- How to Subscribe and Stay Updated
- Audience and Listener Engagement

Overview of Glenn Beck Radio Show Podcasts

Glenn Beck radio show podcasts are digital recordings of his popular daily radio broadcasts. These podcasts allow listeners to catch up on his commentary anytime and anywhere, offering flexibility beyond traditional live radio. As a prominent conservative commentator and media personality, Beck's podcasts cover a wide range of topics, including politics, history, social issues, and cultural trends. The podcast format makes it easy for audiences to consume his content at their convenience, whether through smartphones, tablets, or desktop computers.

History and Evolution

Glenn Beck began his radio career in the early 2000s, quickly gaining a loyal following due to his unique style and approach. As podcasting grew in popularity, his program adapted by offering full episodes and select clips as podcasts. This transition helped maintain his audience while attracting new listeners who prefer on-demand content. Today, the Glenn Beck radio show podcasts represent a significant segment of his overall media presence.

Format and Structure

The podcasts typically follow the same format as the live radio show, featuring monologues, interviews, and listener interactions. Episodes often include deep dives into current events, historical context, and interviews with experts or newsmakers. The format can vary from solo commentary to panel discussions, providing a dynamic listening experience that appeals to a diverse audience.

Where to Access Glenn Beck Podcasts

Accessing Glenn Beck radio show podcasts is straightforward with multiple platforms offering his content. These platforms ensure that listeners can easily find and enjoy episodes across different devices and operating systems.

Official Platforms

The primary source for Glenn Beck radio show podcasts is his own media network, which hosts full episodes and exclusive content. This platform often provides additional materials such as transcripts and video segments to complement the audio experience.

Popular Podcast Apps

In addition to official sources, Glenn Beck's podcasts are widely available on mainstream podcast apps, making them accessible to millions of users worldwide. Common platforms include:

- Apple Podcasts
- Spotify
- Google Podcasts
- Stitcher
- Amazon Music

Radio Syndication and Streaming Services

Some radio stations that syndicate Glenn Beck's show also offer podcast versions through their websites or apps. Streaming services additionally provide on-demand access, often featuring curated playlists and recommendations for similar content.

Content and Themes Covered

Glenn Beck radio show podcasts encompass a broad spectrum of topics, appealing to listeners interested in politics, history, cultural commentary, and current affairs. The content is regularly updated to reflect the latest news and developments.

Political Commentary

One of the central features of Glenn Beck's podcasts is his political analysis. He provides conservative perspectives on government policies, elections, and international relations, often highlighting constitutional issues and advocating for limited government.

Historical Insights

Beck frequently incorporates historical context into his discussions, drawing parallels between past events and current situations. This unique approach helps listeners gain a deeper understanding of ongoing political and social dynamics.

Cultural and Social Issues

The podcasts also delve into cultural debates, social movements, and community concerns. Topics such as education, religion, and media influence are explored with a critical eye, offering listeners a comprehensive look at contemporary challenges.

Guest Interviews and Special Segments

Regular interviews with experts, authors, and political figures enrich the content of Glenn Beck radio show podcasts. These segments provide diverse viewpoints and expert analysis, enhancing the overall quality and depth of the show.

Benefits of Listening to Glenn Beck Podcasts

There are several advantages to following Glenn Beck radio show podcasts, particularly for those interested in conservative commentary and informed discussions. These benefits contribute to their growing popularity.

Convenience and Accessibility

The podcast format allows listeners to access episodes at any time, making it easier to stay informed despite busy schedules. Mobile compatibility ensures content can be enjoyed during commutes, workouts, or leisure time.

Comprehensive Coverage

Listeners receive in-depth coverage of political and cultural topics that may not be thoroughly addressed by other media outlets. Glenn Beck's detailed analysis offers a distinctive viewpoint that encourages critical thinking.

