ted bundy netflix: Shadow Ted Bundy Sullivan Jack, 2022-11-09 Ted Bundy is still in the heat of the 21st century, even though he died over 20 years ago, but the question remains why is Bundy still a fascination to many today? Why is society so fascinated by serial killers? One significant fascination is how serial killers possibly started, which takes to the start of the industrialization of cities. We began by living in small close communities where everyone knew each other, but as cities started to take over, people became strangers. Then people were in a compacted area under decay and poverty, leading to crime. Another factor was the impact of the media. Netflix came out with a series with the confession tapes of Ted Bundy and then released a movie about Ted Bundy featuring Zac Efron. In the US, at least, people are fascinated with crime shows, and Netflix wanted to capitalize on people's love for shows like *CSI* and *Law and Order*. As mentioned, Dahmer has also come out with a new show that tells his proper side of the story. Like Bundy's movie, it has taken off and the numbers the show has created doubled upon airing. Though people have looked at Dahmer with too many rose-colored lenses, as audience members seem to over-glorify Dahmer as they did Bundy and treat both killers more fiction related, like Pennywise or Micheal Myers. The victims of

these families come out and are rightfully outraged by the success of the shows, as their loved-ones tragic deaths are broadcasted to screens all over the world as forms of entertainment. There's a sociological perception of why society has such a deep fascination with serial killers and crime; as a society, we are shocked by the actions of a killer like Bundy and Dahmer. Shows and movies like these give us a view into our world's decaying reality as we see the darker side of humanity. We like to look at what went wrong in that person's life that could bring them to do such horrible things to others. But the question remains: Are streaming services like Netflix spreading awareness or commercializing it?

ted bundy netflix: American Masculinities in Contemporary Documentary Film Sara Martín, 2023-05-24 Most documentaries deal with men, but what do they actually say about masculinity? In this groundbreaking volume Sara Martín analyses more than forty 21st-century documentaries to explore how they represent American men and masculinity. From Jennifer Siebel Newsom's *The Mask You Live In* to Raoul Peck's *I Am Not Your Negro*, this volume explores sixteen different faces of American masculinity: the good man, the activist, the politician, the whistleblower, the criminal, the sexual abuser, the wrongly accused, the dependent man, the soldier, the capitalist, the adventurer, the sportsman, the architect, the photographer, the musician, and the writer. The collective portrait drawn by the documentaries discloses a firm critical stance against the contradictions inherent in patriarchy, which makes American men promises of empowerment it cannot fulfill. The filmmakers' view of American masculinity emphasizes the vulnerability of disempowered men before the abuses of the patriarchal system run by hegemonic men and a loss of bearings about how to be a man after the impact of feminism, accompanied nonetheless by a celebration of resilient masculinity and of the good American man. Firmly positioning documentaries as an immensely flexible, relevant tool to understand 21st-century American men and masculinity, their past, present, and future, this book will interest students and scholars of film studies, documentary film, American cultural studies, gender, and masculinity.

From toxic masculinity to PTSD, adolescence to motherhood, mental health touches our lives in myriad ways. This interdisciplinary collection explores these intersections, examining how representations of mental health on our screens shape our understanding of it in our lives.

ted bundy netflix: *Serial Killing on Screen* Sarah E. Fanning, Claire O'Callaghan, 2022-11-30 This book explores the representation of real-life serial murders as adapted for the screen and popular culture. Bringing together a selection of essays from international scholars, *Serial Killing on Screen: Adaptation, True Crime and Popular Culture* examines the ways in which the screen has become a crucial site through which the most troubling of real-life crimes are represented, (re)constructed and made accessible to the public. Situated at the nexus of film and screen studies, theatre studies, cultural studies, criminology and sociology, this interdisciplinary collection raises questions about, and implications for, thinking about the adaptation and representation of true crime in popular culture, and the ideologies at stake in such narratives. It discusses the ways in which the adaptation of real-life serial murder intersects with other markers of cultural identity (gender, race, class, disability), as well as aspects of criminology (offenders, victims, policing, and profiling) and psychology (psychopathy, sociopathy, and paraphilia). This collection is unique in its combined focus on the adaptation of crimes committed by real-life criminal figures who have gained international notoriety for their plural offences, including, for example, Ted Bundy, Ian Brady and Myra Hindley, Aileen Wuornos, Jack the Ripper, and the Zodiac, and for situating the tales of these crimes and their victims' stories within the field of adaptation studies.

