

tony honoré legal history

tony honoré legal history represents a distinguished journey through the realms of jurisprudence and legal philosophy. Renowned for his profound contributions to the understanding of law, obligation, and causation, Tony Honoré's work has significantly influenced modern legal thought and practice. This article delves into the various facets of Tony Honoré's legal history, exploring his academic background, major theoretical contributions, and the enduring impact of his scholarship on both common law and civil law traditions. By examining his key publications and the principles he championed, readers will gain comprehensive insight into the evolution of legal concepts that bear his intellectual imprint. The discussion further outlines Honoré's role in shaping contemporary legal debates and his recognition within the global legal community. The following sections provide a detailed overview and analysis of Tony Honoré's legal history, ensuring a thorough understanding of his contributions.

- Early Life and Academic Background
- Major Contributions to Legal Philosophy
- Influence on the Concept of Ownership and Property Law
- Role in the Development of Legal Causation
- Legacy and Recognition in Legal Scholarship

Early Life and Academic Background

Tony Honoré was born in South Africa and later pursued an illustrious academic career that laid the foundation for his significant legal contributions. Educated at prestigious institutions, he demonstrated early on a keen interest in law and philosophy. His academic journey included studying at the University of the Witwatersrand, followed by further scholarly pursuits at Oxford University. Honoré's unique blend of legal expertise and philosophical inquiry positioned him as a formidable thinker in legal theory. His early academic work focused on the intersection of ethics, law, and society, which deeply influenced his subsequent writings. This background is crucial for understanding the development of his ideas and the context in which his legal philosophy evolved.

Major Contributions to Legal Philosophy

Tony Honoré's legal history is marked by seminal contributions that have shaped the study of legal philosophy. Among his most influential works is the co-authorship of the book *"Causation in the Law"*, which addresses complex issues surrounding the concept of causation in legal contexts. Furthermore, Honoré advanced the understanding of legal obligations and duties, emphasizing the importance of social and moral considerations in the application of law. His philosophical approach combined analytic rigor with practical relevance, bridging the gap between abstract theory and real-world legal challenges. Honoré's theories have been foundational in defining how legal responsibility and liability are conceptualized within the judiciary and academia.

Philosophy of Obligation

One of the core aspects of Tony Honoré's legal history is his exploration of obligation. He argued that legal obligations are not merely formal rules but are deeply intertwined with moral and social expectations. Honoré's analysis distinguished between different types of obligations, highlighting the nuances involved in legal duties versus moral responsibilities. This distinction has been instrumental in refining legal interpretation and enforcement, particularly in contract and tort law.

Legal Causation Theory

Another critical area in Honoré's scholarship is legal causation. In collaboration with other legal scholars, he developed frameworks to assess causality in legal disputes, which are essential in determining liability and fault. His work clarified the principles underlying cause-and-effect relationships in legal settings, helping courts navigate complex cases involving multiple contributing factors.

Influence on the Concept of Ownership and Property Law

Tony Honoré's legal history is also closely associated with his influential ideas on ownership and property law. His essay "Ownership" remains a cornerstone in property law theory, articulating the essential elements that constitute ownership rights. Honoré identified key incidents of ownership, such as the right to possess, use, and dispose of property, which have been widely adopted in legal scholarship and judicial reasoning. His conceptual framework provided clarity on the nature of property rights, balancing individual autonomy with societal interests.

Incidents of Ownership

In his analysis, Honoré outlined a list of incidents that define ownership, which include:

- The right to possess the property
- The right to use the property
- The right to manage the property
- The right to the income generated by the property
- The right to transfer or alienate the property

- The right to security from expropriation
- The duty to prevent harm to others through the property

This comprehensive approach has been instrumental in academic discussions and practical applications of property law worldwide.

Impact on Property Law Jurisprudence

Honoré's incidents of ownership have influenced legislative reforms and judicial decisions by providing a coherent theoretical basis for understanding property rights. His work helped reconcile conflicting views on ownership and clarified the legal protections afforded to property holders. This contribution is a vital part of his legal history, reflecting his broader impact on law and society.

Role in the Development of Legal Causation

Legal causation is a complex and often contentious issue within the legal system, and Tony Honoré's contributions have been pivotal in its development. His work provided a structured analysis of how causation should be understood and applied in legal cases, particularly in tort and criminal law. Honoré emphasized the necessity of distinguishing between factual causation and legal causation, a differentiation that aids in fair adjudication.

