- Impact on Firearm Legislation and Public Opinion

Background of Gaige Grosskreutz

Gaige Grosskreutz came into the public spotlight following a widely reported event involving civil unrest and confrontation with law enforcement. As a participant in protests, Grosskreutz was carrying a rifle during the incident, which sparked debate and media coverage. Understanding who Gaige Grosskreutz is and the context in which the rifle was used is crucial for grasping the full narrative behind the term "gaige grosskreutz rifle."

Personal History and Public Role

Gaige Grosskreutz is known primarily for his involvement in protests related to social and racial justice movements. Prior to the incident, little was known about his public persona, but his experience during the event propelled him into national conversation. His role as a protester carrying a firearm has been a focal point in discussions about the right to bear arms during demonstrations.

Context of the Incident

The incident in which Gaige Grosskreutz was involved occurred during a period of heightened tension between law enforcement and protest groups. The presence of a rifle at the scene raised questions about the legality and appropriateness of firearms in such environments. This context is critical to understanding the subsequent legal and social analysis related to the Gaige Grosskreutz rifle.

Details of the Rifle Involved

The rifle associated with Gaige Grosskreutz has been identified as a semi-automatic firearm, often described in media reports as an AR-15 style rifle. The specific characteristics of the rifle, including its make, model, and modifications, have been subject to scrutiny in both legal and public forums.

Specifications and Features

The rifle carried by Gaige Grosskreutz typically features:

- Semi-automatic firing capability
- Detachable magazine system
- Adjustable stock and tactical accessories
- Chambered for intermediate cartridges such as .223 Remington or 5.56 NATO

These features are common among modern sporting rifles and contribute to the firearm's versatility and performance in various settings.

Usage During the Incident

During the confrontation, the rifle was reportedly used by Grosskreutz in a defensive manner. The circumstances leading to the discharge of the weapon have been analyzed extensively. Understanding the rifle's role in the incident provides insight into the complexities of armed protest activities and the legal ramifications.

Legal Considerations Surrounding the Incident

The involvement of a rifle in a high-profile public incident inevitably raises numerous legal questions. These encompass the right to carry firearms,

self-defense claims, and the interpretation of state and federal laws regarding firearms in public spaces.

Right to Bear Arms and Open Carry Laws

Gaige Grosskreutz's possession of a rifle during a protest touches on the broader legal framework governing firearm carry rights. Many states have specific regulations about open carry, concealed carry, and the types of firearms permitted in public. The legality of carrying an AR-15 style rifle in such a setting depends heavily on local laws and permits.

Self-Defense and Use of Force

The discharge of the rifle in the incident raised questions about the justification of self-defense. Legal experts have examined whether Grosskreutz's actions met the necessary criteria for lawful use of force under state statutes. This aspect continues to be a significant point of discussion in court proceedings and public debate.

Firearm Safety and Public Awareness

The Gaige Grosskreutz rifle incident highlights the importance of firearm safety, especially in volatile public situations. Proper handling, situational awareness, and adherence to safety protocols are essential to prevent unintended harm.

Key Principles of Firearm Safety

When discussing rifles like the one carried by Grosskreutz, the following safety principles are paramount:

1. Always treat the firearm as if it is loaded.
2. Keep the muzzle pointed in a safe direction.
3. Keep your finger off the trigger until ready to shoot.
4. Be certain of your target and what is beyond it.

Importance of Training and Education

Proper firearm training is crucial for anyone carrying a rifle in public, especially during protests or other gatherings. Education on legal rights,

de-escalation tactics, and emergency response can mitigate risks associated with armed demonstrations.

Impact on Firearm Legislation and Public Opinion

The events involving Gaige Grosskreutz and his rifle have influenced discussions on firearm regulation and the role of guns in public protests. Lawmakers, advocacy groups, and the general public have reacted in various ways to this case.

Legislative Responses

Following the incident, some jurisdictions have revisited their firearm laws, particularly those governing open carry and the presence of assault-style rifles in public spaces. Proposed legislation often aims to balance Second Amendment rights with public safety concerns.