Community and Engagement

The podcasts foster a sense of community among listeners who share similar values and interests. Interactive elements such as listener feedback and social media engagement enhance the connection between the host and the audience.

How to Subscribe and Stay Updated

Subscribing to Glenn Beck radio show podcasts is essential for staying current with new episodes and special content. The process is simple and can be done through various platforms.

Using Podcast Apps

Most podcast apps feature a subscription option that automatically downloads or notifies users of new episodes. Subscribing ensures that listeners never miss important broadcasts or updates.

Official Website and Newsletters

Signing up for newsletters through Glenn Beck's official website provides direct notifications about new episodes, events, and exclusive content. This method complements podcast subscriptions by delivering curated updates.

Social Media and Additional Channels

Following Glenn Beck's social media accounts offers another avenue to receive announcements and engage with the broader community. These channels often highlight trending topics and behind-the-scenes information related to the radio show podcasts.

Audience and Listener Engagement

The audience for Glenn Beck radio show podcasts consists primarily of individuals interested in conservative viewpoints, political analysis, and cultural discussions. Engagement with the content is robust and diverse.

Demographics and Interests

Listeners tend to be politically active, well-informed, and seeking alternative perspectives to mainstream media. The demographic spans a wide age range but often includes adults who prioritize news and commentary aligned with their values.

Interaction and Feedback

Listener interaction is encouraged through calls, emails, and social media platforms. Feedback often shapes the direction of discussions and topics covered in future episodes, creating a dynamic and responsive show environment.

Community Events and Forums

Beyond the podcasts themselves, the Glenn Beck community participates in events, forums, and online discussions. These platforms provide opportunities for deeper engagement and connection among fans and followers.

Additional Resources

1. *Glenn Beck's Common Sense: The Case Against an Out-of-Control Government, Inspired by Thomas Paine*

This book delves into the principles of limited government and personal responsibility, drawing inspiration from Thomas Paine's revolutionary ideas. Glenn Beck explores the roots of America's founding values and how they apply to contemporary political and social issues. It encourages readers to engage in civic action to preserve freedom and democracy.

2. *Glenn Beck's The Overton Window: Reflections on the Past, Present, and Future of Freedom*

In this thought-provoking book, Beck examines the concept of the Overton Window—the range of policies politically acceptable to the mainstream population. He discusses how shifting societal norms impact government policy and individual liberties. The book serves as a call to awareness and activism to keep the window open for freedom.

3. *Glenn Beck Presents: An Inconvenient Book: Real Solutions to the World's Biggest Problems*

Beck offers a candid and insightful look at some of the most pressing issues facing the world today, from economic challenges to social unrest. Through personal reflections and historical context, he

proposes practical solutions grounded in conservative values. The book aims to inspire readers to think critically and take meaningful action.

4. *Glenn Beck's Agenda: The Republican Plan for the Next Four Years*

This book outlines a strategic vision for the Republican Party, emphasizing key policies and principles that Beck believes will strengthen America. It covers topics such as economic reform, national security, and government accountability. Beck's analysis provides readers with a clear understanding of conservative goals and priorities.

5. *Glenn Beck's Arguing with Idiots: How to Stop Small Minds and Big Government*

In a blend of humor and sharp critique, Beck tackles common arguments used to justify expansive government control. He encourages readers to question conventional wisdom and advocate for individual liberty. The book serves as both a guide and a rallying cry for those frustrated with political correctness and bureaucratic overreach.

6. *Glenn Beck's The Christmas Sweater: A Story of Light in a Dark Time*

A departure from his political works, this heartfelt memoir recounts Beck's personal journey through loss and redemption during the holiday season. The story emphasizes themes of hope, faith, and resilience in difficult times. It offers readers an intimate glimpse into Beck's life and the power of family and tradition.

7. *Glenn Beck's Founding Fathers: A Patriot's Guide to America's Heroes*

Beck pays tribute to the architects of American democracy, highlighting their vision, struggles, and enduring legacy. The book provides historical insights into the founding documents and the principles they enshrine. It encourages readers to reconnect with the spirit of patriotism and civic duty.

