Selecting the right business savings account involves careful consideration of several factors. Here are some tips to help businesses make an informed decision:

- **Evaluate Your Savings Goals:** Determine whether you need an account for emergency funds, future investments, or short-term projects.
- **Consider the Interest Rate:** Compare rates, but also consider the account's terms and any fees that may apply.
- **Review Accessibility:** Ensure that you can easily access funds when needed, particularly if your business requires liquidity.
- **Look for Additional Features:** Some accounts may offer features like online banking, mobile deposits, and integration with accounting software.

Now, with a top design award under their belt, a name change (there never was a North Umpqua bank), and a completely new definition of the banking business, Umpqua has become the darling of the entrepreneurial press and a growth powerhouse. The New York Times calls Umpqua Starbucks with tellers. Ray Davis (Portland, OR), named by U.S. Banker as one of the 25 most influential people in the financial industry in 2005, is President and CEO of Umpqua Holdings Corporation. Alan Shrader (Moraga, CA) is an experienced writer and editor of business books.
