

gaige grosskreutz kenosha

gaige grosskreutz kenosha is a name that became widely recognized following the events that unfolded in Kenosha, Wisconsin, in August 2020. Grosskreutz was one of the individuals involved in the highly publicized protests and confrontations after the police shooting of Jacob Blake. This article provides a detailed examination of Gaige Grosskreutz's background, his involvement in the Kenosha unrest, and the legal and social ramifications that followed. It also explores the broader context of the Kenosha protests, the national response, and the ongoing discussions about justice and civil rights in America. Understanding the role of Gaige Grosskreutz in Kenosha is critical for comprehending the complexities of the incident and its impact on American society. The following sections will delve into the key aspects surrounding Gaige Grosskreutz and the Kenosha events.

- Background of Gaige Grosskreutz
- The Kenosha Incident and Protests
- Legal Proceedings Involving Gaige Grosskreutz
- Media Coverage and Public Perception
- Impact on Community and National Discourse

Background of Gaige Grosskreutz

Gaige Grosskreutz is a resident of Kenosha, Wisconsin, who gained national attention during the civil unrest in the city in 2020. Prior to the events that brought him into the public eye, Grosskreutz was known locally as an active community member. His involvement in the protests was marked by his presence at the demonstrations following the police shooting of Jacob Blake, an African American man who was shot multiple times by a police officer, an incident that sparked widespread outrage and protests across the country.

Personal and Professional Life

Gaige Grosskreutz worked as an EMT and had a history of involvement in local activism. His background as a first responder gave him a unique perspective on emergency situations and community safety. His participation in the Kenosha protests was partly motivated by his desire to assist injured individuals, although this role became complicated by the violent confrontations that occurred during the unrest.

Prior Activism and Community Involvement

Before the Kenosha incident, Gaige Grosskreutz was involved in various community efforts aimed at social justice and public health. His engagement in activism was reflective of a broader movement within Kenosha and other cities advocating for police reform and racial equality. This history contextualizes his presence at the protests and his actions during the events.

The Kenosha Incident and Protests

The city of Kenosha became a focal point of national attention after the police shooting of Jacob Blake on August 23, 2020. This event triggered a series of protests that quickly escalated into violence and civil unrest. Gaige Grosskreutz was present during these protests, and he was notably involved in a confrontation that resulted in him being shot.

Overview of the Jacob Blake Shooting

Jacob Blake was shot seven times in the back by a Kenosha police officer during an attempted arrest. The shooting was captured on video and widely disseminated, sparking outrage and calls for accountability. The incident intensified already high tensions related to police violence and systemic racism across the United States.

Gaige Grosskreutz's Role During the Protests

During the protests, Gaige Grosskreutz was documented carrying a firearm and attempting to assist injured individuals at the scene. His actions placed him at the center of a violent encounter with Kyle Rittenhouse, a teenager who was armed and claimed to be protecting property. Grosskreutz was shot in the arm during this confrontation, which led to a high-profile legal case.

- Grosskreutz was armed with a handgun at the time of the shooting.
- He was attempting to provide medical aid to others who were injured.
- The confrontation involved multiple parties and resulted in injuries and fatalities.

Legal Proceedings Involving Gaige Grosskreutz

The aftermath of the Kenosha unrest included complex legal battles, particularly surrounding the shooting involving Gaige Grosskreutz and Kyle Rittenhouse. The case drew significant media attention and became a subject of national debate regarding self-defense laws, gun rights, and protester conduct.

Details of the Shooting and Charges

Gaige Grosskreutz was shot by Kyle Rittenhouse on the night of August 25, 2020. Rittenhouse faced multiple charges including homicide and attempted homicide. Grosskreutz survived his injuries and later testified in court, providing critical testimony about the events leading up to the shooting.

Testimony and Court Proceedings

Grosskreutz's testimony was a pivotal element in the trial of Kyle Rittenhouse. He described the circumstances in which he was shot, emphasizing that he was not the initial aggressor. The trial explored issues such as the legality of carrying firearms during protests and the justification of self-defense claims. The legal proceedings highlighted the contentious nature of the incident and its implications for law enforcement and protest rights.

