rock hudson partner marc christian: Between Rock and a Hard Place Robert Parker Mills, 2010-11 This book is about the first fear of AIDS case tried in America. It tells the untold story of the trial that the general public heard nothing about. By telling the true story from the perspective of the lawyer who actually represented the Estate of Rock Hudson it is hoped the reader, acting as the 13th juror, will see the gross injustice done to the late actor by Christian and Rock's alleged friend, Mark Miller, as well as the court, the jury, and the press, all of which were blinded from the truth by this newly discovered disease called AIDS. Marc Christian claimed he was given a death sentence because Rock didn't tell him of his AIDS diagnosis and continued to have high risk sex with him. 25 years later Christian died not from HIV or AIDS. He was never HIV positive. How could this be if he was telling the truth that he continued having anal sex with Hudson 3 to 5 times a week for 8 months after Rock was first told he had full blown AIDS? Christian was either superhuman and they should clone his blood as a cure for AIDS, or he simply didn't tell the truth at trial, where Rock Hudson could not defend himself because Christian waited until Rock died, and found out he wasn't in his Will, before bringing his lawsuit.

rock hudson partner marc christian: The A to Z of the Reagan-Bush Era Richard S. Conley, 2009-09-28 The 1980s and early 1990s were remarkable for the triumph of conservatism in the United States and its closest allies. The victories of Presidents Ronald Reagan and George H.W. Bush in the United States were complemented by the electoral successes of Margaret Thatcher in the United Kingdom and Brian Mulroney in Canada. The relationship between Reagan and Bush and their conservative counterparts was particularly important in providing a united front on foreign

policy, whether the target was the Soviet Union, Communist insurgencies in Africa or Latin America, or Iraqi dictator Saddam Hussein. The Reagan-Bush era witnessed some of the most dramatic events of the latter half of the 20th century: the collapse of the Soviet Union, a presidential assassination attempt, political scandal, a stock market crash, military invasions, and the explosion of the space shuttle Challenger. The A to Z of the Reagan-Bush Era relates these events and provides extensive political, economic, and social background on this era through a detailed chronology, an introduction, appendixes, a bibliography, and several hundred cross-referenced dictionary entries on important persons, events, institutions, policies, and issues.

Candid but credible...a real page-turner." —Leonard Maltin, author of *Hooked on Hollywood: Discoveries from a Lifetime of Film Fandom* The inspiration for the HBO® Original Documentary, *Rock Hudson: All that Heaven Allowed*. Rock Hudson was the ultimate movie star. The embodiment of romantic masculinity in American film throughout the '50s and '60s, he reigned supreme as the king of Hollywood. As an Oscar-nominated leading man, Hudson won acclaim for his performances in melodramas (*Magnificent Obsession*), western epics (*Giant*) and blockbuster bedroom farces (*Pillow Talk*). In the '70s and '80s, Hudson successfully transitioned to television with his long-running series *McMillan & Wife* and a recurring role on *Dynasty*. The Hollywood icon appeared to have it all. Yet beneath the star persona, there was a deeply conflicted human being. Growing up poor in Winnetka, Illinois, Hudson was abandoned by his father, abused by an alcoholic stepfather, and controlled by his domineering mother. Despite the obstacles, Hudson was determined to become an actor. After signing with agent Henry Willson, Hudson was transformed from a tongue-tied truck driver into Universal Studio's resident Adonis. But Hudson's wholesome screen image was at odds with his closeted homosexuality. Because of his secret gay relationships, Hudson was continually threatened with public exposure. In 1985 the public learned that the actor was battling AIDS, a disclosure that focused worldwide attention on the epidemic. Drawing on more than 100 interviews, *All That Heaven Allows* delivers a complete and nuanced portrait of one of the most fascinating stars in cinema history. "Provides trenchant cinematic insight and social criticism." —Library Journal, starred review "Engrossing." —Kirkus Reviews

rock hudson partner marc christian: *Historical Dictionary of the Reagan-Bush Era* Richard S. Conley, 2017-03-09 From the vantage point of the 2016 presidential election and the deepening polarization of American politics in recent decades, it is striking how much more distant the Reagan-Bush era of the 1980s and early 1990s seems compared to the years that have actually passed. Whither the Republican Party of yesteryear? Like reincarnated characters from Samuel Beckett's classic play *Waiting for Godot*, many disillusioned conservatives in the new millennium continue to search obdurately and in vain for a leader who embodies the acclaimed leadership traits of Ronald Reagan. This second edition of *Historical Dictionary of the Reagan-Bush Era* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on important personalities, politics, economy, foreign relations,