Shifts in Public Perception

The Gaige Grosskreutz rifle has become symbolic in debates about gun rights, protester safety, and law enforcement responses. Public opinion has been divided, with advocates emphasizing constitutional rights and opponents calling for stricter controls on firearms at public demonstrations.

Frequently Asked Questions

Who is Gaige Grosskreutz?

Gaige Grosskreutz is an American activist who became widely known after being shot during the 2020 Kenosha protests in Wisconsin.

What type of rifle did Gaige Grosskreutz have during the Kenosha incident?

Gaige Grosskreutz was reportedly carrying a semi-automatic rifle during the Kenosha protests.

Was Gaige Grosskreutz legally allowed to carry his rifle?

Yes, Gaige Grosskreutz stated that he was legally carrying his rifle and had

a permit to do so in Wisconsin.

Why did Gaige Grosskreutz carry a rifle during the Kenosha protests?

He said he carried the rifle to protect people and property during the unrest that followed the police shooting of Jacob Blake.

Additional Resources

1. Gaige Grosskreutz and the Legacy of the Rifle

This book explores the life of Gaige Grosskreutz, focusing on his experiences and the symbolic role of the rifle in his story. It delves into the societal and political implications surrounding firearms in America, using

Grosskreutz's narrative as a focal point. Readers gain insight into the broader conversation about gun rights and protests.

2. *The Rifle and the Resistance: Gaige Grosskreutz's Story*

Chronicling the events that brought Gaige Grosskreutz into the national spotlight, this book examines the intersection of firearms, activism, and justice. It provides a detailed account of the shooting incident involving Grosskreutz and the subsequent legal and cultural responses. The narrative highlights the complexities of self-defense and protest in contemporary America.

3. *Armed and Unarmed: Gaige Grosskreutz's Fight for Justice*

This book presents a dual perspective on the use of rifles in protest settings, focusing on Gaige Grosskreutz's personal journey. It discusses the ethical and legal challenges faced by individuals carrying firearms in volatile situations. Through interviews and analysis, the author sheds light on the broader implications for civil rights and public safety.

4. *Rifles, Rights, and Reckoning: The Gaige Grosskreutz Case*

An investigative work that delves into the specifics of the rifle used by Gaige Grosskreutz and the events surrounding the incident. The book offers an in-depth look at the legal battles and media coverage that followed. It also examines the cultural tensions that firearms evoke in the context of American protests.

5. *Defending Democracy: Gaige Grosskreutz and the Role of the Rifle*

This title discusses the philosophical and practical aspects of carrying rifles during demonstrations, centered around Gaige Grosskreutz's experience. It analyzes the balance between individual rights and public order. The book encourages readers to consider the nuanced perspectives on armed activism.

6. *Shots Fired: The Gaige Grosskreutz Rifle Incident*

A detailed recounting of the incident involving Gaige Grosskreutz and his rifle, this book provides a timeline of events and eyewitness testimonies. It explores the motivations behind carrying firearms in protest zones and the consequences that ensued. The narrative is supported by legal documents and expert commentary.

7. *Between Protest and Protection: Gaige Grosskreutz's Armed Encounter*

Focusing on the tension between protestors and armed individuals, this book uses Gaige Grosskreutz's story to highlight the fragile line between defense and aggression. It evaluates the impact of firearms on protest dynamics and public perception. Readers are invited to reflect on the changing nature of civil unrest in the 21st century.

8. *The Rifle in the Crossfire: Gaige Grosskreutz and American Gun Culture*

This book situates Gaige Grosskreutz's rifle incident within the broader landscape of American gun culture. It addresses historical, social, and political factors that influence the presence of firearms in public demonstrations. The author provides a critical analysis of media portrayal and public opinion.