Distinction Between Factual and Legal Causation

According to Honoré, factual causation involves establishing a direct link between an action and its outcome, often determined by the "but for" test. Legal causation, however, requires a normative judgment about whether it is just and reasonable to hold a party legally responsible for the consequences of their actions. This dual approach has become a standard in common law jurisdictions and is extensively referenced in legal education and practice.

Practical Applications in Court Cases

Honoré's theories on causation have been employed by courts to resolve disputes involving multiple causes or intervening events. His analytical framework allows judges to dissect complex factual scenarios methodically, ensuring accountability is appropriately assigned. This aspect of his legal history underscores his influence on both theoretical and practical dimensions of law.

Legacy and Recognition in Legal Scholarship

The legacy of Tony Honoré's legal history is evident in the widespread recognition and continued relevance of his work. His scholarship is extensively cited in legal textbooks, academic articles, and judicial opinions across various jurisdictions. Honoré has received numerous accolades for his contributions to legal philosophy and jurisprudence, reflecting his standing as a leading legal thinker of the 20th and 21st centuries.

Academic Honors and Awards

Throughout his career, Honoré has been honored with fellowships, honorary degrees, and distinguished lectureships. These accolades underscore the respect he commands within the legal academic community and his role in shaping contemporary legal thought.

Enduring Impact on Legal Education

Tony Honoré's writings continue to be integral to law curricula worldwide. His clear articulation of complex legal concepts provides students and scholars with essential tools for analyzing and understanding law. The durability of his theories speaks to the profound and lasting influence of his legal history.

Frequently Asked Questions

Who is Tony Honoré in the context of legal history?

Tony Honoré is a renowned legal scholar and historian known for his significant contributions to the understanding of legal philosophy and the development of legal concepts.

What are some of Tony Honoré's most influential works in legal history?

Tony Honoré is best known for his work on the theory of law and legal duties, including his seminal book 'Responsibility and Fault' which explores the nature of legal responsibility.

How has Tony Honoré contributed to the philosophy of law?

Tony Honoré has contributed by analyzing the concepts of legal duties, rights, and responsibilities, providing a clearer framework for understanding how law functions in society.

What role did Tony Honoré play in the study of Roman law?

Tony Honoré has extensively studied Roman law, highlighting its impact on modern legal systems and illustrating how ancient legal principles continue to influence contemporary jurisprudence.

Has Tony Honoré influenced modern legal education?

Yes, Tony Honoré's writings and teachings have influenced legal education by encouraging critical thinking about the foundations of law and the moral aspects of legal obligations.

What is Tony Honoré's approach to legal responsibility?

Tony Honoré approaches legal responsibility by distinguishing between different types of duties and faults, emphasizing the importance of intention and causation in assigning legal blame.

In which universities has Tony Honoré taught or lectured?

Tony Honoré has held academic positions and lectured at prominent institutions such as the University of Oxford, contributing to legal scholarship and education internationally.

How does Tony Honoré's work impact contemporary legal systems?

His work provides a theoretical basis for understanding liability and responsibility, influencing how laws are interpreted and applied in contemporary legal systems.

Are there any notable awards or recognitions received by Tony Honoré?

Tony Honoré has received various academic honors recognizing his contributions to legal philosophy and history, affirming his status as a leading figure in legal scholarship.

Additional Resources

1. Understanding Legal History: The Legacy of Tony Honoré

This book explores the profound impact Tony Honoré has had on the study of legal history. It delves into his methodologies and how his work reshaped modern interpretations of law's evolution. Readers gain insights into the intersection of law, society, and history through Honoré's pioneering perspectives.

2. Law and History: Essays Inspired by Tony Honoré

A collection of essays by leading scholars that build upon Tony Honoré's contributions to legal history. The volume addresses various themes such as Roman law, property rights, and the development of legal institutions. It highlights the continuing relevance of Honoré's analytical frameworks.

3. Tony Honoré and the Philosophy of Law

This book examines the philosophical underpinnings of Tony Honoré's approach to legal history. It discusses how his ideas bridge the gap between abstract legal theory and historical context. The

author also reviews Honoré's influence on contemporary legal philosophy.

4. The Roman Law Tradition: Insights from Tony Honoré

Focusing on Roman law, this text reflects on Tony Honoré's scholarly contributions to understanding ancient legal systems. It provides a detailed analysis of Honoré's interpretations and their implications for both historical and modern legal studies. The work serves as a comprehensive guide for students of classical law.

