summer never ends: Greatest Hits Laura Barnett, 2019-05-14 The creation of a greatest hits album gives a musician the chance to reflect on her storied life as a daughter, mother, singer, and lover. The beloved singer-songwriter Cass Wheeler has abandoned retirement for one last chapter in her musical career. She assembles an album of greatest hits—the songs that mean the most to her, songs that she wrote during the brightest and darkest times in her life. Each chapter springs from one of these songs. Told in tandem with the lyrics, this irresistible novel moves skillfully across episodes of a fascinating and sometimes tragic life—from Cass's lonely childhood, through her freewheeling rise to fame, to first love and loss. Laura Barnett's clear-eyed writing vividly depicts the British and US music scene of the '70s, with its mistakes and magic, and the lives that pass through it. By the time Cass has selected the final song, she is confronted with one last choice: whether she can find the strength within herself to open her heart once more. *Greatest Hits* is an enchanting novel that will capture and delight anyone who has discovered the rewards of music, or who has found strength and meaning in art. Perfect for fans of *Daisy Jones & the Six* *Praise for Greatest Hits* "This engaging, emotionally charged novel about music, motherhood and mental illness deserves to be a hit." —The Observer (UK) "There is nothing here that hasn't been covered in the more candid memoirs and autobiographies of stars from the 1960s and 1970s. But Barnett's portrait is unusually perceptive, a mixture of evocative detail and sharp reportage that feels fresh to read. To her credit, too, she scrapes away the gloss to draw out a nuanced and honest account of the loneliness that plagues her singer. . . . Barnett pulls off the novel and its collaboration with pizzazz, turning it into a feat, not a gimmick." —The Times (UK) "Unusually perceptive, a mixture of

evocative detail and sharp reportage that feels fresh to read.” —The Sunday Times (UK)

summer never ends: *Nordic Italies* Elettra Carbone, 2016-01-22 Because of its history, art, and natural and cultural landscapes, Italy has been a popular destination for North-European travellers since the age of the Grand Tour. Yet, literary images of Italy are not all linked to the tradition of the journey to this country and cannot be labelled as a manifestation of Northerners’ yearning for the Southern sun. The corpus of critical literature which deals with Italy in Nordic literatures is very wide but also fragmentary. While many scholars have written about this topic and chiefly on the relations between individual Scandinavian literatures or well-known authors – such as Henrik Ibsen, Selma Lagerlöf and Hans Christian Andersen – and Italy, few have emphasised their variety, plurality, and complexity. With its comparative approach, this study casts a new light on a selection of nineteenth- and twentieth-century representations of Italy and presents some of these Nordic Italies. Taking into account texts of different genres – poetry, drama and novel – and focusing on theories of representation, genre, and space, this book examines complex and heterogeneous literary representations that cannot be reduced to a single stereotype. In these texts, Italy emerges both as a set of physical spaces and as a series of metaphorical concepts. How are these Italian spaces and identities constructed and what do they stand for? What forms does the broad concept of Italianness take in these literary works? How are the Italian settings and characters, as well as the aspects of Italian politics, history, society, culture, and folklore that populate so many literary texts, shaped and combined? Is there a relationship between specific literary genres and the way in which Italy is represented? These are only some of the questions addressed by this study, which demonstrates how Nordic representations of Italy express much more than unanimous praise for the sun, idyllic landscapes, ruins, and mandolin players.
