

allen guelzo political party

allen guelzo political party is a topic that often arises in discussions about American historians and political affiliations. Allen C. Guelzo is a prominent historian known primarily for his expertise in the American Civil War era and Abraham Lincoln studies. His work and public commentary sometimes intersect with political themes, prompting questions about his personal political alignment or any formal association with a political party. This article explores the background of Allen Guelzo, clarifies his connection—or lack thereof—to any political party, and examines the broader implications of historians' political perspectives in contemporary discourse. Additionally, the article addresses common misconceptions and provides insight into how Guelzo's scholarly work relates to political ideologies. The following sections offer a detailed overview and analysis of the allen guelzo political party topic.

- Background of Allen Guelzo
- Allen Guelzo's Political Views and Affiliations
- The Role of Historians in Political Discourse
- Public Perception and Media Representation
- Implications for Understanding Political Parties and Historical Scholarship

Background of Allen Guelzo

Allen C. Guelzo is a distinguished American historian specializing in the Civil War and the life of Abraham Lincoln. He holds academic positions at reputable institutions and has authored numerous books and articles that contribute significantly to the field of American history. Guelzo's scholarship is recognized for its depth of research, objectivity, and nuanced interpretation of historical events. His educational background includes advanced degrees in history, and he has been involved in teaching, public lectures, and historical consultancy. Understanding Guelzo's background is essential to contextualize discussions about his political party affiliation or ideological leanings.

Academic Career and Expertise

Guelzo's academic career spans several decades, during which he has served as a professor at institutions such as Gettysburg College. His expertise centers on 19th-century American history, particularly focusing on the causes and consequences of the Civil War, Lincoln's presidency, and related political developments. Guelzo's work often emphasizes the complexities of historical figures and events, avoiding simplistic partisan interpretations. His scholarship has earned accolades and has been influential in shaping contemporary understanding of Civil War history.

Contributions to Historical Literature

Among Guelzo's notable publications are biographies, critical essays, and historical analyses that explore themes of freedom, democracy, and political conflict in American history. His books include "Lincoln's Emancipation Proclamation: The End of Slavery in America" and "Fateful Lightning: A New History of the Civil War and Reconstruction." These works demonstrate a commitment to rigorous research and have been widely reviewed in academic circles. Guelzo's literary contributions reflect a careful balance between historical detail and accessibility for broader audiences.

Allen Guelzo's Political Views and Affiliations

Despite his prominence, Allen Guelzo is not formally affiliated with any political party. His public statements and writings reveal a historian's perspective rather than a partisan stance. Questions about the Allen Guelzo political party often stem from his conservative-leaning interpretations of historical events or his commentary on contemporary politics. However, it is important to distinguish between scholarly analysis and direct political engagement or membership.

Public Commentary and Political Perspective

Guelzo has occasionally provided commentary on modern political issues, drawing parallels with historical events or principles. His views emphasize constitutionalism, the rule of law, and historical context, which some interpret as aligning with conservative values. Nevertheless, Guelzo's approach remains grounded in historical evidence rather than political advocacy. He stresses the importance of understanding history on its own terms, which sometimes contrasts with partisan political narratives.

Clarification on Party Affiliation

There is no verifiable evidence that Allen Guelzo belongs to or has ever officially joined a political party. His professional identity is that of a historian and educator, and he maintains a degree of scholarly neutrality in his work. While individual academics may hold personal political beliefs, Guelzo's public profile does not indicate active participation in party politics. This distinction is crucial to avoid conflating academic expertise with political partisanship.

The Role of Historians in Political Discourse

Historians like Allen Guelzo play a vital role in shaping public understanding of political and social issues through historical analysis. Their work often intersects with contemporary political debates, as history provides essential context for current events. The relationship between historians and political parties, however, is complex and multifaceted. This section explores the broader role of historians in political discourse and how their scholarship influences or diverges from party politics.

Historians as Informers and Critics

Historians inform public discourse by providing factual context, critical perspectives, and nuanced interpretations of political developments. They serve as educators and commentators who help society understand the roots and ramifications of political ideologies and movements. While some historians may personally identify with political parties, their professional responsibility is to maintain objectivity and rigor in their analyses.

Challenges of Political Neutrality

Maintaining political neutrality is challenging for historians, especially in highly polarized environments. The Allen Guelzo political party question reflects a broader tension between scholarly detachment and personal conviction. Historians must navigate the fine line between interpreting history through informed perspectives and avoiding partisan bias. This balance is essential to preserve the credibility and integrity of historical scholarship.

