Historical Overview of American Political Cartoons on Immigration

American political cartoons immigration have a rich history dating back to the 19th century, when mass immigration began to transform the demographic landscape of the United States. Early cartoons often portrayed immigrants through exaggerated stereotypes, reflecting widespread nativist sentiments and fears about cultural change. These images frequently targeted groups such as the Irish, Chinese, and later Eastern European immigrants, depicting them as threats to American values and economic stability. Over time, cartoons evolved to respond to shifting immigration laws and social attitudes, including the enactment of restrictive policies like the Chinese Exclusion Act and the Immigration Act of 1924.

Immigration in the 19th Century Cartoons

During the 1800s, political cartoons frequently illustrated the influx of Irish and German immigrants with a mix of humor and hostility. Immigrants were often characterized as unassimilable or dangerous, feeding into the rise of nativist movements such as the Know-Nothing Party. Cartoons used symbolism like crowded ships and ethnic caricatures to evoke anxiety about population changes and labor competition.

Early 20th Century Depictions

The early 20th century saw political cartoons addressing new waves of immigrants from Southern and Eastern Europe. The portrayal of these groups often reflected fears of radicalism and cultural difference, especially in the context of World War I and the Red Scare. Cartoons also highlighted the impact of immigration restrictions and quotas, illustrating the tension between America's identity as a nation of immigrants and the desire for controlled borders.

Common Themes in American Political Cartoons

Immigration

American political cartoons immigration consistently explore several key themes that mirror broader societal debates. These themes include cultural assimilation, economic competition, national security, and humanitarian concerns. The cartoons use visual metaphors to encapsulate complex arguments about who belongs in America and under what conditions.

Cultural Assimilation and Identity

Many cartoons depict immigrants struggling to fit into American society, emphasizing the tension between maintaining ethnic identity and adopting American customs. This theme often appears through imagery of cultural symbols, language barriers, and generational conflicts within immigrant families.

Economic Impact and Labor Competition

Economic anxieties are a recurrent theme, with cartoons portraying immigrants as either hardworking contributors or as threats to native-born workers' wages and job security. This duality reflects ongoing debates about immigration's role in the labor market.

National Security and Immigration Control

Political cartoons frequently address concerns about border security and the potential for immigrants to bring radical ideologies or crime. Symbolism such as walls, gates, and surveillance devices often appear to dramatize these fears.

Humanitarian Issues and Refugees

Some cartoons highlight the plight of refugees and asylum seekers, questioning the morality of restrictive immigration policies. These images often evoke empathy and challenge the audience to consider America's humanitarian responsibilities.

Impact of Political Cartoons on Immigration Policy and Public Perception

American political cartoons immigration have not only reflected public opinion but also influenced it by shaping perceptions and framing debates. Their accessibility and emotional appeal make them powerful tools in political communication, capable of simplifying complex issues and swaying attitudes.

Influencing Public Opinion

Political cartoons distill immigration issues into compelling visuals, often reinforcing stereotypes or challenging prevailing narratives. They can mobilize support for or opposition to specific policies by appealing to emotions such as fear, pride, or compassion.

Shaping Policy Debates

Lawmakers and activists have used cartoons as part of their advocacy, recognizing their potential to reach broad audiences. Political cartoons have appeared in newspapers, magazines, and later digital platforms, contributing to the discourse surrounding legislation like the Immigration Act of 1965 and debates on border security.

Criticism and Controversy

While impactful, political cartoons on immigration have also sparked controversy for perpetuating negative stereotypes or oversimplifying complex issues. Critics argue that some cartoons reinforce xenophobia and hinder nuanced discussions about immigration reform.

Notable Cartoonists and Iconic Cartoons on Immigration

Several influential cartoonists have left a lasting mark on American political cartoons immigration, using their art to comment on immigration-related issues with wit and insight. Their work has become iconic representations of the immigration debates of their times.

Thomas Nast and 19th Century Cartoons

Thomas Nast, often called the father of American political cartooning, produced influential images during the 19th century that addressed immigration and corruption. His cartoons frequently targeted political machines like Tammany Hall and highlighted the challenges immigrants faced.

Herblock and Mid-20th Century Commentary

Herbert Block, known as Herblock, was a leading political cartoonist whose work in the mid-20th century addressed immigration issues amid the Cold War and civil rights movements. His cartoons often challenged xenophobia and promoted social justice.

