When Sassy is given the chance to be with the man she desperately wants, she quickly makes a deal to become human, no matter the cost. But she soon realizes that the human world is unlike her own, and often unkind, and the man she loves is different than she expected. She wishes she could return to her world, but that will require a sacrifice greater than she knows. *** "I want to be with Tony no matter what it costs me." "And it will cost you a lot. Once you agree to the terms and conditions, your decision cannot be reversed." "What are they?" "You will have one year. That year is yours to be with whom you wish, but the moment your time is up, you will perish and die. Think carefully." As she stared up at Tony's room, she realized that she wanted to be part of his world no matter the cost. "I want to be a human." *** Suddenly Tony began to remove his clothes. Sassy jumped backward, frazzled. Her face became hot due to feelings she couldn't explain, and she turned around, pretending to examine a woman with an endangered species of bird on her underwear. Sassy wondered whether it was customary to wear underwear at the beach. "You know," Tony said with a joking tone, "if you want to hang around with me, you're going to have to look at me in a swimsuit. I brought you one, too. You're pretty skinny, like Savannah, so I got you one of hers." A red bikini hit her squarely in the head, knocking all embarrassing thoughts from her mind. It was tiny, something she had never thought she would wear in human form, but she shrugged her shoulders. Mirroring Tony, she started to remove her t-shirt, which had also been borrowed from Savannah, but Tony grabbed her before she could finish the task. He whispered in her ear, giving her the shivers, "What on earth are you doing, Sassy? You can't just strip in the middle of a crowded beach. You need to change in the bathroom." "You changed outside," Sassy said, looking down at him. "I had my bathing suit on underneath my clothes. I've got to stop forgetting that you're... uh... special. There's a bathroom right there. Go into a stall and come out in the bathing suit." Sassy nodded her head and ran to the large building that Tony had pointed at. She stumbled inside of it, discovering a world full of women pampering themselves, as well as an insulting odor. All she could do to keep from staring was keep her eyes firmly on her red suit.

is sassy by savannah still in business: By the Rivers of Water Erskine Clarke, 2013-10-08 In early November 1834, an aristocratic young couple from Savannah and South Carolina sailed from New York and began a strange seventeen year odyssey in West Africa. Leighton and Jane Wilson sailed along what was for them an exotic coastline, visited cities and villages, and sometimes ventured up great rivers and followed ancient paths. Along the way they encountered not only many diverse landscapes, peoples, and cultures, but also many individuals on their own odysseys -- including Paul Sansay, a former slave from Savannah; Mworeh Mah, a brilliant Grebo leader, and his beautiful daughter, Mary Clealand, at Cape Palmas; and King Glass and the wise and humorous Toko in Gabon. Leighton and Jane Wilson had freed their inherited slaves, and were to become the most influential American missionaries in West Africa during the first half of the nineteenth century. While Jane established schools, Leighton fought the international slave trade and the imperialism of colonization. He translated portions of the Bible into Grebo and Mpongwe and thereby helped to lay the foundation for the emergence of an indigenous African Christianity. The Wilsons returned to New York because of ill health, but their odyssey was not over. Living in the booming American metropolis, the Wilsons welcomed into their handsome home visitors from around the world as they worked for the rapidly expanding Protestant mission movement. As the Civil War approached, however, they heard the siren voice of their Southern homeland calling from deep within their memories. They sought to resist its seductions, but the call became more insistent and, finally, irresistible. In spite of their years of fighting slavery, they gave themselves to a history and a people committed to maintaining slavery and its deep oppression -- both an act of deep love for a place and people, and the desertion of a moral vision. A sweeping transatlantic story of good intentions and bitter consequences, By the Rivers of Water reveals two distant worlds linked by deep faiths.

is sassy by savannah still in business: *Confederate Sheet Music* E. Lawrence Abel, 2015-06-14 During the American Civil War, songs united and inspired people on both sides. The North had a well-established music publishing industry when the war broke out, but the South had no such industry. The importance of music as an expression of the South's beliefs was obvious; as one music publisher said, The South must not only fight her own battles but sing her own songs and dance to music composed by her own children. Southern entrepreneurs quickly rose to the challenge. This reference book is distinguished by three major differences from previously published works. First, it lists sheet music that is no longer extant (and listed nowhere else). Second, it gives complete lyrics for all extant songs, a rich source for researchers. And third, a brief historical background has been provided for many of the songs. Each entry provides as much of the following as possible (staying faithful to the typography of each title page): the title as published, names of all lyricists, composers and publishers; dates of publication; cities of publication; and if applicable, the names of catalogs or magazines in which the song appeared. Music published in Southern cities under Federal occupation is excluded.

But the journey of the "Little Rock Nine," as they came to be known, would lead the nation on an even longer and much more turbulent path, one that would challenge prevailing attitudes, break down barriers, and forever change the landscape of America. For Carlotta and the eight other children, simply getting through the door of this admired academic institution involved angry mobs, racist elected officials, and intervention by President Dwight D. Eisenhower, who was forced to send in the 101st Airborne to escort the Nine into the building. But entry was simply the first of many trials. Breaking her silence at last and sharing her story for the first time, Carlotta Walls has written an engrossing memoir that is a testament not only to the power of a single person to make a difference but also to the sacrifices made by families and communities that found themselves a part of history.
