professional search engine consultant. Richard Conway started his company, Pure SEO, in 2009 with just \$200 to spend on a single web page. From there, mostly using digital marketing, he has expanded the business to four offices in New Zealand and Australia. Pure SEO has been listed by Deloitte in the fastest-growing 500 tech companies in the Asia Pacific region for the past five years. This practical guide cuts through the mis-information and sets the record straight on what actions you need to take, so searchers will find your product quickly and easily. It covers keywords, website content and structure, mobile search and optimisation, loading speed of your website and how that affects searches, planning content to make it easily searchable, tracking tools and much much more. With Australasian-focused statistics and insights, as well as advice about how these two markets differ, the book is an authoritative and accessible 'how to' resource.
