h and r block business taxes: **America: Who Really Pays the Taxes?** Donald L. Barlett, 2013-06-18 A disturbing, eye-opening look at a tax system gone out of control. Originally designed to spread the cost of government fairly, our tax code has turned into a gold mine of loopholes and giveaways manipulated by the influential and wealthy for their own benefit. If you feel as if the tax laws are rigged against the average taxpayer, you're right: Middle-income taxpayers pick up a growing share of the nation's tax bill, while our most profitable corporations pay little or nothing. Your tax status is affected more by how many lawyers and lobbyists you can afford than by your resources or needs. Our best-known and most successful companies pay more taxes to foreign governments than to our own. Cities and states start bidding wars to attract business through tax breaks—taxes made up for by the American taxpayer. Who really pays the taxes? Barlett and Stelle, authors of the bestselling *America: What Went Wrong?*, offer a graphic exposé of what's wrong with our tax system, how it got that way, and how to fix it.

h and r block business taxes: The Deals of Warren Buffett Volume 4 Glen Arnold, 2025-07-29 In this fourth volume of *The Deals of Warren Buffett*, we trace Buffett's journey as he made Berkshire Hathaway the most respected company in the world. When we left Buffett at the end of Volume 3 towards the end of the 1990s, he was leading the largest corporation in America and his personal fortune had reached \$40 billion. In this enthralling next instalment, we follow Buffett's investment deals over the first few years of the 21st century, as Berkshire grew to become a giant with annual profits north of \$4 billion. Buffett, then in his early 70s, was still tap dancing to work, thoroughly enjoying analysing companies, finding bargains and interacting with his growing team of managers. By studying the decision-making that went into his investment deals and the successful and unsuccessful outcomes, we can learn from Buffett and become better investors ourselves. During this period, exploiting the low prices following the dotcom crash, Buffett made investments in the following companies: MidAmerican Energy, CORT, Moody's, H&R Block, Shaw Industries, Star Furniture, Jordan's Furniture, Ben Bridge Jeweler, Justin Boot, Acme Brick, Benjamin Moore and CTB. For each of these deals, investing expert and Buffett historian Glen Arnold dives into unprecedented detail to analyse the investment rationale, the stories of the individuals involved and, where possible, the profits Buffett made.