Contemporary Cartoonists

Modern cartoonists continue to explore American political cartoons immigration with a critical eye, addressing current controversies such as border policies, refugee crises, and immigration reform debates. Their cartoons appear in major publications and online, engaging diverse audiences.

Frequently Asked Questions

What role do American political cartoons play in shaping public opinion on immigration?

American political cartoons use satire and symbolism to highlight issues and opinions about immigration, often influencing public perception by simplifying complex topics and provoking emotional responses.

How have American political cartoons historically depicted immigration?

Historically, American political cartoons have depicted immigration with a range of perspectives, from welcoming immigrants as contributors to society to portraying them as threats or burdens, reflecting the prevailing attitudes of different eras.

What are common themes found in American political cartoons about immigration?

Common themes include border security, undocumented immigration, refugee crises, cultural integration, economic impact, and debates over immigration policy and enforcement.

How do political cartoons address the controversy surrounding immigration policy in the U.S.?

Political cartoons often critique or support immigration policies by exaggerating their effects, highlighting contradictions, and using humor or irony to comment on political debates and legislative actions.

Can you give an example of a recent American political cartoon about immigration and its message?

A recent cartoon might depict the U.S. border as a wall with politicians debating over its construction, illustrating the ongoing political stalemate.

and public division over border security and immigration reform.

How do political cartoons represent immigrants themselves?

Immigrants in political cartoons are sometimes portrayed sympathetically as hardworking individuals seeking a better life, or negatively as threats to jobs or security, depending on the cartoonist's viewpoint and the intended message.

What impact do American political cartoons have on immigration debates in social media?

Political cartoons often go viral on social media, sparking discussions, reinforcing biases, or challenging opinions, thereby amplifying their impact on immigration debates among diverse audiences.

How do cartoonists use symbolism in American political cartoons about immigration?

Cartoonists use symbols such as the Statue of Liberty, border fences, immigration documents, and national flags to convey complex ideas about immigration policies, national identity, and political conflict.

Are there ethical considerations in how immigration is portrayed in American political cartoons?

Yes, ethical considerations include avoiding stereotypes, respecting the dignity of immigrants, and being mindful of the potential to spread misinformation or fuel xenophobia through oversimplified or biased portrayals.

How do American political cartoons reflect changes in immigration policy over time?

Political cartoons track shifts in immigration policy by depicting evolving issues such as the introduction of quotas, refugee acceptance, enforcement measures, and debates over citizenship, mirroring the country's changing political and social climate.

Additional Resources

1. Drawing the Line: American Political Cartoons and Immigration

This book explores the rich history of American political cartoons focusing on immigration from the 19th century to the present. It analyzes how cartoonists have shaped public opinion on immigration policies and social attitudes. The book features a wide collection of influential cartoons, providing context and commentary on their impact on political discourse.

2. Ink and Identity: Political Cartoons on Immigration in the United States

Ink and Identity delves into the intersection of art and politics by examining how American political cartoons have depicted immigrants and immigration debates. It discusses the role of satire and symbolism in shaping

narratives around immigrant communities. The book also highlights the evolution of cartoon styles and themes in response to changing immigration laws and public sentiment.

3. *Borders and Ballots: Political Cartoons and the Immigration Debate*

This volume presents a comprehensive overview of political cartoons that address immigration issues in America's political landscape. It offers critical insights into how cartoons influence voter perceptions and policy decisions. Through detailed analyses, the book reveals the power dynamics and cultural tensions portrayed in these visual commentaries.

4. *Caricatures of Change: Immigration and American Political Cartoons*

Caricatures of Change investigates the portrayal of immigrants in American political cartoons, emphasizing the role of caricature in social critique. The book traces how cartoonists have responded to immigration waves and legislative changes over time. It also discusses the ethical implications of stereotyping and the push for more nuanced representation.

5. *Lines of Contention: Immigration and Political Satire in American Cartoons*

Lines of Contention focuses on the use of satire in political cartoons concerning immigration issues. It examines how humor and exaggeration are employed to challenge or reinforce stereotypes and political agendas. The book provides an in-depth look at key historical moments where cartoons played a pivotal role in the immigration debate.

6. *From Ellis Island to the Border Wall: Immigration in American Political Cartoons*

This book traces the visual rhetoric of immigration through political cartoons from the era of Ellis Island to contemporary border debates. It highlights how cartoonists have captured the hopes, fears, and controversies surrounding immigrants throughout American history. The narrative illustrates the continuity and change in public attitudes as reflected in these artistic expressions.

