i ready pizza game 2024: Robert Lui Collection Glenn Burwell, 2024-12-17 Four previously published detective Robert Lui novels in one volume: The Chapel of Retribution - Robert Lui, a detective with the Vancouver Police Department, has left the Gang Taskforce to return to the duller but supposedly safer work of the Major Crimes Unit. Assigned to the benign west side of Vancouver, he didn’t expect to be breaking up fights between developers or finding body parts in the ponds of local horticultural attractions. Nor did he expect to be entangled in a revenge drama playing itself out across the city’s southside. Motives are hard to fathom, and victims have nothing in common, leaving Robert’s small team perplexed. They are also learning to be wary if they ever scrape up enough money to enter the housing market. On the plus side, they are spending time in one of the nicer environments on offer in the city, even if circumstances might be deadly. A Sin Offering - Violence between gang members makes daily headlines in Vancouver, but when Detective Robert Lui returns to the Vancouver Police Lower Mainland Gang Taskforce, the danger is more than he expected. Something from his father’s past has awakened and threatens the lives of his parents and children. Robert must figure out what it is and how to stop it. Shadow actors in the police and government increase the danger and Robert is forced to work from the sidelines to protect his family. From Hong Kong to the village of Steveston, with a deadly road trip to rural Merritt, gang members and police try to outwit each other, with Robert struggling to come out alive. Greenside - Detective Robert Lui’s life has turned to mush. He’s lost his job with the Vancouver Police Department and his girlfriend is tired of his endless self-pity. Fortunately, Robert lives in a city where politicians’ ambitions vastly exceed their skillset. The resulting disasters result in his new employment as a private investigator, exploring the causes of problems with the GreenSide project. His digging leads to startling discoveries about corruption in the city, a threat to his life, and a confrontation with gang members from his recent past. His survival depends on unexpected help. The Girl from Raven Island - A police officer is murdered after a demonstration in Vancouver. Detective Robert Lui identifies suspects and travels to Raven Island, on BC’s coast. He’s looking for

motive but finds danger. When more people are murdered, Robert realizes his assumptions about the case might be wrong, and he uses unorthodox methods to draw out an opponent. But his personal and professional mistakes are adding up. Content Warning - These novels are thrillers and contains scenes of violence. Scenes include revenge killings, suicide, harm to a dog, and sexual exploitation of teenagers.

Dr. Dresden Xavier moved his family back to his hometown of Monroe City after an unfortunate tragedy. Searching for an escape from the reality of grief and depression, Dresden buries himself in a grueling medical research project that could yield life-changing results. What was supposed to be a short-term partnership with the professor of nursing at Monroe University quickly morphs into a case study of love . . . or maybe just an experiential error. Harper Kingsley, a loving wife, mother, and professor, sought tenure and a little peace and happiness in her fast-paced life. In the public eye, Harper is a poised perfectionist, but behind closed doors, she desperately fights to mend the broken threads of her feeble family. Lies, sickness, and secrets that could destroy her family permeate her soul until the healing touch of Dr. Xavier changes her trajectory. What was supposed to be a clinical research assignment evolves into something much greater and beyond their control.

She’ll buckle down and get ready for college. Life won’t be exciting, but she’ll cope, right? Wrong. From the start, things are very, very wrong. Her great-aunt still leaves food for the husband who went missing twenty years ago, and local businesses are plastered with MISSING posters. When she starts receiving mysterious letters that seem to be coming from the past, she suspects someone of pranking her or trying to drive her out of her mind. i ready pizza game 2024: *Ask the Animals* Bruce R. Coston, 2009-08-12 This memoir by a small-town veterinarian “brims with insight, warmth, and charm” (Tucson Citizen). At Bruce Coston’s medical practice, the patients are an eclectic and surprising cast of characters who display incredible bravery and nobility at times, and unbelievable goofiness at others. There’s Sandy, the dog who resurrected herself from death. There’s Daphne, the cross-dressing cat who taught Bruce to be a cat person. And the owners are no less engaging, ranging from the angelic to the squeamish, teaching Bruce what it really means to be an animal doctor. Readers will gain insight into the pathos and passion, the mundane and extraordinary, the thigh-slapping humor and the crushing sadness of a vet’s life as he seeks to mend and restore people’s treasured companions. Written with great warmth, this “moving” book imparts a deeper understanding of the pets who daily enrich our lives (Publishers Weekly). “The life of a country veterinarian has never been as accessible since the bestselling books of James Herriot.” —Tucson Citizen “A beautifully written memoir that not only explores the daily life of a veterinarian, but also the sacrifices it takes to get there.” —Jeff Wells, DVM, author of *All My Patients Have Tales*