Media Coverage and Public Perception

The involvement of Gaige Grosskreutz in the Kenosha incident was extensively covered by national and international media outlets. The portrayal of Grosskreutz, the protests, and the subsequent trial influenced public opinion and fueled discussions about media bias, misinformation, and the polarization of American society.

Media Narratives and Reporting

Different media organizations presented varying narratives about Gaige Grosskreutz and the events in Kenosha. Some outlets focused on his role as a protester and victim of violence, while others highlighted his possession of a firearm and questioned his intentions. This divergence contributed to a broader debate on how media frames such incidents and the impact on public perception.

Public Reactions and Social Media Impact

Social media played a significant role in shaping the discourse around Gaige

Grosskreutz and the Kenosha protests. Viral videos, posts, and commentary amplified both support and criticism, reflecting deep societal divisions. The incident became emblematic of the challenges in addressing complex issues of justice, policing, and civil unrest in the digital age.

Impact on Community and National Discourse

The events involving Gaige Grosskreutz in Kenosha had lasting effects on the local community and contributed to the national conversation on civil rights, policing, and protest movements. The incident underscored the tensions between public safety, individual rights, and social justice advocacy.

Community Healing and Response

Kenosha faced significant challenges in recovering from the unrest and addressing the underlying issues that fueled the protests. Community leaders, activists, and residents engaged in efforts to promote dialogue, reconciliation, and reforms aimed at preventing future violence and fostering trust between law enforcement and citizens.

Broader Implications for Policy and Society

The Kenosha incident, including the involvement of Gaige Grosskreutz, influenced discussions on several policy fronts:

- Police reform and accountability measures
- Gun control and open carry laws
- Protest rights and public safety protocols
- Racial justice and systemic inequality

These debates continue to shape legislative and societal approaches to similar events nationwide.

Frequently Asked Questions

Who is Gaige Grosskreutz in relation to the Kenosha incident?

Gaige Grosskreutz is a man who was shot during the 2020 Kenosha unrest following the police shooting of Jacob Blake. He was present at the protests

and was shot by Kyle Rittenhouse.

What happened to Gaige Grosskreutz during the Kenosha protests?

gaige grosskreutz kenosha: Winning the Second Civil War Jim Hanson, 2021-05-16 The Left and its shock troops are destructive forces to our Republic. The extremists on the Left share common cause with the current path of the Democrats in a belief that America is a force for evil that must be destroyed and remade in a woke image. The extremists on the Right have elements of anti-government ideology and some do want to destroy the current systems. But they are out of step with the vast majority of conservatives who simply want to reassert the values that have always worked for this country. Winning the Second Civil War provides a path to victory to build new political institutions for a stronger Right.

gaige grosskreutz kenosha: *The Anti-Communist Manifesto* Jesse Kelly, 2025-02-11 From popular radio host and social media star Jesse Kelly comes a powerful rallying cry for Americans to recognize the roots of the dangerous communist mentality encroaching on our country today, with Kelly's trademark combination of bombast, intelligence, and humor--

gaige grosskreutz kenosha: Kangaroo Court Don Brown, 2024-11-06 Kangaroo Court: How Dirty Prosecutors and Sleazy Lawyers Destroy Political Opponents, Attack Free Speech, and Subvert the Constitution unveils the dangerous and growing trend of political prosecution in America. From Alvin Bragg to Jack Smith, from Fani Willis to Letitia James, to Kim Gardner, author Don Brown exposes how rogue prosecutors in politically charged jurisdictions have weaponized the legal system to punish dissent, silence opposition, and erode constitutional rights. In a time when the American judicial system is under siege by leftists and a weaponized Department of Justice, Kangaroo Court dives into over twenty politically motivated cases, from the exonerations of Tom DeLay, Bob McDonnell, and Rick Perry to the wrongful imprisonment of Trump supporters, including Steve Bannon and Peter Navarro. These cases underscore the need for rogue prosecutor laws to prevent further abuse of power and protect the integrity of our republic. As the 2024 presidential election looms, the political prosecutions of Donald Trump across four jurisdictions are not just a threat to one man—they are an attack on the United States Constitution and freedom of speech. It's time to hold corrupt prosecutors accountable and restore justice to our judicial system. It's time to prosecute the prosecutors.

