Furthermore, small businesses tend to reinvest a larger portion of their revenue back into the local economy, creating a multiplier effect that benefits everyone.

Additionally, small businesses offer unique products and services that reflect the character and culture of their communities. This creates a sense of belonging and pride among residents. As consumers become more conscious of their purchasing decisions, supporting small businesses has become synonymous with promoting sustainability and ethical consumerism. This growing trend has led to an increased interest in using humor and memes to convey this message.

**supporting small business meme: Enterprising Africa** Stephen Dobson, Paul Jones, Daniel Agyapong, Gideon Maas, 2020-12-30 *Enterprising Africa* explores the future opportunities, challenges, growth areas and key themes that will shape entrepreneurship in the African continent over the next decade. Entrepreneurship can be the key to unlock resilient growth, but only if it is driven by both socially productive and growth-oriented new businesses. The book considers entrepreneurship as an enabler for socio-economic growth and development in Africa, especially in the context of youth unemployment and increasing youth population for which the traditional, and indeed emerging, industrial sectors will not be able to produce sufficient jobs to meet demand. Organised around three thematic parts, Part I covers the notion of inclusive growth and the role that entrepreneurs can play supporting this. Part II considers the dynamic between entrepreneurs and the environment since social, economic and environmental concerns need to build upon each other rather than vie for recognition. Finally, Part III offers chapters exploring policy contexts and the wider institutional ecosystems that need to be developed and enhanced to ensure a strong and vibrant environment for the future entrepreneurs of Africa to thrive. Edited and authored by leading experts in the field, this fascinating text will be of interest to academics as well as students of International, Transformational and Social Entrepreneurship, and International and African Business.