7. *Cartooning Citizenship: Immigration and National Identity in American Political Cartoons*

Cartooning Citizenship explores how political cartoons contribute to defining and contesting American national identity in the context of immigration. The book examines the symbolic representation of immigrants and citizenship status, revealing underlying societal tensions. It also addresses the role of cartoons in both exclusionary and inclusive narratives of belonging.

8. *Sketches of Struggle: Political Cartoons and Immigrant Experiences in America*

This book offers a humanistic perspective on immigration by focusing on political cartoons that depict the struggles and resilience of immigrant communities. It highlights how cartoonists have portrayed issues such as discrimination, labor rights, and cultural integration. The collection serves as both a historical record and a critique of American immigration policies.

9. *Satire and Sanctuary: The Role of Political Cartoons in Immigration Discourse*

Satire and Sanctuary examines the influence of political cartoons in shaping public discourse about immigration and sanctuary policies in the United States. The book analyzes how cartoons have been used to both support and oppose immigrant protections. It provides a nuanced understanding of the visual language of political satire and its impact on policy debates.

american political cartoons immigration: Migra Mouse Lalo Alcaraz, 2004 The first ever graphic novel by political cartoonist Lalo Alcaraz blends political satire with the border icons from his youth and the fabricated good ole days' of official American TV culture. Through humorous and occasionally poignant stories relating to the author's childhood as the son of Mexican immigrants living on the US/Mexico border, *Leave It to Beaner* explores themes of immigration, biculturalism and the inevitable reverse-assimilation of America.'

american political cartoons immigration: American Political Cartoons Sandy Northrop, 2017-07-05 From Benjamin Franklin's drawing of the first American political cartoon in 1754 to contemporary cartoonists' blistering attacks on George W. Bush and initial love-affair with Barack Obama, editorial cartoons have been a part of American journalism and politics. *American Political Cartoons* chronicles the nation's highs and lows in an extensive collection of cartoons that span the entire history of American political cartooning. Good cartoons hit you primitively and emotionally, said cartoonist Doug Marlette. A cartoon is a frontal attack, a slam dunk, a cluster bomb. Most cartoonists pride themselves on attacking honestly, if ruthlessly. *American Political Cartoons* recounts many direct hits, recalling the discomfort of the cartoons' targets and the delight of their readers. Through skillful combination of pictures and words, cartoonists galvanize public opinion for or against their subjects. In the process they have revealed truths about us and our democratic system that have been both embarrassing and ennobling. Stephen Hess and Sandy Northrop note that not all cartoonists have worn white hats. Many have perpetuated demeaning ethnic stereotypes, slandered honest politicians, and oversimplified complex issues.

american political cartoons immigration: Immigration in the US Tammy Gagne, 2013-09 The United States began as a country of immigrants. For more than a century, though, descendants of those immigrants have argued over exactly who should be allowed to enter the United States and become American citizens. Federal laws controlling the number of immigrants allowed into the country—along with limits on how many can travel here for specific reasons—have been passed, and abolished. State laws designed to identify illegal immigrants have been passed, and in some cases also retracted. Today immigrants contribute to the combined cultures that have always made up our nation. Still, foreigners are blamed for taking advantage of public service programs, taking Americans' jobs, and not paying taxes. Are these allegations true? What does the future hold for immigration in the United States?

american political cartoons immigration: Immigrants and Comics Nhora Lucía Serrano, 2021-03-09 *Immigrants and Comics* is an interdisciplinary, themed anthology that focuses on how comics have played a crucial role in representing, constructing, and reifying the immigrant subject and the immigrant experience in popular global culture of the twentieth and twenty-first centuries. Nhora Lucía Serrano and a diverse group of contributors examine immigrant experience as they navigate new socio-political milieus in cartoons, comics, and graphic novels across cultures and time periods. They interrogate how immigration is portrayed in comics and how the 'immigrant' was an indispensable and vital trope to the development of the comics medium in the twentieth century. At the heart of the book's interdisciplinary nexus is a critical framework steeped in the ideas of remembrance and commemoration, what Pierre Nora calls lieux de mémoire. This book will be of interest to students and scholars in Visual Studies, Comparative Literature, English, Ethnic Studies, Francophone Studies, American Studies, Hispanic Studies, art history, and museum studies.