9. *Armed Voices: Gaige Grosskreutz and the Fight for Rights*

Highlighting personal narratives and legal struggles, this book tells the story of Gaige Grosskreutz's advocacy through the lens of his rifle's symbolism. It covers themes of civil liberties, self-defense laws, and the repercussions of armed protest participation. The work aims to foster understanding about the complexities of gun ownership in activist movements.

gaige grosskreutz rifle: *America's Rifle* Stephen P. Halbrook, 2022-11-28 There are over forty-four million AR-15s and similar semiautomatic rifles owned by Americans. Popular adoption on such a monumental scale is indicative of more than a passing fad; only proven utility through long history creates such lasting—indeed growing—demand. Since the founding of the American republic, rifles—beginning with muzzleloaders and later semiautomatics—have been at the center of American history and pre-history. This book, by renowned historian and attorney Stephen Halbrook, is the definitive account of this centrality of repeating rifles to the American story—from its conception to the present day. Some factions of state and national politicians now seek to remake America in a different, novel image by rushing to ban and restrict access to firearms that have long been our heritage. As Halbrook decisively shows, theirs is a war against the Second Amendment and the tradition of freedom and self-sufficiency that has sustained our storied past. Our rights hang in the balance—not as lone pillars but, history shows, as dominos ready to fall in quick succession. Halbrook comprehensively reviews the historical, legal, and policy arguments advanced by gun prohibitionists and demonstrates that these bans are deeply antagonistic to our history, our interests, and our Constitution.

gaige grosskreutz rifle: *Guns in American Society* Jaclyn Schildkraut, Gregg Lee Carter, 2022-12-01 The revised third edition of the landmark *Guns in American Society* provides an authoritative and objective survey of the history and current state of all gun-related issues and areas of debate in the United States. *Guns in American Society: An Encyclopedia of History, Politics, Culture, and the Law* is a comprehensive and evenhanded three-volume reference resource for understanding all of the political, legal, and cultural factors that have swirled around gun rights and gun control in America, past and present. The encyclopedia draws on a vast array of research in criminology, history, law, medicine, politics, and social science. It covers all aspects of the issue: gun violence, including mass shootings in schools and other public spaces; gun control arguments and organizations; gun rights arguments and organizations; the firearms industry; firearms regulation, legislation, and court decisions; gun subcultures (for example, hunters and collectors); leading opinion-shapers on both sides of the gun debate; technological innovations in firearm manufacturing; various types of firearms, from handguns to assault weapons; and evolving public attitudes toward guns. Many of these entries place the topics in both historical and cross-cultural perspective.

gaige grosskreutz rifle: *The Myth of Child Protection* Rona Jualla van Oudenhoven, Dawn Walcott-Parris, Steve Woodman, 2022-07-15 *The Myth of Child Protection* captures the harsh ironic reality of the harm that arises when well-intentioned systems are broken. This book serves as a

guide for persons who want to create change for the better in the system. It is an apology to all those children and youth whom the system has failed. At the same time, it is a pledge to do better by those still present and others yet to come. In those instances where intervention did more good than harm, it is a recognition of this good. This journal of collective writing is geared towards jointly generating new knowledge that is fueled by the past, seeks to inform the present and shape the future. Included in this book are the critical voices of advocacy and allyship united in change. It is a unique collection of essays, guides and best practices that would normally stay in quiet quarters as documents circulating within agencies. Instead, it recognizes the good work already being done and the need to use these bodies of work as best practice because they come from within the organizations and in that sense the true experts. This book is dedicated to all children and youth in the child welfare system.

