

omega psi phi members

omega psi phi members have played a significant role in the fraternity's rich history and ongoing legacy. As a prominent historically African American fraternity, Omega Psi Phi boasts a membership filled with influential leaders, pioneers, and changemakers across various fields. This article explores the notable individuals who have been part of this esteemed brotherhood, highlighting their achievements and contributions to society. Additionally, it delves into the fraternity's origins, its guiding principles, and the impact omega psi phi members have made on communities worldwide. Understanding the legacy of omega psi phi members provides insight into the fraternity's enduring significance and cultural importance. The following sections provide a detailed overview of prominent members, the fraternity's history, and its core values.

- The History and Founding of Omega Psi Phi
- Notable Omega Psi Phi Members in Various Fields
- Contributions and Impact of Omega Psi Phi Members
- The Values and Principles Guiding Omega Psi Phi Members
- Membership and Legacy of Omega Psi Phi

The History and Founding of Omega Psi Phi

Omega Psi Phi Fraternity, Incorporated, was founded on November 17, 1911, at Howard University in Washington, D.C. The fraternity was established by three undergraduate students—Edgar Amos Love, Oscar James Cooper, and Frank Coleman—and their faculty adviser, Dr. Ernest Everett Just. The founders sought to create an organization that would emphasize the principles of manhood, scholarship, perseverance, and uplift. These principles continue to guide omega psi phi members to this day, shaping the fraternity's mission and activities.

Since its inception, Omega Psi Phi has been committed to fostering academic excellence, leadership development, and community service among African American men. The fraternity quickly expanded beyond Howard University, establishing chapters across the United States and internationally. This growth cemented omega psi phi members as key contributors to social progress and cultural empowerment throughout the 20th and 21st centuries.

Notable Omega Psi Phi Members in Various Fields

Omega psi phi members have distinguished themselves in numerous professional arenas, including civil rights, politics, sports, entertainment, and academia. Their

accomplishments reflect the fraternity's dedication to excellence and service.

Leaders in Civil Rights and Politics

Many omega psi phi members have played pivotal roles in advancing civil rights and social justice. Among them is the legendary civil rights activist and congressman, Congressman John Lewis, whose leadership in the struggle for equality is widely celebrated. Additionally, members such as Congressman Charles Rangel and the late Congressman Andrew Young have significantly influenced American politics and policy.

Prominent Athletes Among Omega Psi Phi Members

The fraternity boasts numerous members who have excelled in professional sports. These athletes have brought national attention to Omega Psi Phi through their achievements in basketball, football, and other sports. Notable members include:

- Michael Strahan – Pro Football Hall of Famer and television personality
- Walt Frazier – NBA Hall of Famer and basketball legend
- Elvin Bethea – Pro Football Hall of Famer
- Calvin Hill – Former NFL player and sports commentator

Influential Figures in Arts and Entertainment

Omega psi phi members have also made significant contributions to music, film, and literature. Renowned artist Langston Hughes, a prominent poet and social activist, was an early member whose work helped shape the Harlem Renaissance. Other influential members include comedian and actor Steve Harvey and the legendary singer and songwriter Redd Foxx, both of whom have used their platforms to inspire and entertain diverse audiences.

Contributions and Impact of Omega Psi Phi Members

The collective efforts of omega psi phi members have led to meaningful societal changes and community empowerment. Their contributions extend beyond personal achievements to impactful philanthropic initiatives and mentorship programs.

Community Service and Philanthropy

Omega psi phi members are known for their commitment to community uplift through various service projects and charitable activities. The fraternity sponsors programs focused on education, health awareness, and economic development. These include scholarships for deserving students, voter registration drives, and initiatives addressing health disparities such as prostate cancer awareness.

Mentorship and Leadership Development

Mentorship is a cornerstone of the fraternity's mission, with omega psi phi members actively guiding younger generations toward success. Through leadership training workshops, youth programs, and networking opportunities, members foster personal and professional growth within their communities.