8. *Glenn Beck's The Great Reset: Understanding the Global Agenda*

This investigative work explores the concept of the "Great Reset" and its implications for sovereignty, economics, and individual freedoms. Beck analyzes global political movements and economic policies that he believes threaten traditional values. The book serves as a warning and a call to vigilance in preserving national identity.

9. *Glenn Beck's Patriot's Guide to American History*

Designed as an accessible overview of American history from a conservative perspective, this book highlights key events and figures that shaped the nation. Beck presents history as a narrative of courage, sacrifice, and the ongoing quest for liberty. It aims to educate and inspire readers to appreciate and protect America's heritage.

glenn beck radio show podcasts: Podcast Journalism David Dowling, 2024-03-19 Runner-up, 2025 Tankard Book Award, Association for Education in Journalism and Mass Communication

Podcasting's stratospheric rise has inspired a new breed of audio reporting. Offering immersive storytelling for a binge-listening audience as well as reaching previously underserved communities, podcasts have become journalism's most rapidly growing digital genre, buoying a beleaguered news industry. Yet many concerns have been raised about this new medium, such as the potential for disinformation, the influence of sponsors on content, the dominance of a few publishers and platforms, and at-times questionable adherence to journalistic principles. David O. Dowling critically examines how podcasting and its evolving conventions are transforming reporting—and even reshaping journalism's core functions and identity. He considers podcast reporting's most influential achievements as well as its most consequential ethical and journalistic shortcomings, emphasizing the reciprocal influences between podcasting and traditional and digital journalism. Podcasting, both as a medium and a business, has benefited from the blurring of boundaries separating news from entertainment, editorial from advertising, and neutrality from subjectivity. The same qualities and forces that have allowed podcasting to bypass the limitations of traditional categories, expand the space of social and political discourse, and provide openings for marginalized voices have also permitted corporations to extend their reach and far-right firebrands to increase their influence. Equally attentive to the medium's strengths and flaws, this is a vital book for all readers interested in how podcasting has changed journalism.

glenn beck radio show podcasts: ascent Media Literacy, 2017-12-15 The College of St. Scholastica discusses many forms of media and the uniqueness of media. Topics discussed: artificial intelligence, the simulation theory, technological advancements, digital currency, and more. Students studied the history of the media to see how the sharing of ideas were passed along for generations up until today. The papers that make up this book are influenced and written about what was discussed in a Media Literacy topics course.

glenn beck radio show podcasts: Big Podcast – Grow Your Podcast Audience, Build Listener Loyalty, and Get Everybody Talking About Your Show David Hooper, 2019-03-12 Is it worth doing a podcast if nobody listens? You started your podcast because you want to: - Spread an important message - Share your passion - Make money But your podcast hasn't quite taken off like you thought it would. What happened? This book is for podcasters who can't quite figure out what they're doing wrong (and are ready to do things right). You'll learn: - Why your "natural personality" may be repelling to people and how to make it attract listeners to your podcast like a magnet (See p198) - What to do when a company tries to "lowball" you on advertising fees (do nothing, except send them the email on p424) - It's easy to screw up an interview. To be sure you don't run into any problems, use my "guest contract" on p311. - A six-word "trick" (learned from a 20-year radio veteran) that will instantly make you a better host (it's on p210) - 9 reasons to kill an interview before it happens - ignore these "red flags" and you'll be sorry (p299) - What Victoria's Secret models know about podcasting (even though you never hear them talk) - this lesson starts on p208! - Nervous on the mic? You have lots of company - 75% of podcasters to be exact. I give you a 5-step way to cure your "stage fright" on p229. - If you're scared of getting bad reviews, don't worry - I have three simple ways to handle critics on p236 (two of which can turn critics into fans) - Why copying top podcasters may be killing your podcast (I share the story on p116) and how to develop a podcasting style that works for you (and will attract more listeners) - My 3-step "episode teaser" formula - it's boring, but it works (get it on p110) - Thinking of doing a "daily" podcast? You must read p103 before you start. - Want to impress a guest? See the chapter starting on p321 for my 3-step followup "ritual" that will make being on your podcast unforgettable (and encourage guests to promote your episodes) And that's just the start ... This book contains my complete system on how to attract listeners, deliver your message effectively, and build a big podcast. You can't build a big podcast on hope. But you can build a big podcast. And if you're ready to do just that, read this book.