5. Property Law and Its Roots: Tony Honoré's Perspective

This book traces the development of property law through the lens of Tony Honoré's research. It discusses key historical milestones and how Honoré's insights clarify longstanding legal principles. The narrative underscores the importance of historical context in shaping property rights.

6. Historical Jurisprudence: The Tony Honoré Approach

An in-depth study of Tony Honoré's contributions to historical jurisprudence, this book covers his analytical techniques and critical interpretations. It illustrates how Honoré's work challenges conventional legal narratives and offers fresh perspectives on legal history.

7. Legal Institutions in History: A Tony Honoré Analysis

This volume examines the evolution of legal institutions with a focus on Tony Honoré's scholarly impact. It highlights case studies where Honoré's ideas have provided clarity and depth to the understanding of institutional development. The book is essential for those interested in institutional law history.

8. Tony Honoré's Influence on Civil Law Traditions

Exploring Honoré's role in shaping the study of civil law systems, this book investigates his comparative legal analyses. It discusses how his work bridges different legal traditions and enriches the global understanding of civil law history. The text is valuable for comparative law scholars.

9. The Intersection of Law and Society: Reflections on Tony Honoré's Work

This book considers the social dimensions of law through the scholarship of Tony Honoré. It explores

how his historical insights illuminate the relationship between legal systems and societal change. Readers will appreciate the nuanced approach Honoré took to the dynamic nature of law within society.

tony honor legal history: Revisiting the Origins of Human Rights Pamela Slotte, Miia Halme-Tuomisaari, 2015-09-11 Did the history of human rights begin decades, centuries or even millennia ago? What constitutes this history? And what can we really learn from 'the textbook narrative' - the unilinear, forward-looking tale of progress and inevitable triumph authored primarily by Western philosophers, politicians and activists? Does such a distinguishable entity as 'the history of human rights' even exist, or are efforts to read evidence in past events of the later 'evolution' of human rights mere ideology? This book explores these questions through a collective effort by scholars of history, law, theology and anthropology. Rather than entities with an absolute, predefined 'essence', this book conceptualizes human rights as open-ended and ambiguous. It taps into recent 'revisionist' debates and asks: what do we really know of the history of human rights?

tony honor legal history: A History of Water Rights at Common Law Joshua Getzler, 2004 This volume describes how the courts created rights for land owners and users competing to appropriate water for factories, town supply, drainage, and transport. It covers the period from early times to the late nineteenth century, illustrating the changing common law of property and tort, and throwing new light on the growth of the economy and the social and legal dimensions of technological innovation.

tony honor legal history: Making Comparisons in Equality Law Robin Allen, 2020-10-08 This book seeks to rebalance the relationship between comparison and justification to achieve more effective equality and non-discrimination law. As one of the most distinguished equality lawyers of his generation, having appeared in over 40 cases in the House of Lords and the Supreme Court and many leading cases in the Court of Justice, Robin Allen QC is well placed to explore this critical issue. He shows how the principle of equality is nothing if not founded on apt comparisons. By examining the changing way men and women's work has been compared over the last 100 years he shows the importance of understanding the framework for comparison. With these insights, he addresses contemporary problems of age discrimination and conflict of equality rights.

tony honor legal history: To Have and to Hold Philip L. Reynolds, John Witte, 2007-02-05 This 2007 book analyzes how, why, and when pre-modern Europeans documented their marriages - through property deeds, marital settlements, dotal charters, church court depositions, wedding liturgies, and other indicia of marital consent. The authors consider both the function of documentation in the process of marrying and what the surviving documents say about pre-modern marriage and how people in the day understood it. Drawing on archival evidence from classical Rome, medieval France, England, Iceland, and Ireland, and Renaissance Florence, Douai, and Geneva, the volume provides a rich interdisciplinary analysis of the range of marital customs, laws,

and practices in Western Christendom. The chapters include freshly translated specimen documents that bring the reader closer to the actual practice of marrying than the normative literature of pre-modern theology and canon law.

tony honor legal history: Legal History and Comparative Law Richard Plender, 2018-12-07 First Published in 1990. Albert Kiralfy entered King's College London as a student in the Faculty of Laws in 1932, graduated in 1935 and took his first higher degree in the following year. Apart from War Service (1939-45), he was a teaching member of the Faculty from 1937 until 1981 when, on his nominal retirement, the University of London conferred on him the title of Professor Emeritus. Professor Kiralfy's contribution to legal literature, continuing to this day, may be said to have begun almost immediately after graduation, with special interest in comparative law, property law and law history.