gaige grosskreutz rifle: *Lies of Omission* Catherine DeSoto, 2022-09-20 A lie of omission—withholding needed information to correct a false belief. There is a sharp and more hostile divide emerging in the United States. The shift is documented by various polls, and the speed of the change is alarming. There are certainly contributing factors, but one factor is unique to the contemporary era: receiving the majority of our information via social media experiences. Media algorithms, and to some extent overt censorship, serve users curated content that is unlike what their neighbors receive. *Lies of Omission* brings together various perspectives on the causes and effects of the divided information streams. Psychology and neuroscience, combined with some historical jurisprudence, are woven together to spell out the dangers of the modern social media experience. Importantly, the human response can be understood as rooted in our psychology and neurochemistry. In part two of the book, eight hot button issues that have provoked deep divisions among American citizens are presented as well-researched, opposing-view chapters with a goal to lay bare the extent of the disinformation gap that we are living in. With the rise of ephemeral smart media, and the associated displacement of the permanently printed word, it is rare to have a clear idea of what persons who do not share our opinions actually believe, or why. The decimation of communal information sources is nearly complete. What can one do? One concrete step is to turn some of your attention away from curated, impermanent news and read a book. Read this book. Dr. Catherine DeSoto spells out why it is worth our time to be informed regarding the issues we care about: something your phone's curated media will never do for you. Open your mind to the quaint idea that one is not informed unless one understands the opposing view. Surprising all-new research regarding the political divide and the pandemic is included. Together with over 150 references, this book will be the definitive source documenting the effects of the media algorithm revolution.

gaige grosskreutz rifle: *The Planndemic* Shontavia Brown, 2024-06-06 In God we trust but all the rest have to pay.

gaige grosskreutz rifle: *Escaping the Delusions of Culture* Sterling T. Anderson, 2023-04-12 As I began to write what originally started out to be a family orientated portrayal (of which much still is), race and the influence of politics and religion became increasingly important factors to acknowledge. They are inextricably bound together in the consciousness of America. Decisions made by elected and unelected officials affect virtually every aspect of our lives - whether we know it or not. Where buildings are built, where roads are constructed, where services are and are not provided, how the administration of justice is meted out, the list goes on. These decisions are ultimately made by the political class. The attitudes of those holding office will affect how these resources are allocated. If there is a price to be paid by those decisions it's felt by those with the least political and financial clout. The book is broken up into many different segments all of which play a part in either illuminating particular themes mentioned above, sharing family insights, and of high priority to the writer, rising in the mind of the reader the desire to question the previously unquestioned and if motivated challenge those previously unquestioned assumptions. I hope the reader finds this book as interesting to read as I found it to write.

gaige grosskreutz rifle: *Justice in the Age of Judgment* Anne Bremner, Doug Bremner, 2022-11-08 From Amanda Knox to O.J., Casey Anthony to Kyle Rittenhouse, our justice system faces

scrutiny and pressure from the media and public like never before. Can the bedrock of “innocent until proven guilty” survive in what acclaimed Seattle attorney and legal analyst Anne Bremner calls the age of judgement? When unscrupulous Italian prosecutors waged an all-out war in the media and courtroom to wrongly convict American exchange student Amanda Knox for a murder she didn’t commit, family and friends turned to renowned Seattle attorney and media legal analyst Anne Bremner to help win her freedom. The case was dubbed the “trial of the decade” and would coincide with the explosion of social media and a new era of trying cases in public as much as the courtroom. While Italian prosecutors, the press, and online lynch mobs convicted Knox in the court of public opinion, Bremner would draw upon her decades in the courtroom and in front of the camera to turn the tide with a new kind of defense in pursuit of justice. In *Justice in the Age of Judgement*, Anne Bremner and Doug Bremner take us inside some of the biggest cases of recent times and offer their expert, thought-provoking insights and analysis as our legal system faces unprecedented forces fighting to tip the scales of justice their way. Why couldn’t prosecutors convict O.J. Simpson despite all of the evidence seemingly proving he killed his wife Nicole? Could a jury remain unbiased in the face of overwhelming public pressure in the trial of Minneapolis police officer Derek Chauvin for the murder of George Floyd? Why was Kyle Rittenhouse exonerated after shooting three people (killing two) with an assault rifle at a violent rally despite widespread media reports seemingly proving his guilt, and national calls for his conviction? *Justice in the Age of Judgement* is an unparalleled and unflinching look at the captivating cases tried on Twitter and TV, where the burden of proof and fundamental legal tenet of “innocent until proven guilty” is under assault from the court of public opinion.