gaige grosskreutz kenosha: Historic Documents of 2021 Heather Kerrigan, River Horse Communications, LLC, 2022-10-19 The Historic Documents of 2021 makes primary source research easy by presenting excerpts from documents on the important events of the United States and the World. The Historic Documents of 2021 pairs 60 to 70 original background narratives with well over 100 documents to chronicle the major events of the year, from official reports and surveys to speeches from leaders and opinion makers, to court cases, legislation, testimony, and much more. Historic Documents is renowned for the well-written and informative background, history, and context it provides for each document. Organized chronologically, it covers the same wide range of topics: business, the economy and labor; energy, environment, science, technology, and transportation; government and politics; health and social services; international affairs; national security and terrorism; and rights and justice.

gaige grosskreutz kenosha: A City on the Edge Dennis R. McBride, 2025-09-30 Some years change the course of history. 2020 was one of those years. As a pandemic, lockdowns, and an economic downturn convulsed America, police shootings of George Floyd and other African Americans touched off the largest protest movement in U.S. history. At the same time, mass shootings soared; many states saw unprecedented increases in gun-related incidents. Churning in the background were a bitter presidential election campaign and counterprotests opposing public health measures and the election result itself. Mayors of cities big and small struggled with some of these challenges, but Dennis McBride, the new mayor of a mid-sized, mostly-White suburb bordered by the majority-minority City of Milwaukee—called the heartland of the heartland—faced them all. His city, a microcosm of a troubled America, teetered on the verge of anarchy while playing a crucial role in the presidential election. A City on the Edge is the gripping story of how he and other mayors have steered America's hometowns through a storm of personal and political divisions. Though the

chaos of 2020 has gradually subsided, it is still reverberating in the nation's economy, politics, and psyche. The changes sparked by the events of that historic year continue to vex mayors and their communities. Americans and their leaders are searching for a new equilibrium. That balance will be found first in our hometowns. *A City on the Edge* offers a path forward.

gaige grosskreutz kenosha: *Called Beyond Our Selves* Erin VanLaningham, 2024 Higher education today faces challenges from all sides, but college can provide young people with an opportunity to explore what it means to live a meaningful life. Increasingly, undergraduate education encourages students to reflect on their many callings in life, but this does not need to be a purely individual pursuit. This volume provides an argument for helping students to think about the interconnectedness of individual and communal life as they reflect on their various vocations.

gaige grosskreutz kenosha: *Read Me, Liberals!* Stacey Smith, 2023-08-11 *Read Me, Liberals* is an attempt to awaken a certain class of people that are morally at risk. The modern United States political system is dominated by a two-party system, Democrats and Republicans. Either party is perfect nor will the ever be perfect, but the Democratic party has gone so far left it is a threat to the freedom and safety of American citizens. The modern Democratic party and their allies want to dramatically alter the United States to their fascist ideology. They want total control of you and I by any means necessary. They want to control how you think and what you can say. Most importantly they want you to be submissive to a complete totalitarian government control. This book exposes all the hypocrisy, corruption, and moral insanity that comes from the left. Most importantly it exposes the two-tiered justice system, one for Democrats and one for the rest of us. This book is meant to target liberals, democrats, and independents but will help educate conservatives and Republicans as well. I challenge anyone that loves the United States to read this and help save this country while we still can. Liberals will continue to push their one-world order agenda until they get what they want. The United States is more politically divided than any other time in history and we need to come together somehow.

