**california post exam:** *California Police Officer Exam Prep 2019-2020 PELLET-B Test Prep Team, 2019-06-05* The Post Entry-Level Law Enforcement Test Battery, commonly known as PELLET-B, is an aptitude test designed to assess if the candidate has the requisite skills to work effectively as a peace officer within the US state of California. 'Peace officer' is a term used in reference to any person with statutory powers to enforce the law, and this is inclusive of police officers, sheriffs, state troopers, and constables. Scoring highly in the PELLET-B exam is viewed by several agencies as well as academies as indication the person is prepared for a career in law enforcement. Although aspiring peace officers would like to be considered able to build a career in this field, there is also a law - Commission Regulation 1951 - stipulating that every peace officer must be competent in reading and writing to the level necessary for proper performance of the duties of a peace officer, and that level is to be evaluated through an exam that is professionally created. This guide is designed to help students achieve the highest score possible through numerous test questions. A detailed explanation of answers is also provided so that students can learn from any mistakes.