ted bundy netflix: *Serial and Mass Murder* Elizabeth A. Gurian, 2021-09-30 This book reframes the study of multicide (that is, serial and mass murder) to use objective measures, and aims to expand our understanding of multicide offending through descriptive and inferential statistical analyses of different homicide patterns of the offenders. Criminal homicide and multiple murders are rare occurrences that typically account for a very small percentage of all violent crimes in most countries. Despite this low occurrence, homicide continues to be an area of intense study, with a focus on subjective measures and classifications. The research and analysis based on a database of over 1,300 cases contributes to the criminological study of violence and draws distinctions between the types of offenders (partnered and solo, serial and mass, male and female, etc.) from a range of different countries and across decades. Traditionally, studies of homicide focus on male offenders and theories of offending are then applied to females and co-offenders. The research presented in this book reveals that women and partnered offenders have very different homicide patterns from men. Looking at the history of multicide offending, this book uses descriptive and inferential statistical analyses to directly compare differences in offending and outcome patterns across multicide offender types. This exploration of the multidimensionality of homicide at an international level is useful for scholars and students interested in criminal justice, criminology, psychology, sociology, or law.

ted bundy netflix: *Serial Killers in Contemporary Television* Brett A.B. Robinson, Christine Daigle, 2022-06-13 This volume examines the significant increase in representations of serial killers as central characters in popular television over the last two decades. Via critical analyses of the philosophical and existential themes presented to viewers and their place in the cultural landscape of contemporary America, the authors ask: What is it about serial killers that incited such a boom in these types of narratives in popular television post-9/11? Looking past the serial format of television programming as uniquely suited for the presentation of the serial killer's actions, the chapters delve into deeper reasons as to why TV has proven to be such a fertile ground for serial killer narratives in contemporary popular culture. An international team of authors question: What is it about serial

killers that makes these characters deeply enlightening representations of the human condition that, although horrifically deviant, reflect complex elements of the human psyche? Why are serial killers intellectually fascinating to audiences? How do these characters so deeply affect us? Shedding new light on a contemporary phenomenon, this book will be a fascinating read for all those at the intersection of television studies, film studies, psychology, popular culture, media studies, philosophy, genre studies, and horror studies.

ted bundy netflix: No Joke M. Keith Booker, 2023-05-18 No Joke is a detailed examination of Todd Phillips's Joker, one of the biggest global box-office hits of 2019. While his success was no doubt partly because of the association of its title character with the Batman superhero franchise, Joker is anything but a flashy superhero romp. It does explore the pathologies of its central character and suggest ways in which his life experiences might have driven him to become a supervillain, the arch-enemy of Batman. At the same time, the film leaves open the possibility that its "Joker" is not, in fact, the same as the one conventionally associated with Batman. In fact, the film leaves open many interpretive possibilities, in keeping with the complex work of postmodern art that it turns out to be. Joker also engages in extensive dialogues with a range of works from modern American culture, especially the films of the 1970s and 1980s, the period in which the action of Joker is set. Moreover, Joker is a highly political film that comments in important ways on American political history from roughly the beginning of the presidency of Richard Nixon through the end of the Trump presidency, with a special focus on the Reagan years. It also comments in more general and fundamental ways on the very nature of American society and American capitalism. All this, and more, is covered in M. Keith Booker's analysis of one of the most talked-about films of recent years.