glenn beck radio show podcasts: The Propagandists' Playbook Francesca Bolla Tripodi, 2022-01-01 An examination of what algorithmic polarization means for society and how conservative elites use media literacy tactics to spread propaganda The Propagandists' Playbook peels back the layers of the right-wing media manipulation machine to reveal why its strategies are so effective and

pervasive, while also humanizing the people whose worldviews and media practices conservatism embodies. Based on interviews and ethnographic observations of two Republican groups over the course of the 2017 Virginia gubernatorial race—including the author's firsthand experience of the 2017 Unite the Right rally--the book considers how Google algorithms, YouTube playlists, pundits, and politicians can manipulate audiences, reaffirm beliefs, and expose audiences to more extremist ideas, blurring the lines between reality and fiction. Francesca Tripodi argues that conservatives who embody the Christian worldview give authoritative weight to original texts and interrogate the media using the same tools taught to them in Bible study—for example, using Google to fact check the news. The result of this practice, tied to conservative marketing tactics, is more than a reaffirmation of existing beliefs: it is a radicalization of content and a changing of narratives adopted by the media. Tripodi also demonstrates the pervasiveness of white supremacy in the conservative media ecosystem, as well as its mainstream appeal, scope, and spread.

glenn beck radio show podcasts: Digation Robert C. MacDougall, 2012 The shift from orality to literacy that began with the invention of the phonetic alphabet, and which went into high-gear with Gutenberg's printing press more than 500 years ago, helped make the modern world. Some commentators have argued that this shift from orality to literacy marked a much broader, cultural shift of cataclysmic proportions. Today, with everything from e-mail to blogs, iPods and podcasts, through Google, Yahoo, eBay, and with cutting-edge smart phones, we find ourselves developing relationships with these newest communication tools that aren't simply allowing us to communicate faster, farther and with more ease than ever before. We aren't just moving around ideas, data, and information at unimaginable speed and scale. Our interminglings and fusions with digital communication technologies are also altering both individual and group consciousness in fundamental ways—how we form and sustain relationships, how we think and perceive, what it means to see and to feel. We are remaking human identity once more, and manufacturing a new kind of culture along the way. The processes bound up in our digation may well be consequential to the trajectory of human evolution. That time-honored trope: the notion that technology is not the problem, rather, it's how people use technology that's the problem is shown to be wanting. Highlighting Marshall McLuhan's "tetrads" or laws of media as a primary tool of analysis, R.C. MacDougall argues in line with other media ecologists that it's not so much how we use certain tools that matters, it's that we use them. More than any other technological form perhaps, communication technologies play particularly powerful and systemic roles in our culture, or any culture for that matter. Late adopters and even abstainers are not exempt from the psychological, social and cultural effects (and side-effects) of modern digital communication technology. While there are certainly varying degrees of immersion—that is to say, while some of us live in the high-rise downtown district, some at the city limits, and still others out in the proverbial "woods—we all live in Digation today.

glenn beck radio show podcasts: Britannica Book of the Year 2010 Encyclopaedia Britannica, Inc., 2010-03-01 The Britannica Book of the Year 2010 provides a valuable viewpoint of the people and events that shaped the year and serves as a great reference source for the latest news on the ever changing populations, governments, and economies throughout the world. It is an accurate and comprehensive reference that you will reach for again and again.

