brutal obsession book characters: *Character* Marjorie Garber, 2020-07-14 “In her wide-ranging cultural history of the term [‘character’], Garber has unearthed fascinating material and is a convivial, stimulating critic.” —Michael Saler, *The Times Literary Supplement* Since at least Aristotle’s time, philosophers, theologians, artists, and scientists have pondered the enigma of human character. Whether defined as a moral idea, a literary persona, or a scientifically observable type, character has become omnipresent in discussions of politics, ethics, gender, morality, and the psyche. In this “magisterial book,” Marjorie Garber examines the evolution and influence of this pervasive concept. Is there a connection between “character” in the moral sense and the “character” of a novel or a play? Can character be “formed” or taught in schools, in scouting, in the home? From Plutarch to John Stuart Mill, from Shakespeare to Darwin, from Theophrastus to Freud, from nineteenth-century phrenology to twenty-first-century brain scans, the search for the sources and components of human character still preoccupies us. With her distinctive verve, humor, and erudition, Marjorie Garber explores the stakes of these conflations, confusions, and heritages, from ancient Greece to the present day.

brutal obsession book characters: *Deafening Modernism* Rebecca Sanchez, 2015-10-02 *Deafening Modernism* tells the story of modernism from the perspective of Deaf critical insight. Working to develop a critical Deaf theory independent of identity-based discourse, Rebecca Sanchez excavates the intersections between Deaf and modernist studies. She traces the ways that Deaf culture, history, linguistics, and literature provide a vital and largely untapped resource for understanding the history of American language politics and the impact that history has had on modernist aesthetic production. Discussing Deaf and disability studies in these unexpected contexts highlights the contributions the field can make to broader discussions of the intersections between images, bodies, and text. Drawing on a range of methodological approaches, including literary analysis and history, linguistics, ethics, and queer, cultural, and film studies, Sanchez sheds new light on texts by T.S. Eliot, Ezra Pound, Gertrude Stein, William Carlos Williams, Charlie Chaplin, and many others. By approaching modernism through the perspective of Deaf and disability studies, *Deafening Modernism* reconceptualizes deafness as a critical modality enabling us to freshly engage topics we thought we knew.

brutal obsession book characters: *Monomania* Marina Van Zuylen, 2018-05-31 This book is about the obsessive strategies people use to keep the arbitrary out of their lives; it is about the fanaticism and intolerance linked to their ideas of perfection and permanence.... Those readers who

have brushed against the dangers of the *idée fixe*, who have come close to surrendering to something or someone diabolically seductive or coercive, will recognize in these characters their own encounter with a dangerously systematized world.—From the introduction. *Monomania* explores the cultural prominence of the *idée fixe* in Western Europe during the nineteenth and twentieth centuries. Marina van Zuylen revives the term monomania to explore the therapeutic attributes of obsession. She introduces us to artists and collectors, voyeurs and scholars, hypochondriacs and melancholics, whose lives are run by debilitating compulsions that may become powerful weapons against the tyranny of everyday life. In van Zuylen's view, there is a productive tension between disabling fixations and their curative powers; she argues that the *idée fixe* has acted as a corrective for the multiple disorders of modernity. The authors she studies—Charles Baudelaire, Sophie Calle, Elias Canetti, George Eliot, Gustave Flaubert, and Thomas Mann among them—embody or set in motion different manifestations of this monomaniacal imperative. Their protagonists or alter egos live more intensely, more meaningfully, because of the compulsive pressures they set up for themselves. *Monomania* shows that transforming life into art, or at least into the artful, drives out the anxiety of the void and puts in its place something so orderly and meaningful that it can take on the aura of a religion.

brutal obsession book characters: Elizabeth von Arnim Isobel Maddison, 2016-04-29 In the first book-length treatment of Elizabeth von Arnim's fiction, Isobel Maddison examines her work in its historical and intellectual contexts, demonstrating that von Arnim's fine comic writing and complex and compelling narrative style reward close analysis. Organised chronologically and thematically, Maddison's book is informed by unpublished material from the British and Huntington Libraries, including correspondence between von Arnim, her publishers and prominent contemporaries such as H.G. Wells, Bertrand Russell and her cousin Katherine Mansfield -- whose early modernist prose is seen as indebted to von Arnim's earlier literary influence. Maddison's exploration of the novelist's critical reception is situated within recent discussions of the 'middlebrow' and establishes von Arnim as a serious author among her intellectual milieu, countering the misinformed belief that the author of such novels as *Elizabeth and Her German Garden*, *The Caravaners*, *The Pastor's Wife* and *Vera* wrote light-hearted fiction removed from gritty reality. On the contrary, various strands of socialist thought and von Arnim's wider political beliefs

establish her as a significant author of British anti-invasion literature while weighty social issues underpin much of her later writing.
