- Overview of "Chain of Gold"
- Availability of "Chain of Gold" on Amazon
- Formats and Editions Offered
- Customer Reviews and Ratings
- Pricing and Deals on Amazon
- Tips for Purchasing "Chain of Gold" on Amazon

Overview of "Chain of Gold"

"Chain of Gold" is a bestselling novel written by Cassandra Clare, a renowned author in the young adult fantasy genre. It is the first installment in the "The Last Hours" series, set within the expansive Shadowhunter Chronicles universe. The book follows the story of Cordelia Carstairs and her friends as they navigate a world filled with magic, danger, and romance in Edwardian London. Its intricate plot and well-developed characters have garnered significant attention from fans of supernatural fiction and fantasy literature. The novel blends elements of adventure, mystery, and emotional depth, making it a compelling read for a diverse audience.

Availability of "Chain of Gold" on Amazon

Amazon stands out as one of the primary platforms for purchasing "Chain of Gold," offering wide accessibility to readers worldwide. The book is typically available through Amazon's main marketplace as well as through third-party sellers. Availability can vary depending on stock, demand, and edition, but Amazon's vast network ensures that most readers can find a copy without difficulty. Additionally, Amazon often updates its inventory to include newly released editions or promotional bundles related to the book series.

Amazon's Global Reach

One of the key advantages of using Amazon to purchase "Chain of Gold" is its global reach. Customers from different countries can order the book with shipping options tailored to their location. Many Amazon regional sites, such as amazon.com, amazon.co.uk, and amazon.ca, stock the title, making it accessible to a broad international audience. This widespread availability supports both casual readers and collectors interested in acquiring special editions.

Pre-Order and New Releases

For readers eager to obtain new releases or upcoming editions of "Chain of Gold," Amazon often offers pre-order options. This feature allows customers to secure a copy ahead of the official release date, ensuring timely delivery and sometimes exclusive bonuses. Pre-orders are particularly popular during seasonal sales or when new books in "The Last Hours" series are announced.

Formats and Editions Offered

Amazon provides "Chain of Gold" in multiple formats to cater to different reading preferences and needs. Each format offers unique advantages, from physical copies that appeal to collectors to digital versions that allow for convenient reading on the go.

Hardcover and Paperback

Physical copies of "Chain of Gold" are available in both hardcover and paperback editions. Hardcover editions are often favored for their durability and collectible value, featuring high-quality covers and sometimes exclusive artwork or dust jackets. Paperback versions provide a more affordable and portable option for everyday reading.

Kindle Edition

The Kindle edition of "Chain of Gold" offers instant access and portability, allowing readers to enjoy the novel on various devices, including Kindle e-readers, tablets, and smartphones. This format supports features like adjustable font sizes, dictionary lookups, and note-taking, enhancing the reading experience for digital users.

Audiobook Version

For those who prefer listening to books, Amazon's Audible platform offers an audiobook version of "Chain of Gold." Narrated by professional voice actors, the audiobook captures the novel's emotional tone and pacing, providing an immersive experience for listeners. Audible membership benefits such as free credits and discounts can make this an appealing choice.

Customer Reviews and Ratings

Amazon's customer review system plays an important role in shaping potential buyers' decisions regarding "Chain of Gold." The book has received numerous reviews from readers, with ratings reflecting its popularity and reception within the community.

Common Themes in Reviews

Many reviewers praise the book's intricate world-building, compelling character development, and engaging plot twists. Readers often highlight the author's writing style and the emotional depth of the narrative. Constructive feedback typically revolves around pacing or specific plot elements, offering balanced perspectives for prospective readers.

Utilizing Reviews for Informed Purchases

Amazon reviews often include detailed comments, star ratings, and even customer photos or videos, which help users make informed purchasing decisions. Sorting reviews by rating or date can provide insights into recent reader experiences and overall satisfaction with the edition being considered.