The Values and Principles Guiding Omega Psi Phi Members

Omega Psi Phi is founded on four cardinal principles: Manhood, Scholarship, Perseverance, and Uplift. These core values serve as the foundation for the conduct and aspirations of all omega psi phi members.

Manhood

The principle of manhood encourages members to exhibit integrity, responsibility, and respect in all aspects of life. Omega psi phi members are expected to demonstrate honorable behavior and leadership within their families, professions, and communities.

Scholarship

Academic excellence is a key focus of the fraternity, with omega psi phi members striving for intellectual growth and achievement. The fraternity supports educational endeavors through scholarships, academic programs, and encouragement of lifelong learning.

Perseverance

Perseverance represents the determination and resilience required to overcome challenges. Omega psi phi members embrace this principle by maintaining commitment to their goals despite obstacles and setbacks.

Uplift

Uplift embodies the fraternity's dedication to improving the lives of others. Omega psi phi members actively engage in service and advocacy to promote social justice, equality, and community development.

Membership and Legacy of Omega Psi Phi

The legacy of omega psi phi members is marked by a tradition of excellence and service that spans over a century. Membership is selective and honors men who exemplify the fraternity's principles and demonstrate leadership potential.

Becoming an Omega Psi Phi Member

Prospective members undergo a rigorous process that includes academic requirements, character evaluation, and commitment to fraternity values. This ensures that omega psi phi members continue to uphold the high standards set by the founders.

The Enduring Influence of Omega Psi Phi Members

Through their leadership, achievements, and dedication, omega psi phi members have left an indelible mark on society. Their contributions across diverse fields inspire future generations and reinforce the fraternity's role as a catalyst for positive change.

Frequently Asked Questions

Who are some notable members of Omega Psi Phi fraternity?

Notable members of Omega Psi Phi include Michael Jordan, Langston Hughes, Bill Cosby, Steve Harvey, and Shaquille O'Neal.

What is the significance of Omega Psi Phi members in African American history?

Omega Psi Phi members have played crucial roles in civil rights, education, arts, and politics, contributing significantly to African American culture and progress since the fraternity's founding in 1911.

How does one become a member of Omega Psi Phi?

To become a member of Omega Psi Phi, an individual must be a male college student attending a college or university with an active chapter, meet academic requirements, and

undergo a membership intake process that includes education on the fraternity's history and values.

What are the core values upheld by Omega Psi Phi members?

Omega Psi Phi members uphold the core values of manhood, scholarship, perseverance, and uplift, which guide their personal development and community service efforts.

How do Omega Psi Phi members contribute to community service?

Members of Omega Psi Phi actively engage in community service through programs focusing on education, mentoring youth, health awareness, and social justice initiatives to improve the lives of people in their communities.

Additional Resources

1. The Omega Psi Phi Legacy: A History of Brotherhood and Service

This book explores the rich history of Omega Psi Phi Fraternity, Inc., highlighting its founding principles and the impact its members have made in various fields. It delves into the fraternity's commitment to scholarship, leadership, and community service. Readers gain insight into how Omega men have shaped social and cultural movements throughout the decades.

2. Men of Omega: Stories of Achievement and Excellence

A collection of inspiring biographies and profiles of notable Omega Psi Phi members who have excelled in politics, sports, education, and the arts. The book celebrates the diversity and accomplishments of fraternity brothers while emphasizing the values of perseverance and brotherhood. It serves as a motivational guide for young men aspiring to make a difference.

3. Omega Psi Phi and the Civil Rights Movement

Focusing on the fraternity's influential role during the Civil Rights era, this book documents the courageous efforts of Omega men in advocating for justice and equality. It includes firsthand accounts, speeches, and historical analysis that showcase the fraternity's dedication to social change. The narrative connects the fraternity's mission with broader struggles for civil rights in America.

4. Leadership Lessons from Omega Psi Phi

This book distills leadership principles and life lessons drawn from the fraternity's distinguished members and their experiences. It offers practical advice for personal development, community engagement, and professional success. The text is ideal for current and prospective members seeking to embody the fraternity's ideals.

