funny business joke: Seriously Funny Gerald Nachman, 2009-08-26 The comedians of the 1950s and 1960s were a totally different breed of relevant, revolutionary performer from any that came before or after, comics whose humor did much more than pry guffaws out of audiences. Gerald Nachman presents the stories of the groundbreaking comedy stars of those years, each one a

cultural harbinger: • Mort Sahl, of a new political cynicism • Lenny Bruce, of the sexual, drug, and language revolution • Dick Gregory, of racial unrest • Bill Cosby and Godfrey Cambridge, of racial harmony • Phyllis Diller, of housewifely complaint • Mike Nichols & Elaine May and Woody Allen, of self-analytical angst and a rearrangement of male-female relations • Stan Freberg and Bob Newhart, of encroaching, pervasive pop media manipulation and, in the case of Bob Elliott & Ray Goulding, of the banalities of broadcasting • Mel Brooks, of the Yiddishization of American comedy • Sid Caesar, of a new awareness of the satirical possibilities of television • Joan Rivers, of the obsessive craving for celebrity gossip and of a latent bitchy sensibility • Tom Lehrer, of the inane, hypocritical, mawkishly sentimental nature of hallowed American folkways and, in the case of the Smothers Brothers, of overly revered folk songs and folklore • Steve Allen, of the late-night talk show as a force in American comedy • David Frye and Vaughn Meader, of the merger of showbiz and politics and, along with Will Jordan, of stretching the boundaries of mimicry • Shelley Berman, of a generation of obsessively self-confessional humor • Jonathan Winters and Jean Shepherd, of the daring new free-form improvisational comedy and of a sardonically updated view of Midwestern archetypes • Ernie Kovacs, of surreal visual effects and the unbounded vistas of video Taken together, they made up the faculty of a new school of vigorous, socially aware satire, a vibrant group of voices that reigned from approximately 1953 to 1965. Nachman shines a flashlight into the corners of these comedians' chaotic and often troubled lives, illuminating their genius as well as their demons, damaged souls, and desperate drive. His exhaustive research and intimate interviews reveal characters that are intriguing and all too human, full of rich stories, confessions, regrets, and traumas. *Seriously Funny* is at once a dazzling cultural history and a joyous celebration of an extraordinary era in American comedy.

funny business joke: The Super Duper Joke Book (Volume 1) Editors of Cider Mill Press, 2019-07-02 Presents a series of jokes, puns, and wordplay about school, animals, and monsters.

funny business joke: Politics Is a Joke! S. Robert Lichter, Jody C Baumgartner, Jonathan S. Morris, 2018-09-03 Does late night political humor matter? Are late-night comedians merely entertaining, or do they have the power to influence the way we think about politics and politicians? *Politics Is a Joke!* situates late night comedy in the historical context of political humor and demonstrates how the public turn to this venue for political information, and are in turn affected by it. Using exclusive data collected by the Center for Media and Public Affairs, the authors conduct a detailed and exhaustive analysis of political jokes on late night TV shows dating back to 1992 in order to pinpoint the main targets and themes of late-night comedy. *Politics Is a Joke!* uses a wide range of examples, from jokes about politicians' physical appearance and sex scandals to jokes about Congress and even the news media, to assess and understand the impact of political humor on political institutions, politicians and their policies and behavior. Engagingly written with analysis of jokes from comedians like Jay Leno, Conan O'Brien, Jon Stewart and Stephen Colbert, *Politics is a Joke!* is essential reading for anyone who wants to understand the crucial role late night comedy plays in our political universe - and anyone who enjoys a good laugh.

funny business joke: The View from Highway 1 Michael J. Arlen, 2014-06-17 With *The View from Highway 1*, Michael J. Arlen continued his original and valuable efforts to evolve a new criticism for the still-young medium of television. In the process he has produced an impressive commentary on the passing life and times of this communications-conscious nation. *The View from Highway 1* is television critic Michael J. Arlen's second essay collection, originally published in 1976. In twenty-one diverse and perceptive essays, he ranges over such matters as Howard Cosell's sports-announcing style and Tom Snyder's intriguingly abrasive news delivery. He discusses the odd combination of anger and comedy that animates *All in the Family* and the buried eroticism in certain detergent commercials. He provides a masterful analysis of the diminished role of foreign news on television, and also a fascinating study of TV's often inept interviewers and their *How do you feel...?* interviewing techniques.

funny business joke: Lowering the Bar Marc Galanter, 2006-10-10 What do you call 600 lawyers at the bottom of the sea? Marc Galanter calls it an opportunity to investigate the meanings of a rich and time-honored genre of American humor: lawyer jokes. Lowering the Bar analyzes hundreds of jokes from Mark Twain classics to contemporary anecdotes about Dan Quayle, Johnnie Cochran, and Kenneth Starr. Drawing on representations of law and lawyers in the mass media, political discourse, and public opinion surveys, Galanter finds that the increasing reliance on law has coexisted uneasily with anxiety about the "legalization" of society. Informative and always entertaining, his book explores the tensions between Americans' deep-seated belief in the law and

their ambivalence about lawyers.

Camiel, the son of the house, is still in mourning for his best friend, a German soldier who committed suicide the year before. And Camiel's fiery, unstable sister Mariete begins to nurse a growing unrequited passion for their young guest, just as Ed realizes his own attraction to Camiel.
