

aaron mckinney news

aaron mckinney news has drawn attention due to his involvement in one of the most notorious criminal cases in American history. This article provides a comprehensive overview of the latest updates and historical context surrounding Aaron McKinney. Known primarily for his conviction in the 1998 Matthew Shepard murder case, Aaron McKinney remains a figure of ongoing public and media interest. Coverage often focuses on his legal status, prison developments, and the broader impact of the case on hate crime legislation in the United States. This article will delve into recent news reports, legal proceedings, and societal reflections connected to Aaron McKinney. Readers will gain insight into the enduring relevance of his case in discussions about justice and civil rights. Below is an organized exploration of the key topics related to Aaron McKinney news.

- Background of Aaron McKinney
- Legal Proceedings and Conviction
- Recent Developments and Prison Status
- Impact on Hate Crime Legislation
- Media Coverage and Public Perception

Background of Aaron McKinney

Aaron McKinney was born and raised in Wyoming and became widely known after his involvement in the 1998 murder of Matthew Shepard, a case that shocked the nation. McKinney, along with his accomplice Russell Henderson, was charged with a brutal hate crime that highlighted issues of homophobia and violence against the LGBTQ+ community. Prior to the incident, McKinney's history included various personal struggles and brushes with the law, which were later examined during the trial. The background details of Aaron McKinney provide context for understanding the motivations and circumstances leading to the crime.

Early Life and Personal History

Before the crime, Aaron McKinney had a troubled upbringing marked by instability and substance abuse. His early life involved multiple arrests and a difficult family environment. These factors contributed to his path leading up to the crime, as reported in multiple news articles over the years. Understanding McKinney's background is essential to comprehending the complexities surrounding the case and subsequent legal responses.

Relationship with Russell Henderson

Aaron McKinney and Russell Henderson were both implicated in the murder of Matthew Shepard. Their relationship, which included shared criminal activities, played a critical role in the events of October 1998. News coverage frequently examines how their partnership influenced the crime and its aftermath. The dynamics between McKinney and Henderson continue to be a point of interest in ongoing discussions about the case.

Legal Proceedings and Conviction

The trial of Aaron McKinney was a pivotal moment in American legal history, especially regarding hate crimes. McKinney was charged with felony murder and other related offenses. The case was prosecuted aggressively, with prosecutors emphasizing the hate crime aspect of the murder. The conviction resulted in a life sentence without the possibility of parole, reflecting the severity of the crime and its societal implications.

Trial Highlights

During the trial, both the prosecution and defense presented extensive evidence about the crime, McKinney's intent, and the hate crime designation. Testimonies from witnesses and forensic evidence played crucial roles. The trial received widespread media coverage, drawing national attention to hate crime legislation and its enforcement.

Sentencing and Appeals

Aaron McKinney was sentenced to two consecutive life terms without parole. Over the years, there have been appeals and legal motions related to his conviction. However, the core verdict has remained intact. Updates on appeals and legal challenges continue to surface in various news outlets, maintaining public interest in McKinney's legal status.

Recent Developments and Prison Status

Updates on Aaron McKinney news frequently include information about his current status within the prison system. As of recent reports, McKinney remains incarcerated, serving his life sentence. News sources sometimes report on his behavior in prison, health status, or any disciplinary actions. These updates contribute to ongoing public and legal discourse about the case.

Health and Well-being in Prison

Reports on Aaron McKinney occasionally mention his physical and mental health while incarcerated. Prison officials and legal advocates sometimes provide updates regarding his condition. Such information is relevant for understanding how life imprisonment impacts individuals convicted of serious crimes.

Parole Eligibility and Future Prospects

Given his life sentences without parole, Aaron McKinney is not eligible for release under current sentencing laws. Discussions about parole and potential changes to his incarceration status are rare but remain a subject of interest in some legal circles. Future developments related to his imprisonment would be significant news in the context of criminal justice reform debates.

