bicentenario man streaming ita: Dal cyborg al postumano Antonio Caronia,

2022-07-08T00:00:00+02:00 Prima che la "theory-fiction" emergesse come interzona concettuale;

prima che Mark Fisher, sulla scorta del vecchio Baudrillard, registrasse il collasso della science-fiction nei simulacri del realismo capitalista; prima che “ballardismo applicato” diventasse l’ultimo gioco in città, Antonio Caronia ha analizzato il capitalismo digitale attraverso il pensiero radicale di James Ballard, Philip K. Dick, Ursula K. Le Guin, Samuel Delany, William Gibson, Don DeLillo, che ritroviamo nei testi di questa antologia. Per Caronia il cyborg, l’uomo artificiale, abita i fantasmi della modernità dalla nascita della biopolitica, non appena la “natura” – umana e non – smette di apparire una sostanza imm modificabile per diventare terreno di sapere e di conflitto sociale attraverso le mutazioni del corpo e del linguaggio. Al di là del soggetto, e della sua caricatura transumanista, nella dimensione postumana prevista da Antonin Artaud e William Burroughs, coglie l’esperimento dell’Homo sapiens sapiens come “animale del possibile”.

bicentenario man streaming ita: Spietatamente giovane. Renzi un sindaco al potere Marino Biondi, 2015-02-07 Un instant book, rapida ed eclettica eco della stampa – all’inizio fu tutto un fremere e batter d’ali dei media, un orgasmo vero e non solo ruffiano, com’è d’uso – un instant senza pretese né di troppa politica né di analisi storica ma pura fenomenologica captatio di un evento sismico-generazionale del potere italiano, una foto scattata su Matteo Renzi al momento dell’ascesa, e cronaca di un renzismo in corso d’opera, quando il fenomeno si profilò nel febbraio 2014, allorché con balzo prodigioso dalla poltrona fiorentina di Palazzo Vecchio il sindaco divenne premier, a un anno dopo, in mezzo a una tempesta mediatica di odi e amori, consensi di massa e feroci dissensi di parte, nel gorgo di una crisi economico-occupazionale, irrisolta ma anestetizzata da iniezioni d’ottimismo metodico in cui il terapeuta eccelle, all’attimo del suo capolavoro politico, l’elezione del Presidente della Repubblica Sergio Mattarella, di cui il Matteo da Rignano è stato l’astuto e lucido king maker, intestandosi anche il Colle fra le benemeritenze di precoce statista. Se solo Gadda lo avesse conosciuto, questo rampollo machiavello dell’antica Florentia, forse avrebbe scritto che lautamente i suoi diti sapevano come pochi altri diti arraffare potere in ogni landa della un tempo fertile contrada d’Ausonia. Nel frattempo sono usciti altri saggi (David Allegranti, Davide Vecchi, Giuliano Ferrara), ma questo libretto, dopo la prima edizione andata esaurita, conserva l’aura di giovinezza, il focus prima dei quarant’anni, al principio del bing bang. Renzi o il sogno capovolto della gerontocrazia italiana.

bicentenario man streaming ita: Manuale di risveglio Pietrangeli Andrea, 2013-06-24 Il presente libro è una raccolta di esperienze dirette, non vuol sostituire nessun medicinale, nessun dogma, nessun ruolo. Solo offrire spunti di sperimentazione diretta, l’unica che ci permetta una reale crescita interiore: andare di persona dentro il conoscere, senza pregiudizi. Negli ultimi anni si è diffuso sempre più il concetto di risveglio. Come possiamo definirlo? Il Risveglio è l’esperienza cosciente che l’uomo fa di sé stesso come entità divina. Un manuale da consultare a più riprese, il risultato di un’osservazione. Di un cammino. Di un’evoluzione personale. Le parole che più spesso leggerete saranno Sperimentazione e Evoluzione: si sperimenta sempre, ogni giorno, in maniera consapevole o inconsapevole, ed è proprio questo il processo che determina la nostra crescita.
