The most important part of this self-study course is confidence building measures because it has been found from the long experience that biggest problem in the path of fluently speaking a foreign language is hesitation, that arises out of lack of confidence. Many people, who have good command over the language and are well aware of its grammar and composition, can't speak the language fluently. Why? The answer is simple. While speaking they try to construct a sentence in their mother language and do the mental translation before uttering a single line. This creates not only confusion but utter chaos in their mind. As a result they feel great hesitation to speak simple sentences. In some cases, however, the problem is more complex, as they lack the basic knowledge of the English language. Rapidex English Speaking Course takes care of both the cases. So, what are you waiting for? Go ahead and discover the secret of fluency in English speaking. Explore and develop your hidden potential and face the world with a new-found confidence and smartness. Only the sky should be your limit. No matter which language you know or speak, be it Hindi, Marathi, Gujarati, Tamil, Telegu, Assami, Oriya, Kannad, Punjabi, Bengali, Nepali or Urdu, with the help of this book English will no more be a foreign language for you. A must for every Indian home.

nepali song hot: *1400 BANANAS, 76 TOWNS & 1 MILLION PEOPLE* SAMIR NAZARETH, 2014-09-18 For my part, I travel not to go anywhere, but to go. I travel for travel's sake. The great affair is to move. ~ Robert Louis Stevenson in *Travels with a Donkey* Few of us have the panache to put in our papers, free ourselves from our desks, and take off on a half-year-long trip along the coastal necklace of peninsular India. This richly-flavoured travelogue combines adventure, serendipity, food, and sheer joie de vivre. The narrative irresistibly draws us in as benevolent

observers of the many facets and foibles of humanity. Living out of a backpack, in budget lodgings, and eating bananas as a staple, only add to the heady challenges that stimulate the spirit of wanderlust of this maverick-explorer. The tour diary, starting from the remote north-western coastal tip and climaxing, rather precariously, way above sea-level at the potentially sinister Indo-Tibetan border, is an engrossing chronicle of discoveries about the desires, views, tribulations, joys, and sheer zest for living, of the teeming millions of India. Thrown in for good measure, in a refreshingly tongue-in-cheek style, are recipes for some of the gastronomic delights offered in the places traversed. Itinerant sidelights about people of all classes and creeds – fishermen, seafarers, rickshaw-drivers, priests, salesmen, radicals, typical and atypical families, and all the rest – create a colourful kalaidoscope that is quintessentially India. This book is as enjoyable and energising as a good cup of chai...

nepali song hot: "If Each Comes Halfway" Kathryn S. March, 2018-08-06 For twenty-five years, Kathryn S. March has collected the life stories of the women of a Buddhist Tamang farming community in Nepal. In *If Each Comes Halfway*, she shows the process by which she and Tamang women reached across their cultural differences to find common ground. March allows the women's own words to paint a vivid portrait of their highland home. Because Tamang women frequently told their stories by singing poetic songs in the middle of their conversations with March, each book includes a CD of traditional songs not recorded elsewhere. Striking photographs of the Tamang people accent the book's written accounts and the CD's musical examples. In conversation and song, the Tamang open their sem—their hearts-and-minds—as they address a broad range of topics: life in extended households, women's property issues, wage employment and out-migration, sexism, and troubled relations with other ethnic groups. Young women reflect on uncertainties. Middle-aged women discuss obligations. Older women speak poignantly, and bluntly, about weariness and waiting to die. The goal of March's approach to ethnography is to place Tamang women in control of how their stories are told and allow an unusually intimate glimpse into their world.