ted bundy netflix: Bernie Sanders, Adolf Hitler, Joseph Stalin, Fidel Castro & Other Socialists Jon Robins, Ian Tinny, Dead Writers Club, Rex Curry, Bernie Sanders (BS) self-identifies the same way that Adolf Hitler self-identified: SOCIALIST. In voluminous speeches and writings Hitler glorified the identical word touted by BS as his political philosophy. Hitler's swastika was "S" letter shaped symbolism for his socialism. BS proudly classifies himself in the same fashion as Hitler and the world's other genocidal psychopaths. Bernie Sanders was endorsed by Alexandria Ocasio-Cortez (AOC) in the 2020 presidential election and AOC actively campaigns for BS. Why does AOC support such an old white male? She promotes him because they share the same extremist dogma. How did they both become socialists? AOC was heavily influenced by BS. The USA's two worst national socialists were both born and raised in New York City. AOC grew up during BS's years as a career politician. She learned a lot about socialism and wanted to get on the dole too. BS is the oldest white male who is running for nomination. BS is so elderly that he could be AOC's grandfather (he is 48 years older than her). AOC was born a year after BS's infamous honeymoon (1988) in the USSR just as Soviet socialism self-destructed. Sanders was born in 1941 shortly after Soviet socialism's partnership with German socialism. Soviet socialism (under Stalin) and German socialism (under Hitler) had joined to launch WWII, destroying Poland together, and going onward from there in a pact to enslave Europe. After German socialism was defeated, Soviet socialism continued (as Sanders grew up) to ruin millions of lives and increase its record-setting mass-murders. As a child, Sanders had learned about socialism from his parents and other relatives. They attended government schools (socialist schools) in the USA where students were forced to perform the Nazi salute and chant robotically to the flag each morning at the ring of a bell. The Pledge of Allegiance to the USA's Flag was the origin of the infamous stiff-armed salute (and other propagandistic behavior) that was borrowed decades later under German socialism and under other socialists worldwide. The pledge was written by an American socialist (Francis Bellamy) in order to spread socialism. Anyone who refused the ritual in the socialist schools was persecuted. At that time the socialist schools taught racism as official policy and imposed segregation by law. Sanders also learned socialism from government schools that he attended, and he chanted in unison each

morning to the flag too (although the gesture had changed to hide socialism's putrid history). During Sanders' youth the socialist schools continued to teach racism as official policy and continued to impose segregation by law. "America's Nazi salute" was often performed by public officials in the USA from 1892 through 1942. What happened to old photographs and films of the American Nazi salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth about the government's past. American youth groups (Scouting) adopted Bellamy's American Nazi salute (with Bellamy's encouragement) AND saluted swastika badges (卐) worn by fellow scouts. Many Americans were accustomed to "Nazi salutes for swastikas" long before German socialism (and Hitler Youth) adopted similar behavior under Hitler. That helps to explain another shocking revelation: swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism. There are photos in this book!

