iranian singles: *The Night Counter* Alia Yunis, 2010-07-13 An immigrant-ethnic cocktail laced with political oppression, but before shaking, [Alia Yunis] adds Scheherazade, the fabled storyteller who kept herself alive by distracting her tyrannical husband for a thousand and one nights. --Carolyn See, Washington Post After 85 years, Fatima knows that she is dying because for the last 991 days she has been visited by the immortal storyteller from The Arabian Nights, Scheherazade. Just as Scheherazade spun magical stories for 1,001 nights to save her own life, Fatima has spent each night telling Scheherazade her life stories. But with only nine days left before her death, Fatima has a few loose ends to tie up. She must find a wife for her openly gay grandson, teach Arabic (and birth control) to her 17-year-old great-granddaughter, make amends with her estranged husband, and decide which of her troublesome children should inherit her family's home in Lebanon--a house she herself has not seen in nearly 70 years. Fatima's children are spread far apart and are wrapped up in their own chaotic lives seemingly disinterested in their mother and their inheritances. But as she weaves stories of her husband, children, and grandchildren, Fatima brings together a family that is both capricious and steadfast, affectionate and also smothering, connected yet terribly alone. Taken all together, they present a striking and surprising tapestry of modern Arab American life. Shifting between America and Lebanon over the last hundred years, Alia Yunis crafts a bewitching debut novel imbued with great humanity, imagination, family drama and a touch of magic realism. Be prepared to feel utterly charmed.

iranian singles: How to Make White People Laugh Negin Farsad, 2025-05-01 From the acclaimed writer, director, and star of the hit documentary *The Muslims are Coming!* comes a memoir in essays about growing up Iranian-American in a post-9/11 world and the power of comedy to combat racism. Negin Farsad is an Iranian-American-Muslim female stand-up comedian who believes she can change the world through jokes. And yes, sometimes that includes fart jokes. In this candid and uproarious book, Farsad shares her personal experiences growing up as the other in an American culture that has no time for nuance. In fact, she longed to be black and/or Mexican at various points of her youth, you know, like normal kids. Right? RIGHT? Writing bluntly and hilariously about the elements of race we are often too politically correct to discuss, Farsad takes a long hard look at the iconography that still shapes our concepts of black, white, and Muslim today-and what it means when white culture defines the culture. Farsad asks the important questions like, What does it mean to have a hyphenated identity? How can we actually combat racism, stereotyping, and exclusion? Do Iranians get bunions at a higher rate than other ethnic groups? (She's asking for a friend.) *How to Make White People Laugh* tackles these questions with wit, humor, and incisive intellect. And along the way, you might just learn a thing or two about tetherball, Duck Dynasty, and wine slushies.

iranian singles: Iranian Hospitality, Afghan Marginality Elisabeth Yarbakhsh, 2021-02-11 In *Iranian Hospitality, Afghan Marginality*, Elisabeth Yarbakhsh unpacks ideas around culture, identity, and the relationship between Iranian citizens and Afghan refugees living in Shiraz, Iran, and surrounding areas. Yarbakhsh highlights the ways in which shifting policies and practices toward refugees over the past forty years have run parallel to the transitive notions of what it means to be Iranian. Yarbakhsh exposes the complex interplay of identity and hospitality as it emerges out of variously competing and intersecting Islamic, historical, and literary narratives of Iranian identity, carefully illustrating how these factors circumscribe Afghan refugee life in the city of Shiraz.

iranian singles: *Auto Bio Nobody Part II a Narrative Memoir* Rasheed Soofi, MD, 2021-08-20 The days of our lives have many similarities with a game of poker where a hand that is dealt is akin to a day we wake up into every morning. Some hands are sure winners and need no skill to win; some hands would have to be folded at the start, no matter who is playing that hand. It is only in between these two extremes that gives the game the thrill it beholds; and a skilled player walks away with his head up. It does not matter at what minimum bet table the game is played at. The game and its rules are the same except with different scale of win or loss. Each one of our days, regardless of our social or economic class or the geography we are in are dealt to us without prejudice or intention by the conscious-less nature. Accepting it gracefully as the hand is dealt and playing it the best, we know how to is the essence of being harmonious with the unconscientious universe that surrounds us. Folding on some days is a part of the game and is not being out of the game and submitting to the outcome of the game without self-persecution or infliction upon others is also a part and the end part of the game. A man aware of the nature of the game would not bicker when down and would not boast when he is up; it is only a game; how honorably and harmlessly to others it is played is what makes one player different from others. Rasheed Soofi, MD