Public Perception and Media Representation

The public perception of Allen Guelzo's political stance is often shaped by media representation and selective interpretation of his work or statements. Media outlets and commentators sometimes portray historians through a political lens, which can lead to misconceptions about their actual affiliations. This section analyzes how Allen Guelzo's image is constructed in public forums and the impact of such perceptions on his reputation as a historian.

Media Framing of Historical Commentary

Media coverage tends to frame historical commentary according to prevailing political narratives, sometimes emphasizing elements that align with a particular agenda. In Guelzo's case, his conservative-leaning interpretations have occasionally been highlighted, leading to assumptions about his political party membership. However, such framing often overlooks the scholarly context and intent behind his analyses.

Impact on Scholarly Reputation

Misinterpretations of Guelzo's political stance can affect his scholarly reputation and the reception of his work. It is important for audiences to differentiate between analytical viewpoints and partisan alignment. Scholars like Guelzo strive to contribute to historical understanding rather than political campaigning, and misrepresenting their positions can undermine public trust in academic expertise.

Implications for Understanding Political Parties and Historical Scholarship

The discussion surrounding the Allen Guelzo political party highlights broader implications for how

political parties intersect with historical scholarship. It raises questions about the role of historians in political discourse, the influence of political ideologies on academic work, and the public's interpretation of scholarly contributions. This final section explores these themes and their significance for both politics and history.

Distinguishing Political Identity and Scholarly Objectivity

It is essential to distinguish between a historian's personal political identity and their scholarly objectivity. While political beliefs may inform perspectives, historical scholarship demands evidence-based analysis and critical thinking. The case of Allen Guelzo demonstrates the importance of this distinction for maintaining academic integrity and public confidence in historical research.

Encouraging Informed Political Engagement

Historians contribute to more informed political engagement by providing context and clarity about past events and their relevance to current issues. Recognizing the difference between political party affiliation and scholarly interpretation helps foster a more nuanced public discourse. This understanding enhances democratic processes by encouraging citizens to consider history thoughtfully in political decision-making.

- Allen Guelzo is a respected historian without formal political party affiliation.
- His work focuses on Civil War and Lincoln-era history with a scholarly, evidence-based approach.
- Public and media perceptions sometimes misconstrue his political views as partisan alignment.
- Historians play a critical role in political discourse by providing context and analysis.
- Separating political identity from academic objectivity is vital for credible scholarship.

Frequently Asked Questions

allen guelzo political party: *A Christian and a Democrat* John F. Woolverton, James D. Bratt, 2019-08-06 Franklin Delano Roosevelt, when asked at a press conference about the roots of his political philosophy, responded simply, "I am a Christian and a Democrat." This is the story of how the first informed the second—how his upbringing in the Episcopal Church and matriculation at the Groton School under legendary educator and minister Endicott Peabody molded Roosevelt into a leader whose politics were fundamentally shaped by the Social Gospel. A work begun by religious historian John Woolverton (1926 2014) and recently completed by James Bratt, *A Christian and a Democrat* is an engaging analysis of the surprisingly spiritual life of one of the most consequential presidents in US history. Reading Woolverton's account of FDR's response to the toxic demagoguery of his day will reassure readers today that a constructive way forward is possible for Christians, for Americans, and for the world.

allen guelzo political party: *American Politicians Confront the Court* Stephen M. Engel, 2011-06-13 Politicians have long questioned, or even been openly hostile to, the legitimacy of judicial authority, but that authority seems to have become more secure over time. What explains the recurrence of hostilities and yet the security of judicial power? Addressing this question anew, Stephen Engel points to the gradual acceptance of dissenting views of the Constitution, that is, the legitimacy and loyalty of stable opposition. Politicians' changing perception of the threat posed by opposition influenced how manipulations of judicial authority took shape. Engel's book brings our understanding of these manipulations into line with other developments, such as the establishment of political parties, the acceptance of loyal opposition, the development of different modes of constitutional interpretation and the emergence of rights-based pluralism.

