bicentennial man 1999 blu ray: Just imagine Ángel Sala, 2018-02-05 Este libro parte de la idea de que en el contexto actual realidad y ciencia ficción son una misma cosa. Por un lado, la ciencia ficción ha ido evolucionando de una forma dinámica, incorporando el pulso de la realidad para (re)interpretarla mediante sus propios mitos, enriquecidos no solo con la forma audiovisual sino con un abundante equipaje conceptual y estético procedente de la literatura, la ilustración, el cómic e incluso la divulgación científica. Por otro lado, los estilemas del género se han incorporado definitivamente al imaginario popular, en los campos de la publicidad, el videoclip o incluso el arte contemporáneo. Por todo ello, conviene redefinir la propia evolución del género abandonando ya ciertas convicciones canónicas que hoy resultan algo simplistas. Mediante el análisis de 50 títulos esenciales del género, en este libro se dibuja un panorama multidimensional, que muestra que la ciencia ficción —como el terror, la fantasía o manifestaciones colaterales— ha sido capaz de reproducirse en canales distantes pero comunicados haciendo posible la generación de un macroconcepto, o macrogénero, como es el fantástico, que goza de una excelente salud comercial y cultural.

bicentennial man 1999 blu ray: Happy Days Benjamin L. Alpers, 2024 Happy Days investigates how 1970s popular culture was obsessed with America's past, but offered radically different interpretations of the same historical events and icons. Looking at representations of 1950s teenagers, the noir detective, America's bicentennial, and neo-slave narratives, Benjamin Alpers examines how American history provoked both nostalgia and deep soul searching.