gaige grosskreutz rifle: Donald J. Trump J.P.L. Mimo, 2024-10-16 Donald J.Trump lives for their applause. Without it, he is lost. He doesn’t know why he seeks their plaudits. He reassured the public in a rally by saying that he was “a very stable genius”, and again, everyone clapped. In his own mind, he is more like a persona than a person, more like a primal force or superhero, rather than a fully realized human being. When you start reading this book, you will have a hard time putting it down, thanks to the depth of the topics covered all the way to the last page. My research is mainly focused on newspaper articles, stories told in various media around the world for over a decade, as well as facts and stories from books and magazines. Chapter 1 through the end is a Goldmine of information on Trump. This book will give you hours of pleasure; I wish you a good read.

gaige grosskreutz rifle: *Against the Corporate Media* Michael Walsh, 2024-09-10 The citizens of Western democracies have been relentlessly propagandized, lied to, and fed a steady diet of distortions and untruths by their media for decades. Editor Michael Walsh brings together a stellar collection of critical thinkers and writers to explain how and why this is happening, its negative effects on our democracies, and what we can do to reverse it. An informed electorate is a prerequisite for free and fair elections. But rather than striving for accuracy and objectivity, today’s journalists openly celebrate the death of objectivity, arguing that they have a “higher duty” to reject the conservatism, police speech, and suppress news that contradicts the liberal narrative. Now, on the heels of his magisterial volume *Against the Great Reset*, editor Michael Walsh presents *Against the Corporate Media*, a collection of more than forty essays on the decline and fall of the American and international news media. The book’s list of distinguished contributors includes Lance Morrow, Andrew Klavan, John O’Sullivan, Elizabeth Nickson, Monica Crowley, Charlie Kirk, Glenn Reynolds, Steven F. Hayward, John Fund, Armond White, Michael Ramirez, Walsh, and others. Readers around the world deserve to know how badly their media has been corrupted, how eagerly they have embraced the role of official propagandists, and what a threat to democracy they have become. This book marks an important strike against the corporate media, and its unholy alliance with the enemies of freedom everywhere.

gaige grosskreutz rifle: *A City on the Edge* Dennis R. McBride, 2025-09-30 Some years change the course of history. 2020 was one of those years. As a pandemic, lockdowns, and an economic downturn convulsed America, police shootings of George Floyd and other African

Americans touched off the largest protest movement in U.S. history. At the same time, mass shootings soared; many states saw unprecedented increases in gun-related incidents. Churning in the background were a bitter presidential election campaign and counterprotests opposing public health measures and the election result itself. Mayors of cities big and small struggled with some of these challenges, but Dennis McBride, the new mayor of a mid-sized, mostly-White suburb bordered by the majority-minority City of Milwaukee—called the heartland of the heartland—faced them all. His city, a microcosm of a troubled America, teetered on the verge of anarchy while playing a crucial role in the presidential election. *A City on the Edge* is the gripping story of how he and other mayors have steered America's hometowns through a storm of personal and political divisions. Though the chaos of 2020 has gradually subsided, it is still reverberating in the nation's economy, politics, and psyche. The changes sparked by the events of that historic year continue to vex mayors and their communities. Americans and their leaders are searching for a new equilibrium. That balance will be found first in our hometowns. *A City on the Edge* offers a path forward.

gaige grosskreutz rifle: Historic Documents of 2021 Heather Kerrigan, River Horse Communications, LLC, 2022-10-19 *The Historic Documents of 2021* makes primary source research easy by presenting excerpts from documents on the important events of the United States and the World. *The Historic Documents of 2021* pairs 60 to 70 original background narratives with well over 100 documents to chronicle the major events of the year, from official reports and surveys to speeches from leaders and opinion makers, to court cases, legislation, testimony, and much more. *Historic Documents* is renowned for the well-written and informative background, history, and context it provides for each document. Organized chronologically, it covers the same wide range of topics: business, the economy and labor; energy, environment, science, technology, and transportation; government and politics; health and social services; international affairs; national security and terrorism; and rights and justice.