ted bundy netflix: Nazi Germany Never Existed! Ian Tinny, Lin Xun, Ivan Denisovich, Nazi Germany never existed. That is one of many astonishing revelations detailed in this jaw-dropping book. Most of what is written about Adolf Hitler is designed to deceive the general public. For example, the following facts (with credit to the archives of the historian Dr. Rex Curry) will come as news to most people: 1. Hitler and his supporters self-identified as "socialists" by the very word in voluminous speeches and writings. The term Socialist appears throughout Mein Kampf as a self-description by Hitler. 2. Hitler never called himself a Nazi. There was no "Nazi Germany." There was no "Nazi Party." Those terms are lies to hide the true names of the entities. 3. Hitler never called himself a "Fascist." 4. The term "Nazi" isn't in Mein Kampf nor in Triumph of the Will. 5. The term "Fascist" never appears in Mein Kampf as a self-description by Hitler. 6. The term "swastika" never appears in the original Mein Kampf. 7. There is no evidence that Hitler ever used the word "swastika." 8. The symbol that Hitler did use was intended to represent "S"-letter shapes for "socialist." 9. Hitler altered his own signature to reflect his "S-shapes for socialism" logo branding. 10. Hitler was influenced by American socialists - the USA's Pledge of Allegiance to the flag was the origin of Nazi salutes and Nazi behavior. 11. The classic military salute (to the brow) also contributed to the creation of the Nazi salute (with the right-arm extended stiffly). 12. Mussolini was a long-time socialist leader, with a socialist background, raised by socialists to be a socialist, and he joined socialists known as "fascio, fasci, and fascisti." 13. Fascism came from a socialist (e.g. Mussolini). Communism came from a socialist (e.g. Marx). Fascism and Communism came from socialists. 14. German socialists and Soviet socialists partnered for International Socialism in 1939. They launched WWII, invading Poland together, and continued onward from there, killing millions. Hitler, Stalin, Mao, Mussolini, and other tyrants were influenced by propaganda in the USA, including the childish American socialists Francis Bellamy and Edward Bellamy. Both Bellamy cousins wanted government to take over all schools, to teach socialism to all youngsters worldwide. Francis Bellamy was the author of the Pledge of Allegiance to the flag, the origin of the infamous stiff-armed salute adopted later under German socialism and Adolf Hitler. Long before the Deutschland fad began, American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy. Anyone who rejected the ritual in the schools was persecuted. "America's Nazi salute" was often performed by public officials in the USA from 1892 through 1942. What happened to old photographs and films of the American Nazi salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth about the government's past. TV, newspapers and other MSM will not show a historic photo or video of the early American straight-arm salute nor mention its history and impact worldwide. American youth groups (Scouting) adopted Bellamy's American Nazi salute (with Bellamy's encouragement) AND saluted swastika badges worn by fellow scouts. Many Americans were accustomed to "Nazi salutes for swastikas" long before German socialism (and Hitler Youth) adopted similar behavior under Hitler. That helps to explain another inconvenient truth: swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become

uniform under German socialism. There are photos in this book!

ted bundy netflix: BLACK SUN - the Mythological Background of National Socialism Ian Tinny, Thurston Howell III, American Psychopath Association, Rex Curry, BLACK SUN sheds new light on the sources of Nazi ideology by examining its occult roots in the world of myths, symbols, and fantasies. It traces this development from the writings of various mystics in the early 20th century who propagated the mythology of a superior global ideology whose heroes would fight the forces of moral decadence and greed. The book uses rare archival photographs and sources to chronicle how the Nazis used these mythological foundations to develop Nazism as a political religion. While BLACK SUN documents the nationalist mystical beliefs that infused National Socialism, the book also reveals the disturbing perpetuation of these beliefs among certain political groups today, in Germany and worldwide, reflecting an ongoing search for salvation, inspiration and messianic leaders. This eye-popping expose' juxtaposes the polarization in German national history between an obsession with capturing light in all its symbolic uses in order to battle the darkness of the Others. The final lesson that Black Sun implies -and what makes it a provocative and interesting book for a number of audiences, whether scholars and students of history, or iconography- is the danger of not knowing one's own history. In this sense, the title signals not only the recurrent theme of evil throughout history, but also the need to shed light upon all its manifestations.

ted bundy netflix: NAZI SALUTES, BELLAMY SALUTES, HITLER SALUTES, ROMAN SALUTES, FASCIST SALUTES Ian Tinny, Lin Xun, Baba Yaga, Nazi salutes were "made in the USA." All the secrets are revealed here about the notorious gesture known by many names: Nazi salutes, Bellamy salutes, Hitler salutes, Roman salutes, Fascist salutes. Hitler altered his own signature to reflect his "S-shapes for socialism" logo branding. 12. Mussolini was a long-time socialist leader, with a socialist background, raised by socialists to be a socialist, and he joined socialists known as "fascio, fasci, and fascisti." 13. Fascism came from a socialist (e.g. Mussolini). Communism came from a socialist (e.g. Marx). Fascism and Communism came from socialists. 14. German socialists and Soviet socialists partnered for International Socialism in 1939. They launched WWII, invading Poland together, and continued onward from there, killing millions. Soviet socialism had signed on for Hitler's Holocaust. 15. After Hitler's death, Stalin continued the plan he had made with Hitler for Global Socialism. Stalin took over the same areas that Hitler had captured. He used the same facilities that Hitler had used. Hitler's Holocaust never ended. Stalin replaced Hitler. Hitler, Stalin, Mao, Mussolini, and other tyrants were influenced by propaganda in the USA, including the childish American socialists Francis Bellamy and Edward Bellamy. Both Bellamy cousins wanted government to take over all schools, to teach socialism to all youngsters worldwide. Francis Bellamy was the author of the Pledge of Allegiance to the flag, the origin of the infamous stiff-armed salute adopted later under German socialism and Adolf Hitler. Long before the Deutschland fad began, American schoolchildren were taught to chant in unison and perform the