5. The Culture and Traditions of Omega Psi Phi

An in-depth look at the customs, rituals, and symbols that define Omega Psi Phi. The book explores how these traditions foster a strong sense of identity and unity among members.

It provides historical context and explains the significance behind the fraternity's unique practices and ceremonies.

6. *Omega Psi Phi in Sports: Champions On and Off the Field*

Highlighting the achievements of Omega Psi Phi members in athletics, this book profiles legendary sports figures and their contributions beyond the playing field. It underscores the fraternity's influence in promoting discipline, teamwork, and community involvement among athletes. Readers learn about the balance between athletic excellence and academic or social responsibility.

7. *Brotherhood Beyond Borders: Omega Psi Phi's Global Impact*

This book examines how Omega Psi Phi has expanded its reach internationally, fostering brotherhood and service across cultures. It details global initiatives, partnerships, and the fraternity's role in addressing social issues worldwide. The narrative demonstrates the universal applicability of Omega's principles.

8. *Scholarship and Service: The Pillars of Omega Psi Phi*

Focusing on the fraternity's emphasis on academic achievement and community service, this book showcases programs and initiatives led by Omega members. It highlights success stories of scholarship recipients and impactful service projects. The text encourages a commitment to lifelong learning and civic responsibility.

9. *The Voices of Omega: Essays from Distinguished Members*

A compilation of essays and reflections written by prominent Omega Psi Phi brothers, offering personal insights and philosophies. The collection covers a wide range of topics including leadership, social justice, education, and fraternity life. It provides a diverse perspective on what it means to be an Omega man in today's world.

omega psi phi members: The History of Omega Psi Phi Fraternity Inc. (an Update for the Period 1960-2008) Vernon Steve Weakley, 2009-05-01 This literary work is an update of the History of Omega Psi Phi Fraternity Inc. for the period 1960 to 2008. This book humbly takes up where Omega men Herman Dreer, Robert L. Gill and their outstanding committees stopped. This new update was officially sanctioned and commissioned by Omega Psi Phi Fraternity Inc. via the 38th Grand Basileus, the honorable Warren G. Lee, and the elected Supreme Council for the 74th Grand Conclave. This Omega History Book project will provide a clear and accurate history of Omega Psi Phi Fraternity and its impact on America and African Americans in particular for the period 1960 to 2008. This new History update will serve to clearly demonstrate how Omega Psi Phi fraternity Inc. has, not only made a significant positive difference in the lives of Black people, but the entire world. It is this committee's fervent hope that this update will not only enlighten, be a beacon and shed light on our illustrious history but will also be an inspiration to young people, the general public at large and all Omega Men, past, present and future. This new update involved the

comprehensive gathering of historical data on Omega Psi Phi Fraternity Inc. from all across America and internationally for the period 1960 to the 2008. It endeavored to encompass all significant contributions, all noteworthy efforts and the resulting factual recordation of Omega Psi Phi fraternity and all Omega men who have had pertinent impact on America and Omega Dear during this period. This project was massive and took over two years to complete. The resulting final product will be a self perpetuating income generating source for Omega Psi Phi fraternity for many years to come. Please be clearly advised readers that this is an update of the previous history books written by the honorable Herman Dreer, Robert L. Gill and their committees. This book, with the exception of containing some basic historical information to enlighten a person who has no knowledge of Omega Psi Phi Fraternity, will not routinely cover past historical information shown in the great works of Dreer and Gill occurring prior to this update period. The history rich period for this update has provided many interesting challenges for Omega and its members. The Founders of Omega Psi Phi Fraternity did not shrink from the task, nor did they pity themselves for being given the tremendous burden to uplift the African American race. W.E.B. DuBois' talented tenth assertion must be our rallying cry in that it crystallizes the fact that Omega men must be in the forefront in lifting the Black community to higher heights. Omega men are indeed the cream of the crop endowed with the divine gift of greatness. And, our great history and our individual and unified deeds bare witness to this fact and with that our readiness to step to the fore. Omega Psi Phi Fraternity Inc. is filled with many great Omega men who have had significant positive impact on America during this update period. There are undeniable facts, inspiring legends, and exceptional Omega men who have accomplished great things in their districts and at the international level, as well as in their personal lives and in their gallant exploits across the nation. It is time that the world knows of our extraordinary contributions to the greatest country on earth and our proud race. We pray that this HISTORY OF OMEGA PSI PHI FRATERNITY INC. for the period 1960 to 2008 accomplishes this goal and be a guiding light to live by and be a positive uplifting force for all that reads it.