Pricing and Deals on Amazon

Pricing for "Chain of Gold" on Amazon varies depending on the format, edition, and seller. Amazon frequently offers competitive prices and deals, especially during promotional events such as Prime Day, Black Friday, or seasonal sales.

Price Range by Format

- **Hardcover:** Generally higher priced due to production costs and collectible value.
- **Paperback:** More affordable and widely available.
- **Kindle Edition:** Often the least expensive, with frequent discounts.
- **Audiobook:** Available through Audible membership or individual purchase, with variable pricing.

Finding Discounts and Coupons

Amazon sometimes features coupons or bundled deals for "Chain of Gold," which can reduce the overall cost. Customers can also benefit from subscription services like Amazon Prime, which may include free shipping or exclusive offers on books. Monitoring price fluctuations and setting up alerts can help buyers secure the best possible deal.

Tips for Purchasing "Chain of Gold" on Amazon

Buying "Chain of Gold" on Amazon can be straightforward, but certain tips can enhance the experience and ensure satisfaction with the purchase.

Verify Edition and Format

Before completing a purchase, it is important to confirm the specific edition and format of "Chain of Gold." This includes checking publication dates, cover images, and product descriptions to avoid receiving an unintended version.

Check Seller Ratings

When buying from third-party sellers on Amazon, reviewing their ratings and customer feedback helps ensure a reliable transaction. High-rated sellers typically provide better service and authentic products.

Utilize Amazon's Wishlist and Alerts

Adding "Chain of Gold" to a wishlist or setting up price alerts through Amazon tools can notify buyers of price drops or restocks, making it easier to purchase at an optimal time.

Additional Resources

1. Chain of Gold by Cassandra Clare

This is the first book in "The Last Hours" series, set in the Shadowhunter universe. It follows Cordelia Carstairs and her friends as they navigate love, danger, and dark secrets in Edwardian London. Fans of fantasy and romance will be captivated by Clare's intricate world-building and engaging characters.

2. Chain of Iron by Cassandra Clare

The sequel to "Chain of Gold," this novel continues the story of the Shadowhunters in London. The characters face new threats and unravel mysteries that test their loyalties and courage. It deepens the complex relationships and expands the magical lore established in the first book.

3. Chain of Thorns by Cassandra Clare

The anticipated third installment in "The Last Hours" trilogy, this book promises to deliver more adventure, intrigue, and emotional twists. Readers will see the culmination of character arcs and the resolution of the tensions built across the series. It's a must-read for those invested in the Shadowhunter saga.

4. The Infernal Devices by Cassandra Clare

This trilogy, set in the same universe, precedes "The Last Hours" and offers the backstory of the

Shadowhunters' Victorian London era. It explores themes of friendship, love, and sacrifice through the eyes of Tessa Gray and her companions. The series sets the foundation for many plot points in "Chain of Gold."

5. *The Mortal Instruments by Cassandra Clare*

A cornerstone of the Shadowhunter Chronicles, this series introduces readers to Clary Fray and the modern-day world of Shadowhunters. It combines urban fantasy with thrilling action and complex relationships. Understanding this series enhances the experience of reading "Chain of Gold."

6. *The Dark Artifices by Cassandra Clare*

Set after "The Mortal Instruments," this trilogy follows Emma Carstairs and Julian Blackthorn. It delves into themes of family, loyalty, and forbidden love within the Shadowhunter world. The narrative is rich with magic and moral dilemmas that complement the events in "The Last Hours."

7. *The Shadowhunter's Codex by Cassandra Clare*

A companion book that serves as an in-universe guide to the Shadowhunter world. It provides detailed information on the lore, creatures, and history that underpin the novels. Fans of "Chain of Gold" will find this an enriching resource to deepen their understanding.

8. *The Bane Chronicles by Cassandra Clare, Maureen Johnson, and Sarah Rees Brennan*

A collection of short stories centered on Magnus Bane, the beloved warlock in the Shadowhunter universe. These tales offer insight into his long and colorful life, complementing events in various series including "The Last Hours." The book is a fun and engaging read for devoted fans.

