the family business netflix cast: The Limits of #MeToo in Hollywood Margaret Tally, 2021-07-12 In October 2017, actress Alyssa Milano sparked the #MeToo movement. The ensuing protests quickly encompassed far more than Harvey Weinstein and the entertainment industry. They expressed women's outrage at male workplace behavior in every sector and social class and even helped elect a new generation of women leaders in 2018. But what has been the effect of #MeToo in the entertainment industry itself? This book traces the movement's influence on the stories being told, on changing representations of women's lives and bodies, and on the slow changes among the producers who shape the stories. Analyzing a wide set of TV and film genres—including crime, legal and medical dramas, comedies, horror and reality programming—this book covers the complex ways that media respond to social movements: They sometimes give voice to brand-new or previously silenced stories, but just as often make facile references that can blunt the potential for change, or even fuel cultural backlash.

the family business netflix cast: *Social TV* Cory Barker, 2022-06-27 Winner of the 2023 SCMS Media Industries Scholarly Interest Group Outstanding Book Award sponsored by the Center for Entertainment & Media Industries On March 15, 2011, Donald Trump changed television forever. The Comedy Central Roast of Trump was the first major live broadcast to place a hashtag in the corner of the screen to encourage real-time reactions on Twitter, generating more than 25,000 tweets and making the broadcast the most-watched Roast in Comedy Central history. The #trumproast initiative personified the media and tech industries' utopian vision for a multi-screen and communal live TV experience. In *Social TV: Multi-Screen Content and Ephemeral Culture*, author Cory Barker reveals how the US television industry promised—but failed to deliver—a social media revolution in the 2010s to combat the imminent threat of on-demand streaming video. Barker examines the rise and fall of Social TV across press coverage, corporate documents, and an array of digital ephemera. He demonstrates that, despite the talk of disruption, the movement merely aimed to exploit social media to reinforce the value of live TV in the modern attention economy. Case studies from broadcast networks to tech start-ups uncover a persistent focus on community that aimed to monetize consumer behavior in a transitional industry period. To trace these unfulfilled promises and flopped ideas, Barker draws upon a unique mix of personal Social TV experiences and curated archives of material that were intentionally marginalized amid pivots to the next big thing. Yet in placing this now-forgotten material in recent historical context, *Social TV* shows how the era altered how the industry pursues audiences. Multi-screen campaigns have shifted away from a focus on live TV and toward all-day “content” streams. The legacy of Social TV, then, is the further embedding of media and promotional material onto every screen and into every moment of life.

Whilst they helped make the names of a new generation of stars including Steve McQueen and Shirley MacLaine, as well as banking on the reputations of established auteurs like Billy Wilder, they were also pioneers in dealing with controversial new themes with films about race (*In the Heat of the Night*), gender (*Some Like it Hot*) and sexuality (*The Children's Hour*), devising new ways of working with film franchises (*The Magnificent Seven*, *The Pink Panther* and *In the Heat of the Night* spun off 7 Mirisch sequels between them) and cinematic cycles, investing in adaptations of bestsellers and Broadway hits, exploiting frozen funds abroad and exploring so-called runaway productions.
