start interior design business: Good Life – In Face and Space Mansse Bhandari, 2025-03-03

From the extravagant attire of the Lord Vishnu pictured in the preceding page to the holy nudity of the 12th-century granite statue of Bahubali, also known as Gomateshwara, - one who abandoned all possessions-kingdom, clothes, ornaments-to become a monk---the attire,ornamentation,appearance and personalities of the Gods span a wide spectrum from everything to nothing! We, as Humans, try to find our niche between the two. This book is a present to me from my daughter Mansse and is a collection of her many essays, articles and research papers published on-line in a variety of platforms aggregated so that the reader may imbibe their essence and nurture his/her personality to a crystallized outcome or form benefitting from her words of advice and consent. It is with great pride that I may be permitted to dwell upon the nature and gravity of Mansse's attachment to the world of ART(and by that I don't mean the Bachelor of Arts or Master of Arts) - Design, symphony, music, proportions,attire attributes, make-up skills,personality development traits and all that defined Michaelangelo (of Italy) or Gunadharna architect of the Borobudur Stupa (Indonesia).

start interior design business: Women's Resources in Business Start-Up Katherine Inman, 2016-12-19 Women-owned businesses are the fastest growing segment of new business start-ups, and black women's businesses are a larger share of black-owned businesses than white women's businesses are of all white firms. Most studies compare men's and women's businesses, but few examine differences among women. This book, first published in 2000, makes a significant contribution not only to the literature on entrepreneurial business, but also to the experiences of African American women.