9. *Lady Midnight by Cassandra Clare*

The first book in "The Dark Artifices" series, it introduces a new generation of Shadowhunters in Los Angeles. The story combines mystery, romance, and fantasy, building on the legacy of previous series. It is essential reading for those interested in the broader Shadowhunter Chronicles connected to "Chain of Gold."

chain of gold amazon: Atlantis in the Amazon Richard Wingate, 2011-05-20 An investigation into the ancient technologically advanced artifacts amassed by Father Carlo Crespi and how they

offer proof of Atlantis in South America • Includes photos and descriptions of the strange machines and beautiful artifacts that once comprised the “Crespi Treasure” • Connects Crespi’s treasures to readings by Edgar Cayce and Annie Besant’s descriptions of Atlantean colonies in Ecuador • Reveals the nuclear war between the Atlanteans and the Aryans and the radioactive evidence left behind in the Bahamas and Pakistan In 1923 an Italian priest, Father Carlo Crespi, came to Ecuador as a missionary. Befriending the indigenous Shuar people, he learned of an ancient treasure they had sworn to protect hidden within a network of underground tunnels. As newly converted Christians, the Shuar wanted to share with their priest these amazing anachronistic artifacts--golden sarcophagi from Egypt, bronze plaques depicting famous scenes from antiquity bearing both Quechua and Phoenician writing, copper wheels and gears as hard as steel, strange machines, and many other inexplicable items. Crespi faithfully maintained the collection until just before his death when the Ecuadorian government purchased it from the church and many of these priceless treasures were lost forever. Providing detailed descriptions and his own photos of the advanced technologies and beautiful art that comprised the “Crespi Treasure,” Richard Wingate reveals that the ancient civilization responsible for these advanced artifacts was Atlantis. Connecting Crespi’s treasures to Edgar Cayce’s descriptions of advanced technology in the distant past and the Atlantean colonies of Ecuador described by Annie Besant, Wingate explores other evidence of Atlantis in South America and the Bahamas, including geographically out-of-place underwater ruins and buried magnetic ore. Investigating ancient records, such as the Mahabharata, he shows how a prehistoric nuclear war between the Atlanteans and the Aryans ultimately resulted in the sinking of Atlantis, and he uncovers the radioactive archaeological evidence left behind. Explaining how our ancient ancestors regretted their nuclear actions and destroyed or buried their advanced technology, entering into a self-imposed Stone Age, he shows how our civilization is headed down the same path and that only through “green” choices can we avoid the same fate as Atlantis.

chain of gold amazon: Exploration of the Valley of the Amazon William Lewis Herndon, Lardner Gibbon, 1854

chain of gold amazon: *BILDUNGSROMAN & THE AMAZON PRINCESS* Melvin Karew, 2012-10-30 A thick white mist hangs over the Eastern Sea, covering all of the ships that are attempting to navigate the grey waters. The pirates sit on the bottom of their sleek ship, huddled amongst their chests of gold, shivering in fear despite the warmth of the night. Humfard the one-eyed hobgoblin jumps lithely up onto the aft castle towards Elkira, who steers the ship. “It’s unnatural, this fog,” he grumbles, “at this time of year it is.” “Aye, Humfard,” responds the pirate woman, “I sense the work of a spell caster. Look, I cannot even see the bottom of the ship from up here.” Through the fog on the forecastle, two pirates stand and look over the side, trying to peer through the deep forbidding wall of whiteness. “Did you hear something?” one of them asks. “It was like a splashing on the water.” “It is just the ship.” “Actually, it was me,” says a feminine voice from the gloom. They jump up, startled, as a soaking wet Mora steps from the ship’s wooden railing onto the top of the forecastle. The water on her cape and hood is evaporating, turning into steam as she moves. “I am looking for a band of travellers who stole the cargo of a ship called the Peregrine.” “How?” stammers one of the pirates. The other draws his falchion and jumps at the cloaked figure. The scythe spins around and the man falls back, his arm severed. The second pirate jumps to the back of the forecastle and yells for help. Mora’s scythe slices across and cuts off his cry in mid-yell. His head falls down from the forecastle amongst his comrades. The second pirate is pulling himself away from Mora, dragging himself with his left hand. She is almost nonchalant in her execution of him, the point of her scythe stabbing down as she investigates the remainder of the forecastle. She walks to the edge of the forecastle and looks into the mist-filled hull of the ship. She can hear the shouts and yells of the pirates and she smiles to herself. She readies her scythe and jumps down from the forecastle, amongst the confused pirates. Humfard stares intently into the mist. “What is happening?” he growls. “I cannot see a thing.” Behind him, Elkira ties the steering in place and