glenn beck radio show podcasts: Be Jesus in the Temple Jeffrey S. Ball, 2025-04-21 In a government dominated by career politicians, a new administration and concerned citizens rise to challenge the status quo. The mission: dismantle the corrupt relationships between career politicians, career bureaucrats, industrial complexes, and unchecked budgets. Inspired by Jesus in the Temple, they vow to cleanse the political system of greed. "Be Jesus in the Temple" is a well-researched work that examines the dire financial situation caused by our crippling national debt. It delves into the motivations of career politicians and their reluctance to act in our best interests on fiscal issues, immigration, the environment, citizenship, elections, and journalism. You'll uncover how career politicians have deceived us, viewing the world through their eyes as they exploit industrial complexes for personal gain. The book explores the origins of the industrial

complex and federal investigations beginning with the Eisenhower and Kennedy presidencies. Topics you will find include the Law of Unintended Consequences, Fiduciaries, Critical Thinking, The Scientific Method, Occam's Razor, Gestalt Theory, a business approach to government, and Lincoln's inspirational words from Gettysburg. This book offers inspiration and a path forward through our founding documents, Thomas Paine's "Common Sense," the 1994 Contract with America, and the lessons of Jesus in the Temple. A future government for citizens is available through a new contract, a Contract for Americans. We invite readers to embark on a journey of historical significance, accept the challenge, evaluate our options, and take action to change our course as we approach our 250th year as a nation.

glenn beck radio show podcasts: Key Changes Howie Singer, Bill Rosenblatt, 2023 Tells a new story about the history of the music business and the ten technological advances that disrupted it over the last century. In recent years, narratives about the music industry tend to hew to a common theme: it was humming along for decades until the Internet and Napster came along and disrupted it. Key Changes shows that this view is incorrect: the industry was actually shaken up not once in the 1990s, but ten times over more than 100 years. These ten disruptions came with the introduction of new formats for enjoying recorded music: starting with the cylinders and discs played on early phonographs; then moving through radio, LPs, tapes, CDs, television, digital downloads, streaming, and streaming video; and then into Artificial Intelligence (AI), which enables a wide range of new capabilities with profound impacts upon the business. This book devotes a chapter to each of these formats, illustrating how such innovations beget shifts in creativity, consumer behavior, economics, and law. Each of the technological innovations covered in this book not only disrupted the music business, but also fundamentally altered the industry's character. And while the technologies themselves have evolved in unique and varied ways over the decades, the changes within the business follow a clear pattern. Veteran music industry professionals and music technology experts Howie Singer and Bill Rosenblatt illuminate this pattern through a framework they term the 6 Cs cutting edge technology, channels of distribution, creators, consumers, cash, copyright. This framework provides insight into how such disparate innovations similarly disrupted and transformed the music business in each era. Extensively researched and supplemented by interviews with Grammy-winning artists, producers and executives, the book provides an insightful perspective on the ways technology has fundamentally altered the music industry, throughout history and into the present era.

glenn beck radio show podcasts: The Gap in God's Country Laurie M. Johnson, 2024-10-18 Laurie M. Johnson argues that America's culture wars may seem to have erupted in the past couple of decades, but they go back centuries. For those who think that Christian nationalism (or right-wing populism) is the problem to be solved, that some people simply need to understand Christianity or politics better and become reasonable, read on. Christian nationalism and other ideological extremes are symptoms of major economic, technological, spiritual, and psychological shifts that have left too many people uprooted, disenchanted, and precarious. There are no easy answers, but Johnson tries to show a path out that enlists not only individuals, but also church and state. Without leadership and structure provided at the levels of the church and state, Christians, and those impacted by them, will remain part of the problem and not the solution. Johnson says to Christians: change is not talk, it's action, and Christian action can only happen with leadership that creates a context where we can work together, rather than wasting our time in culture wars.