omega psi phi members: Brothers and Sisters Craig LaRon Torbenson, Gregory Parks, 2009 The 1950s are arguably the watershed era in the civil rights movement with the landmark Supreme Court decision of Brown v. Board of Education in 1954, the Montgomery Bus Boycott in 1955, and the desegregation of Little Rock (Arkansas) High School in 1957. It was during this period--1955 to be exact--that sociologist Alfred M. Lee published his seminal work *Fraternities without Brotherhood: A Study of Prejudice on the American Campus*. Lee's book was the first and last book to explore diversity within college fraternal groups. More than fifty years later, Craig L. Torbenson and Gregory S. Parks revisit this issue more broadly in their edited volume *Brothers and Sisters: Diversity in College Fraternities and Sororities*. This volume draws from a variety of disciplines in an attempt to provide a holistic analysis of diversity within collegiate fraternal life. It also brings a wide range of scholarly approaches to the inquiry of diversity within college fraternities and sororities. It explores not only from whence these groups have come but where they are currently situated and what issues arise as they progress.

omega psi phi members: Black Greek 101 Walter M. Kimbrough, 2023-09-12 *Black Greek 101* analyzes the customs, culture, and challenges facing historically Black fraternal organizations. The text provides a history of Black Greek organizations beyond the nine major organizations, examining the pledging practice, the growth of fraternalism outside of the mainstream organizations, the vivid culture and practices of the groups, and challenges for the future.

omega psi phi members: *Brother Outsider, Brother Insider* Chris Danielson, 2025-07 Lawrence Thomas Guyot Jr. (1939-2012), known simply as "Guyot" (pronounced ghee-aught), was a pivotal yet underrecognized figure in the civil rights movement. As a Student Nonviolent Coordinating Committee (SNCC) field secretary in the 1960s, he battled southern poverty and racism, championing voting rights for Black Mississippians. His leadership in the Mississippi Freedom Democratic Party (MFDP) highlighted tensions between the MFDP's electoral goals and SNCC's more radical stance. Guyot later moved into Washington, DC, politics, working alongside

leaders like Marion Barry, shifting from a rural civil rights organizer to an urban political strategist. Chris Danielson's nuanced portrayal of Guyot offers a fresh perspective on the civil rights movement. Through Guyot's activism, *Brother Outsider, Brother Insider* invites a reassessment of the era and the individuals who shaped it.

omega psi phi members: *1999 Chacahoula* ,

omega psi phi members: *Black Greek-Letter Organizations 2.0* Matthew W. Hughey, Gregory S. Parks, 2011-02-18 At the turn of the twentieth century, black fraternities and sororities, also known as Black Greek-Letter Organizations (BGLOs), were an integral part of what W.E.B. Du Bois called the "talented tenth." This was the top ten percent of the black community that would serve as a cadre of educated, upper-class, motivated individuals who acquired the professional credentials, skills, and capital to assist the race to attain socioeconomic parity. Today, however, BGLOs struggle to find their place and direction in a world drastically different from the one that witnessed their genesis. In recent years, there has been a growing body of scholarship on BGLOs. This collection of essays seeks to push those who think about BGLOs to engage in more critically and empirically based analysis. This book also seeks to move BGLO members and those who work with them beyond conclusions based on hunches, conventional wisdom, intuition, and personal experience. In addition to a rich range of scholars, this volume includes a kind of call and response feature between scholars and prominent members of the BGLO community.