tony honor legal history: Roman Law, Scots Law and Legal History William Gordon, 2019-07-30 Selection of articles and essays published by the author throughout his career in legal academics.

tony honor legal history: Fundamentalism in American Religion and Law David A. J. Richards, 2010-03-15 Why, from Reagan to George Bush, have fundamentalists in religion and in law (originalists) exercised such political power and influence in the United States? Why has the Republican Party forged an ideology of judicial appointments (originalism) hostile to abortion and gay rights? Why and how did Barack Obama distinguish himself among Democratic candidates not only by his opposition to the Iraq war but by his opposition to originalism? This book argues that fundamentalism in both religion and law threatens democratic values and draws its appeal from a patriarchal psychology still alive in our personal and political lives and at threat from the constitutional developments since the 1960s. The argument analyzes this psychology (based on traumatic loss in intimate life) and resistance to it (based on the love of equals). Obama's resistance to originalism arises from his developmental history as a democratic, as opposed to patriarchal, man who resists the patriarchal demands on men and women that originalism enforces - in particular, the patriarchal love laws that tell people who and how and how much they may love.

tony honor legal history: International Law and Developing Countries Sharif Bhuiyan, Philippe Sands, Nico J. Schrijver, 2014-02-06 This book celebrates Kamal Hossain's lifelong and significant contribution to the development of international law and the cause of developing countries. It brings together an interview with Hossain by the editors, and thirteen essays written in his honour by scholars representing a wide spectrum of expertise in international law. The interview provides an introduction to the rich and varied life of a statesman, a drafter of his country's constitution, and an acclaimed constitutional and international lawyer. The subjects covered in the essays include the new international economic order (NIEO), human rights, counter-terrorism, climate change, oil and gas law, arbitration, law of the sea, international trade law and judicial reform. These essays offer important perspectives on the issues addressed.

tony honor legal history: A Companion to the Gilded Age and Progressive Era Christopher McKnight Nichols, Nancy C. Unger, 2022-06-15 A Companion to the Gilded Age and Progressive Era presents a collection of new historiographic essays covering the years between 1877 and 1920, a period which saw the U.S. emerge from the ashes of Reconstruction to become a world power. The single, definitive resource for the latest state of knowledge relating to the history and historiography of the Gilded Age and Progressive Era Features contributions by leading scholars in a wide range of relevant specialties Coverage of the period includes geographic, social, cultural, economic, political, diplomatic, ethnic, racial, gendered, religious, global, and ecological themes and approaches In today's era, often referred to as a "second Gilded Age," this book offers relevant historical analysis of the factors that helped create contemporary society Fills an important chronological gap in period-based American history collections

tony honor legal history: Theatre World 2006-2007 - The Most Complete Record of the American Theatre John Willis, Ben Hodges, 2009-06-01 (Theatre World). Applause Theatre & Cinema Books is pleased to make this venerable continuing series complete by publishing Theatre

World Volume 63 . Theatre World remains the authoritative pictorial and statistical record of the season on Broadway, Off-Broadway, Off-Off-Broadway, and for regional theatre companies. Volume 63 features Duncan Sheik and Steven Sater's Tony Award-winning Best Musical *Spring Awakening* , which also earned a Theatre World Award for actor Jonathan Groff. Tom Stoppard's *The Coast of Utopia* captured the Best Play Tony Award, as well as Tonys for featured actors Billy Crudup and Jennifer Ehle. *Frasier* star David Hyde Pierce returned to his theatre roots to capture a Tony for Kander and Ebb's *Curtains* , and other highlights of the season include the Off-Broadway musical *In the Heights* as well as *Passing Strange* , which debuted at the Berkeley Repertory Theatre. Both have since transferred to Broadway and become critical and popular hits. As always, Theatre World 's outstanding features include: * An expanded section of professional regional productions from across the U.S. * The longest running shows on and Off-Broadway * Full coverage of the Theatre World Awards for Broadway and Off-Broadway debuts * Expanded obituaries and a comprehensive index

tony honor legal history: *Enlightenment, Legal Education, and Critique* John W Cairns, 2015-07-27 *Enlightenment, Legal Education, and Critique* deals with broad themes in Legal History, such as the development of Scots Law through the major legal thinkers of the Enlightenment, essays on Roman law and miscellaneous essays on the literary and philosophic