allen guelzo political party: *Whose Right Is It? The Second Amendment and the Fight Over Guns* Hana Bajramovic, 2020-09-22 Discover the truth about the Second Amendment, the NRA, and the United States' centuries-long fight over guns in this first-of-its-kind book for middle grade readers. A compelling, clear analysis of one of our country's oldest dilemmas: how to balance gun rights with public safety. It tells the full and true story of the Second Amendment, and points to a way to bring sanity to our gun laws. A remarkable primer for all ages. —Michael Waldman, author of *The Second Amendment: A Biography* For the majority of the United States' history, the right to own a gun belonged to a "well regulated militia." That changed in 2008 with the historic *District of Columbia v. Heller* case, which ruled that the Second Amendment protected an individual's right. In the years since, the debate over gun legislation has reached a crescendo. And the issue grows ever relevant to children across America, with an estimated three million exposed to shootings every year. From metal detectors to see-through backpacks to shooting drills, kids face daily reminders of the threat of guns. Hana Bajramovic's *Whose Right Is It? The Second Amendment and the Fight Over Guns* reveals how a once obscure amendment became the focus of daily heated debate. Filled with historical photos and informative graphics, the book will show young readers how gun legislation has always been a part of American history and how money, power, and systemic racism have long dictated our ability to own guns. A Junior Library Guild Selection Hana Bajramovic provides readers with a compelling overview on the history of guns in the United States and the changing, conflicting interpretations of the Second Amendment certain to stimulate conversation and thinking on the part of future generations. —Award-winning author Doreen Rappaport

allen guelzo political party: *The Hollow Parties* Daniel Schlozman, Sam Rosenfeld,

2025-10-28 A major history from the Founding to our embittered present that “explains the void” (Politico) at the center of America’s political parties Featured on The Ezra Klein Show and The Weekly Show with Jon Stewart America’s political parties are hollow shells of what they could be, locked in a polarized struggle for power and unrooted as civic organizations. The Hollow Parties takes readers from the rise of mass party politics in the Jacksonian era through the years of Barack Obama and Donald Trump. Today’s parties, at once overbearing and ineffectual, have emerged from the interplay of multiple party traditions that reach back to the Founding. Daniel Schlozman and Sam Rosenfeld paint unforgettable portraits of figures such as Martin Van Buren, whose pioneering Democrats invented the machinery of the mass political party, and Abraham Lincoln and other heroic Republicans of that party’s first generation who stood up to the Slave Power. And they show how today’s fractious party politics arose from the ashes of the New Deal order in the 1970s. Activists in the wake of the 1968 Democratic National Convention transformed presidential nominations but failed to lay the foundations for robust, movement-driven parties. Instead, modern American conservatism hollowed out the party system, deeming it a mere instrument for power. Party hollowness lies at the heart of our democratic discontents. With historical sweep and political acuity, The Hollow Parties offers powerful answers to pressing questions about how the nation’s parties became so dysfunctional—and how they might yet realize their promise.

allen guelzo political party: The Black Presidential Nightmare Christopher Brian Booker, 2017-03-31 The Black Presidential Nightmare is the only book that discusses the major events and social and political forces impacting each American president from the perspective of African American interests. Biographies of all the American presidents are presented within the context of the history that shaped their actions. The Black Presidential Nightmare answers many long-standing questions of black history, including the following: What president has done the most to advance the rights and interest of black people? Which presidents had the most liberal racial attitudes toward African Americans? When and under what circumstances did blacks switch allegiance from the Republican Party of Lincoln to the Democratic Party? Which antebellum presidents were slave owners, and how did they square that with their other views on human rights and justice? Long-standing controversies among historians such as Abraham Lincoln’s views on slavery, race, and civil rights, and Theodore Roosevelt’s role in the Brownsville Affair are illuminated.

allen guelzo political party: Lincoln and the Democrats Mark E. Neely, 2017-02-07 This book explains the behavior of a two-party system during war - emphasizing the Democrats' role in the Civil War.