draws her falchion. "We must investigate," she says. "Our dog-brothers need our help." "No," he mutters. "If we go down into the mist, we will be ambushed. We will wait up here and catch them if they come up the ladder." They wait, standing at the top of the ladder that leads from the hull. They can hear the sounds: of cries and shrieks, of muffled movements and the swish of sword and scythe strikes. A head flies out of the mist and crashes against the side of the forecastle, before dropping back into the hull. Two pirates run out of the mist towards the forecastle, screaming in fright. One appears to trip over and his body falls forward. Elkira notices that his legs are severed below the knee. The second pirate jumps up onto the ladder and Humfard reaches down a hand to help him up. He grabs the pirate by the hand and pulls him upwards, dragging him towards the top. The pirate shrieks in pain and Humfard grunts, unable to drag any further. Then the pirate is free and Humfard falls backwards; the body of the pirate falls onto him. Elkira gasps in fright; there is a huge hole in the pirate's back. Elkira turns back to the ladder and looks into the depths of the fog, her falchion ready. Humfard pushes the body from him and staggers to his feet. Humfard backs away from the edge with fear in his eyes. He hears a creaking sound behind him, like a door opening, and he turns around slowly. Mora is standing behind him, next to the trapdoor that leads from the cabin below, inside the aft castle. There are cuts on her cloak and blood splattered over it. Elkira notices that, although most of the blood is red, some of appears to be white and actually burns the cloak where it drips onto

chain of gold amazon: Amazon River Paths Brook Clearwater, AI, 2025-02-13 Amazon River Paths embarks on a journey through the world's largest river system, highlighting its crucial role as a climate regulator and biodiversity hotspot. This exploration synthesizes botanical expeditions and geographical surveys to reveal the intricate relationship between the Amazon's dynamic geomorphology, its astonishing plant life, and the escalating impact of human activities, such as deforestation and mining, on its fragile environment. Interestingly, the book traces the river's geological evolution from a transcontinental seaway, illustrating the immense changes it has undergone over millennia. The book adopts an interdisciplinary approach, integrating geography, botany, ecology, and environmental science to foster a nuanced understanding of the Amazon ecosystem. It unfolds in three major sections, initially introducing the Amazon's geographical context, then delving into its botanical wealth, and culminating in an analysis of human-driven challenges. Ultimately, the book proposes strategies for sustainable management, emphasizing that a holistic understanding of the Amazon's physical and biological processes is crucial for effective conservation and environmental stewardship.

chain of gold amazon: Climate Change and Biodiversity Governance in the Amazon Joana Castro Pereira, Eduardo Viola, 2021-07-08 This book provides an analysis of the recent governance of the Amazon in Brazil, Peru, Bolivia and Colombia with a particular focus on deforestation processes, demonstrating that current policies and political and socioeconomic dynamics in the four countries are risking the forest's resilience. The authors examine and compare Amazonian politics and policies under different administrations, concentrating on the main actors, policies and dynamics that have affected the region, as well as on the institutional and political environment in which deforestation processes were embedded in different periods. Essentially, the book makes an analytical contribution towards a better understanding of the political, economic and social challenges confronting conservation policy in the Amazonian countries. Climate Change and Biodiversity Governance in the Amazon: At the Edge of Ecological Collapse? is essential reading for students and researchers in the fields of environmental studies and sustainability, Latin American studies, political science and international relations, as well as for policymakers and practitioners working in conservation and development.

