

purpose of life

purpose of life is a profound question that has intrigued philosophers, theologians, scientists, and thinkers throughout history. Understanding the purpose of life involves exploring various perspectives, including spiritual, philosophical, and scientific viewpoints. This inquiry addresses fundamental human concerns such as meaning, fulfillment, and existence itself. The purpose of life can differ significantly depending on cultural backgrounds, belief systems, and individual experiences. This article delves into the diverse interpretations and theories surrounding the purpose of life, shedding light on its significance in personal growth and societal development. Readers will gain insight into how different disciplines approach the question and the implications for living a meaningful life. The following sections will guide through the exploration of the purpose of life, its philosophical foundations, religious interpretations, scientific perspectives, and practical applications.

- Philosophical Perspectives on the Purpose of Life
- Religious and Spiritual Interpretations
- Scientific and Psychological Views
- Practical Applications of Understanding Life's Purpose

Philosophical Perspectives on the Purpose of Life

Philosophy has long been a central field for examining the purpose of life. Various philosophical schools offer distinct answers to this enduring question, ranging from existentialist to utilitarian viewpoints. These perspectives often emphasize reason, ethics, and individual consciousness in defining life's meaning.

Existentialism and Individual Meaning

Existentialist philosophy argues that life inherently lacks predetermined purpose, and it is the responsibility of each individual to create their own meaning. Prominent existentialists like Jean-Paul Sartre and Albert Camus suggest that despite life's absurdity, people can find purpose through authentic choices and personal freedom.

Utilitarianism and the Greatest Good

From a utilitarian standpoint, the purpose of life is to maximize happiness and minimize suffering for the greatest number of people. This ethical framework, developed by thinkers such as Jeremy Bentham and John Stuart Mill, focuses on the consequences of actions as

the basis for determining meaningful living.

Stoicism and Virtue

Stoic philosophy presents purpose as living in accordance with reason and virtue. According to Stoicism, happiness and fulfillment arise from self-control, wisdom, and acceptance of the natural order, emphasizing inner peace over external circumstances.

Religious and Spiritual Interpretations

Religious and spiritual traditions worldwide provide rich frameworks for understanding the purpose of life. These interpretations often connect life's meaning to divine plans, moral conduct, and the pursuit of transcendence or enlightenment.

Christianity and Divine Purpose

In Christian theology, the purpose of life centers on fulfilling God's will, developing a relationship with Jesus Christ, and attaining eternal salvation. Life's meaning is often understood as serving God and living in accordance with biblical teachings.

Buddhism and Enlightenment

Buddhism teaches that the purpose of life is to overcome suffering through the Noble Eightfold Path and achieve enlightenment (nirvana). This spiritual journey involves ethical living, meditation, and wisdom to transcend the cycle of birth and rebirth.

Hinduism and Dharma

Hindu philosophy emphasizes dharma, or righteous duty, as the guiding principle for life's purpose. Following dharma leads to spiritual growth and ultimately to moksha, liberation from the cycle of reincarnation.

Common Elements in Spiritual Views

Many spiritual traditions share common themes regarding the purpose of life, including:

- Connection to a higher power or universal consciousness
- Moral and ethical living as a pathway to meaning
- Growth and transformation of the soul or self
- The pursuit of ultimate peace or liberation

Scientific and Psychological Views

Science and psychology offer empirical approaches to understanding the purpose of life, focusing on human behavior, evolutionary biology, and mental well-being. These perspectives often analyze how purpose contributes to survival and psychological health.

Evolutionary Biology and Survival

From an evolutionary perspective, the purpose of life is to survive and reproduce, ensuring the continuation of genetic material. Natural selection drives behaviors and adaptations that enhance fitness and species propagation.

Psychological Theories of Meaning

Psychologists study the role of meaning and purpose in mental health and motivation. Viktor Frankl's logotherapy, for example, emphasizes finding meaning even in suffering as essential for psychological resilience and fulfillment.

Positive Psychology and Life Satisfaction

Positive psychology investigates factors that contribute to a meaningful life, such as engagement, relationships, and achievement. Research indicates that having a clear sense of purpose is linked to improved well-being and longevity.

Practical Applications of Understanding Life's Purpose

Recognizing the purpose of life has practical implications for both individuals and society. It influences decision-making, goal setting, and overall quality of life. Applying insights from various perspectives can foster personal growth and social harmony.

Goal Setting and Personal Development

Understanding one's purpose provides clarity in setting meaningful goals and prioritizing activities that align with core values. This alignment enhances motivation, productivity, and satisfaction.