Impact on Hate Crime Legislation

The murder case involving Aaron McKinney led to significant changes in hate crime laws in the United States. The brutality and motivation behind the crime highlighted the need for stronger legal protections for marginalized communities. McKinney's case became a catalyst for the passage of the Matthew Shepard and James Byrd Jr. Hate Crimes Prevention Act in 2009.

Legislative Changes Prompted by the Case

The Matthew Shepard case, involving Aaron McKinney, was instrumental in expanding federal hate crime laws. The 2009 Act broadened the definition of hate crimes to include those motivated by sexual orientation, gender identity, and other factors. This legislative milestone marked a turning point in how hate crimes are prosecuted and addressed nationwide.

Ongoing Influence on Policy and Advocacy

Beyond legislation, the case continues to influence advocacy efforts and policy discussions. Organizations dedicated to LGBTQ+ rights often reference the case in campaigns against hate crimes. Aaron McKinney's role in this history ensures that his name remains linked to broader social and legal reforms.

Media Coverage and Public Perception

Media portrayal of Aaron McKinney has evolved since the initial trial. News outlets have covered every aspect of his story, from the crime itself to his ongoing incarceration. Public perception is shaped by this coverage, contributing to a complex legacy surrounding McKinney and the case.

Initial Media Response

At the time of the crime and trial, media coverage was extensive and often sensationalized. The story highlighted societal issues related to homophobia, violence, and justice. Aaron McKinney was depicted as a figure embodying the dangers of hate, which influenced public opinion and media narratives.

Recent Reporting Trends

Recent Aaron McKinney news tends to focus on factual updates, legal developments, and reflections on the case's significance. There is a greater emphasis on balanced reporting and contextual analysis. This shift reflects broader changes in media practices and societal attitudes toward crime reporting and LGBTQ+ issues.

1. Background and personal history of Aaron McKinney
2. Details of the legal proceedings and trial outcomes
3. Current prison status and recent developments
4. Legislative impact stemming from the case
5. Media portrayal and evolving public perception

Additional Resources

1. *The Killing of Matthew Shepard: The True Story Behind the Hate Crime*

This book provides an in-depth look at the tragic hate crime involving Aaron McKinney and Russell Henderson, who brutally attacked Matthew Shepard in 1998. It explores the events leading up to the attack, the investigation, and the trial that followed. The narrative sheds light on the social and political impact of the case on LGBTQ+ rights in America.

2. *Behind the Headlines: Aaron McKinney and the Matthew Shepard Case*

This title delves into the media coverage and public reaction to the crime committed by Aaron McKinney. It examines how the case shaped perceptions about hate crimes and the justice system. The book also analyzes the role of journalism in framing the story for a global audience.

3. *Justice and Prejudice: The Aaron McKinney Trial*

Focusing primarily on the legal proceedings, this book recounts the trial of Aaron McKinney and his co-defendant. It discusses the challenges faced by prosecutors and defense attorneys, as well as the courtroom dynamics and key testimonies. The book provides insight into how the case influenced hate crime legislation.

4. *Faces of Hate: Aaron McKinney and the Roots of Violence*

This work investigates the social, psychological, and cultural factors that contributed to Aaron McKinney's violent actions. It offers a broader understanding of hate crimes by exploring the environment that fosters such behavior. The author interviews experts and community members to paint a comprehensive picture.

5. *Aaron McKinney: Path to Infamy*

This biography traces the life of Aaron McKinney before the crime, seeking to understand the circumstances and influences that led him down a destructive path. It covers his upbringing, personal struggles, and the events that culminated in the attack on Matthew Shepard. The book aims to humanize the perpetrator without excusing his actions.

6. *Matthew Shepard and the Legacy of Aaron McKinney*

Highlighting the aftermath of the crime, this book focuses on the legacy left by Matthew Shepard's death and how Aaron McKinney's actions sparked nationwide calls for change. It discusses the Matthew Shepard Foundation and legislative reforms inspired by the case. The narrative emphasizes

hope and progress in combating hate.