omega psi phi members: *Black Enterprise* , 1975-07 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals, entrepreneurs and corporate executives. Every month, BLACK ENTERPRISE delivers timely, useful information on careers, small business and personal finance.

omega psi phi members: *Omega Psi Phi Fraternity, Inc* Omega Psi Phi Fraternity, 1995*

omega psi phi members: *Ebony* , 1993-09 EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

omega psi phi members: *African American Fraternities and Sororities* Tamara L. Brown, Gregory S. Parks, Clarendia M. Phillips, 2012-02-29 The rich history and social significance of the "Divine Nine" African American Greek-letter organizations is explored in this comprehensive anthology. In the long tradition of African American benevolent and secret societies, intercollegiate African American fraternities and sororities have strong traditions of fostering brotherhood and sisterhood among their members, exerting considerable influence in the African American community and being in the forefront of civic action, community service, and philanthropy. Dr. Martin Luther King, Jr., Toni Morrison, Arthur Ashe, and Sarah Vaughn are just a few of the trailblazing members of these organizations. *African American Fraternities and Sororities* places the history of these organizations in context, linking them to other movements and organizations that predated them and tying their history to the Civil Rights movement. It explores various cultural aspects of the organizations, such as auxiliary groups, branding, calls, and stepping, and highlights the unique role of African American sororities.

omega psi phi members: *Wrongs of Passage* Hank Nuwer, 2001 Explores the problems of hazing and binge drinking at fraternities and sororities on American college campuses, telling the stories of some of the young people who have been seriously injured or died as a result of such behaviors; and offers a list of recommendations for reform.

omega psi phi members: *The Grandfather of Black Basketball* Edwin Bancroft Henderson II, 2024-02-20 The first contemporary biography of the man credited with introducing basketball to African Americans on a wide-scale, organized basis. Dr. Edwin Bancroft Henderson was the son of working-class parents born in slavery. A driven, intelligent, and charismatic young man, Henderson attended Harvard University's Dudley Sargent School of Physical Training. There he met the leaders in the new field of physical education and recognized athletics—and basketball, especially—as a public health initiative and a way that young Blacks could gain college scholarships and debunk the idea of racial inferiority. In *The Grandfather of Black Basketball: The Life and Times of Dr. E. B.*

Henderson, Edwin Bancroft Henderson II—Dr. Henderson's grandson—provides unprecedented detail and fascinating insight into this influential figure in Black history. Henderson organized the first athletic league for Blacks, introduced basketball to Black people on a wide-scale, organized basis, and founded associations to train and organize Black officials and referees. He also wrote and co-edited the first Spalding publication that highlighted the exploits of African American participation in sports and authored *The Negro in Sports*. Outside of athletics, Henderson was instrumental in founding the first rural branch of the NAACP, advocated for school desegregation, and held executive board positions with multiple NAACP branches. Overlooked for decades, Henderson was finally enshrined in the National Basketball Hall of Fame in 2013 as a contributor. The Grandfather of Black Basketball gives long-overdue recognition to a sports pioneer, civil rights activist, author, educator, and pragmatic humanitarian who fought his entire life to improve opportunities for youth through athletics.

omega psi phi members: *Encyclopedia of American Folklife* Simon J Bronner, 2015-03-04 American folklife is steeped in world cultures, or invented as new culture, always evolving, yet often practiced as it was created many years or even centuries ago. This fascinating encyclopedia explores the rich and varied cultural traditions of folklife in America - from barn raisings to the Internet, tattoos, and Zydeco - through expressions that include ritual, custom, crafts, architecture, food, clothing, and art. Featuring more than 350 A-Z entries, *Encyclopedia of American Folklife* is wide-ranging and inclusive. Entries cover major cities and urban centers; new and established immigrant groups as well as native Americans; American territories, such as Guam and Samoa; major issues, such as education and intellectual property; and expressions of material culture, such as homes, dress, food, and crafts. This encyclopedia covers notable folklife areas as well as general regional categories. It addresses religious groups (reflecting diversity within groups such as the Amish and the Jews), age groups (both old age and youth gangs), and contemporary folk groups (skateboarders and psychobillies) - placing all of them in the vivid tapestry of folklife in America. In addition, this resource offers useful insights on folklife concepts through entries such as community and group and tradition and culture. The set also features complete indexes in each volume, as well as a bibliography for further research.