gaige grosskreutz rifle: *The Episodic Thoughts of Hamp* Codis Hampton II, 2021-10-19 All my life, I've been a jack of all trades, master of none, sometimes to my detriment. Always busy involved with a new interest in life. I love the arts, so much so, I never could settle on one aspect. So I never developed as a singer, instrumentalist, commercial artist, cartoonist, comedian, or actor. I also love the world of business, imagining myself as the man in charge. I attribute that to my Leo astrology sign. In self-employment ventures, I had the ideas, skills but lacked the funding. I also found my interest varied as an entrepreneur. I love the service aspect of business, especially helping people grow their talents. Yet, I'm always drawn back to the arts. Those varied experiences, compelling interests, and inherited common sense led me to write the social commentary. Whether it's humorous or severe political commentary, my perspective differs from the norm. I'm fascinated by man's career, social, & political expectations, intrigued at how the ramifications of one's choices affect our everyday lives. And, the actions or inactions of people keep me wondering, what will they do next? I've settled into a philosophical period in my life. This book's second volume reveals my thoughts and comments on subject matter that interest me in one way or another. I present my ideas for your contemplation, discussion, and enjoyment. In the end, remember where you read them. Peace and make it a day in which Jesus Christ would be proud of you, Codis Hampton II

gaige grosskreutz rifle: **Kangaroo Court** Don Brown, 2024-11-06 *Kangaroo Court: How Dirty Prosecutors and Sleazy Lawyers Destroy Political Opponents, Attack Free Speech, and Subvert the Constitution* unveils the dangerous and growing trend of political prosecution in America. From Alvin Bragg to Jack Smith, from Fani Willis to Letitia James, to Kim Gardner, author Don Brown exposes how rogue prosecutors in politically charged jurisdictions have weaponized the legal system to punish dissent, silence opposition, and erode constitutional rights. In a time when the American judicial system is under siege by leftists and a weaponized Department of Justice, *Kangaroo Court* dives into over twenty politically motivated cases, from the exonerations of Tom DeLay, Bob McDonnell, and Rick Perry to the wrongful imprisonment of Trump supporters, including Steve Bannon and Peter Navarro. These cases underscore the need for rogue prosecutor laws to prevent further abuse of power and protect the integrity of our republic. As the 2024 presidential election

looms, the political prosecutions of Donald Trump across four jurisdictions are not just a threat to one man—they are an attack on the United States Constitution and freedom of speech. It's time to hold corrupt prosecutors accountable and restore justice to our judicial system. It's time to prosecute the prosecutors.

gaige grosskreutz rifle: Seen and Unseen Marc Lamont Hill, Todd Brewster, 2023-02-07 In *Seen and Unseen*, acclaimed authors Marc Lamont Hill and Todd Brewster weave four recent pivotal moments in America's racial divide--starting with the killing of George Floyd--into their disturbing historical context to reveal the connections among our current news headlines and social media feeds and the country's long struggle against racism. -- Page 4 of cover.

gaige grosskreutz rifle: Liberal Misery Eddie Scarry, 2022-06-30 Liberals, Democrats, and Leftists are rarely in a good mood. And they're certainly not happy when in the presence of conservatives or free-thinking independents—that is to say, when coming into contact with at least half of the country. Their tendency to zealously spread discomfort and misery has been something of a mystery...until now. In great detail, *Liberal Misery* explains exactly what drives America's Left to be such a wet blanket. From COVID to the Black Lives Matter movement to even everyday socializing, Liberals are joyless nags. Now we know why.

gaige grosskreutz rifle: Sidewalk Cruiseship Mary Oishi, 2024-04 Written by the pandemic poet laureate of Albuquerque, *Sidewalk Cruiseship* draws on Oishi's remarkable ability to illustrate the world around her and the people in it. Separated into eleven short sections by traditional Japanese tankas, the poems in Oishi's newest collection take on the macro and the micro. They respond to the pandemic, the war in Ukraine, and the contentious political climate as they draw readers in to witness intimate moments of people and scenes within Oishi's beloved city of Albuquerque. The poems explore such themes as mental illness, the joys and sorrows of motherhood, what it is to be a woman in the world, and aging and death. Readers will come away with a better sense of Albuquerque and its inhabitants and will get an intimate look at one of its most passionate citizens--a Japanese American longtime justice activist and mentor for queer youth who embraces the best and worst Albuquerque has to offer. Throughout it all, she reminds us that the best response we can offer is love, even in the face of adversity.