gaige grosskreutz kenosha: *Political Disagreement, Violence and Nonviolence* Greg McCreery, 2023-07-10 *Violence and Nonviolence* descriptively analyzes numerous examples of theorists' definitions and characterizations of varying types of violence, arguing that a commonsense view of violence and nonviolence is based on paradigm cases that most people generally agree consider as kinds of violence and nonviolence. Beyond these cases, however, McCreery argues that collectives of individuals form into politicized groups that share visions of these types of violence and nonviolence, particularly in terms of what they believe to be legitimate kinds of violence and nonviolence in contrast to illegitimate kinds. An understanding of violence and nonviolence requires a perspectival, relational approach that situates the vulnerable human body as primary. Furthermore, if nonviolence is to succeed as an effective political strategy, then it must work as a kind of violence, at least from the perspective of the adversary.

gaige grosskreutz kenosha: *The Unprotected Class* Jeremy Carl, 2024-04-23 Anti-white racism, undisguised and unembarrassed, is now official policy in America. One class of citizens—whites—is openly discriminated against in every sphere of public and private life. *The Unprotected Class* is a comprehensive explanation of how we got here and what we must do to correct a manifest—and dangerous—injustice. Launched with an appeal to justice for all, the civil rights movement went off the rails even as it achieved its original goals. Soon its excesses and failures were exploited to justify discrimination against whites in business, education, law, entertainment, and even the church. With the death of George Floyd and the shedding of all pretense of racial justice, vindictiveness, resentment, and hatred were unleashed in America.

gaige grosskreutz kenosha: *Policing White Supremacy* Mike German, Beth Zasloff, 2025-01-07 A former FBI agent's urgent call for law enforcement to prioritize far-right violence and end tolerance for police racism In *Policing White Supremacy*, former FBI agent Mike German, who worked undercover in white supremacist and militia groups, issues a wake-up call about law enforcement's dangerously lax approach to far-right violence. Despite over a hundred deadly acts by far-right militants since the 2017 Unite the Right rally in Charlottesville, and the far right's attempts

to obstruct transfer of power to a duly elected president on January 6, the FBI continues to deprioritize investigations into white supremacist violence, instead targeting marginalized groups such as environmentalists and Black Lives Matter. In 2005, for example, the FBI labeled eco-terrorists as the top domestic threat, despite not a single fatal attack in the United States. Noting that the FBI does not even compile accurate national data on white supremacist violence, German also exposes the continuing tolerance of overt racism in law enforcement, and police membership in white supremacist organizations. The threat these officers pose became clear when at least twenty-eight current and former law enforcement officials were alleged to have participated in the 2021 Capitol breach. With chapters on "The Rise of the Proud Boys," "A New Approach to Policing Hate Crimes," and "Policing the Police," *Policing White Supremacy* shows how the lack of transparency and accountability in federal, state, and local law enforcement has eroded public trust and undermined democracy. "Law Enforcement's Role in Resisting White Supremacy" points the way forward to a future where far-right violence is recognized and addressed as the true threat it presents to our country.

gaige grosskreutz kenosha: *The Crime Without a Name* Barrett Holmes Pitner, 2021-10-12 In this incisive blend of personal narrative and philosophical inquiry, journalist and activist Barrett Holmes Pitner seeks a new way to talk about racism in America. Can new language reshape our understanding of the past and expand the possibilities of the future? *The Crime Without a Name* follows Pitner's journey to identify and remedy the linguistic void in how we discuss race and culture in the United States. Ethnocide, first coined in 1944 by Jewish exile Raphael Lemkin (who also coined the term genocide), describes the systemic erasure of a people's ancestral culture. For Black Americans, who have endured this atrocity for generations, this erasure dates back to the transatlantic slave trade and reached new resonance in a post-Trump world. Just as the concept of genocide radically reshaped our perception of human rights in the twentieth century, reframing discussions about race and culture in terms of ethnocide can change the way we understand our diverse and rapidly evolving racial and political climate in a time of increased visibility around police brutality and systemic racism. *The Crime Without a Name* traces the historical origins of ethnocide in the United States, examines the personal, lived consequences of existing within an ongoing erasure, and offers ways for readers to combat and overcome our country's ethnocidal foundation.

