 for a while when I played with 357mag but I then tried 7grs of greendot under a 158gr jacketed bullet and found its much nicer to shoot and more accurate and dosent

45 ACP load guidance | The High Road I'm looking at loading 2 new to me bullets with HP38 /

231. 1- 200 gr XTP HP Hornady. Curious about accuracy and would like a couple mags full of some snappy self

Stockpiling Ammo | Page 2 | The High Road Needles to say I left with 1 lbs. of IMR4198, 1 lbs. of IMR4064, 2 lbs. of IMR4895, 100 Sierra 223. bullets, 100 Barnes 270. bullets, 2lbs. of greendot powder and 300 9 mil

Snake loads | The High Road Looking to load up some snake loads for my 357 Magnum. I'll use a gas check over the powder, and another over the shot. I think an unsized 357 check is too large to fit

Best powder(s) for 7.62x39 - The High Road Getting ready to work up my first loads in 7.62x39. I have Hornady 130 SP bullets (.308) and have in my inventory H4227, H322, H335. I can find load data for those powders, I

Ultra Accurate .45 loads with Blue Dot | The High Road ok so I've been experimenting a lot lately with .45 Colt and recently came up with my most accurate load yet using Blue Dot. Disclaimer: This load is over MAX for black