same salute each day in government schools that imposed segregation by law and taught racism as official policy. Anyone who rejected the ritual in the schools was persecuted. "America's Nazi salute" was often performed by public officials in the USA from 1892 through 1942. What happened to old photographs and films of the American Nazi salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth about the government's past. TV, newspapers and other MSM will not show a historic photo or video of the early American straight-arm salute nor mention its history and impact worldwide. American youth groups (Scouting) adopted Bellamy's American Nazi salute (with Bellamy's encouragement) AND saluted swastika badges (卐) worn by fellow scouts. Many Americans were accustomed to "Nazi salutes for swastikas" long before German socialism (and Hitler Youth) adopted similar behavior under Hitler. That helps to explain another inconvenient truth: swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism. There are photos in this book! The military salute was the origin of Nazi salutes, via the USA's flag pledge in government schools. Public officials in the USA who preceded the German socialist (Hitler) and the Italian socialist (Mussolini) were sources for the stiff-armed salute (and brainwashed chanting) in Germany, Italy, and other foreign countries. The ancient Roman salute myth originated from the city of Rome in the state of New York (not Italy), Bellamy's hometown. Later, Mussolini presented a strange gift to the city of Rome, NY: a statue of two human male infants suckling on a female wolf. That statue remains on display in Rome, NY.

ted bundy netflix: HITLER'S SOCIALIST SYMBOLS - NSV, SA, SS, VW & Swastikas & Bellamy
Salutes from USA Socialists \ Dr. Rex Curry Victorious Jake Chambers, Karl Grosskreutz, Soviet Writers Union, Hitler: socialist artist and the top graphic designer of all time. His flag symbol represented "S shapes for SOCIALISM." That is one of many amazing discoveries by Professor Rex Curry. This book reveals Dr. Curry's surprises about Adolf Hitler's socialist symbolism including: (1) Hitler's socialist salute from USA socialists and their flag Pledge; (2) Hitler's socialist vocabulary; (3) logos for NSV, SA, SS, VW, Hitler's flag, and his other socialist emblems. As socialism's top ad man, the creative genius pioneered public relations. In his German version of "Mad Men" Hitler revealed how to sell socialism and sell himself. Other historians were unable to discover Hitler's socialist symbolism and branding. This book exposes many other examples of ongoing American Brainwashing and Global Brainwashing that is maintained by Web Search Engines, Artificial Intelligence (AI), the MSM, historians, and by socialist schools (government schools) and universities. Modern political debates often describe only two opposing alternatives as "Nazis" versus "Communists". The description is a hoax: the words "Nazis" and "Communist" divert attention from the larger shared problem of "Socialism." Most scholars believed (mistakenly) that Hitler called his group Nazis and Fascists; they were ignorant of how Hitler self-identified: SOCIALIST. They hid in their ivory towers of Babel. Scholars suffered the fate of Echo in Greek mythology, forever forced to repeat the falsehoods they heard. Ignorant of Hitler's diction, they spoke the language of lies. Then historians learned about Dr. Curry's academic breakthroughs. For years, Dr. Curry was a modern-day Cassandra: He uttered prophetic truths that were ignored by professional liars in academia and media. The famed linguist was the only scholar who eschewed popular linguistic misnomers (e.g. Nazi, Fascist, Third Reich, swastika, etc). He taught accurate terminology (e.g. SOCIALISM and SOCIALIST and Hooked Cross or Hakenkreuz). Dr. Curry inspired the academic battle to bring honesty and linguistic accuracy to the field of history. Please join the fight against anti-semantic teachers. Educational Outreach Programs (EOPs) energized by Dr. Curry's successes are the only services that school modern scholars that Hitler self-identified as Socialist. He did not self-identify as Nazi, nor as Fascist. The re-education resources are unique. If you ever see a sentence like the following one, then you know it was from EOPs for Dr. Curry's philosemantic scholarship: Hitler didn't call himself Nazi or Fascist, he called himself socialist. Today, Dr. Curry is a trailblazer in linguistics and about Hitler's nomenclature. The watchdog historian brought revolutionary changes to the English language. He is rewiring brains. He is opening eyes to old lies about German socialism's true lexicon. More and more commentators and