7. *Hate Crime in America: The Aaron McKinney Case Study*

Using the Aaron McKinney case as a central example, this book explores the broader phenomenon of hate crimes in the United States. It analyzes statistical data, legal frameworks, and social attitudes toward marginalized groups. The study aims to educate readers on preventing violence motivated by prejudice.

8. *From Crime to Conviction: The Story of Aaron McKinney*

This detailed account follows the timeline from the commission of the crime through the arrest, trial, and conviction of Aaron McKinney. The book includes interviews with law enforcement officials, legal experts, and those affected by the crime. It provides a clear, factual recounting of the judicial process.

9. *Breaking the Silence: Aaron McKinney and the Fight Against Hate*

This book highlights the voices of activists, survivors, and communities who responded to Aaron McKinney's crime with resilience and advocacy. It showcases efforts to raise awareness, promote tolerance, and prevent future hate crimes. The narrative is both a call to action and a tribute to those who refuse to be silenced.

aaron mckinney news: The Psychology of Hate Crimes as Domestic Terrorism Edward W. Dunbar, Amalio Blanco Ph.D., Desirée A. Crèvecoeur- MacPhail Ph.D., 2016-11-21 In this three-volume set, an international team of experts involved in the research, management, and mitigation of hate-motivated violence examines and explains hate crimes in the United States and around the globe, drawing comparisons between countries as well as between hate crimes overall and domestic terrorism. The Psychology of Hate Crimes as Domestic Terrorism: U.S. and Global Issues takes a hard look at hate crimes both domestically and internationally, enabling readers to see similarities and disparities as well as to make the connections between hate crimes and domestic terrorism. The entries in this three-volume set discuss subjects such as the psychology and motivation in hate crimes, the cultural norms that shape tolerance of outgroups or tolerance of hate, and the fact that hate crimes are a pervasive form of domestic terrorism, as well as myriad issues of proliferation, public policy, policing, law and punishment, and prevention. The set opens with an introduction that discusses hate crime research and examines issues of identification of the bias element of hate crimes via empirical and case vignettes. The subsequent chapters discuss subjects such as the socio-demographic profiles of hate crime offenders; hate crime legislation and policy in the United States; the effects of hate crime on their victims as well as society; the incidence of hate crime in specific regions, such as Europe, the Middle East, and South America; and programs and therapeutic interventions to heal victims. Readers will also learn how specific educational approaches in communities, schools, and universities can be implemented to help prevent future escalation of hate-motivated violence.

aaron mckinney news: *Tough on Hate?* Clara S. Lewis, 2013-12-13 Why do we know every gory

crime scene detail about such victims as Matthew Shepard and James Byrd Jr. and yet almost nothing about the vast majority of other hate crime victims? Now that federal anti-hate-crimes laws have been passed, why has the number of these crimes not declined significantly? To answer such questions, Clara S. Lewis challenges us to reconsider our understanding of hate crimes. In doing so, she raises startling issues about the trajectory of civil and minority rights. *Tough on Hate* is the first book to examine the cultural politics of hate crimes both within and beyond the law. Drawing on a wide range of sources—including personal interviews, unarchived documents, television news broadcasts, legislative debates, and presidential speeches—the book calls attention to a disturbing irony: the sympathetic attention paid to certain shocking hate crime murders further legitimizes an already pervasive unwillingness to act on the urgent civil rights issues of our time. Worse still, it reveals the widespread acceptance of ideas about difference, tolerance, and crime that work against future progress on behalf of historically marginalized communities.

aaron mckinney news: *Queers in American Popular Culture* Jim Elledge, 2010-10-06 This three-volume collection of essays reveals the widespread existence of queer men and women in American popular culture, and showcases their important yet little-known role in shaping our society over the last 120 years. The virtually unknown existence of gay, bisexual, and queer men and women in American popular culture from the late 1800s through the present day is a fascinating topic for many readers, regardless of their own orientation. Whether it's the father of bodybuilding, famous closeted entertainers or sports stars, or the leading characters in current television shows and films, queer men and women have changed the face of American popular culture and society for over a century. Ironically, most of the fascinating information, anecdotes, and revealing facts about well-known figures in American culture are virtually unknown to the typical U.S. citizen. Elledge's *Queers in American Popular Culture* covers a wide variety of historical and current topics that documents how the queer community has been—and continues to be—one of the most significant shapers of American popular culture. Currently, no other book covers queer topics in American popular culture as broadly as this text.