omega psi phi members: *Black Greek-letter Organizations in the Twenty-First Century* Gregory S. Parks, 2008-06-13 During the twentieth century, black Greek-Letter organizations (BGLOs) united college students dedicated to excellence, fostered kinship, and uplifted African Americans. Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr., Congresswoman Barbara Jordan, novelist Toni Morrison, and Wall Street pioneer Reginald F. Lewis. Despite the profound influence of these groups, many now question the continuing relevance of BGLOs, arguing that their golden age has passed. Partly because of their perceived link to hip-hop culture, black fraternities and sororities have been unfairly reduced to a media stereotype—a world of hazing without any real substance. The general public knows very little about BGLOs, and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations. To foster a greater engagement with the history and contributions of BGLOs, *Black Greek-Letter Organizations in the Twenty-first Century: Our Fight Has Just Begun* brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members. Editor Gregory S. Parks and the contributing authors provide historical context for the development of BGLOs, exploring their service activities as well as their relationships with other prominent African American institutions. The book examines BGLOs' responses to a number of contemporary issues, including non-black membership, homosexuality within BGLOs, and the perception of BGLOs as educated gangs. As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena, Louisiana, these organizations still have a vital mission. Both internally and externally, BGLOs struggle to forge a relevant identity for the new century. Internally, these groups wrestle with many issues, including hazing, homophobia, petty intergroup competition, and the difficulty of bridging the divide between college and alumni members. Externally, BGLOs face the

challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism, sexism, and other types of fear-driven behavior. By embracing the history of these organizations and exploring their continuing viability and relevance, *Black Greek-Letter Organizations in the Twenty-first Century* demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead.

omega psi phi members: *Black Greek-Letter Organizations in the 21st Century* Gregory S. Parks, 2008-06-13 "A masterpiece of multidisciplinary scholarship that clearly demonstrates the contemporary relevance of black fraternities and sororities." —Hasan Kwame Jeffries, author of *Bloody Lowndes* During the twentieth century, black Greek-Letter organizations (BGLOs) united college students dedicated to excellence, fostered kinship, and uplifted African Americans. Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr., Congresswoman Barbara Jordan, novelist Toni Morrison, and Wall Street pioneer Reginald F. Lewis. Despite the profound influence of these groups, many now question the continuing relevance of BGLOs, arguing that their golden age has passed. To foster a greater engagement with the history and contributions of BGLOs, *Black Greek-Letter Organizations in the Twenty-first Century* brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members. Editor Gregory S. Parks and the contributing authors provide historical context for the development of BGLOs, exploring their service activities as well as their relationships with other prominent African American institutions. Both internally and externally, BGLOs struggle to forge a relevant identity for the new century. Internally, these groups wrestle with many issues, including hazing, homophobia, petty intergroup competition, and the difficulty of bridging the divide between college and alumni members. Externally, BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism, sexism, and other types of fear-driven behavior. By embracing the history of these organizations and exploring their continuing viability and relevance, *Black Greek-Letter Organizations in the Twenty-first Century* demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead.