educators are following Dr. Curry's lead. Linguistic EOPs above led to many amazing historical discoveries, including revelations about Sophie Scholl's White Rose group; Anne Frank's Diary; Joseph Goebbels' "Der Nazi Sozi"; Adolf Hitler's "Mein Kampf"; Martin Niemoller's verse "First They Came For the Socialists"; the swastika symbol; the hexagram (Star of David); the etymological history of "Roman Salute"; planetary brainwashing; how Web Search Engines and Artificial Intelligence (AI) spew lies about socialism, Marx, Mein Kampf, and Hitler; and much more! Except for the American Linguist Laureate Dr. Rex Curry, every other historian did not see how the USA's Pledge of Allegiance led to Nazi salutes and Nazi behavior; and how the original pledge's use of military salutes led to Nazi salutes. Also, historians hid how Hitler is the top socialist graphic designer: his flag was semaphore for "SOCIALISM." Historians did not see Hitler's complementary semiotics in his NSV, SA, SS, & VW logos, as compared with the logo of Hitler's party: the National Socialist German Workers Party. Even today, only exceptional scholars with extraordinary skills (e.g. Dr. Curry) are able to discern the "S"-letter shape of the NSV's logo (The National Socialist People's Welfare; in German: Nationalsozialistische Volkswohlfahrt). The S symbolism is almost as difficult to perceive as in Hitler's Hakenkreuz (hooked cross). It is as undetectable as in the symbols for the SS and SA (Schutzstaffel and Sturmabteilung). All historians (other than Dr. Curry) did not see how Hitler used his party's symbol to represent S-letter shapes for SOCIALIST. Do you not see? Professor Curry transformed the culture of India along with Hinduism and Buddhism. Before Dr. Curry's discoveries, Buddhists and Hindus published complaints that "Hitler stole their swastika symbol and ruined it and they want to restore respect for their ancient symbol." Educational Outreach Programs (EOP) about Dr. Curry's work taught India's commentators that Hitler's symbol was not a swastika, and that Hitler never called it a swastika. An upheaval occurred among Buddhists and Hindus in their objections. Now they proudly assert: "Hitler called his symbol a Hakenkreuz (hooked cross), not a swastika. It was not the same symbol. Dr. Curry told us!"