allen guelzo political party: Lincoln and Democratic Statesmanship Michael P. Zuckert, 2020-05-05 Our ideas of statesmanship are fraught with seeming contradictions: The democratic statesman is true to the people’s wishes and views—but also capable of standing against popular opinion when necessary. The statesman rises above conflicts and seeks compromise between parties—but also stands firmly for what is right. Abraham Lincoln, perhaps more than any other political figure in US history, affords us an opportunity to evaluate the philosophical, political, and practical implications of these paradoxical propositions. Asking whether and how Lincoln acted in a statesmanly manner at critical moments, the authors of this volume aim to clarify what precisely statesmanship might be; their work illuminates important themes and events in Lincoln’s career even as it broadens and sharpens our understanding of the general nature of statesmanship. One of Lincoln’s abiding themes was foreshadowed in his Lyceum Address, delivered when he was not yet thirty: the call for the prevalence of a sort of public opinion that he characterized as a political religion. As it relates to democratic statesmanship, what does Lincoln’s political religion have to do with religion per se? How, in his role as statesman as a master of democratic speech, did Lincoln handle the two major issues he faced as a political leader: slavery and the war? In attempting to meet the demand that he use acceptable means to achieve his ends, did Lincoln—can any statesman—keep his hands clean? Are there inevitable transgressions that a statesman must commit? These are among the topics the authors take on as they consider Lincoln’s democratic and rhetorical statesmanship, on occasion drawing comparisons with his contemporaries Henry Clay and

Stephen Douglas or even such a distant forerunner as Pericles. Finally, framing statesmanship in terms of three factors—knowledge of the political good of a community, circumstance, and the best possible action in light of these two—this volume renders a nuanced, deeply informed judgment on what distinguishes Lincoln as a statesman, and what distinguishes a statesman from a (mere) politician.

allen guelzo political party: The Wild Woman of Cincinnati Michael D. Pierson, 2023-04-05 Popular entertainment in antebellum Cincinnati ran the gamut from high culture to shows barely above the level of the tawdry. Among the options for those seeking entertainment in the summer of 1856 was the display of a “Wild Woman,” purportedly a young woman captured while living a feral life beyond the frontier. The popular exhibit, which featured a silent, underdressed woman chained to a bed, was almost assuredly a hoax. Local activist women, however, used their influence to prompt a judge to investigate the display. The court employed eleven doctors, who forcibly subdued and examined the woman before advising that she be admitted to an insane asylum. In his riveting analysis of this remarkable episode in antebellum American history, Michael D. Pierson describes how people in different political parties and sections of the country reacted to the exhibit. Specifically, he uses the lens of the Wild Woman display to explore the growing cultural divisions between the North and the South in 1856, especially the differing gender ideologies of the northern Republican Party and the more southern focused Democrats. In addition, Pierson shows how the treatment of the Wild Woman of Cincinnati prompted an increasing demand for women’s political and social empowerment at a time when the country allowed for the display of a captive female without evidence that she had granted consent.

allen guelzo political party: Stephen A. Douglas and Antebellum Democracy Martin H. Quitt, 2012-09-24 Demonstrates how Stephen Douglas's path to overnight stardom in Illinois led to his identification with the Democratic Party.

allen guelzo political party: A Political History of the USA Bruce Kuklick, 2019-09-27 This book is an engaging account of US history from the first European contact with the 'New World' to the election of Donald Trump in 2016. Bruce Kuklick's straightforward yet authoritative narrative takes students through the complexities of US history without oversimplifying or requiring prior knowledge. Placing politics in the context of religious culture and exploring America's assertive expansion throughout history, *A Political History of the USA* is supported by wide-ranging examples, vivid extracts from primary sources, maps and illustrations which illuminate the main text. The historical narrative it presents is concise, nuanced and sharply drawn. Offering a compelling yet balanced account of US political, cultural and religious history, this is essential reading for undergraduate students of History and American Studies. New to this Edition: - More emphasis on the religious dimensions of the American story, explaining the continuing relevance of evangelical Christians - A new chapter on the period since 2008 - Incorporation of new research - Discussion of the paradox of modernism and religion in America - A revised bibliography, including more 'classic' works

allen guelzo political party: The Independent Voter Thom Reilly, Jacqueline S. Salit, Omar H. Ali, 2022-09-30 Independent voters—the 40–50 percent of Americans who reject identification with either of the two major parties or with any party—are increasing in number and impact. Independents are determining the outcome of major elections, upending the long-held categories of political science. Drawing on historical and contemporary data (including survey data, participant observation, interviews, and current writings and scholarship) and providing timely new analysis, the authors argue that independents are an engine for a transformation of US democracy, perhaps even its saviors. Rather than “leaning” to a party or an ideology, independents vary on issues but share a deep distrust of the partisan system. What are the consequences of this distrust? What about shifting trends among Black, Latino, and Asian communities regarding party loyalty? What of young voters who eschew party identification wanting a different kind of political culture? For a wide variety of audiences, this book gives students, scholars, campaign professionals, activists, and media analysts an insight into current voting dynamics and future possibilities.