Building Resilience and Coping Mechanisms

A strong sense of purpose helps individuals cope with adversity by providing a framework

for interpreting challenges and maintaining hope. Purpose-driven people are more likely to exhibit resilience during difficult times.

Enhancing Social Connections

Purpose often involves contributing to the well-being of others, which strengthens social bonds and community engagement. Collaborative efforts toward shared goals enhance collective meaning and societal progress.

Practical Steps to Discover and Cultivate Purpose

1. Reflect on personal values and passions
2. Set achievable and meaningful goals aligned with values
3. Engage in activities that provide a sense of contribution
4. Seek continuous learning and self-improvement
5. Build supportive relationships and communities

Frequently Asked Questions

What is the purpose of life according to philosophy?

Philosophically, the purpose of life is often considered to be the pursuit of knowledge, happiness, virtue, or self-realization, though interpretations vary widely among different schools of thought.

How do different religions define the purpose of life?

Different religions define the purpose of life in various ways, such as achieving spiritual enlightenment, serving and worshiping a deity, fulfilling karmic duties, or attaining salvation or nirvana.

Can the purpose of life be different for each individual?

Yes, many believe that the purpose of life is subjective and unique to each individual, shaped by personal values, experiences, and goals.

Is finding happiness the ultimate purpose of life?

While many consider happiness a central goal, some argue that purpose involves broader

aspects like meaning, contribution to others, or personal growth beyond mere happiness.

How does science view the purpose of life?

Science typically views life as a result of biological processes without inherent purpose, but many scientists acknowledge that individuals can create their own meaning and purpose.

What role does purpose play in mental health?

Having a clear sense of purpose is linked to better mental health, providing motivation, resilience, and a framework for making sense of life experiences.

Can the purpose of life change over time?

Yes, as people grow and experience life, their understanding and sense of purpose can evolve to reflect new priorities and insights.

How can someone discover their purpose in life?

Discovering purpose often involves self-reflection, exploring passions and values, setting meaningful goals, and seeking experiences that bring fulfillment and connection.

Is the purpose of life related to contributing to society?

Many philosophies and individuals find purpose in contributing to society, believing that helping others and making a positive impact add meaning to life.

Does the concept of purpose of life differ between cultures?

Yes, cultural backgrounds influence interpretations of life's purpose, with some emphasizing community and harmony, while others focus on individual achievement or spiritual goals.

Additional Resources

1. Man's Search for Meaning

Written by Viktor E. Frankl, this profound book explores the author's experiences in Nazi concentration camps and the psychological approach known as logotherapy. Frankl argues that finding meaning in life is the primary driving force for humans. The book offers deep insights into how purpose can be discovered even in the darkest circumstances.

2. The Purpose Driven Life

Authored by Rick Warren, this bestselling book provides a 40-day spiritual journey to help readers understand God's plan for their lives. It emphasizes living a life aligned with divine purpose and encourages reflection on one's role within a larger community. The

book combines biblical teachings with practical advice for personal growth.

3. *Awaken the Giant Within*

Tony Robbins presents strategies to take control of one's emotions, finances, relationships, and life overall. The book emphasizes the power of decision-making and self-belief in creating a purposeful and fulfilling life. Robbins provides tools to help readers transform their mindset and achieve lasting change.

4. *The Alchemist*

Paulo Coelho's novel tells the story of Santiago, a shepherd boy on a quest to find his personal legend. Through allegory and mystical experiences, it explores themes of destiny, dreams, and the search for meaning. The book inspires readers to pursue their own purpose with courage and faith.

5. *Flow: The Psychology of Optimal Experience*

Mihaly Csikszentmihalyi investigates the concept of "flow," a mental state where people are fully immersed and engaged in activities. This state is linked to happiness and a sense of purpose. The book explains how to cultivate flow to enhance creativity and satisfaction in life.

6. *The Art of Happiness*

Co-written by the Dalai Lama and psychiatrist Howard Cutler, this book combines Eastern spiritual wisdom with Western psychology. It explores the connection between happiness and a meaningful life, emphasizing compassion, mindfulness, and inner peace. Readers are guided to find purpose through altruism and self-awareness.

7. *Start with Why*

Simon Sinek examines how great leaders inspire action by focusing on the "why" behind their work. This book encourages readers to identify their core purpose and use it as a foundation for personal and professional success. It highlights the importance of clarity and authenticity in living a purposeful life.