gaige grosskreutz kenosha: *Against the Corporate Media* Michael Walsh, 2024-09-10 The citizens of Western democracies have been relentlessly propagandized, lied to, and fed a steady diet of distortions and untruths by their media for decades. Editor Michael Walsh brings together a stellar collection of critical thinkers and writers to explain how and why this is happening, its negative effects on our democracies, and what we can do to reverse it. An informed electorate is a prerequisite for free and fair elections. But rather than striving for accuracy and objectivity, today's journalists openly celebrate the death of objectivity, arguing that they have a "higher duty" to reject the conservatism, police speech, and suppress news that contradicts the liberal narrative. Now, on the heels of his magisterial volume *Against the Great Reset*, editor Michael Walsh presents *Against the Corporate Media*, a collection of more than forty essays on the decline and fall of the American and international news media. The book's list of distinguished contributors includes Lance Morrow, Andrew Klavan, John O'Sullivan, Elizabeth Nickson, Monica Crowley, Charlie Kirk, Glenn Reynolds, Steven F. Hayward, John Fund, Armond White, Michael Ramirez, Walsh, and others. Readers around the world deserve to know how badly their media has been corrupted, how eagerly they have embraced the role of official propagandists, and what a threat to democracy they have become. This book marks an important strike against the corporate media, and its unholy alliance with the enemies of freedom everywhere.

gaige grosskreutz kenosha: *Bulletproof Fashion* Barbara Sutton, 2023-05-23 In the context of gun proliferation and persistent gun violence in the United States, a controversial security strategy has gained public attention: bulletproof fashion. This book examines concerns about security focusing on armored clothing and accessories for civilians. Available for children and adults, such ballistic products include colorful backpacks, elegant suits, sports jackets, feminine dresses,

trendy vests, and medical lab coats. These products are paradigmatic of a fashion of fear—the practice of outfitting the body with apparel aimed at maximizing personal security. This fashion encourages the emergence of both a fortress body and an armored society. Sutton also explores the wider social factors influencing the bulletproof fashion phenomenon, including the inequalities associated with neoliberalism and the militarization of civilian life. The book sheds light on the role of emotions in relation to discourses and perceptions of security, and encourages feminist and sociological studies to pay attention to the linkages between security, bodies, and dress. It is ideal for students and scholars interested in security and gun violence, culture and politics, neoliberalism and consumption, and bodies and emotions.

gaige grosskreutz kenosha: The Planndemic Shontavia Brown, 2024-06-06 In God we trust but all the rest have to pay.

gaige grosskreutz kenosha: The Myth of Child Protection Rona Jualla van Oudenhoven, Dawn Walcott-Parris, Steve Woodman, 2022-07-15 The Myth of Child Protection captures the harsh ironic reality of the harm that arises when well-intentioned systems are broken. This book serves as a guide for persons who want to create change for the better in the system. It is an apology to all those children and youth whom the system has failed. At the same time, it is a pledge to do better by those still present and others yet to come. In those instances where intervention did more good than harm, it is a recognition of this good. This journal of collective writing is geared towards jointly generating new knowledge that is fueled by the past, seeks to inform the present and shape the future. Included in this book are the critical voices of advocacy and allyship united in change. It is a unique collection of essays, guides and best practices that would normally stay in quiet quarters as documents circulating within agencies. Instead, it recognizes the good work already being done and the need to use these bodies of work as best practice because they come from within the organizations and in that sense the true experts. This book is dedicated to all children and youth in the child welfare system.