allen guelzo political party: Encyclopedia of U.S. Political History Andrew Whitmore Robertson, 2010 Annotation st1\ : {behavior:url(#ieooui) } Unparalleled coverage of U.S. political development through a unique chronological framework Encyclopedia of U.S. Political History explores the events, policies, activities, institutions, groups, people, and movements that have created and shaped political life in the United States. With contributions from scholars in the fields of history and political science, this seven-volume set provides students, researchers, and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day. With greater coverage than any other resource, the Encyclopedia of U.S. Political History identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions, culture, behavior, and change. Focusing on both government and history, the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered. With each volume covering one of seven time periods that correspond to key eras in American history, the essays and articles in this authoritative encyclopedia focus on the following themes of political history: The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies, and key political figures Economics Military politics International relations, treaties, and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for easy-topic searching across volumes Maps, photographs, and tables enhance the text Signed entries by a stellar group of contributors VOLUME 1 Colonial Beginnings through Revolution 1500 – 1783 Volume Editor: Andrew Robertson, Herbert H. Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic. This volume discusses the diversity of the colonial political experience – a diversity that modern scholars have found defies easy synthesis – as well as the long-term conflicts, policies, and events that led to revolution, and the ideas underlying independence. VOLUME 2 The Early Republic 1784 – 1840 Volume Editor: Michael A. Morrison, Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic. This volume discusses the era of Confederation, the shaping of the U.S. Constitution, and the development of the party system.

allen guelzo political party: Michigan's War John W. Quist, 2019-03-26 When it came to the Civil War, Michiganders never spoke with one voice. At the beginning of the conflict, family farms defined the southern Lower Peninsula, while a sparsely settled frontier characterized the state's north. Although differing strategies for economic development initially divided Michigan's settlers, by the 1850s Michiganders' attention increasingly focused on slavery, race, and the future of the national union. They exchanged charges of treason and political opportunism while wrestling with the meanings of secession, the national union, emancipation, citizenship, race, and their changing economy. Their actions launched transformations in their communities, their state, and their nation in ways that Americans still struggle to understand. Building upon the current scholarship of the Civil War, the Midwest, and Michigan's role in the national experience, Michigan's War is a documentary history of the Civil War era as told by the state's residents and observers in private letters, reminiscences, newspapers, and other contemporary sources. Clear annotations and thoughtful editing allow teachers and students to delve into the political, social, and military context of the war, making it ideal for classroom use.

allen guelzo political party: Sherman's Forgotten General Brian C. Melton, 2007 Biography of Union major general Henry W. Slocum. Author explores Slocum's attitudes and tactics while serving under various Civil War generals such as George McClellan, Joseph Fighting Joe Hooker, and William Tecumseh Sherman--Provided by publisher.

allen guelzo political party: The Fort Pillow Massacre Bruce Tap, 2013-10-23 On April 12, 1864, a small Union force occupying Fort Pillow, Tennessee, a fortress located on the Mississippi River just north of Memphis, was overwhelmed by a larger Confederate force under the command of Nathan Bedford Forrest. While the battle was insignificant from a strategic standpoint, the

indiscriminate massacre of Union soldiers, particularly African-American soldiers, made the Fort Pillow Massacre one of the most gruesome slaughters of the American Civil War, rivaling other instances of Civil War brutality. The Fort Pillow Massacre outlines the events of the massacre while placing them within the racial and social context of the Civil War. Bruce Tap combines a succinct history with a selection of primary documents, including government reports, eyewitness testimony, and newspaper articles, to introduce the topic to undergraduates.

allen guelzo political party: Chronology of the U.S. Presidency Mathew Manweller, 2012-03-19 This engaging and authoritative four-volume resource offers fascinating portrayals of the 44 men who have achieved the ultimate seat of power in the United States—the presidency. From George Washington to Barack Obama, *Chronology of the U.S. Presidency* portrays each of the nation's chief executives in richly observed detail. Chapter by chapter, we meet the real flesh-and-blood men occupying the one office elected by the entire country, the office that most profoundly affects the workings of the government, U.S. relations with other countries, and the everyday lives of all American citizens. Spanning four volumes, this work covers each president's early life and rise to power, the pivotal events during his presidency, and when applicable, his post-presidential life. In addition, the book includes sections on the First Ladies and presidential families plus primary source documents (speeches, memos, messages to Congress), and entertaining FYI facts—for example, once bitter rivals John Adams and Thomas Jefferson died hours apart, on the 50th anniversary of the Declaration of Independence they helped create together. More than just names-and-dates history, *Chronology of the U.S. Presidency* helps readers understand the ways each of these intriguing men changed the country, and how he in turn was impacted by his time in power.