american political cartoons immigration: Inside U.S. Immigration Policy Bryan Warde,

2024-12-23 Inside U.S. Immigration Policy provides a comprehensive introduction to the development of U.S. immigration and immigration policies from the nation's colonial beginnings to the present day. Written for students of social welfare, social work, public policy, sociology, and history, the book develops a clear and historical framework for understanding current controversies around immigration. Bryan Warde offers a thoroughly researched account of immigration policies spanning 1882 to the present and calls upon theories and ideologies that explain conflicting views and shifting attitudes on immigrants and immigration. The book's discussion is organized chronologically and each chapter supports students in developing the skills and knowledge to analyze and unpack the extent to which societal structures and values may oppress, marginalize, alienate, create, or enhance privilege and power in the context of immigration policies. It also reveals the forms and mechanisms of oppression and discrimination and leads readers to consider the sociopolitical factors that shape social policy and the provision of services to marginalized populations. Chapter summaries, timelines, and discussion questions throughout support learning and comprehension and encourage students to grasp the nuances and implications of this vastly important field of study. This book is an excellent addition to a range of undergraduate and graduate courses on social welfare, public policy, social work, sociology, and history.

american political cartoons immigration: The Cultural Politics of U.S. Immigration Leah Perry, 2016-09-27 How the immigration policies and popular culture of the 1980's fused to shape modern views on democracy In the 1980s, amid increasing immigration from Latin America, the Caribbean, and Asia, the circle of who was considered American seemed to broaden, reflecting the democratic gains made by racial minorities and women. Although this expanded circle was increasingly visible in the daily lives of Americans through TV shows, films, and popular news media, these gains were circumscribed by the discourse that certain immigrants, for instance single and working mothers, were feared, censured, or welcomed exclusively as laborers. In *The Cultural Politics of U.S. Immigration*, Leah Perry argues that 1980s immigration discourse in law and popular media was a crucial ingredient in the cohesion of the neoliberal idea of democracy. Blending critical legal analysis with a feminist media studies methodology over a range of sources, including legal documents, congressional debates, and popular media, such as *Golden Girls*, *Who's the Boss?*, *Scarface*, and *Mi Vida Loca*, Perry shows how even while "multicultural" immigrants were embraced, they were at the same time disciplined through gendered discourses of respectability. Examining the relationship between law and culture, this book weaves questions of legal status and gender into existing discussions about race and ethnicity to revise our understanding of both neoliberalism and immigration.

american political cartoons immigration: The Trump Presidency in Editorial Cartoons Natalia Mielczarek, 2023-09-18 *The Trump Presidency in Editorial Cartoons* engages with close to one thousand editorial cartoons to analyze the visual representations of President Donald Trump and his responses to six news events during his term in office. Natalia Mielczarek traces the mechanisms through which the drawings construct the president's image and their potential rhetorical consequences for interpretation. Through this analysis, Mielczarek argues that the right-leaning cartoons largely erase the president's likeness from their plotlines, acting as a shield against accountability for Trump. Left-leaning cartoons, on the other hand, tend to clone the president and exaggerate his image in most of their stories, often functioning as tools of symbolic censure and punishment. Through these de- and re-contextualization tactics that make President Trump either largely absent or hyper-present in the narrative, the cartoons construct inadvertent rhetorical paradoxes and coalesce around ideological heroes and villains. This result, Mielczarek posits, more closely resembles partisan propaganda, rather than political commentary and social critique. Scholars of communication, political science, and media studies will find this book of particular interest.

american political cartoons immigration: The Makings and Unmakings of Americans Cristina Stanciu, 2023-01-24 Challenges the myth of the United States as a nation of immigrants by bringing together two groups rarely read together: Native Americans and Eastern European

immigrants In this cultural history of Americanization during the Progressive Era, Cristina Stanciu argues that new immigrants and Native Americans shaped the intellectual and cultural debates over inclusion and exclusion, challenging ideas of national belonging, citizenship, and literary and cultural production. Deeply grounded in a wide-ranging archive of Indigenous and new immigrant writing and visual culture—including congressional acts, testimonies, news reports, cartoons, poetry, fiction, and silent film—this book brings together voices of Native and immigrant America. Stanciu shows that, although Native Americans and new immigrants faced different legal and cultural obstacles to citizenship, the challenges they faced and their resistance to assimilation and Americanization often ran along parallel paths. Both struggled against idealized models of American citizenship that dominated public spaces. Both participated in government-sponsored Americanization efforts and worked to gain agency and sovereignty while negotiating naturalization. Rethinking popular understandings of Americanization, Stanciu argues that the new immigrants and Native Americans at the heart of this book expanded the narrow definitions of American identity.