omega psi phi members: *Black Haze, Second Edition* Ricky L. Jones, 2015-06-27 Expanded and revised edition of the first book devoted solely to black fraternity hazing. Are black men naturally violent? Do they define manhood in the same way as their counterparts across lines of race? Are black Greek-letter fraternities among the most dangerous student organizations on American college and university campuses? Can their often-dangerous initiation processes be stopped or even modified and, if not, what should be done about them? In this second edition of *Black Haze*, Ricky L. Jones takes on these questions and more. The first edition was an enlightening and sometimes disturbing examination of American men's quest for acceptance, comfort, reaffirmation, and manhood in a world where their footing is often unstable. In this new edition Jones not only provides masterful philosophical and ethical analyses but he also forces the engagement of a terrifying real world process that damages and kills students with all too frequent regularity. With a revealing new preface and stunning afterword, Jones immerses the reader in an intriguing and dark world marked by hypermasculinity, unapologetic brutality, and sometimes death. He offers a compelling book that ranges well beyond the subject of hazing—one that yields perplexing questions and demands difficult choices as we move forward in addressing issues surrounding fraternities, violent hazing, black men, and American society. *Black Haze* is a landmark study on hazing culture within black Greek-letter organizations. With an insider's eye and scholar's touch, Jones masterfully captures the emic contours, complexities, and contradictions of black fraternity hazing as ritual act and cultural practice. This text is at once rigorous and accessible, theoretical and practical, classic and urgent. Anyone interested in understanding hazing, masculinity, BGLOs, or black cultural practice must read this book! — Marc Lamont Hill, coauthor of *The Classroom and the Cell: Conversations on Black Life in America* *Black Haze* is a compelling survey of black Greek-letter organizations, their history, purpose, and their most damning traditions. This is an examination of how the virtues of brotherhood and civic service coexist with brutal

violence and cruelty within some of the oldest organizations in black America. Professor Jones has produced a vital contribution about a crucial and enduring problem. □ □ William Jelani Cobb, author of *The Substance of Hope: Barack Obama and the Paradox of Progress* □ Ricky Jones's *Black Haze* is an important study of black male identity development. By examining black men's relationship with fraternities, he uncovers larger and brilliantly penetrating insights into issues of masculinity and political identity among African American males in the post-civil rights era. □ □ Peniel E. Joseph, author of *Waiting 'Til the Midnight Hour: A Narrative History of Black Power in America* □ *Black Haze* is a riveting coup de grâce against ritualized violence in black fraternities. The second edition of *Black Haze* is the most penetrating, illuminating, and articulate sociopolitical and cultural analysis of the chilling legacy of violence in black Greek-letter fraternities. As one of the world's leading authorities on black masculinity and organizations, Ricky Jones intelligently confronts traditional verities, social norms, and myths that seek to justify and continue ritualized violence in black fraternities through the courageous prism of a reformed insider dedicated to the preservation of black dignity and life. □ □ Jeremy I. Levitt, author of *Black Women and International Law: Deliberate Interactions, Movements and Actions Praise for the First Edition* □ provides valuable insights into the reasoning behind hazing, a practice that extends into the realms of sports and even high school, and is relevant for not only fraternity members and officials, but the general public as well. □ □ *The Griot* □ an important contribution because of the skillful manner in which Jones incorporates and critically analyzes relevant literature and other related scholarly writings Jones, himself a member of Kappa Alpha Psi, offers personal observations as well as first-hand views and perceptions of hazing. □ □ *Journal of College Student Development*

omega psi phi members: When Colleges Sang J. Lloyd Winstead, 2013-06-30 *When Colleges Sang* is an illustrated history of the rich culture of college singing from the earliest days of the American republic to the present. Before fraternity songs, alma maters, and the raucous college fight songs became commonplace, students sang. Students in the earliest American colleges created their own literary melodies that they shared with their classmates. As J. Lloyd Winstead documents in *When Colleges Sang*, college singing expanded in conjunction with the growth of the nation and the American higher education system. While it was often simply an entertaining pastime, singing had other subtle and not-so-subtle effects. Singing indoctrinated students into the life of formal and informal student organizations as well as encouraged them to conform to college rituals and celebrations. University faculty used songs to reinforce the religious practices and ceremonial observances that their universities supported. Students used singing for more social purposes: students sang to praise their peer's achievements (and underachievements), mock the faculty, and provide humor. In extreme circumstances, they sang to intimidate classmates and faculty, and to defy college authorities. Singing was, and is, an intrinsic part of campus culture. *When Colleges Sang* explores the dynamics that inspired collegiate singing and the development of singing traditions from the earliest days of the American college. Winstead explores this tradition's tenuous beginnings in the Puritan era and follows its progress into the present. Using historical documents provided by various universities, *When Colleges Sang* follows the unique applications and influences of song that persisted in various forms. This original and significant contribution to the literature of higher education sheds light on how college singing traditions have evolved through the generations and have continued to remain culturally relevant even today.