aaron mckinney news: *The Book of Matt* Stephen Jimenez, 2020-06-30 With a New Conclusion by the Author On the night of October 6, 1998, twenty-one-year-old Matthew Shepard left a bar with two alleged “strangers,” Aaron McKinney and Russell Henderson. Eighteen hours later, Matthew was found tied to a log fence on the outskirts of town, unconscious and barely alive. Overnight, a politically expedient myth took the place of important facts. By the time Matthew died a few days later, his name was synonymous with anti-gay hate. *The Book of Matt*, first published in 2013, demonstrated that the truth was in fact far more complicated – and daunting. Stephen Jimenez’s account revealed primary documents that had been under seal, and gave voice to many with firsthand knowledge of the case who had not been heard from, including members of law enforcement. In his Introduction to this updated edition, journalist Andrew Sullivan writes: “No one wanted Steve Jimenez to report this story, let alone go back and back to Laramie, Wyoming, asking awkward questions, puzzling over strange discrepancies, re-interviewing sources, seeking a deeper, more complex truth about the ghastly killing than America, it turned out, was prepared to hear. It was worse than that, actually. Not only did no one want to hear more about it, but many were incensed that the case was being re-examined at all.” As a gay man Jimenez felt an added moral imperative to tell the story of Matthew’s murder honestly, and his reporting has been thoroughly corroborated. “I urge you to read [*The Book of Matt*] carefully and skeptically,” Sullivan writes, “and to see better how life rarely fits into the neat boxes we want it to inhabit. That Matthew Shepard was a meth dealer and meth user says nothing that bad about him, and in no way mitigates the hideous brutality of the crime that killed him; instead it shows how vulnerable so many are to the drug’s escapist lure and its astonishing capacity to heighten sexual pleasure so that it’s the only thing you want to live for. Shepard was a victim twice over: of meth and of a fellow meth user.”

aaron mckinney news: *Murder, the Media, and the Politics of Public Feelings* Jennifer Petersen, 2011-08-12 In 1998, the horrific murders of Matthew Shepard -- a gay man living in Laramie, Wyoming -- and James Byrd Jr. -- an African American man dragged to his death in Jasper,

Texas -- provoked a passionate public outrage. The intense media coverage of the murders made moments of violence based in racism and homophobia highly visible and which eventually led to the passage of The Matthew Shepard and James Byrd Jr. Hate Crimes Prevention Act in 2009. The role the media played in cultivating, shaping, and directing the collective emotional response toward these crimes is the subject of this gripping new book by Jennifer Petersen. Tracing the emotional exchange from news stories to the creation of law, Petersen calls for an approach to media and democratic politics that takes into account the role of affect in the political and legal life of the nation.