iranian singles: Iranian Romance in the Digital Age Janet Afary, Jesilyn Faust, 2021-01-28 Following the 1979 Islamic Revolution, there was a dramatic reversal of women's rights, and the state revived many premodern social conventions through modern means and institutions. Customs such as the enforced veiling of women, easy divorce for men, child marriage, and polygamy were robustly reintroduced and those who did not conform to societal strictures were severely punished. At the same time, new social and economic programs benefited the urban and rural poor, especially women, which had a direct impact on gender relations and the institution of marriage. Edited by Janet Afary and Jesilyn Faust, this interdisciplinary volume responds to the growing interest and need for literature on gender, marriage and family relations in the Islamic context. The book examines how the institution of marriage transformed in Iran, paying close attention to the country's culture and politics. Part One examines changes in urban marriages to new forms of cohabitation. In Part Two contributors, such as Soraya Tremayne, explore the way technology and social media has impacted and altered the institution of family. Part Three turns its eye to look at marital changes in the rural and tribal sectors of society through the works of anthropologists including Erika Friedl and Mary Hegland. Based on the work of both new and established scholars, the book provides an up-to-date study of an important and intensely politicized subject.

iranian singles: Dynamics of the Iranian Revolution Jahangir Amuzegar, 1991-09-27 Going back

to the turn of the century, this book offers a cogent analysis and an objective assessment of the origins and dimensions of the 1979 Iranian Revolution. It reassesses the narrowly focused post-revolution explanations, as it traces the fate of the Pahlavi dynasty to deep-rooted and structural weaknesses and contradictions in Iranian society, economy, and politics. This critical examination leaves the reader with a deeper understanding of Iran's modern history and an appreciation for the interplay of forces currently at work within the Islamic Republic. It also provides persuasive commentary on the inherent plight of other Third World countries plagued with similar legacies and pre-revolutionary conditions.

iranian singles: Netanyahu vs The Generals Guy Ziv, 2024-01-18 Benjamin Netanyahu has carefully cultivated a self-image as Israel's 'Mr. Security' during his decades of political activity. His reputation as a security-minded leader has resonated with large swathes of the Israeli public, enabling him to become Israel's longest-serving prime minister. Yet the Israeli security community has long questioned Netanyahu's approach to national security. The Netanyahu era has seen unprecedented civil-military tensions, while retired generals and former heads of the Mossad and Shin Bet intelligence agencies, some of whom were appointed by Netanyahu, have publicly rejected both his leadership and his policies. Drawing on interviews with dozens of senior veterans of the Israeli security establishment, this book addresses this intriguing paradox. It sets out to explain the mutual distrust and intense disagreements between Netanyahu and the security community, as well as the underlying reasons behind the Israeli public's inattention to the collective judgment of hundreds of ex-generals and former spymasters.

iranian singles: Political Conservatism and Religious Reformation in Iran (1905-1979) Amir Yahya Ayatollahi, 2022-03-19 This book is a theoretical inquiry on the relation of the body politic with the religious movements in the time between the Constitutional Revolution and the Islamic Revolution in Iran; it illustrates speculative and historical analyses on the relationship of state, religion, and socio-political status in the late Qajar dynasty (1905-1925) and the whole Pahlavi monarchy. Particularly, it examines the applicability of "liberal conservatism" to the era of the last Shah of Iran. The thesis defines the term political conservatism in accord with Edmund Burke's philosophy. It deals next with the definition of religious reformation, the peculiar characteristics of Islam, the Shi'ite political theology, and the contradictory usages of "Islamic reformation" in the literature. The text gives an overview of the two antagonist sides of nationalism. It provides also an analysis of the Islamic Republic as a new political phenomenon in Iranian history and the

transformation of all concepts after 1979. Ayatollahi aims to assess the Iranian conservatism, the possibility of conciliation between politics and religion before the collapse of the Pahlavi, and “the conditions of possibility” for any restoration of the monarchy.

iranian singles: The Shaping of Persian Art Yuka Kadoi, Iván Szántó, 2014-07-18 While the impact of the Persian style is undeniably reflected in most aspects of the art and architecture of Islamic Central Asia, this Perso-Central Asian connection was chiefly formed and articulated by the Euro-American movement of collecting and interpreting the art and material culture of the Persian Islamic world in modern times. This had an enormous impact on the formation of scholarship and connoisseurship in Persian art, for instance, with an attempt to define the characteristics of how the Islamic art of Iran and Central Asia should be viewed and displayed at museums, and how these subjects should be researched in academia. This important historical fact, which has attracted scholarly interest only in recent years, should be treated as a serious subject of research, accepting that the abstract image of Persian art was not a pure creation of Persian civilization, but that it can be the manifestation of particular historical times and charismatic individuals. Attention should therefore be given to various factors that resulted in the shaping of “Persian” imagery across the globe, not only in terms of national ideologies, but also within the context of several protagonists, such as scholars, collectors and dealers, as well as of the objects themselves. This volume brings together Islamic Iranian and Central Asian art experts from diverse disciplinary and professional backgrounds, and intends to offer a novel insight into what is collectively known as Persian art.
