bear pond books montpelier hours: Unruly Heritage Bjørnar Julius Olsen, Stein Farstadvoll, Geneviève Godin, 2024-10-17 Heritage is almost univocally conceived of as valuable and good, something we care for and preserve for ourselves and future generations. Although traditionally associated with the unique and monumental, heritage has over the last decades been broadened in response to claims to incorporate more diverse and globally representative legacies. While such claims are of course welcome, they do not embrace the bulging unruly and obnoxious legacies that now haunt us; legacies that have become so conspicuously manifest that they are claimed as diagnostic of a new epoch, the Anthropocene. This book targets this exclusion. It claims that the current 'clash' between prevailing conceptions of heritage as something confined, wished for and thus worth saving, and the unruly legacies ignoring such work of purification, urges a reconsideration of strategies and rationales for how to 'deal with' heritage. Through multidisciplinary approaches, ranging from archaeology and heritage studies to philosophy and environmental politics, the contributions bring heritage into dialogue with a wide range of topics including industrialisation, material profusion, modernist architectural material, coastal reclamations, barbed wire, and naval mines. The result is a volume that profoundly challenges traditional understandings of heritage as an exclusive reserve of things selected and managed by us.

entorno escolar a lo Harry Potter y un contexto político a lo Juego de Tronos . Bienvenidos a la Universidad Verpax. Mientras la Resistencia lucha para contraatacar las duras decisiones del Consejo de Magos, más y más soldados gardnerianos aparecen en la Universidad, ahora dirigida por Lukas Gray, comandante de una base militar cercana. Aunque Elloren intenta mantenerlo a distancia, Lukas está decidido a unirse a ella, aún convencido de que ella es la heredera del poder de la Bruja Negra, un legado de magia que decidirá el futuro de todos los Erthia. Cuando su propia magia la llama, tratando de despertar una fuerza oscura en su interior, a Elloren le resulta cada vez más difícil creer en su valía. bear pond books montpelier hours: Unequal Protection Thom Hartmann, 2010-06-07 "This is a seminal work, a godsend really, a clear message to every citizen about the need to reform our country, laws, and companies." —Paul Hawken, New York Times-bestselling author NEW EDITION, REVISED AND UPDATED Unequal taxes, unequal accountability for crime, unequal influence, unequal control of the media, unequal access to natural resources—corporations have gained these privileges and more by exploiting their legal status as persons. How did something so illogical and unjust become the law of the land? Americans have been struggling with the role of corporations since before the birth of the republic. As Thom Hartmann shows, the Boston Tea Party was actually a protest against the British East India Company—the first modern corporation. Unequal Protection tells the astonishing story of how, after decades of sensible limits on corporate power, an offhand, off-the-record comment by a Supreme Court justice led to the Fourteenth Amendment—originally passed to grant basic rights to freed slaves—becoming the justification for granting corporations the same rights as human beings. And Hartmann proposes specific legal remedies that will finally put an end to the bizarre farce of corporate personhood. This new edition has been thoroughly updated and features Hartmann's analysis of two recent Supreme Court cases, including Citizens United v. Federal Election Commission, which tossed out corporate campaign finance limits. "If you wonder

why and when giant corporations got the power to reign supreme over us, here's the story." —Jim Hightower, national radio commentator and New York Times-bestselling author "Tell[s] the grand story of corporate corruption and its consequences for society with the force and readability of a great novel." —David C. Korten, bestselling author of *When Corporations Rule the World*
