# Designing Your Business Cards

The design of your business card is crucial as it reflects your brand and can influence how potential clients perceive your business. Vistaprint offers a wide range of design tools and templates to make this process easier.

## Choosing the Right Template

Vistaprint provides various templates tailored for different industries. Selecting a template that resonates with your business is essential. Consider the following when choosing a template:

- Industry relevance: Choose designs that are appropriate for your field.
- Target audience: Consider what design elements will appeal to your target demographic.
- Brand identity: Ensure the template aligns with your overall brand aesthetics, including colors and logos.

## Incorporating Your Brand Elements

To create a cohesive brand identity, incorporate your logo and brand colors into your business card design. This not only promotes brand recognition but also helps establish trust and professionalism. Vistaprint allows for easy uploading of logos and customization of colors.

## Tips for Creating Effective Business Cards

Designing a business card is more than just selecting a template; it's about conveying your brand message effectively. Below are some tips to help you craft a business card that stands out.

### Keep It Simple

While it might be tempting to add numerous elements to your business card, simplicity often leads to better retention. Aim to include essential information such as your name, title, company name, phone number, and email address. A clean design helps ensure that recipients can easily read and remember your details.

## **Use High-Quality Images**

For businesses that utilize logos or images, ensure they are high resolution. Poor-quality images can diminish the perceived professionalism of your business. Vistaprint's design tools can help you ensure images are appropriately sized and clear.

## **Consider the Card Material**

The feel of your business card can influence first impressions. Consider upgrading to premium card stock or textured finishes to convey a sense of quality. While the free offer includes standard options, investing in premium materials can enhance the overall impact of your card.

## **Additional Products and Services from Vistaprint**

Beyond business cards, Vistaprint offers a wide array of products and services that can help elevate your branding efforts. Understanding these options can further enhance your marketing strategy.

## **Marketing Materials**

**vistaprint 100 free business cards: Having Fun with PBIS: Free or No-cost Reinforcers for Appropriate Behavior** Laura A. Riffel, Ph.D., Jessica R. Eggleston, Doctoral Candidate, 2016-09-13 This book is based on twelve years of research. So many schools were focusing on tangible incentives with a PBIS program. Dr. Riffel felt that was not truly what students wanted so she started interviewing students and writing down their responses. As she hypothesized, only one student in twelve years has named anything tangible. This book focuses on the following items described by students: 1) privileges, 2) attention, 3) leadership, 4) praise, 5) assistance, 6) touch, 7) escape and 8) supplies. Although no student named supplies as a choice for reinforcement, the authors felt there were many students who could not afford the normal school supplies. The authors felt the students would feel better if they could purchase the school items with gotcha tickets rather than have handouts. This has proven to be the case in many schools.