glenn beck radio show podcasts: Misogyny in American Culture Letizia Guglielmo Ph.D., 2018-10-01 This set surveys American misogyny in all its cultural forms, from popular music, film, and education to healthcare, politics, and business. The work also assesses proposals to confront and reduce such expressions of hatred. The essays contained in this two-volume set explore misogyny within various areas of American culture to demonstrate its pervasiveness and identify common foundations of its many presentations. Beyond a basic definition of misogyny, which includes hatred of women and girls and the ways in which this hatred and distrust influences action, speech, discrimination, policy, and culture in the United States, this project also aims to expand and

complicate definitions of misogyny in order to provide readers with a robust introduction to and understanding of the larger topic. Given the current political and cultural climate and the more frequent and widespread use of the term misogyny by various media outlets and voters during the 2016 presidential election, this book has the potential both to contribute to ongoing conversations on misogyny and, among its intended audience of advanced high school, beginning college students and the general public, to inform a shift currently unfolding in public conversation on the topic.

glenn beck radio show podcasts: *Fight for Us* Chad Robichaux, Adam Davis, 2022-02-15 *Fight for Ustakes* couples on an inspiring journey into the challenges of battling for their marriage, through gut-wrenching times of despair, and then finally to the victory of a renewed relationship grounded in Jesus. *Fight for Us* delivers a compelling marriage challenge of five rounds that teach readers how to develop the never-give-up, never-quit mentality every relationship needs in order to combat the enemy's constant attacks. Utilizing narrative elements from the real-life story of Chad and Kathy Robichaux, readers will learn how Chad's deployments to Afghanistan as a Marine--and subsequent career as an MMA fighter--allowed him to disengage from his emotions, his marriage, and his children. Then, when his crippling PTSD brought him to brink of suicide, Kathy's pastor taught him the five rounds of fighting that are necessary in the battle for any marriage: Believe that God loves you and has a purpose for your life. Take responsibility for your actions. Accept that you can't change the evils that you've encountered. Access God's power. Put yourself second. At the end of the rounds, readers will discover God's design for marriage, which saved Chad and Kathy's relationship. Today, they aim to pay it forward and share what they've learned with other couples. *Fight for Us* features application sections, discussion prompts, affirmations, and Bible verses, all designed to help readers apply the book's key marriage principles.

glenn beck radio show podcasts: *The Routledge Handbook of Religion and American Culture* Chad E. Seales, 2025-03-31 *The Routledge Handbook of Religion and American Culture* explains where religion is made in the United States. It offers essays profiling cultural sites, including energy, industry, public life, music, arts and entertainment, and life and death. These sites organize the volume's 31 chapters, demonstrating how cultural religion has been constructed and performed in specific historical and ethnographic case studies. This volume offers a much-needed resource for Religious Studies scholars and students interested in the study of religion and culture in the United States, as well as those in American Studies, Anthropology of Religion, Sociology of Religion, Material Culture Studies, Environmental Studies, and History.

glenn beck radio show podcasts: *Newsfail* Jamie Kilstein, Allison Kilkenny, 2015-11-03 A hilarious and informative primer on the most urgent issues of our day, from the creators and co-hosts of *Citizen Radio*, a 100% listener-supported show whose slogan is 'independent radio that won't lead you to war'--Amazon.com.

glenn beck radio show podcasts: *Unconquered* Adam Davis, 2023-04-04 Face your pain. Live unconquered. Trauma is notorious for trapping people in the pain of their past. When you live in defeat, it can be difficult to embrace the hope and victory available in Christ. Former law enforcement officer Adam Davis knows what it's like to feel defeated. In *Unconquered*, Davis bravely shares his personal experiences with abuse, failure, and mental health battles and the biblical truths that empowered him to choose faith over fear, truth over lies, and action over defeat. Structured around ten practical principles, *Unconquered* will help you ● surrender to God for healing and forgiveness, ● develop healthy habits to renew your mindset, relationships, and behaviors, ● discover untapped strength and uncommon resolve, and ● transform into a more resilient version of yourself. Allow your past to be the place where God draws you near and reclaim the abundant life that he designed for you.