gaige grosskreutz kenosha: Saints and Soldiers Rita Katz, 2022-10-11 Winner, 2022 Nellie Bly Book Award, Chanticleer International Book Awards More than a decade ago, counterterrorism expert Rita Katz began browsing white supremacist and neo-Nazi forums. The hateful rhetoric and constant threats of violence immediately reminded her of the jihadist militants she spent her days monitoring, but law enforcement and policy makers barely paid attention to the Far Right. Now, years of attacks committed by extremists radicalized online—including mass murders at a synagogue in Pittsburgh and mosques in Christchurch, New Zealand, as well as the Capitol siege—have brought home the danger. How has the internet shaped today's threats, and what do the online origins of these movements reveal about how to stop them? In Saints and Soldiers, Katz reveals a new generation of terrorist movements that don't just use the internet, but exist almost entirely on it. She provides a vivid view from the trenches, spanning edgy video game chat groups to what ISIS and Far-Right mass-shooters in El Paso, Orlando and elsewhere unwittingly reveal between the lines of their manifestos. Katz shows how the online cultures of these movements—far more than their ideologies and leaders—create today's terrorists and shape how they commit “real world” violence. From ISIS to QAnon, Saints and Soldiers pinpoints the approaches needed for a new era in which arrests and military campaigns alone cannot stop these never-before-seen threats.

gaige grosskreutz kenosha: Beautiful Solidarity, Symbolic Impacts Eileen O'Brien, 2025-06-15 For activists working for racial justice for decades, the year 2020 stood out from the rest. More people seemed to care about racism than ever before. Due to this unprecedented surge, was anything more accomplished than in prior efforts? Through interviews with uprising participants (a mix of first-time protesters and seasoned veterans; from both large cities and smaller towns), participant observation from three U.S. cities, and secondary data sources on U.S. and global 2020 protest actions, Eileen O'Brien documents what exactly was different about 2020 from a boots-on-the-ground vantage point. Participants in the uprising drew a sense of meaning being part of something larger than themselves and were able to grieve racist violence collectively during a lockdown. They also created beautiful protest art out of plywood made necessary by white

supremacist counter-protesters' destruction of local businesses. They toppled Confederate monuments and felt that sentences like Derek Chauvin's murder conviction or the three killers of Ahmaud Arbery on federal hate crime charges were rare victories only made possible through their activism. Later, many went back to business as usual after 2020, broader societal antiracist changes proved elusive, and backlash was swift. Yet, cross-racial interest convergence occurred for a brief antiracist moment, and "the struggle itself was redemptive."

gaige grosskreutz kenosha: SELF-DEFENSE FOR EVERYDAY PEOPLE Shawn Armstrong, 2025-03-31 Introduction The introduction sets the stage for understanding the importance of self-defense in personal safety. Chapter 1: Understanding Self-Defense This chapter explores the fundamental principles of self-defense, emphasizing the need for awareness and preparedness in potentially dangerous situations. Chapter 2: Situational Awareness Situational awareness is crucial for recognizing threats before they escalate. This chapter discusses techniques to enhance one's awareness of surroundings and potential dangers. Chapter 3: Physical Techniques A comprehensive overview of key physical techniques used in self-defense is provided, including: - Understanding Body Language in Self-Defense: Recognizing non-verbal cues can help anticipate aggressive behavior. - The Role of Strength and Agility in Self-Defense: Physical fitness plays a significant role in effective self-defense strategies. Chapter 4: Self-Defense Tools and Devices This chapter introduces various self-defense tools, highlighting: - Introduction to Self-Defense Tools: An overview of available devices. - The Importance of Self-Defense Classes and Training Devices: Practical training enhances tool effectiveness. - Legal Considerations for Carrying Self-Defense Tools: Understanding laws governing self-defense tools is crucial. - Choosing the Right Tool for You: Guidance on selecting tools that fit individual needs and situations. Chapter 5: De-escalation Techniques De-escalation techniques are vital for resolving conflicts without physical confrontation. Key points include: - Overview of Conflict Resolution: Strategies to defuse tense situations. - The Role of Non-Verbal Communication in De-escalation: Non-verbal cues can significantly impact conflict resolution efforts. Chapter 6: Practicing Self-Defense Effective self-defense requires practice, which includes: - The Process of Learning Self-Defense: Structured learning pathways. - Finding Classes and Resources: Identifying local training opportunities. - Role of Repetition and Drills: Consistent practice solidifies skills. - Creating a Support System: Building a network can enhance learning and motivation. Chapter 7: Real-Life Scenarios and Case Studies Understanding real-life scenarios is essential for practical application. This chapter covers: - The Importance of Understanding Real-Life Self-Defense Situations: Real cases provide valuable insights. - Lessons Learned from Each Case Study: Analyzing outcomes helps refine strategies. - Personal Reflection: Encourages readers to consider their own experiences and responses. Chapter 8: Creating Your Personal Safety Plan Developing a personal safety plan is crucial for proactive self-defense. Topics include: - Why You Need a Personal Safety Plan: Establishing a clear strategy enhances preparedness. - Developing Your Safety Strategy: Tailoring plans to individual circumstances ensures effectiveness.