chain of gold amazon: Overland Monthly , 1920

chain of gold amazon: Fish and Fisheries in the Brazilian Amazon Renato A.M. Silvano, 2020-11-21 This book provides comparative data on fish ecology and small-scale fisheries between Tapajos (clear water) and Negro (black water) rivers, in the Brazilian Amazon. These rivers are less studied than white water rivers and few books on Amazon fishes have addressed more than one river

basin. These data can serve as a baseline to check future changes or impacts in these rivers, which can be affected by development projects, such as highways, deforestation, mining and dams. Besides information on fish biology, the book also discusses fish uses, fisheries and its importance for riverine people, comparing these data for each fish species between sites located inside and outside conservation units. The book is an outcome of the research project 'Linking sustainability of small-scale fisheries, fishers' knowledge, conservation and co-management of biodiversity in large rivers of the Brazilian Amazon', which was coordinated by the editor of this volume and funded by United States Agency for International Development (USAID) and National Academies of Science, Engineering and Medicine (NAS).

chain of gold amazon: I Escaped Amazon River Pirates Scott Peters, Ellie Crowe, 2020-02-09 From multi-award winning Ellie Crowe and Scott Peters comes a harrowing escape based on true tales of recent Amazon River pirate attacks. When river pirates attack their ferry in the middle of the night, Nick and his family escape on a surfboard. But the Amazon River's wild currents separate Nick and his stepsister from their parents. One minute they're together, the next, Nick and Maddie are lost and alone in a deadly rainforest filled with piranha, jaguars, caimans, and giant anaconda. Worse, they've got angry pirates on their tail and a box of stolen gold. 15-year-old Nick is responsible for 8-year-old Maddie—but it's not easy when his stepsister acts like she hates his guts! Can they find a way to get along and survive in the deadly jungle? Can these brave but frightened kids escape disaster? 100% kid-tested, no-boring-parts guaranteed! This is the 4th children's book in the I Escaped Series about brave boys and girls who face real-world challenges and find ways to escape disaster. Sure to appeal to fans of New York Times Bestseller Lauren Tarshis's I Survived Series and Treasure Island by Robert Louis Stevenson. A study guide is available at <https://tinyurl.com/escaped-pirates> Features a special section on pirates and piracy on the Amazon River including fascinating facts about illegal gold mining, deforestation, clearcutting in Brazil, Peru, and the whole South American region. A story of sibling rivalry, values, and courage that's packed with adrenaline-charged, nonstop action adventure.

chain of gold amazon: Walking the Amazon Ed Stafford, 2012-08-28 As seen on Discovery Channel and for readers of Cheryl Strayed's *Wild*, Bill Bryson, Jon Krakauer, and David Grann, a riveting, adventurous account of one man's history-making journey along the entire length of the Amazon—and through the most bio-diverse habitat on Earth. Fans of *Turn Right at Machu Picchu* will revel in Ed Stafford's extraordinary prose and lush descriptions. In April 2008, Ed Stafford set off to become the first man ever to walk the entire length of the Amazon. He started on the Pacific coast of Peru, crossed the Andes Mountain range to find the official source of the river. His journey lead on through parts of Colombia and right across Brazil; all while outwitting dangerous animals, machete wielding indigenous people as well as negotiating injuries, weather and his own fears and doubts. Yet, Stafford was undeterred. On his grueling 860-day, 4,000-plus mile journey, Stafford witnessed the devastation of deforestation firsthand, the pressure on tribes due to loss of habitats as well as nature in its true raw form. Jaw-dropping from start to finish, *Walking the Amazon* is the unforgettable and gripping story of an unprecedented adventure. *Walking the Amazon* is also available in a Spanish edition entitled *Caminado El Amazonas*.