tony honor legal history: *Experiencing Dominion* Thomas W. Gallant, 2002-06-07 *Experiencing Dominion* contributes to ongoing debates on hegemony, power, and identity in contemporary historical and anthropological literature through an examination of the imperial encounter between the British and the Greeks of the Ionian Islands during the nineteenth century. Each chapter focuses on a different aspect of the imperial encounter, with topics including identity construction, the contestation over civil society, gender and the manipulation of public space, hegemony and accommodation, the role of law and of the institutions of criminal justice, and religion and imperial dominion. Thomas Gallant—widely recognized as one of the leading scholars in historical anthropology— argues that a great deal can be learned about colonialism in general through an analysis of the Ionian Islands, precisely because that colonial encounter was so atypical. For example, Gallant demonstrates that because the Ionian Greeks were racially white, Christian, and descendents of Europe's classical forebears, the process of colonial identity formation was more ambiguous and complex than elsewhere in the Empire where physical and cultural distinctions were more obvious. Colonial officers finally decided the Ionian Greeks were "Mediterranean Irish" who should be treated like European savages. *Experiencing Dominion* pushes contemporary literature on historical anthropology in a new direction by moving the discussion away from an emphasis on a simple polarity between hegemony and resistance, and instead focusing on the shared interactions between colonizers and colonized, rulers and ruled, foreigners and locals. In this important study, Gallant emphasizes contingency and historical agency, examines intentionality, and explores the processes of accommodation and, when warranted, resistance. In so doing, he reconstructs the world Britons and Greeks made together on the Ionian Islands during the nineteenth century through their shared experience of dominion.

tony honor legal history: *Three Generations, No Imbeciles* Paul A. Lombardo, 2022-02-01 This updated edition includes a new afterword that identifies the role the Buck story plays in the Supreme Court's review of emerging state laws that seek to limit access to abortion. Three generations of imbeciles are enough. Few lines from U.S. Supreme Court opinions are as memorable as this declaration by Justice Oliver Wendell Holmes Jr. in the landmark 1927 case *Buck v. Bell*. The ruling allowed states to forcibly sterilize residents in order to prevent feeble-minded and socially inadequate people from having children. It is the only time the Supreme Court endorsed surgery as a tool of government policy. Though *Buck* set the stage for more than sixty thousand involuntary sterilizations in the United States and was cited at the Nuremberg trials in defense of Nazi sterilization experiments, it has never been overturned. It has been more than a decade since Paul A. Lombardo's classic *Three Generations, No Imbeciles* first exposed the *Buck* case's fraudulent roots. During that time, several of the remaining twentieth-century eugenic sterilization statutes have

finally been repealed, and reparations to sterilization survivors have been paid in two states. Discussion of the Buck case has once again engendered controversy in the courts. The Wisconsin Supreme Court invoked Buck most recently in a debate over the power of the state to enact restrictions on citizens and businesses during the COVID-19 crisis, and the US Supreme Court cited *Three Generations, No Imbeciles* in arguments over the newest state laws seeking to limit access to abortion. This updated edition collects and analyzes information related to events and trends discussed in the earlier volume and includes a completely new afterword, *Looking Back at Buck*, that explains how the case remains a key feature of public discourse about disability, government power, and reproductive rights. It also presents restored copies of the letters of Carrie Buck and points readers to an online archive of legal documents, images, and other material relevant to the case. The book remains a key resource for law school faculties, legal and medical historians, and anyone with an interest in the history of reproduction in the United States. Startling.—Reason Compelling and well-researched . . . *Three Generations, No Imbeciles* gives Carrie Buck's long-untold story the attention it deserves.—Harvard Law Review *Three Generations* provides valuable, new, and timely revelations for students and professional scholars across many disciplines.—Disability Studies Quarterly Meticulously detailed and researched history . . . this book is enjoyable, thought provoking, and troubling in equal measure. I highly recommend it.—Psychiatric Services

tony honor legal history: *National Union Catalog*, 1982 Includes entries for maps and atlases.