rock hudson partner marc christian: *Notorious H.I.V.* Thomas C. Shevory, 2004 In the fall of 1997, public authorities in Chautauqua County, New York, were granted an exception to the state's HIV confidentiality law-and released Nushawn Williams's name and picture to the press, deeming him a public health threat, the source of a near epidemic of HIV transmission. Williams, who is HIV-positive, had had unprotected sex with several young women and girls and infected at least nine of them. In *Notorious H.I.V.* Thomas Shevory sorts through the ensuing media panic and legal imbroglio to tell the story behind the Nushawn Williams case. Through media reports, legal documents, and interviews with many of the participants-including Williams, who eventually pled guilty to reckless endangerment and statutory rape charges and is currently serving time in a maximum security prison in New York-Shevory exposes the significant exaggerations, misunderstandings, and distortions that riddled the Williams case from the start. He contends that Williams's portrayal as an AIDS monster served political purposes; specifically, representations of Williams helped to foster the passage of HIV-transmission statutes, resulting in criminalizing a public health problem in a virtually unprecedented fashion. *Notorious H.I.V.* also traces the impact of such high-profile cases on communities. Shevory provides a nuanced portrait of the hard economic and cultural realities of Jamestown, New York, and, drawing on Williams's narratives, of the life of a lower-level drug dealer in a small upstate city. His work shows how media coverage robs individuals like Williams of their humanity, creating a pervasive atmosphere of threat that warps the integrity and fairness of the criminal justice and penal system. Thomas Shevory is professor of politics at Ithaca College. His previous books include *John Marshall's Law: Interpretation, Ideology, and Interest* and *Body/Politics: Studies in Reproduction, Production, and Reconstruction*.

Frankowski, 1998-10-28 The book is a collection of ten essays on legal responses to HIV/AIDS, written by scholars from five continents (Africa, Asia, Australia, Europe & America). Each essay deals with HIV/AIDS-related problems in the author's country. An effort was made to select highly-diversified countries belonging to different families of law, the countries varying in their political, ethnic, & religious backgrounds. The contributors were encouraged to explore the links between HIV/AIDS-related problems & other social issues. They were also encouraged to reflect upon the limits & effectiveness of legal measures in reducing the growth of the epidemic. Finally, the goal of the project was to find whether it is possible to achieve a proper balance between the need to protect societies from the scourge of AIDS & the need to protect the rights of those afflicted by the disease.

rock hudson partner marc christian: *Mestizaje* Rafael Pérez-Torres, 2006 Focusing on the often unrecognized role race plays in expressions of Chicano culture, *Mestizaje* is a provocative exploration of the volatility and mutability of racial identities. In this important moment in Chicano studies, Rafael Pérez-Torres reveals how the concepts and realities of race, historical memory, the body, and community have both constrained and opened possibilities for forging new and potentially liberating multiracial identities. Informed by a broad-ranging theoretical investigation of identity politics and race and incorporating feminist and queer critiques, Pérez-Torres skillfully analyzes Chicano cultural production. Contextualizing the history of *mestizaje*, he shows how the concept of mixed race has been used to engage issues of hybridity and voice and examines the dynamics that make *mestizo* and *mestiza* identities resistant to, as well as affirmative of, dominant forms of power. He also addresses the role that *mestizaje* has played in expressive culture, including the hip-hop music of Cypress Hill and the vibrancy of Chicano poster art. Turning to issues of *mestizaje* in literary creation, Pérez-Torres offers critical readings of the works of Emma Pérez, Gil Cuadros, and Sandra Cisneros, among others. This book concludes with a consideration of the role that the *mestizo* body plays as a site of elusive or displaced knowledge. Moving beyond the oppositions—nationalism versus assimilation, men versus women, Texans versus Californians—that have characterized much of Chicano studies, *Mestizaje* synthesizes and assesses twenty-five years of pathbreaking thinking to make a case for the core components, sensibilities, and concerns of the discipline. Rafael Pérez-Torres is professor of English at the University of California, Los Angeles. He is author of *Movements in Chicano Poetry: Against Myths, Against Margins*, coauthor of *To Alcatraz, Death Row, and Back: Memories of an East LA Outlaw*, and coeditor of *The Chicano Studies Reader: An Anthology of Aztlán, 1970-2000*.

rock hudson partner marc christian: *The Trial of Rock Hudson* John Parker, 1990 There had never been a trial like it. It took place in the Superior Court of Los Angeles, beginning in December 1988, and it made Rock Hudson's former lover, Marc Christian, an instant multi-millionaire. Hudson almost certainly had AIDS throughout their three-year relationship, but when the dreaded news was finally confirmed he deliberately withheld it from Christian. When Hudson died, Christian sued. The trial went ahead and the upshot was that Christian was initially awarded almost \$23 million in damages. *The Trial of Rock Hudson* chronicles every day of that landmark trial and studies its impact on Hollywood, the homosexual community and AIDS sufferers themselves. It also supplies a fascinating insight into the legal system in the USA.