american political cartoons immigration: *American Immigration* James Ciment, John Radzilowski, 2015-03-17 Thoroughly revised and expanded, this is the definitive reference on American immigration from both historic and contemporary perspectives. It traces the scope and sweep of U.S. immigration from the earliest settlements to the present, providing a comprehensive, multidisciplinary approach to all aspects of this critically important subject. Every major immigrant group and every era in U.S. history are fully documented and examined through detailed analysis of social, legal, political, economic, and demographic factors. Hot-topic issues and controversies - from Amnesty to the U.S.-Mexican Border - are covered in-depth. Archival and contemporary photographs and illustrations further illuminate the information provided. And dozens of charts and tables provide valuable statistics and comparative data, both historic and current. A special feature of this edition is the inclusion of more than 80 full-text primary documents from 1787 to 2013 - laws and treaties, referenda, Supreme Court cases, historical articles, and letters.

american political cartoons immigration: *American Political Humor* Jody C. Baumgartner, 2019-10-07 This two-volume set surveys the profound impact of political humor and satire on American culture and politics over the years, paying special attention to the explosion of political humor in today's wide-ranging and turbulent media environment. Historically, there has been a tendency to regard political satire and humor as a sideshow to the wider world of American politics—entertaining and sometimes insightful, but ultimately only of modest interest to students and others surveying the trajectory of American politics and culture. This set documents just how mistaken that assumption is. By examining political humor and satire throughout US history, these volumes not only illustrate how expressions of political satire and humor reflect changes in American attitudes about presidents, parties, and issues but also how satirists, comedians, cartoonists, and filmmakers have helped to shape popular attitudes about landmark historical events, major American institutions and movements, and the nation's political leaders and cultural giants. Finally, this work examines how today's brand of political humor may be more influential than ever before in shaping American attitudes about the nation in which we live.

american political cartoons immigration: United States Immigration, 1800-1965: A History in Documents James S. Pula, 2020-08-01 The debate over immigration has been a hallmark of the American nation since its earliest days, and it persists in generating a complex spectrum of opinions and emotions. United States Immigration, 1800-1965 provides a compact yet diverse selection of primary documents that helps to illuminate immigration as one of the defining features of the American social, cultural, and political landscape. A wide array of primary sources is included: documents written by immigrants that chronicle their own experiences; examples of pro- and anti-immigration sentiments and arguments; and government documents, including immigration laws and federal court rulings. In all, 75 documents (including 20 images) help to tell the story of United States immigration from roughly 1800 through to the Hart-Celler Act of 1965.

american political cartoons immigration: Immigrants in America Kris Morrissey, 2017-07-28 First Published in 2017. This book focuses on new patterns of settlement, emphasizing

the economic factors and types of industries drawing immigrants away from gateway areas in America. It highlights prejudice while non-immigrants become accustomed to immigrant neighbors.

american political cartoons immigration: *Defining America* Bill Ong Hing, 2012-10-22 From the earliest days of nationhood, the United States has determined who might enter the country and who might be naturalized. In this sweeping review of US immigration policies, Bill Ong Hing points to the racial, ethnic, and social struggles over who should be welcomed into the community of citizens. He shows how shifting visions of America have shaped policies governing asylum, exclusion, amnesty, and border policing. Written for a broad audience, *Defining America Through Immigration Policy* sets the continuing debates about immigration in the context of what value we as a people have assigned to cultural pluralism in various eras. Hing examines the competing visions of America reflected in immigration debates over the last 225 years. For instance, he compares the rationales and regulations that limited immigration of southern and eastern Europeans to those that excluded Asians in the nineteenth century. He offers a detailed history of the policies and enforcement procedures put in place to limit migration from Mexico, and indicts current border control measures as immoral. He probes into little discussed issues such as the exclusion of gays and lesbians and the impact of political considerations on the availability of amnesty and asylum to various groups of migrants. Hing's spirited discussion and sophisticated analysis will appeal to readers in a wide spectrum of academic disciplines as well as those general readers interested in America's on-going attempts to make one of many.

american political cartoons immigration: *Immigration* Dennis Wepman, 2008 Presents a chronological study of immigration to the United States throughout history.