glenn beck radio show podcasts: *The Bohemian Grove* Mark Dice, 2015-07-01 The secretive and strange Bohemian Grove is an elite men's club hidden deep within a 2700-acre redwood forest in Northern California, where each July the most powerful men in the world gather for what's called their annual Summer Encampment. Is this mysterious meeting "just a vacation spot" for the wealthy

and well-connected, or is it something more? Does it operate as an off the record consensus building organization for the elite establishment? What major plans or political policies were given birth by the club? Do they really kickoff their gathering each year with a human sacrifice ritual? Is this the infamous Illuminati? After getting his hands on some rare copies of the club's yearbooks; obtaining an actual official membership list smuggled out by an employee; and having personally been blocked from entering the club by police—secret society expert Mark Dice uncovers The Bohemian Grove: Facts & Fiction. By the Author of The Illuminati: Facts & Fiction -Their History -Symbols, Saint, and Motto -Infiltrations and Leaks -Cremation of Care -Different Subcamps -Allegations of Murder -Hookers & Homosexuality -Depictions in TV and Film -And More!

glenn beck radio show podcasts: *Behind the Lines* Adam Davis, Chad Robichaux, 2021-05-04 Become the warrior you are meant to be. Behind the Lines is a 365-day devotional written to encourage, empower, and inspire those who serve our nation. No matter your branch of military service, the words found within these pages will equip you with God's wisdom as you hold the line against evil and protect the innocent. Discover the true source of - strength for serving - power for persevering - protection in times of danger - resilience during adversity - peace amid conflict You are fully equipped, completely prepared, and wholly trained to face your calling from God. Praise be to the Lord my Rock, who trains my hands for war, my fingers for battle. Psalm 144:1 NIV

glenn beck radio show podcasts: *The Outrage Industry* Jeffrey M. Berry, Sarah Sobieraj, 2014 A stimulating expose on how the roots of today's partisan rage lie in the outrage industry - deregulated, commodified media markets that will do anything for money and attention.

glenn beck radio show podcasts: *That's Not Funny* Matt Sienkiewicz, Nick Marx, 2024-03-26 A 2022 Best Comedy Book, Vulture A rousing call for liberals and progressives to pay attention to the emergence of right-wing comedy and the political power of humor. Why do conservatives hate comedy? Why is there no right-wing Jon Stewart? These sorts of questions launch a million tweets, a thousand op-eds, and more than a few scholarly analyses. That's Not Funny argues that it is both an intellectual and politically strategic mistake to assume that comedy has a liberal bias. Matt Sienkiewicz and Nick Marx take readers—particularly self-described liberals—on a tour of contemporary conservative comedy and the right-wing comedy complex. In *That's Not Funny*, complex takes on an important double meaning. On the one hand, liberals have developed a social-psychological complex—it feels difficult, even dangerous, to acknowledge that their political opposition can produce comedy. At the same time, the right has been slowly building up a comedy-industrial complex, utilizing the humorous, irony-laden media strategies of liberals such as Jon Stewart, Samantha Bee, and John Oliver to garner audiences and supporters. Right-wing comedy has been hiding in plain sight, finding its way into mainstream conservative media through figures ranging from Fox News's Greg Gutfeld to libertarian podcasters like Joe Rogan. *That's Not Funny* taps interviews with conservative comedians and observations of them in action to guide readers through media history, text, and technique. You will find many of these comedians utterly appalling, some surprisingly funny, and others just plain weird. They are all, however, culturally and politically relevant—the American right is attempting to seize spaces of comedy and irony previously held firmly by the left. You might not like this brand of humor, but you can't ignore it.