allen guelzo political party: Building the American Republic Harry L. Watson, 2018 Tells the story of United States beginning with the earliest Americans and the arrival of strangers on the eastern shore, then moving through colonial society to the fight for independence and the construction of a federal republic. From there, it explains the renegotiations and refinements that took place as a new nation found its footing, and it traces the actions that eventually rippled into the Civil War. This volume goes beyond famous names and battles to incorporate politics, economics, science, arts, and culture. And it shows that issues that resonate today--immigration, race, labor, gender roles, and the power of technology--have been part of the American fabric since the very beginning. --Adapted from publisher description.

allen guelzo political party: A Companion to the Antebellum Presidents, 1837 - 1861 Joel H. Silbey, 2014-01-06 *A Companion to the Antebellum Presidents* presents a series of original essays exploring our historical understanding of the role and legacy of the eight U.S. presidents who served in the significant period between 1837 and the start of the Civil War in 1861. Explores and evaluates the evolving scholarly reception of Presidents Van Buren, Harrison, Tyler, Polk, Taylor, Fillmore, Pierce, and Buchanan, including their roles, behaviors, triumphs, and failures Represents the first single-volume reference to gather together the historiographic literature on the Antebellum Presidents Brings together original contributions from a team of eminent historians and experts on the American presidency Reveals insights into presidential leadership in the quarter century leading up to the American Civil War Offers fresh perspectives into the largely forgotten men who served during one of the most decisive quarter centuries of United States history

allen guelzo political party: Barack Obama and the Myth of a Post-Racial America Mark Ledwidge, Kevern Verney, Inderjeet Parmar, 2013-10-08 The 2008 presidential election was celebrated around the world as a seminal moment in U.S. political and racial history. White liberals and other progressives framed the election through the prism of change, while previously acknowledged demographic changes were hastily heralded as the dawn of a post-racial America. However, by 2011, much of the post-election idealism had dissipated in the wake of an on-going economic and financial crisis, escalating wars in Afghanistan and Libya, and the rise of the right-wing Tea Party movement. By placing Obama in the historical context of U.S. race relations, this volume interrogates the idealized and progressive view of American society advanced by much of the mainstream literature on Obama. *Barack Obama and the Myth of a Post-Racial America* takes

a careful look at the historical, cultural and political dimensions of race in the United States, using an interdisciplinary analysis that incorporates approaches from history, political science, and sociology. Each chapter addresses controversial issues such as whether Obama can be considered an African-American president, whether his presidency actually delivered the kind of deep-rooted changes that were initially prophesised, and whether Obama has abandoned his core African-American constituency in favour of projecting a race-neutral approach designed to maintain centrist support. Through cutting edge, critically informed, and cross-disciplinary analyses, this collection directly addresses the dimensions of race in American society through the lens of Obama's election and presidency.

allen guelzo political party: The Age of Lincoln and the Art of American Power, 1848-1876
William Nester, 2014-02-01 Although Abraham Lincoln was among seven presidents who served during the tumultuous years between the end of the Mexican War and the end of the Reconstruction era, history has not been kind to the others: Zachary Taylor, Millard Fillmore, Franklin Pierce, James Buchanan, Andrew Johnson, and Ulysses S. Grant. In contrast, history sees Abraham Lincoln as a giant in character and deeds. During his presidency, he governed brilliantly, developed the economy, liberated four million people from slavery, reunified the nation, and helped enact the Homestead Act, among other accomplishments. He proved to be not only an outstanding commander in chief but also a skilled diplomat, economist, humanist, educator, and moralist. Lincoln achieved that and more because he was a master of the art of American power. He understood that the struggle for hearts and minds was the essence of politics in a democracy. He asserted power mostly by appealing to people's hopes rather than their fears. All along he tried to shape rather than reflect prevailing public opinions that differed from his own. To that end, he was brilliant at bridging the gap between progressives and conservatives by reining in the former and urging on the latter. His art of power ultimately reflected his unswerving devotion to the Declaration of Independence's principles and the Constitution's institutions, or as he so elegantly expressed it, "to a government of the people, by the people, and for the people."