american political cartoons immigration: Radical Hospitality Nour Halabi, 2022-12-09 *Radical Hospitality* centers hospitality as a primary metaphor and ethical framework governing the relationship of the migrant to both the native population and the host nation. The book examines the history of US immigration policy and media coverage to evaluate hospitality or hostility towards immigrants, and the impact this may have for immigrants' sense of home and belonging within the nation.

american political cartoons immigration: *Teaching U.S. History Beyond the Textbook* Yohuru R. Williams, 2008-11-11 Written by a history educator, this exciting guide provides a unique approach that makes it easy for middle and high school teachers to engage students' critical thinking in history and social studies. Using a CSI approach to history, the author's six powerful strategies tap into students' natural curiosity and investigative instincts. Students become detectives of the past as they ghost-hunt in their neighborhoods, solve historical crimes, prepare arguments for famous court cases, and more. Each ready-to-use technique Demonstrates how students can use primary and secondary sources to solve historical mysteries, Includes sample lessons and case studies for Grades 5-12, Aligns with national standards, making the book useful for both teachers and curriculum developers, Features review questions, reflections, and Web and print resources in every chapter for further reading. Incorporate these strategies into your classroom and watch as students discover just how thrilling and spine-chilling history can be! Book jacket.

american political cartoons immigration: *The Fence and the Bridge* Heather N. Nicol, 2015-06-27 *The Fence and the Bridge* is about the development of the Canada-US border-security relationship as an outgrowth of the much lengthier Canada-US relationship. It suggests that this relationship has been both highly reflexive and hegemonic over time, and that such realities are embodied in the metaphorical images and texts that describe the Canada-US border over its history. Nicol argues that prominent security motifs, such as themes of free trade, illegal immigration, cross-border crime, terrorism, and territorial sovereignty are not new, nor are they limited to the post-9/11 era. They have developed and evolved at different times and become part of a larger quilt, whose patches are stitched together to create a new fabric and design. Each of the security motifs that now characterize Canada-US border perceptions and relations has a precedent in border-management strategies and border relations in earlier periods. In some cases, these have deep historical roots that date back not just years or decades but centuries. They are part of an

evolving North American geopolitical logic that inscribes how borders are perceived, how they function, and what they mean.

american political cartoons immigration: The Ethnic Dimension in American History

James S. Olson, Heather Olson Beal, 2010-04-12 The Ethnic Dimension in American History is a thorough survey of the role that ethnicity has played in shaping the history of the United States. Considering ethnicity in terms of race, language, religion and national origin, this important text examines its effects on social relations, public policy and economic development. A thorough survey of the role that ethnicity has played in shaping the history of the United States, including the effects of ethnicity on social relations, public policy and economic development Includes histories of a wide range of ethnic groups including African Americans, Native Americans, Jews, Chinese, Europeans, Japanese, Muslims, Koreans, and Latinos Examines the interaction of ethnic groups with one another and the dynamic processes of acculturation, modernization, and assimilation; as well as the history of immigration Revised and updated material in the fourth edition reflects current thinking and recent history, bringing the story up to the present and including the impact of 9/11

american political cartoons immigration: Smithsonian America David M. Carballo, Keidrick Roy, Clarissa W. Confer, Jon Chandler, Celso Armando Mendoza, Ben Railton, Tamara Venit Shelton, 2023-09-05 A depiction of the history of North America and the United States told through maps old and new. The history starts with the peoples who first settled the land tens of thousand years ago, and continues to the present day. Includes a timeline of American history, a guide to the fifty U.S. states, and a map showing the birthplace of every U.S. president.

american political cartoons immigration: The Routledge Research Companion to Law and Humanities in Nineteenth-Century America Nan Goodman, Simon Stern, 2017-05-12 Nineteenth-century America witnessed some of the most important and fruitful areas of intersection between the law and humanities, as people began to realize that the law, formerly confined to courts and lawyers, might also find expression in a variety of ostensibly non-legal areas such as painting, poetry, fiction, and sculpture. Bringing together leading researchers from law schools and humanities departments, this Companion touches on regulatory, statutory, and common law in nineteenth-century America and encompasses judges, lawyers, legislators, litigants, and the institutions they inhabited (courts, firms, prisons). It will serve as a reference for specific information on a variety of law- and humanities-related topics as well as a guide to understanding how the two disciplines developed in tandem in the long nineteenth century.