ted bundy netflix: ALL HISTORIANS DID NOT SEE! (except the historian Dr. Rex Curry). DO YOU NOT SEE? Kingsley Spicer, Edna Krabappel, Anarchaeology Institute, Pointer Institute for Media Studies, All historians did not see the similar symbolism of Adolf Hitler's NSV, SA, SS logos, as compared with the logo of Hitler's party: the National Socialist German Workers Party. Even today, only exceptional scholars with extraordinary skills (e.g. the USA's Historian Laureate Dr. Rex Curry) are able to perceive the "S"-letter shape of the NSV's logo (The National Socialist People's Welfare; in German: Nationalsozialistische Volkswohlfahrt). The S-letter symbolism is almost as difficult to detect as in Hitler's Hakenkreuz (hooked cross). It is as imperceptible as in the symbols for the SS and SA (Schutzstaffel and Sturmabteilung). All historians did not see (except for the historian Dr. Curry). Do you not see? Hitler used his party's symbol to represent S-letter shapes for SOCIALIST. Adolf Hitler was a communist and Karl Marx was a Nazi. Together, they are the most notorious white male German political theorists of their time. Marx inspired Hitler. Hitler's Marxism is foreshadowed in Marx's Nazism within Marx's antisemitic "On the Jewish Question" and other works (e.g. Karl Marx's "Ethnological Notebooks") that Hitler used to gain power in Germany. Hitler was elected to the Socialist Bavarian People's State and to the Communist Bavarian Soviet Republic. Photographic and video evidence proves Hitler's communism, as well as contemporary reports. Hitler's later criticisms of Marx were more strategic than ideological. His tactic was to self-identify as socialist to attract non-Marxists to his party. Hitler's political work continued until he secured high office in Marx's homeland. After gaining power, Hitler seized the Means of Production with the Reichsarbeitsdienst (The Reich Labour Service or RAD) and various other alphabet bureaucracies. Hitler replicated the communist Soviet Union which used the term "socialist" in its self-identification (Union of Soviet SOCIALIST Republics). Following the lead of the USSR and other communists, Hitler used the term "socialist" (not "communist") in the name of his political party. Comrade Hitler's communism remained on display when he joined Soviet communism to launch WWII, invading Poland together, and going onward from there in a secret conspiracy for their Global Marxism. Hitler persuaded Stalin to pursue International Communism. Hitler was more Marxist than Stalin, Mao, Pol Pot, Castro, the Kim thugs etc. Hitler believed that capitalism was dying, as did

Marx. Hitler had observed the USSR and witnessed the death of capitalists (they were murdered there). Hitler continued to follow Marx's communism (and the communist USSR) when Hitler attempted to eliminate the Bourgeois class. Many monsters were inspired by Karl Marx. He remains popular today. China drooled over Marx in the embarrassing video "Chinese President Xi Jinping delivers speech on anniversary of Marx's birth" (2018). Yes, China is humiliated by the same old German who influenced Hitler. Of course, China has the largest population (billions) who self-identify the same as Hitler: SOCIALIST (the same way that Marx self-identified). And Xi's video is a grim reminder that Mao worshipped Stalin (Hitler's partner to start WWII).

ted bundy netflix: AN INCONVENIENT TRUTH - *The Planetary Emergency* Ian Tinny, Frank Folupa, American Psychopath Association, The planetary emergency is SOCIALISM. This book details the factors contributing to the growing crisis, describes changes to the world caused by global socialism, and discusses the shift in policy that is needed to avert disaster. One of the many inconvenient truths is that American socialists share in the guilt. Numerous annoying politicians have abetted a long history of American socialists, including the notorious Francis Bellamy and Edward Bellamy. Both Bellamy cousins wanted government to take over all schools, to teach socialism to all children. Francis Bellamy was the author of the Pledge of Allegiance to the flag, the origin of the infamous stiff-armed salute adopted later under German socialism and Adolf Hitler. Long before the Deutschland fad began, American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy. Anyone who rejected the ritual in the schools was persecuted. This astonishing book explains the following revelations: 1. Hitler never self-identified as a Nazi. 2. Hitler never self-identified as a 'Fascist'. 3. The term 'Nazi' never appears in Mein Kampf nor in Triumph of the Will. 4. The term 'Fascist' never appears in Mein Kampf as a self-description by Hitler. 5. The term Socialist appears throughout Mein Kampf as a self-description by Hitler. Hitler and his followers self-identified as 'socialists' by the very word in voluminous speeches and writings. 6. Hitler used the swastika to represent 'S'-letter shapes for 'socialist'. 7. Hitler was influenced by American socialists - the USA's Pledge of Allegiance to the flag was the origin of Nazi salutes and Nazi behavior. 8. A socialist started fascism. Before he coined the term 'Fascist,' Mussolini was a long-time socialist leader, with a socialist background, raised by socialists to be a socialist. 9. German socialists partnered with Soviet socialists to launch WWII, invading Poland together, and going onward from there, killing millions. Much of the amazing historical material comes from the archives of the historian Dr. Rex Curry.
