famous letters of world leaders: *The Reluctant Spy* John Kiriakou, 2010-03-16 Long before the waterboarding controversy exploded in the media, one CIA agent had already gone public. In a groundbreaking 2007 interview with ABC News, John Kiriakou called waterboarding torture—but admitted that it probably worked. This book, at once a confessional, an adventure story, and a chronicle of Kiriakou's life in the CIA, stands as an important, eloquent piece of testimony from a committed American patriot. In February 2002 Kiriakou was the head of counterterrorism in Pakistan. Under his command, in a spectacular raid coordinated with Pakistani agents and the CIA's best intelligence analyst, Kiriakou's field officers took down the infamous terrorist Abu Zubaydah. For days, Kiriakou became the wounded terrorist's personal "bodyguard." In circumstances stranger than fiction, as al-Qaeda agents scoured the streets for their captured leader, the best trauma surgeon in America was flown to Pakistan to make sure that Zubaydah did not die. In *The Reluctant Spy*, Kiriakou takes us into the fight against an enemy fueled by fanaticism. He chillingly describes what it was like inside the CIA headquarters on the morning of 9/11, the agency leaders who stepped up and those who protected their careers. And in what may be the book's most shocking revelation, he describes how the White House made plans to invade Iraq a full year before the CIA knew about it—or could attempt to stop it. Chronicling both mind-boggling mistakes and heroic acts of individual courage, *The Reluctant Spy* is essential reading for anyone who wishes to understand the inner workings of the U.S. intelligence apparatus, the truth behind the torture debate, and the incredible dedication of ordinary men and women doing one of the most extraordinary jobs on earth.

famous letters of world leaders: *Selected Letters* Nicholas Hagger, 2021-10-29 Nicholas

Hagger's literary, philosophical, historical and political writings are innovatory. He has set out a new approach to literature that combines Romantic and Classical outlooks in a substantial literary oeuvre of 2,000 poems including over 300 classical odes, two poetic epics, five verse plays, three masques, two travelogues and 1,200 stories. He has created a new philosophy of Universalism that focuses on the unity of the universe and humankind and the interconnectedness of all disciplines, and challenges modern philosophy. He has presented an original historical view of the rise and fall of civilisations, and proposed - and detailed - a limited democratic World State with the power to abolish war and solve all the world's problems. *Selected Letters* draws together those of his letters (written over 60 years) that aid the interpretation and elucidation of his works. Many of his correspondents are well-known figures within literature, philosophy, history and international politics, and Hagger is in the footsteps of Alexander Pope in editing his own letters, which are in the tradition of Pope, Wordsworth, Keats, T.E. Lawrence, Ezra Pound and Ted Hughes (one of his correspondents). They throw light on all aspects of Hagger's vast output, and are required reading for all interested in following the growth of his Universalism, his literary development and his innovatory approach to universal truth. NICHOLAS HAGGER is a poet, man of letters, cultural historian and philosopher. He has lectured at universities in Iraq, Libya and Japan, where he was a Professor of English Literature. He has written 54 books. These include an immense literary offering, most recently *King Charles the Wise and Visions of England* (both also published by O-Books), and innovatory works within history, philosophy and international politics and statecraft. famous letters of world leaders: The China Clipper, Pan American Airways and Popular Culture Larry Weirather, 2006-11-13 The Pan American clipper ships of the 1930s and 1940s were technological marvels of their time. The years before World War II found the United States faced with international challenges of an economic as well as a military nature. Aided by government regulations and contracts, the Pan Am clippers were, for a time, the only international craft to carry the U.S. flag. Commercially, they rivaled the comfort and popularity of passenger trains and luxurious cruise ships. Militarily, they were unmatched by anything the Germans, Russians, Italians or French could produce. The only long-range aircraft capable of carrying transoceanic payloads, clippers became instantly valuable with the onset of the war. Marketed as the ultimate in commercial—or military—airfare, these flying boats became as much an American icon as the Pan Am logo itself. From the movie screen to the bookshelf, this volume examines the multitude of ways in which the values inherent in Pan American Airways' clipper ships played out in popular culture. The book discusses the strategies Pan Am used to represent the clipper as a paragon of U.S. interests, values and beliefs. Mirroring the moods of the times, the clipper became a consistent American icon, being associated with the Statue of Liberty and the American eagle. The main focus of the work is the variety of ways in which this iconographic status manifested itself through toys, movies, pulp fiction, comic books and music. Clipper influence is also examined in other unlikely places such as the name of an available car color, car models, restaurant menus and lounge names. An appendix explains different models of the clipper flying boats.

famous letters of world leaders: Letters to a Birmingham Jail Bryan Loritts, 2014-03-26

More than fifty years ago, Dr. Martin Luther King, Jr. wrote his Letter from a Birmingham Jail. Much has transpired in the half-century since, and progress has been made in the issues that were close to Dr. King's heart. Thankfully, the burning crosses, biting police dogs, and angry mobs of that day are long gone. But in their place, passivity has emerged. A passivity that must be addressed. That's the aim of Letters to a Birmingham Jail. A collection of essays written by men of various ethnicities and ages, this book encourages us to pursue Christ exalting diversity. Each contribution recognizes that only the cross and empty tomb of Christ can bring true unity, and each notes that the gospel demands justice in all its forms. This was a truth that Dr. King fought and gave his life for, and this is a truth that these modern day drum majors for justice continue to beat.
