level g iready: Dragon Operations Thomas Paul Odom, 1988 For the Belgian Paracommando Regiment, the Congo was a familiar, though often hostile, environment. For most of the officers and sergeants of the regiment, the fields, buildings, and river below were as familiar as the Belgian landscape. But for most of the 340 enlisted men drifting in the sky over the airfield, the Congo was an unknown menace outside their military experience. Most of these paras were young draftees to whom the Congo represented a closed chapter in Belgium's colonial history. Yet even with the experience of its senior leadership, the Belgian Paracommandos faced a severe test on this early spring morning. The young paras and their seasoned leaders were conducting the first international hostage rescue in the post-World War II era. The challenge was enormous, the risks staggering; the Paracommandos were jumping into a perilous den of uncertainty. Stanleyville was at the heart of the Simba Rebellion and the scene of the growing desperation. Faced with a government ground assault, the Simba leaders had taken several thousand non-Congolese hostages to guard against what appeared to be imminent defeat. Keywords: Military operations.

level g iready: The Westminster Pulpit vol. VII G. Campbell Morgan, 2012-02-06 G. Campbell Morgan Reprint Series Foreword If it is true that the measure of a person's greatness is their influence, not only on his own time but on future generations, G. Campbell Morgan must be regarded as a great person. His greatness is seen not only in the wide impact of his ministry on both sides of the Atlantic, but in the fact that his books are still read and studied sixty-five years after his death. Named one of the ten greatest preachers of the twentieth-century by the contributing board of Preaching magazine, Morgan made the Bible a new and living book not only to the congregations who listened to him, but the vast multitude of persons who read his books. For sixty-seven years Morgan preached and taught the Scriptures and served churches in England and the United States. What is remarkable is that his commentaries and expositions of the Bible still speak to persons of a new millennium. There have been many changes in the world since he faithfully preached and taught the Scriptures, but the wide appeal of his books testify to the timelessness of his message. Although he held pastorates in the Congregational and Presbyterian denominations, he had an ecumenical appeal to persons of all denominations and traditions. The mystic Thomas á Kempis once wrote, He to whom the eternal word speaks is delivered from many opinions. In one of his sermons, he referred to the words of Amos that there would be a famine for hearing the word of God (Amos 8:11). The timeless work of G. Campbell Morgan addresses that hunger, as his books enable his readers to get beyond opinions to the living Word. Wipf and Stock Publishers have rendered a great gift to the religious world in reprinting dozens of Morgan's books. This growing collection makes his books more available, so that readers have an option other than searching the internet for used, and often expensive, copies. Among this collection is the classic *The Great Physician* and commentaries on the Gospel of Matthew and John. Persons seeking a living faith and a meaningful encounter with God would profit from reading any of these Morgan books. Near the end of his ministry, in a sermon entitled *But One Thing*, Morgan commented on how Portugal changed the words of a coin after Christopher Columbus discovered America. No longer did the inscription say, *Ne Plus Ultra* (nothing more beyond) but *Plus Ultra* (more beyond). It is the hope of the G. Campbell Morgan Trust that the reprinting of these books will bring readers to the more beyond, and an even deeper encounter with the Word in Scripture. The Morgan Trust Richard L. Morgan Howard C.