aaron mckinney news: U.S. News & World Report , 1999

aaron mckinney news: *From Gay to Z: A Queer Compendium* Justin Elizabeth Sayre, 2022-05-10 This illustrated compendium celebrates LGBTQIA+ history and culture, written by and according to culture icon Justin Elizabeth Sayre! Based on Sayre's five-part show in New York City, *From Gay to Z* is a humorous collection of the rich legacy of gay culture, told through the letters of the alphabet. From ABBA to addiction, hair and makeup to HIV, Fannie Flag to fierce, Sayre offers their own perspective on the things that have influenced gay culture today, including iconic figures, historical moments, ongoing issues in the LGBTQIA+ community, and everything in between. As gay culture is always evolving and different for everyone, this book does not serve as a definitive guide—instead, Sayre encourages readers to use this knowledge to reflect on the things that have informed their personal identities. Engagingly written and beautifully designed, *From Gay to Z* is a distinctive and dynamic look at gay culture for LGBTQIA+ readers everywhere. **STRONG VOICE AND ENGAGING CONTENT:** Sayre's writing is lively, engaging, and rich. The entries have their own style and contain humorous anecdotes, facts, commentary, and more—all told through Sayre's animated yet authoritative voice. **BELOVED, WELL-KNOWN AUTHOR:** Sayre is active and well-known in the LGBTQIA+ community and beyond. They've been recognized as one of LA's 16 Most Talented LGBT Comics by *Frontiers Magazine*, and their debut comedy album, *The Gay Agenda*, was named one of 2016's Best Things in Comedy by *The Comedy Bureau*. They host their own podcast, *Sparkle & Circulate*, where they interview performers, writers, and other creative minds of the LGBTQIA+ community. As an activist, Justin's charity benefit show, *Night of a Thousand Judys*, raises money for the Ali Forney Center for Homeless LGBTQIA+ youth and is now in its 7th year. Perfect for: • LGBTQIA+ people of all ages • Fans of Trixie and Katya's Guide to Modern Womanhood • Those looking for a birthday or holiday gift for their LGBTQIA+ friends and family

aaron mckinney news: Critical Media Studies Brian L. Ott, Robert L. Mack, 2009-08-24 *Critical Media Studies* is a state of the art introduction to media studies that demonstrates how to think critically about the power and influence of the media. Provides extensive case study material, including exercises and “media labs” in each chapter to encourage student participation Draws on examples from print, broadcast, and new media, including advertising, music, film, television, video games, and the internet Accompanied by a website with supplementary material, additional case studies, test banks, PowerPoint slides, and a guide for professors

aaron mckinney news: Victimology Ann Burgess, Cheryl Regehr, Albert Roberts, 2010 *Victimology: Theories and Applications* introduces readers to the study of victimization, crime typologies, and the impact of crime on victims, offenders, and society at large. Each chapter provides a typology of the offender to analyze motivation, and includes an overview of the issues related to people who become victims of a wide variety of traditional and contemporary crimes such as child maltreatment, intimate partner violence, elder abuse, cyber crime and hate crimes. The history and theories of victimology are explored, as well definitive laws and policies, strategies for intervention, and future research areas.

aaron mckinney news: Media Mythmakers Benjamin Radford, 2010-05 This hard-hitting critique of media culture examines not only the ways in which the public is deceived, but the media's role in propagating those deceptions. Illustrations.

aaron mckinney news: Critical Queer Studies Casey Charles, 2016-04-22 *Critical Queer*

Studies examines contemporary films and documentaries that dramatize the intersection of law and queer life, analyzing the effects of legal doctrines-jury selection, unwanted sexual advance, negligence, hate crimes, and gay marriage-on the production and reception of queer film and fiction. Exploring the interaction of these discourses by discussing internationally-known American films, the book demonstrates how the law maintains its hold over the queer subject through promoting certain ideological fictions and conversely how film and literature draw upon the material realities of queer legal status to dramatize conflicts between law and the marginalized subject. Critical Queer Studies synthesizes queer studies, law and literature, and film studies, engaging these fields to show how the struggle for gay and lesbian rights has influenced the production of film and fiction.