8. *The Road Less Traveled*

M. Scott Peck's classic addresses the challenges of personal growth, love, and spiritual development. The book discusses discipline, responsibility, and grace as key components of finding meaning. It provides practical advice for overcoming obstacles to live a life of purpose.

9. *Ikigai: The Japanese Secret to a Long and Happy Life*

This book explores the Japanese concept of ikigai, meaning "reason for being." It delves into how finding ikigai contributes to longevity and fulfillment. Through stories and research, the authors reveal how aligning passion, mission, vocation, and profession leads to a meaningful life.

purpose of life: *The Four Purposes of Life* Dan Millman, Peaceful Warrior ePublishing, 2015-01-29 Few writers approach the topic of life purpose with the clarity of Dan Millman, whose prior book *The Life You Were Born to Live* reached more than a million readers worldwide. In *The Four Purposes of Life*, Millman distills decades of exploration and experience into a concise map of what we're here to accomplish on our life's journey. This book is for anyone seeking deeper insight into themselves and their lives, but especially for those at a crossroads, facing a challenge or change, when our past approaches no longer work. These four purposes — learning life's lessons, finding your career and calling, discovering your life path, and attending to this arising moment — bring your life into sharper focus by revealing: • the value of everyday challenges in relationships, health, work, and money • how to make wiser decisions in career and relationships • our twelve required courses in the school of life • a mysterious system that highlights your hidden calling • keys to mastering the most important purpose of all *The Four Purposes of Life* can generate a quantum leap in self-knowledge, insight, and wisdom. The seeds planted will bear fruit for years to come.

purpose of life: *Life on Purpose* Victor J. Strecher, 2016-05-10 A step-by-step guide to improving your energy, willpower, health & long-term happiness using science, philosophy & the author's own tragedies and triumphs. Imagine a drug that was proven to add years to your life, reduce risk of heart attack and stroke, cut your risk of Alzheimer's disease by more than half, help you relax during the day and sleep better at night, double your chances of staying drug- and alcohol-free after treatment, activate your natural killer cells, diminish your inflammatory cells, increase your good cholesterol, and repair your chromosomes. What if this imaginary drug reduced hospital stays so much that it put a dent in the national health care crisis? The pharmaceutical company who made the drug would be worth billions. The inventors of the drug would receive Nobel Prizes and have institutes named for them. But it's not a drug. It's purpose. And it's free. Victor Strecher, an award-winning pioneer in the field of behavioral science and professor at the University of Michigan School of Public Health, lost his nineteen-year-old daughter, Julia, to a rare heart disease that resulted from an infant case of chicken pox. This life event challenged every aspect of Strecher's personal and professional experience and drove him to an exhaustive search, from ancient philosophy to cutting-edge science, to pinpoint the potential and impact of purpose in our lives. What is it? How can we discover it? And what does the latest research tell us about the importance of how purpose affects our overall health and happiness? The results of this groundbreaking investigation are revelatory and the crux of this engaging book. But *Life on Purpose* does more than just provide the latest science, it offers a step-by-step program for improving energy, willpower, health, and long-term happiness. Strecher's smart, personal, and highly practical book will fundamentally change the way we understand what it means to lead a good life. "With a powerful combination of science, philosophy, and personal tragedies and triumphs, this is a poignant read on the key ingredients for purpose in life." —Adam Grant, Wharton professor and New York Times-bestselling author of *Originals* and *Give and Take* "Strecher . . . gifts us the ability to define our purpose and immediately start instilling into our own lives. Make no mistake, understanding this concept is not only good for your health—it is good for the whole world." —Sanjay Gupta, New York Times-bestselling author and Chief Medical Correspondent CNN

purpose of life: *The Purpose of Life* ,

purpose of life: *The Purpose of Life, Why we are here* M.G. Hocking, 2016-03-10 There is much evidence that we have lived before, and our purpose is to progress to a more advanced state. The evidence also indicates that a 'God' must exist to cause such re-births -- on other continents, and hundreds of years later. The consequences of bad deeds done in previous lives explains present suffering, which seems otherwise unjust. Future lives lie before us, and from available evidence

these will be strongly influenced by our actions in our present life.

purpose of life: The Purpose-driven Life Rick Warren, Richard Warren, 2002 Donation trade 04.

