what makes a successful man: **How Successful People Win** Ben Stein, 2006-05-01 *How Successful People Win* is a serious self-help book using as its central metaphor the life of the cowboy and his behavior as he leaves his bunkhouse. Based upon a lifetime of observation of the successful and how they got that way, Ben Stein suggests that you imitate the determination, inner mobility, activity, flexibility —and the refusal to indulge in self-pity —of the cowboy in order to get what you want out of life. The idea is that if you never indulge in making excuses, refuse to let other people's hangups get in your way, and move deliberately toward clearly thought-out goals, you will get where you want to go. Just as the cowboy refuses to allow himself to get sidetracked by trivia, so can you refuse to allow life's inevitable challenges and distractions mar your own success and happiness. The choice is yours.

what makes a successful man: The Concept of Service Quality in Commercial Practice Amelikeh Confidence E. N., 2020-07-30 *Commercial Practice* is the work done for the earning, acquisition, and ownership of existence and within existence! What one acquires, the one is said to own, resulting in the application of ownership to anything at all acquirable, including the slave; however, the slave is held in possession disowned and hence cannot be said to be owned! We cannot accurately say that one owns a slave nor that a slave has owner, when the slave is held disowned! The disowned thing has no owner. The application of ownership to the slave has brought difficulty in telling the relationship between parent and child, husband and wife, employer and employee, and citizen and state, for instance, as a person being owned sounds as the person being a slave. We have redeemed the reality of ownership. There are things one can own and things one cannot own although acquirable: therefore, there are things one has the Right to acquire and things one has no Right to acquire. If you cannot own it and you acquire it then you have stolen it, rendering you a criminal, as theft is a crime! Learn *Commercial Practice*: it is the legitimate method of acquiring and possessing, and ownership.

what makes a successful man: Man-Made Eva Tutchell, John Edmonds, 2016-03-09 Why are so few women in positions of power? Why are government, business, the institutions and so much of British life dominated by men? Eva Tutchell and John Edmonds find the answers by interviewing over a hundred successful women and discovering what it takes for a woman to get to the top. The statistics are startling. Britain is an 80/20 nation: 80 per cent of the most powerful jobs are occupied by men and only 20 per cent by women. Tutchell and Edmonds uncover the cultural and historical reasons for this extraordinary imbalance of power. Their book is entitled Man-Made because men have made the rules and women must do their best to fit in. In spite of its claim to be a modern nation, Britain is conditioned by a legacy that views men as doers and leaders and expects women to be helpers and supporters. Many men still judge women more by their appearance than by their ability. Most shocking of all, Man-Made reveals that the birth of children pushes the careers of most women into crisis. Mothers are paid less and promoted less. Ambitious women are tempted to make their children 'invisible' to employers. Man-Made provides a rigorous and convincing analysis of the inadequacy of current policy and proposes a more thoroughgoing programme to achieve fairness and equality. Tutchell and Edmonds speculate about whether a new generation of female activists can produce the political pressure to change the culture of Britain.