gaige grosskreutz kenosha: The Episodic Thoughts of Hamp Codis Hampton II, 2021-10-19 All my life, I've been a jack of all trades, master of none, sometimes to my detriment. Always busy involved with a new interest in life. I love the arts, so much so, I never could settle on one aspect. So I never developed as a singer, instrumentalist, commercial artist, cartoonist, comedian, or actor. I also love the world of business, imagining myself as the man in charge. I attribute that to my Leo astrology sign. In self-employment ventures, I had the ideas, skills but lacked the funding. I also found my interest varied as an entrepreneur. I love the service aspect of business, especially helping people grow their talents. Yet, I'm always drawn back to the arts. Those varied experiences, compelling interests, and inherited common sense led me to write the social commentary. Whether it's humorous or severe political commentary, my perspective differs from the norm. I'm fascinated by man's career, social, & political expectations, intrigued at how the ramifications of one's choices affect our everyday lives. And, the actions or inactions of people keep me wondering, what will they do next? I've settled into a philosophical period in my life. This book's second volume reveals my

thoughts and comments on subject matter that interest me in one way or another. I present my ideas for your contemplation, discussion, and enjoyment. In the end, remember where you read them. Peace and make it a day in which Jesus Christ would be proud of you, Codis Hampton II

gaige grosskreutz kenosha: Fiery But Mostly Peaceful Julio Rosas, 2022-05-03 "Fiery, but mostly peaceful protests after police shooting." "It's Not, Generally Speaking, Unruly." "CHOP was an Important Experiment in Democracy." In the summer of 2020, America was under siege by radical ANTIFA actors across the country. But if you were only reading mainstream headlines, you probably have no idea just how bad it really was. As homes and businesses were being burned to the ground and livelihoods were being destroyed, corporate media engaged in a full-scale attempt to gaslight the American people, pushing Orwellian narratives about the violent riots by mislabeling them as peaceful, democratic demonstrations, all seemingly to bolster their biased political views. But one intrepid reporter was on the ground at all the major riots and witnessed what really happened — and is telling the full story for the first time. In his explosive new book, Julio Rosas presents the definitive account of what really happened that summer, exposing the truth behind countless misleading headlines and taking readers inside the shocking and heartbreaking destruction the media refused to cover. Rosas' groundbreaking reporting of the biggest and most destructive riots that gripped the nation in recent memory — including Kenosha, Minneapolis, Portland, Seattle, and more — decisively uproots the prevailing bogus narratives about destructive woke mobs and sheds much-needed light on the truth about what happened. Small businesses and citizens of targeted cities are still sifting through the rubble left behind by rioters while the media continues to turn a blind eye. Rosas' shocking account highlights the ways in which this fallout continues to haunt and devastate communities even to this day. Thrilling, suspenseful, and packed cover-to-cover with jaw-dropping facts and never-before-told eyewitness accounts, *Fiery but Mostly Peaceful* pulls back the curtain and sets the record straight on a series of radical events across the country that, despite the media's attempts to convince Americans otherwise, were anything but peaceful.