purpose of life: Life of Purpose Elias Paulino, 2025-03-17 The purpose of life is a Life of Purpose. Life is a haunting mystery to the majority of people in the world. Thousands and millions of people roam the earth without ever finding a sense of significance and meaning in their life. Absence of purpose is one of the greatest voids inside the human heart. Without purpose, life has no meaning, time is a burden, faith has no direction, resources get scattered, and our efforts feel in vain. The key to living a life of meaning and fulfillment is purpose. The discovery of personal purpose is the greatest and most rewarding journey in life. Finding and fulfilling your life's purpose is the secret to your success, happiness, prosperity, and impact. In Life of Purpose, you will. . . UNDERSTAND the consequences of living without purpose. LEARN the principles that govern meaning and fulfillment. OVERCOME the obstacles to finding and fulfilling your purpose. GAIN the wisdom to walk and fulfill your life's destiny.

purpose of life: Life On Purpose: Six Passages to an Inspired Life W. Bradford Swift, Your journey along the road to self-discovery does not have to be so long and torturous Cut decades off the process of finding your life purpose by following the six steps outlined in Life On Purpose. Infuse purpose, passion and play into every aspect of your life. This is a truly excellent book on how to discover your life purpose. I highly recommend it to anyone looking to gain clarity with respect to their core reason for being here. Steve Pavlina, personal development expert & author of Personal Development for Smart People. Decades ago, Dr. Brad Swift appeared successful from the outside, but inside, he was burned out, wracked with emotional pain, and ready to end it all--because he was living at odds with his true life purpose. But then he turned his life around to follow his true life calling--and in the process, invented this six-step method to determining one's life purpose. He has since made a difference in the lives of thousands through this proven, systematic, and practical process. "Brad has created a simple and easy way to become crystal clear about your reason for being on this planet. Life On Purpose is your road atlas to live a more purposeful, passionate and playful life." -Mark Victor Hansen, Co-creator, #1 New York Times best-selling series Chicken Soup for the Soul® In Life On Purpose you will find a step-by-step process for clarifying your life purpose and then designing your life to be a true and authentic reflection of that purpose. A Proven Process that Works! Prepare for the Journey Along the Purposeful Path: As with any challenging journey, it's best to thoroughly prepare yourself for your travels along the Purposeful Path. This includes accurately determining where you are starting from and where you intend to end up, as well as knowing some of the obstacles that could possibly get in the way of completing the journey. Start on the Purposeful Path with the Life on Purpose Perspective: It's important to begin your journey on the path that will get you where you want to go most expediently starting with rethinking the whole notion of what a life purpose is that has kept most people looking for their purpose is all the wrong places. Uncover What Has Been Shaping Your Life: Another key passage is clearly identifying the powerful force based in fear, lack, and a need to struggle to survive that has been shaping your life and keeping you from living on purpose. Many who have already traveled along the Purposeful Path feel that this passage is one of the most powerful, transforming parts of the process. Clarify and Polish Your True, Divinely Inspired Purpose: After cleaning the slate by identifying and beginning to be responsible for your Inherited Purpose, the real fun begins as you go through a process called Priming Your Passion to clarify your true, Divinely Inspired life purpose. The process can be not only life affirming, but also life transforming. Learn the 16 Tools for Living on Purpose: Now it's time to begin to live true to your life purpose with the 16 Power Tools for Living on Purpose. You will use these tools to begin to design your Life on Purpose. Master the Tools for Living on Purpose: In Passage 6 you will learn how to master the art and science of creating a life that is shaped by your true, Divinely Inspired Life Purpose.

purpose of life: The Meaning of Life Nathanael Garrett Novosel, 2020 How to think about life...not how to live it. The Meaning of Life explains life's purpose and dissects how humans derive

meaning into essential components that will help you make your own life meaningful.

purpose of life: The Purpose of Life: An Investigation of the Meaning of Life Based on Reason Shrihas Shah, 2009-03 In the book *The Purpose of Life: An Investigation of the Meaning of Life based on Reason*, we answer the question: What is the purpose of life? We are all on planet earth for a very short time. Being born as human beings, we are very lucky, but what should we do with the lives that have been given to us? You may not have asked yourself this question if you are young, but most of us ask it once we have reached midlife. In this book, we attempt to discover the purpose of life, first by defining the very question. Thereafter, we discuss who we are as humans, using reason and evidence. We consider both the scientific and philosophical (idealistic) viewpoints and present a model. Based on the model of who we are, we then define 'perception.' From there, we draw conclusions about the purpose of human life. Finally, we discuss the surrendering of life and its relationship to desire.