gaige grosskreutz rifle: The Age of Insurrection David Neiwert, 2023-06-27 An important book, offering the clearest explanation of how dark forces conspired to overthrow our democratically elected government and install a fascist regime in its place. And it's a warning that what comes next might be even worse... His prose is passionate, thoughtful, at times blisteringly funny and always deeply morally engaged with the importance of the work. -- The Seattle Times A brisk and searing history... It's a disturbing look at how hard extremism is to stamp out. --Publishers Weekly The strange and terrible tale of the far right's long war on American democracy . . . From a smattering of ominous right-wing compounds in the Pacific Northwest in the 1970s, to the shocking January 6, 2021 insurrection at the U.S. Capitol, America has seen the culmination of a long-building war on democracy being waged by a fundamentally violent and antidemocratic far-right movement that unironically calls itself the Patriot movement. So how did we get here? Award-winning journalist David Neiwert — who been following the rise of these extremist groups since the late 1970s, when he was a young reporter in Idaho — explores how the movement was built over decades, how it was set aflame by Donald Trump and his cohorts, and how it will continue to attack American democracy for the foreseeable future. Neiwert especially studies how the Pacific Northwest has long been a breeding ground of extremist violence, from the time when neo-nazis migrated to the area from southern California in the 1970s, through the great battles in Portland and Seattle and neighboring towns over the last decade. Laying out how these groups organize their terroristic violence and attacks on democratic institutions at every level—including local, state, and federal targets—Neiwert details what their strategies and plans look like for the foreseeable future.

gaige grosskreutz rifle: Saints and Soldiers Rita Katz, 2022-10-11 Winner, 2022 Nellie Bly Book Award, Chanticleer International Book Awards More than a decade ago, counterterrorism expert Rita Katz began browsing white supremacist and neo-Nazi forums. The hateful rhetoric and

constant threats of violence immediately reminded her of the jihadist militants she spent her days monitoring, but law enforcement and policy makers barely paid attention to the Far Right. Now, years of attacks committed by extremists radicalized online—including mass murders at a synagogue in Pittsburgh and mosques in Christchurch, New Zealand, as well as the Capitol siege—have brought home the danger. How has the internet shaped today's threats, and what do the online origins of these movements reveal about how to stop them? In *Saints and Soldiers*, Katz reveals a new generation of terrorist movements that don't just use the internet, but exist almost entirely on it. She provides a vivid view from the trenches, spanning edgy video game chat groups to what ISIS and Far-Right mass-shooters in El Paso, Orlando and elsewhere unwittingly reveal between the lines of their manifestos. Katz shows how the online cultures of these movements—far more than their ideologies and leaders—create today's terrorists and shape how they commit “real world” violence. From ISIS to QAnon, *Saints and Soldiers* pinpoints the approaches needed for a new era in which arrests and military campaigns alone cannot stop these never-before-seen threats.

gaige grosskreutz rifle: *Winning the Second Civil War* Jim Hanson, 2021-05-16 The Left and its shock troops are destructive forces to our Republic. The extremists on the Left share common cause with the current path of the Democrats in a belief that America is a force for evil that must be destroyed and remade in a woke image. The extremists on the Right have elements of anti-government ideology and some do want to destroy the current systems. But they are out of step with the vast majority of conservatives who simply want to reassert the values that have always worked for this country. *Winning the Second Civil War* provides a path to victory to build new political institutions for a stronger Right.

gaige grosskreutz rifle: *Called Beyond Our Selves* Erin VanLaningham, 2024 Higher education today faces challenges from all sides, but college can provide young people with an opportunity to explore what it means to live a meaningful life. Increasingly, undergraduate education encourages students to reflect on their many callings in life, but this does not need to be a purely individual pursuit. This volume provides an argument for helping students to think about the interconnectedness of individual and communal life as they reflect on their various vocations.
