free bible study lessons: Galatians Bible Study Free!!! Kathleen Dalton, 2018-03-27 This 10-lesson Bible Study in Galatians shows us that, as Christians, our own sinful nature plays a little trick on us. Our pride starts us to thinking, Well, yes, I need a Savior...yes, I'm a sinner...but I'd rather not feel like such a loser. I'd rather feel like my Savior loved me because I'm so lovable. I will do better in this area, or in that area...or I will do this extra good deed, or that one....and that will make me better in His eyes...I'll be more worthy to be saved. And in so thinking we slide away from the side of the One Who died so that we could be worthy. We begin to listen to another Gospel - the Gospel of works. We begin to love another savior - the one we've made up in our minds. Paul writes to them from a heart of love - reminding them that they are not slaves to works - they are.....Free!!!

Many Christian women struggle with trusting God because they don't know Him from the intimate perspective of their potter. My Maker & Me helps women grow in understanding God's love and care for them especially when they face difficult seasons or walk through fiery trials. As their trust grows, they will also find security, purpose, and meaning even in the most difficult seasons of life. If they are struggling with who they are and discovering their purpose, they will gain a greater sense of their true identity and purpose, setting them up to embrace God's plan for their life. free bible study lessons: The Case Against Moral Atheism Ken Wheeler, 2014-09-26 What if you decided, today, that God did not exist? Would that change your morality? Would you still turn in an honest tax return? Why? If you are a single mother having a difficult time making ends meet, would you steal from the cash drawer at work to buy food for your baby? Why not? If an adult decided to prey on young children, why would that be morally different than a crocodile feasting on a baby monkey at the watering hole in the jungle? Why has the law of the jungle changed just because the jungle is now Wall Street and the Internet? If humanity evolved from primordial slime pools, who gets to declare that the pedophile is a criminal and the croc is just functioning according to his evolved DNA? Why should a person adopt moral values if he believes a Creator God does not exist? Does the Chaos Theory provide an answer to that question or is it just an attempt by the Atheist to fill in the blank with anything but God while avoiding the obvious and logical challenges produced by the concept of a Godless morality? The Case Against Moral Atheism challenges anyone who does not believe in a moral law-giver above mankind to consider why they should live moral lives if this life is all there is.