omega psi phi members: The True Alpha and Omega Minister Jerrod Smith, Brother Clifton Lucas, 2011-06-20 This book exposes the true nature and culture of fraternities and sororities. In these secret societies there are activities and requirements that cause prospective members and members alike to unknowingly enter into ungodly pacts and covenants. These ungodly practices lead to activities which include physical abuse, fornication, adultery, hatred, envy, strife, manipulation, social and intellectual elitism, abominable sexual activities and witchcraft. These organizations attract people that are looking for something that only Christ Jesus can provide. However, the organizations appear as a light by their community service and networking abilities. This light however is a false light. Once one gets into the inner workings of the organizations, the sin

and soul inflicting antics are found deeply rooted in darkness. The authors being former members that participated in ungodly activities within these organizations expose the physical, mental, sexual and spiritual death-dealing activities found in fraternities and sororities. This is by no means a kiss and tell composition, but it is a trying to save people from hell exposition. Actual accounts of sexual requirements, abuse, ancient ungodly spiritual practices, witchcraft, and required chants which denounce the existence of the One True God are given in detail in this book. Ungodly spirits of old have found new vessels to operate in through these fraternities and sororities. The good thing about this book is that it not only exposes spiritual wickedness and old ungodly practices, but it shows people who want to be free how to find God, the Ancient of Days. Let the Truth be told. We encourage you to read this book if you are joining a fraternity or sorority, are a member of one, are a pastor, or have a loved one in one of these organizations. We desire for all to be free and blessed by this book.

omega psi phi members: The Divine Nine Lawrence C. Ross, 2019-08-27 This comprehensive history of African American fraternities and sororities celebrates the spirit of Black Excellence in higher education that has produced American leaders in politics, sports, arts, and culture such as Kamala Harris, Colin Kaepernick, Michael Jordan, Thurgood Marshall, and Toni Morrison, and is sure to be a treasured resource for generations to come. America's Black fraternities and sororities are a unique and vital part of 20th century African American history, providing young black achievers with opportunities to support each other while they serve their communities and the nation. From pioneering work in the suffragette movement to extraordinary strides during the Civil Rights era to life-changing inner-city mentoring programs, members of these organizations share a proud tradition of brotherhood, sisterhood, and service. Today, America's nine black fraternities and sororities are millions of members strong with chapters at HBCUs, Ivy League Schools, and colleges across the nation including Stanford University, Howard University, and the University of Chicago.

omega psi phi members: Historically Black Colleges and Universities F. Erik Brooks, Glenn L. Starks, 2011-09-13 This exhaustive analysis of Historically Black Colleges and Universities (HBCUs) throughout history discusses the institutions and the major events, individuals, and organizations that have contributed to their existence. The oldest HBCU, Cheyney University of Pennsylvania, was founded in 1837 by Quaker philanthropist Richard Humphreys as the Institute for Colored Youth. By 1902, at least 85 such schools had been established and, in subsequent years, the total grew to 105. Today approximately 16 percent of America's black college students are enrolled in HBCUs. *Historically Black Colleges and Universities: An Encyclopedia* brings the stories of these schools together in a comprehensive volume that explores the origin and history of each Historically Black College and University in the United States. Major founders and contributors to HBCUs, including whites, free blacks, churches, and states, are discussed and distinguished alumni are profiled. Specific examples of the impact of HBCUs and their alumni on American culture and the social and political history of the United States are also examined. In addition to looking at the HBCUs themselves, the book analyzes historical events and legislation of the past 174 years that impacted the founding, funding, and growth of these history-making schools.