tony honor legal history: New Field, New Corn Paul M. Pruitt, Jr., 2015-09-09 NEW FIELD, NEW CORN is an anthology of research papers that explore a range of topics from the rich legal history of the state of Alabama and its influential legal and judicial figures. Contemporary photography and maps are featured as well. "New Field, New Corn presents eight new essays on Alabama legal history from the pre-Civil War era through the Civil Rights era. These elegant and novel chapters survey a broad spectrum, from economics, race, education, and professional concerns of lawyers, to plain old legal doctrine, to show how those variables affected the state's development. These essays reveal why we need intensive studies of American law at the state and county level in the 19th and 20th centuries. For they demonstrate that law is embedded in our culture. These invite many other studies, from the county level on up, in other states, to demonstrate how law lies at the center of nation's history. They reaffirm my faith that there are many, many fascinating stories left to tell about our nation's journey towards fulfilling the promises of law." — Alfred L. Brophy Judge John J. Parker Distinguished Professor of Law University of North Carolina-Chapel Hill Author, *Reparations: Pro and Con* (2006) and *Reconstructing the Dreamland* (2002) "Alabama legal history can be surprising. Usually, this history is identified with dominant one-party politics, slavery, racial segregation, and limited social welfare. University of Alabama Law School legal historian Paul Pruitt's collection of young lawyers' research reveals a new field. It extends out from legal subjects, embracing new perceptions of law in society across Alabama history. The collection rests on broad research. Lawyers working in diverse fields have produced Alabama legal history that sets a new standard." — Tony Freyer University Research Professor of History and Law, Emeritus University of Alabama Author, *Hugo L. Black and the Dilemma of American Liberalism* (2007), and coauthor, *Democracy and Judicial Independence* (1996) The volume's contents include: • Bryan K. Fair's Foreword: "Critiquing Our Present, Interrogating Our Past" • Paul M. Pruitt, Jr.'s Introduction: "Alabama Legal History as a Field of Study" • Warren Hoffman: "Developments of the Enclosure Movement in Alabama: Disrupting the Free Roaming" • Paul Rand: "Flush Times in the Chancery: A Brief Note on the History of Equity and Trusts" • Helen Eckinger: "The Militarization of the University of Alabama" • Eddie Lowe: "Economic Growth in Blount County/Onteonta: Attorneys, Companies, and Cases" • Mike Dodson: "Pioneers in Alabama Legal History: A Firm Understanding of the History of Alabama" • Courtney Cooper: "A Man in a Boy's Coat: The Evolution of Alabama's Constitutions" • Deirdra Drinkard: "The Uniform Beneath the Robe" • Ellie Campbell: "The 'Breakthrough Verdict': *Strange v. State*" A compelling new addition to the Legal History & Biography Series from Quid Pro Books.

tony honor legal history: A Cultural History of Law in the Middle Ages Emanuele Conte,

Laurent Mayali, 2021-03-11 In 500, the legal order in Europe was structured around ancient customs, social practices and feudal values. By 1500, the effects of demographic change, new methods of farming and economic expansion had transformed the social and political landscape and had wrought radical change upon legal practices and systems throughout Western Europe. A Cultural History of Law in the Middle Ages explores this change and the rich and varied encounters between Christianity and Roman legal thought which shaped the period. Evolving from a combination of religious norms, local customs, secular legislations, and Roman jurisprudence, medieval law came to define an order that promoted new forms of individual and social representation, fostered the political renewal that heralded the transition from feudalism to the Early Modern state and contributed to the diffusion of a common legal language. Drawing upon a wealth of textual and visual sources, A Cultural History of Law in the Middle Ages presents essays that examine key cultural case studies of the period on the themes of justice, constitution, codes, agreements, arguments, property and possession, wrongs, and the legal profession.

tony honor legal history: Relating to Responsibility Peter Cane, John Gardner, 2001-10-19 Eight essays by leading legal theorists--based on papers presented at two workshops, one in Canberra in November 1999 and the other in New York in March 2000--outline reactions to Tony Honore's (emeritus, civil law, Oxford U.) post-retirement writings on issues related to responsibility, including determinism and luck, causation, responsibility for outcome, and the morality of strict liability. A ninth essay, by Honore, responds to them. The contributors are lawyers and philosophers based in Australia, the US, Canada, and the UK. Distributed by ISBS. Annotation copyrighted by Book News, Inc., Portland, OR

tony honor legal history: Encyclopedia of Historians and Historical Writing Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama. Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day, including individuals from related disciplines like Jürgen Habermas and Clifford Geertz, whose theoretical contributions have informed historical debate. Additionally, the Encyclopedia includes some 200 essays treating the development of national, regional and topical historiographies, from the Ancient Near East to the history of sexuality. In addition to the Western tradition, it includes substantial assessments of African, Asian, and Latin American historians and debates on gender and subaltern studies.