purpose of life: The Value and Meaning of Life Christopher Belshaw, 2020-10-28 In this book Christopher Belshaw draws on earlier work concerning death, identity, animals, immortality, and extinction, and builds a large-scale argument dealing with questions of both value and meaning. Rejecting suggestions that life is sacred or intrinsically valuable, he argues instead that its value varies, and varies considerably, both within and between different kinds of things. So in some cases we might have reason to improve or save a life, while in others that reason will be lacking. What about starting lives? The book's central section takes this as its focus, and asks whether we ever have reason to start lives, just for the sake of the one whose life it is. Not only is it denied that there is any such reason, but some sympathy is afforded to the anti-natalist contention that there is always reason against. The final chapters deal with meaning. There is support here for the sober and familiar view that meaning derives from an enthusiasm for, and some success with, the pursuit of worthwhile projects. Now suppose we are immortal. Or suppose, in contrast, that we face imminent extinction. Would either of these threaten meaning? The claim is made that the force of such threats is often exaggerated. *The Value and Meaning of Life* is essential reading for students and researchers in philosophy, ethics, and religion, and will be of interest to all those concerned with how to live, and how to think about the lives of others.

purpose of life: The Meaning of Life and the Great Philosophers Stephen Leach, James Tartaglia, 2018-05-11 *The Meaning of Life and the Great Philosophers* reveals how great philosophers of the past sought to answer the question of the meaning of life. This edited collection includes thirty-five chapters which each focus on a major philosophical figure, from Confucius to Rorty, and that imaginatively engage with the topic from their perspective. This volume also contains a Postscript on the historical origins and original significance of the phrase 'the meaning of life'. Written by leading experts in the field, such as A.C. Grayling, Thaddeus Metz and John Cottingham, this unique and engaging book explores the relevance of the history of philosophy to contemporary debates. It will prove essential reading for students and scholars studying the history of philosophy, philosophy of religion, ethics, metaphysics or comparative philosophy.

purpose of life: Meaning in Life Thaddeus Metz, 2013-10 What makes a person's life meaningful? Thaddeus Metz argues that no existing theory does full justice to the key requirements of morality, enquiry, and creativity. He offers a new answer to the question: meaning in life is a matter of intelligence contoured toward fundamental conditions of human existence.

purpose of life: *Life, Death & Meaning* David Benatar, 2004 Do our lives have meaning? Should we create more people? Is death bad? Should we commit suicide? Would it be better if we were immortal? Should we be optimistic or pessimistic? *Life, Death, and Meaning* brings together key readings, primarily by English-speaking philosophers, on such 'big questions.'

purpose of life: The Experience of Meaning in Life Joshua A. Hicks, Clay Routledge, 2013-05-27 This edited volume takes an in depth exploration into the burgeoning field of meaning in life in the psychological sciences. Each chapter features leading scholars who describes current empirical findings in a thorough and accessible manner, highlighting important issues and controversies facing the scientific study of meaning in life. The book covers an exhaustive range of

topics including conceptual and methodological issues, core psychological mechanisms that contribute to a sense of meaning, as well as important antecedents, environmental, cognitive and personality variables that bear on the experience of meaning in life. This volume is a must read for any researcher, student, or clinician interested in the state of meaning in life in the psychological sciences.

purpose of life: The Purpose of Life Daniel Zaborowski, 2023-02-19 The Purpose of Life: Philosophy, Spirituality, and Science on Life's Purpose is a book that explores the question of life's purpose from a multidisciplinary perspective. The book covers philosophical, spiritual, and scientific views on life's purpose and how they affect our understanding of the meaning of life. The book is divided into eight parts, each exploring different aspects of life's purpose. Part I introduces the topic of life's purpose and its importance. Parts II to IV delve into the philosophical, spiritual, and scientific perspectives on life's purpose. These sections provide readers with a deeper understanding of the different views on the purpose of life and how they relate to one another. Part V explores how we can put purpose into action, including how to live a purpose-driven life, the connection between passion and purpose, and how to create a personal mission statement to guide our lives. Part VI addresses the obstacles that may hinder us in finding our purpose, such as fear and resistance, and how to overcome them. Part VII covers living a life of purpose and how purpose relates to happiness, personal and social responsibility, and modern life. Part VIII explores the transcendent aspects of life's purpose, such as love, spirituality, and the mystical dimensions of purpose. Overall, The Purpose of Life is a comprehensive and thought-provoking exploration of life's purpose. By combining philosophical, spiritual, and scientific perspectives, the book offers readers a deeper understanding of what it means to live a purposeful life and how to find meaning and fulfillment in our lives.

