As a result of the political and financial upheaval, both in the U.S. and abroad, it was imperative that a second edition be published at this time. Fanny Mae and Freddie Mac, federal government backed mortgages, have been a disaster in the mortgage and housing market, leaving home owners all over America in foreclosure, underwater, or in serious distress. Since the federal government has become so intrusive into the corporate world by taking over entire industries such as automobile factories and meddling directly into the banking industry and Wallstreet in general, these issues do effect the credit union world.

**vystar credit union business account: Ups and Downs** Wendell V. Fountain, 2015-03-09

Depending on the time, place, and situation, you might be on an express or a freight elevator. One minute you have an unfettered view for miles around, experiencing a natural high like Slim Pickens riding the rocket bomb in Dr. Strangelove (1964) and the next you might find yourself rummaging around in the dark basement. Unlike a rollercoaster, the ups and downs of life are NOT predictable. One minute youre sailing into the stratosphere and the next youre in an underground tunnel without light on either end--thats life on Earth! I have always been under the impression that the people of South Korea like Americans, until I spent some time there. It didnt take me long to discover that, at least some college students, had no use for us at all! Though I have been known to like a cocktail or two, I do not like a rain of Molotov cocktails! For that matter, when it comes to food, I am not fond of raw squid or Kimchi. I prefer the white pizza in Rome where I can dine on a red and white checkered tablecloth at a sidewalk cafe with the woman of my dreams.