aaron mckinney news: *Dying to Be Normal* Brett Kruttsch, 2019-02-01 Finalist, Best LGBTQ Nonfiction Book, Lambda Literary Awards 2020 On October 14, 1998, five thousand people gathered on the steps of the U.S. Capitol to mourn the death of Matthew Shepard, a gay college student who had been murdered in Wyoming eight days earlier. Politicians and celebrities addressed the crowd and the televised national audience to share their grief with the country. Never before had a gay citizen's murder elicited such widespread outrage or concern from straight Americans. In *Dying to Be Normal*, Brett Kruttsch argues that gay activists memorialized people like Shepard as part of a political strategy to present gays as similar to the country's dominant class of white, straight Christians. Through an examination of publicly mourned gay deaths, Kruttsch counters the common perception that LGBT politics and religion have been oppositional and reveals how gay activists used religion to bolster the argument that gays are essentially the same as straights, and therefore deserving of equal rights. Kruttsch's analysis turns to the memorialization of Shepard, Harvey Milk, Tyler Clementi, Brandon Teena, and F. C. Martinez, to campaigns like the It Gets Better Project, and national tragedies like the Pulse nightclub shooting to illustrate how activists used prominent deaths to win acceptance, influence political debates over LGBT rights, and encourage assimilation. Throughout, Kruttsch shows how, in the fight for greater social inclusion, activists relied on Christian values and rhetoric to portray gays as upstanding Americans. As Kruttsch demonstrates, gay activists regularly reinforced a white Protestant vision of acceptable American citizenship that often excluded people of color, gender-variant individuals, non-Christians, and those who did not adhere to Protestant Christianity's sexual standards. The first book to detail how martyrdom has influenced national debates over LGBT rights, *Dying to Be Normal* establishes how religion has shaped gay assimilation in the United States and the mainstreaming of particular gays as normal Americans.

aaron mckinney news: *Doing Justice to Mercy* Jonathan Rothchild, Matthew Myer Boulton, Kevin Jung, 2012-10-05 It is often assumed that the law and religion address different spheres of human life. Religion and ethics articulate complex systems of moral reasoning that concern norms, deliberation of ends, cultivation of disposition, and transformation of moral agency. Law, in contrast, seeks to govern human conduct through procedural justice, rights, and public good. *Doing Justice to Mercy* challenges this assumption by presenting the reader with an urgent conversation between the law and religion that yields a constructive approach, both theoretically and practically, to the complex role of mercy in our legal process. Authored by legal practitioners, activists, and theorists in addition to theologians and ethicists, the essays collected here are informed by timeless principles, and yet they could not be timelier. The trend in sentencing moves toward an increased severity, and the number of incarcerated people in the United States is at an all-time high. In the half-decade since 9/11, moreover, homeland security has established itself as a permanent fixture in our lives. In this atmosphere, the current volume seeks initially to clarify how justice and mercy intertwine in relation to a number of issues, such as rehabilitation, the death penalty, domestic violence, and war crimes. Exploring the legal, philosophical, and theological grounds for mercy in our courts, the discussion then moves to the practical ways in which mercy may be implemented. Contributors: Marc Mauer, The Sentencing Project * Lois Gehr Livezey, McCormick Theological Seminary * Ernie Lewis, Public Advocate, Commonwealth of Kentucky * Jonathan Rothchild, Loyola Marymount University * Albert W. Alschuler, Northwestern University School of Law * David Scheffer, Northwestern

Paris, Princeton Theological Seminary * W. Clark Gilpin, University of Chicago Divinity School * William C. Placher, Wabash College

aaron mckinney news: *Pride, Politics & Plague* Steve Bolerjack, 2011

aaron mckinney news: *Up from Invisibility* Larry Gross, 2001-12-26 A half century ago gay men and lesbians were all but invisible in the media and, in turn, popular culture. With the lesbian and gay liberation movement came a profoundly new sense of homosexual community and empowerment and the emergence of gay people onto the media's stage. And yet even as the mass media have been shifting the terms of our public conversation toward a greater acknowledgment of diversity, does the emerging visibility of gay men and women do justice to the complexity and variety of their experience? Or is gay identity manipulated and contrived by media that are unwilling—and perhaps unable—to fully comprehend and honor it? While positive representations of gays and lesbians are a cautious step in the right direction, media expert Larry Gross argues that the entertainment and news media betray a lingering inability to break free from proscribed limitations in order to embrace the complex reality of gay identity. While noting major advances, like the opening of the Oscar Wilde Memorial Bookstore—the first gay bookstore in the country—or the rise of *The Advocate* from small newsletter to influential national paper, Gross takes the measure of somewhat more ambiguous milestones, like the first lesbian kiss on television or the first gay character in a newspaper comic strip.