purpose of life: Finding Your Purpose Kathleen Rao, 2014-06-13 This book will guide you with specific steps to finding your life's purpose and meaning in order to achieve a sense of fulfillment and feel like you're on the right path. With a sense of purpose and meaning, your life will effectively become more valuable to you, to those around you, and ultimately to the world. Here's a detailed blueprint of how to discover and achieve your purpose in life.

purpose of life: The Master Key to Life: Unlocking Your Full Potential Through Purpose and Meaning Patrick Owens, What makes life truly fulfilling? Why do some people seem deeply content while others constantly search for something more? The answer lies in purpose. Without it, life feels aimless. With it, every moment carries meaning. In *The Master Key to Life: Unlocking Your Full Potential Through Purpose and Meaning*, you will embark on a transformative journey to discover what truly drives you. This book explores the profound connection between purpose and fulfillment, guiding you to uncover your own unique path. Through powerful insights, historical lessons, and practical strategies, you will learn how to align your life with deeper meaning and impact. From understanding the difference between passion and purpose to overcoming obstacles that stand in the way of personal growth, this book offers a roadmap for anyone seeking clarity, direction, and a sense of fulfillment. It delves into the importance of resilience, self-discovery, and contribution—showing that true purpose is not just about personal success, but about the difference you make in the world. If you have ever questioned your path, felt stuck in routine, or longed for something greater, this book will provide the tools and inspiration you need to unlock your full potential and live a life of meaning. Your journey to a purpose-driven life starts here.

purpose of life: Movies and the Meaning of Life Kimberly A. Blessing, Paul Tudico, 2013-12-01 The meaning of life is the most urgent of questions, said the existentialist thinker Albert Camus. And no less a philosopher than Woody Allen has wondered: How is it possible to find meaning in a finite world, given my waist and shirt size? *Movies and the Meaning of Life* looks at popular and cult movies, examining their assumptions and insights on meaning-of-life questions: What is reality and how can I know it? (The Truman Show, Contact, Waking Life); How do I find myself and my true identity? (Fight Club, Being John Malkovich, Boys Don't Cry, Memento); How do I find meaning from my interactions with others? (Pulp Fiction, Shadowlands, Chasing Amy); What is the chief purpose in

life? (American Beauty, Life is Beautiful, The Shawshank Redemption); and How ought I live my life? (Pleasantville, Spiderman, Minority Report, Groundhog Day).

purpose of life: Higher Purpose. Life is a Story - story.one Jana Emerencie, 2024-09-05
Higher Purpose is a reflective allegory that delves into the search for meaning within the structured life of a bee colony, mirroring our own quest for purpose in the human world. In a secluded world ruled by tradition and hierarchy, young bee Polly questions the unspoken laws governing her society. Higher Purpose offers a nuanced look at power dynamics, the importance of questioning, and the incredible potential of a single voice! This is a tale of heroes you have never noticed and courage that has never been acknowledged. This journey will challenge what you know about heroism, survival, and the intricate dance of nature. This is a story about how the survival of the many rests in the hands of the tiny and about all of us being part of something bigger. Polly's journey reflects the lives of countless others who feel small and insignificant yet yearn to find meaning beyond the repetitive cycles of life.

purpose of life: Why Are We Here Wallace L. Brown, 2006-10-01 OUT OF GAS? NEVER WITH JESUS examines the simplicity anyone can discover in having a very personal relationship with God. The book closely explores this relationship from a Christian perspective correlating the Israelite journey from Egypt to Canaan through the wilderness. The journey was only to take 11 days; yet, it took 40 years. Specific examples I state show very close similarities with Christian behavior today. These include constant bickering and complaining, jealousy, gossiping, slandering, and judging. These behaviors cost the Israelites 40 years in the wilderness when God desired the opposite to draw them into His rest and love where His intimate love overwhelms each one. Today, too often Christians make a relationship with God a religion with lists of rules and regulations. God calls each person to rest in His unconditional love and acceptance. God loves each person just as he is. He only desires to restore that intimate love relationship that was lost when Adam and Eve first sinned. Therefore, the majority of Christians only burn out, run out of gas in their Christian walk with God. They become miserable, angry, and judgmental especially to non-Christians. They clearly become hypocrites. (I know this from personal experience, living that way for 17 years.) One will clearly see the excellent comparisons to the Israelite journey through the wilderness to the behavior of many Christians today. However, I do include the solution. A true, deep, pure, and intimate love relationship with God is not only possible, but is God's deepest desire.
