riyadh business hotel: Saudi Arabia Grace Edwards, 2023-12-22 Written by a female Middle East expert, Bradt's Saudi Arabia is the first English-language travel guide from a mainstream publisher that focuses exclusively on the Kingdom, which has now opened for general tourism as part of rapid political, economic and social reforms. With detailed advice on what to see and do, listings for accommodation and restaurants, guidance on cultural etiquette and advice for women and other diverse travellers, this book provides the practical information adventurous tourists need to explore this new, exciting destination. Saudi Arabia will appeal to adventure travellers, offering activities ranging from pristine, world-class scuba diving to mountain-trekking. With dramatic scenery including a desert that stretches for hundreds of kilometres (where you can camp like a Bedouin) and several accessible nature reserves, visitors looking for undisturbed landscapes are spoilt for choice. Culture vultures will appreciate pre-Islamic rock art, Nabatean heritage, Mada'in

Saleh (the sister city to Jordan's Petra in Jordan) and six UNESCO World Heritage Sites rarely visited by international tourists. Particularly after sundown, when Saudi Arabia truly comes alive, urbanites can explore the cities of Riyadh and Jeddah, where shopping opportunities range from traditional souqs to top-end malls where the wealthy go to see and be seen. Gastronomists can enjoy varied cuisine, from fine dining worthy of a Michelin star to traditional meals served on the floor, shared by all and eaten by hand. This guide dispels misinformation by providing an unbiased, up-to-date and comprehensive resource that accurately reflects what Saudi Arabia now offers visitors from all backgrounds. Most outsiders know little about the Kingdom other than from typically negative media coverage, so may be pleasantly surprised at its rich history and youthful population eager to extend hospitality to guests respecting their culture and traditions. A comprehensive guide combining detailed travel information about the entire Kingdom (from the Northern Borders to Asir, and from Hejaz to Eastern Province) with a chapter explaining some of the main practices of and reasons for the hajj and umrah pilgrimages, plus contextual insights covering cultural etiquette, reforms and women travellers, Bradt's Saudi Arabia is the perfect companion for people who thrive on off-the-beaten-path travel.

riyadh business hotel: Sudan Sophie Ibbotson, Max Lovell-Hoare, 2012-11-26 . The only guide dedicated solely to the new Republic of the Sudan. Explore entire pyramids and other ancient sites entirely free of tourist crowds. Drink in views over the Sudanese plains from the granite Taka Mountains. Dive the reef where Jacques Cousteau conducted his experiment in underwater living . Experience Sudan's cultural diversity among the 50 tribes of the Nuba Mountains. Read advice on where to stay/eat, travelling safely and cultural etiquetteAs a staple of bleak news headlines, Sudan has been slow to make its abundant attractions known to the outside world. Few foreigners have heard of the Kingdom of Kush, walked among the isolated pyramids of Meroë or witnessed the whirling dervishes of Omdurman. Yet those who do make it here are invariably enchanted by its easy-going nature, fascinating history and the warm welcome they receive from the Sudanese people. This, the only stand-alone guide to post-partition Sudan, leads you expertly from the labyrinthine souks of Khartoum to coral-bedecked wrecks off the Red Sea coast. Whether you're rushing through on the trans-Africa trail or whiling away weeks among rich archaeological sites, this fully revised third edition is your indispensable companion.

riyadh business hotel: Secrets Carl Douglass, 2015-11-10 In Secrets, Dr. Sybil Norcroft feels as if she has gotten in over her head in a welter of secrets and conflicts. She undergoes a lie detector test, gets a major national award, and gets inveigled into a secret association with the CIA, all in a dizzyingly brief period of time. She used to think her career as a practicing neurosurgeon was serious; but, after she is vetted for her CIA position, she gains a new appreciation for serious. The director asks her, After you are actively engaged in Company work, failing the lie detector test may mean a Company trial and swift and sure justice—the least noxious being dismissal. Any questions about the seriousness of that kind of justice? Sybil felt chilly after completing that line of questioning. Her first assignment is to hack into the Russian president's computer system. The second assignment is to kill a man. What on earth has this nice lady from California gotten herself into?

riyadh business hotel: The Middle East Unveiled Donna Marsh, 2011-06-01 Why did Mr Abdul Rahman Hassan seem uncomfortable when I asked him if his Christian name was Abdul?A Many organisations new to the Middle East become very successful; many more struggle, and some will fail altogether. Often, the difference between a successful organisation and one that fails is that organisation's level of cultural intelligence. Cultural intelligence has never been more important as businesses globalise, especially in parts of the world that are very different to markets in the West.

Cultural and social mistakes can cost businesses dearly. Learning how to do business in the Middle East without causing offence is crucial. This book provides cultural and practical business intelligence for all Western business people working throughout the Middle East. It also focuses on issues specifically important to Western businesswomen, as well as for men who might be working with Arab and Muslim women. It can make the difference between success and failure for the reader and his or her organisation.

riyadh business hotel: Tourism in the Arab World Hamed Almuhrzi, Hafidh Alriyami, Noel Scott, 2017-06-15 This book is the first to explore Arabic tourism from a business viewpoint, rather than taking a sociological, anthropological or political stance. It focuses on business planning, management and marketing destinations in the Arab World, which are topics crucial for industry stakeholders and which have previously been neglected in the tourism literature. The book examines similarities and differences in the emergence and development of the tourism industry in countries across the Arab world as well as its inbound and outbound travel flows. It analyses several different aspects of Arabic tourism including tourism policy, organisation and planning, tourism product development, destination marketing and consumer behaviour. This volume will be of interest to postgraduate students and researchers of tourism studies, business and Middle Eastern studies.