aaron mckinney news: *Hispanic Link Weekly Report* , 1998

aaron mckinney news: *Murder and the Reasonable Man* Cynthia Lee, 2007-10-01 A man murders his wife after she has admitted her infidelity; another man kills an openly gay teammate after receiving a massage; a third man, white, goes for a jog in a “bad” neighborhood, carrying a pistol, and shoots an African American teenager who had his hands in his pockets. When brought before the criminal justice system, all three men argue that they should be found “not guilty”; the first two use the defense of provocation, while the third argues he used his gun in self-defense. Drawing upon these and similar cases, Cynthia Lee shows how two well-established, traditional criminal law defenses—the doctrines of provocation and self-defense—enable majority-culture defendants to justify their acts of violence. While the reasonableness requirement, inherent in both defenses, is designed to allow community input and provide greater flexibility in legal decision-making, the requirement also allows majority-culture defendants to rely on dominant social norms, such as masculinity, heterosexuality, and race (i.e., racial stereotypes), to bolster their claims of reasonableness. At the same time, Lee examines other cases that demonstrate that the reasonableness requirement tends to exclude the perspectives of minorities, such as heterosexual women, gays and lesbians, and persons of color. *Murder and the Reasonable Man* not only shows how largely invisible social norms and beliefs influence the outcomes of certain criminal cases, but goes further, suggesting three tentative legal reforms to address problems of bias and undue leniency. Ultimately, Lee cautions that the true solution lies in a change in social attitudes.

aaron mckinney news: *Love the Sin* Janet Jakobsen, Ann Pellegrini, 2004-04-15 In this powerful and timely book, Janet R. Jakobsen and Ann Pellegrini make a solid case for loving the sinner and the sin. Rejecting both religious conservatives' arguments for sexual regulation and liberal views that advocate tolerance, the authors argue for and realistically envision true sexual and religious freedom in this country. With a new preface addressing recent events, *Love the Sin* provides activists and others with a strong tool to use in their fight for freedom.

aaron mckinney news: *At Stake* Edward Ingebretsen, 2001 Anyone who watches the evening news is all too familiar with how the word monster is used to describe acts of violence. In this book, Edward Ingebretsen sets out to discover what is really at stake when we turn someone into a monster. The monster, he finds, serves a moralizing function in our culture, making exaggerated examples of particular evildoers in order to reaffirm prevailing standards of behavior and personal

conduct.

aaron mckinney news: Beyond the Shades of Gray Dean Bailey, 2011-12-12 Beyond the Shades of Gray is based upon Christian fundamentals and beliefs. It was not written to convince anyone that homosexuality is wrong. It was written primarily to assist those who are inwardly convinced that their own homosexuality is wrong for them. Over 10 years in the personal journey of its writing, the author uses practical applications of Bible scripture throughout the book, without religiosity. Scripture is used to confront various aspects of this very controversial subject head-on. Therefore, the author makes no apologies for the portions of this book that may seem to be more graphic in nature than your average Christian book. Homosexuality is a subject that absolutely needs to be dealt with truthfully, and without religious avoidance of difficult topics. If you are a person who has ever had doubts or questions about your sexual orientation or behavior, then what the author has written here is for you. The work contains a wealth of practical, biblical principles, and also includes information for women. But the book is otherwise a work written by a man, for other men who also desire freedom and heterosexual restoration from their own unwanted homosexual behaviors. What we long for is a deep and heartfelt sense of brotherhood, and the author proposes that the real issues behind homosexual behaviors are not about sex! Gods love (agape love) always has both a balance of truth, and a responsibility that goes along with it. In this book, I take the same agape love approach toward homosexuality, as Jesus did in the Book of John, Chapter 8, with the woman caught in the sin of adultery. Jesus showed great love and compassion toward the woman, both in the way that he dealt with the hypocritical crowd that had brought her to him, and in the way he spoke to her as he sent her on her way, and told her, Go, and sin no more. - Dean Bailey
